FOREWORD

The Kentucky Constitution requires each house of the General Assembly to keep a journal as a public accounting of daily legislative activity. It is the official record of action by the General Assembly.

The *Kentucky Revised Statutes* require the Legislative Research Commission to compare, edit, correct, and publish the journals of each chamber. This is the *House Journal* for the Regular Session of 2000.

The texts of simple and concurrent resolutions appear on first reading or adoption. Appendices contain a list of elected representatives, tables of actions on bills and resolutions, roll call votes, the budget memorandum, and a subject index.

Wilda Bond, Kathy Green, and Stacy Smither prepared the *House Journal* for the 2000 Regular Session. The edited copy and appendices in this volume reflect the cooperative efforts of the LRC Staff.

Each board shall have control and management of all school funds and all public school property of its district and may use its funds and property to promote public education. Each board shall exercise generally all powers prescribed by law in the administration of its public school system, appoint the superintendent of schools, and fix the compensation of employees.

(2) Each board shall make and adopt, and may amend or repeal, rules, regulations, and bylaws for its meetings and proceedings for the management of the schools and school property of the district, for the transaction of its business, and for the qualification and duties of employees and the conduct of pupils. HB 519, AN ACT relating to teachers' retirement.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 156 IS CREATED TO READ AS FOLLOWS:

(1) For purposes of Sections 1 and 2 of this Act, "critical shortage area" means a lack of certified teachers in particular subject areas, in grade levels, or in geographic locations at the elementary and secondary level, as determined annually by the commissioner of education. The commissioner may use any source considered reliable including, but not limited to, data provided by the Education Professional Standards Board and local education agencies to identify the critical shortage areas.

(2) The Kentucky Board of Education shall promulgate administrative regulations to establish procedures to be used to appoint retired teachers and administrators to positions in critical shortage areas under this section and Section 2 of this Act. The administrative regulations shall assure that:

(a) A retired teacher or administrator shall not be hired until the superintendent assures that he or she has made every reasonable effort to recruit an active teacher or administrator for the position on an annual basis; and

(b) A retired teacher or administrator shall be paid, at a minimum, a salary at Rank II with ten (10) years of experience based on a single salary schedule adopted by the district.

(3) In the event a local school district needs a person to fill a critical shortage position after reaching its quota established under Section 2 of this Act, the commissioner of education with the approval of the executive director of the Kentucky Teachers' Retirement System may allow the district to exceed its quota if the statewide quota has not been met.

Section 2. KRS 161.605 is amended to read as follows:

(1) Retired members may perform substitute teaching in the public schools for the equivalent of one hundred (100) days in any one (1) school year and receive compensation based on a standard salary schedule adopted by a district for all substitute teachers without reduction in retirement annuities.

(2) A retired member may be employed as a part-time or temporary teacher in the public schools for a period not to exceed the equivalent of one hundred (100) days in any one (1) school year.

(3) Retired members may be employed part-time or temporarily in a nonteaching capacity in the public schools and receive compensation for this employment without reduction in retirement annuities, except that retired members may not be employed in excess of a one hundred (100) day period in any one (1) school year in the same position from which they retired, or a position substantially similar to the one from which they retired, or any position listed in KRS 161.220(4) which requires membership in the retirement system. Positions which generally require certification or graduation from a four (4) year college or university as a condition of employment which are created, or changed to remove the position from coverage under KRS 161.220(4) are also subject to the one hundred (100) day limitation in this subsection. The board of trustees shall determine if employment in a nonteaching position qualifies for an exemption under this subsection.

(4) Members retired from an agency listed in KRS 161.220(4)(b) may be employed in a part-time teaching capacity by one (1) of the universities participating in the Teachers' Retirement System, not to exceed the equivalent of twelve (12) teaching hours in any one (1) fiscal year.

(5) Calculation of the number of days for part-time teaching, substitute teaching, or part-time employment in a nonteaching

capacity under this section shall not exceed the ratio between a school year and the actual months of retirement for the member during that school year. The board of trustees by administrative regulation may establish fractional equivalents of a day of teaching service.

(6) When a retired member returns to employment as a part-time teacher or in a nonteaching capacity as provided in subsections (2), (3), and (4) of this section, the employer shall contribute annually to the retirement system on the compensation paid to the retired member at rates determined by the retirement system actuary that reflect accrued liability for nonuniversity and university members.

(7) The board of trustees shall provide for reemployment of retired members as full-time or part-time teachers or in a nonteaching capacity under the following conditions:

(a) A retired teacher or administrator may return to part-time or full-time teaching in a position that has been determined by the commissioner of education to be a critical shortage area as defined in Section 1 of this Act and for which the person is certified. Local school districts may employ during a school fiscal year up to a maximum of two (2) retired members or one percent (1%) of the total active members of the retirement system in the school district, whichever is greater, as full-time or part-time employees when the local school board certifies to the retirement system that qualified applicants are not available to fill teaching or administrative positions in critical academic subject areas, grade levels, or geographic areas. Retired members shall be rehired on a one (1) year contract following an absence of at least sixty (60) days.

(b) Retired members reemployed under this subsection shall remain eligible to receive their retirement annuity.

(c) Retired members reemployed under this subsection shall waive their health insurance coverage with the retirement system during the period of reemployment and receive health insurance coverage that is provided to regular full-time employees of a district.

(d) Local school districts shall make annual payments to the retirement system on the compensation paid to the reemployed retirees at rates determined by the retirement system's actuary that reflect accrued liability for nonuniversity members.

(e) Retirees that are reemployed under this provision shall make retirement contributions to the retirement system at rates specified under KRS 161.540 and the employer shall make contributions to the retirement system at rates specified under KRS 161.550. The reemployed retiree's entire contribution and a matching amount from the employer's contribution shall be placed in a separate defined contribution fund administered by the retirement system with annual interest applied at the actuarially assumed rate. When the retiree's reemployment terminates, the total contributions with interest shall be paid by lump sum or on a monthly straight life basis to the retiree. If the member dies prior to retiring, the designated beneficiary shall receive a refund, and if there is a remaining balance at the death of the member after retirement, it shall be paid to the beneficiary designated by the member for this benefit.

(f) The provisions of this subsection shall not be covered under KRS 161.714.

The Committee Substitute No. 1 to **HB 519** is as follows:

(3) "Secondary vocational education and area technology center" or "area center" means a school facility dedicated to the primary purpose of offering five (5) or more technical preparation programs that lead to skill development focused on specific occupational areas. An area center may be called a "magnet technology center" or "career center" or may be assigned another working title by the parent agency;

(4) "Vocational department" means a portion of a school facility that has five (5) or more technical preparation programs that lead to skill development focused on specific occupational areas.

SECTION 2. A NEW SECTION OF KRS CHAPTER 158 IS CREATED TO READ AS FOLLOWS:

(1) The purposes of career and technical education or secondary vocational education shall be to :

(a) Provide students opportunities to increase academic skills in mathematics, science, English, and communications as well as technical literacy in work-based settings;

(b) Provide students a variety of opportunities to master the usage of technology;

(c) Prepare individuals with specialized, transferable, skills and technical skills for gainful employment in entry level positions in broad-based career fields; and

(d) Assist individuals in the process of preparing for successful transition from school to work, or to postsecondary education, or to the military.

(2) The General Assembly acknowledges that:

(a) Rigorous, high quality career and technical education offers students an opportunity to develop skills in mathematics, science, communication, problem-solving, and technical and vocational areas that are essential to meet the goals for Kentucky education as described in KRS 158.6451 and to help students achieve the capacities required of all students and defined in KRS 158.645;

(b) Students need access to programs that meet high standards and connect technical skills with core academic requirements for high school students;

(c) Students can accelerate their overall scholastic achievement when given an opportunity to learn in an integrated school- and work-based environment; and

(d) The General Assembly has a responsibility to provide the resources that recognize the increased costs for offering high quality, relevant technical programs.

SECTION 3. A NEW SECTION OF KRS CHAPTER 158 IS CREATED TO READ AS FOLLOWS:

(1) In order to ensure that high quality, relevant secondary career and technical programs are available to students in all school districts that enable them to gain the academic and technical skills to meet high school graduation requirements and for successful transition to postsecondary education, work, or the military and to support present day and future needs of Kentucky employers, the Kentucky Department of Education shall implement a comprehensive plan during the 2000-2002 biennium to:

(a) Review and revise the existing program standards promulgated in administrative regulations by the Kentucky Board of Education as authorized under KRS 151B.025(5) and (6) and KRS 156.070;

(b) Review and revise as needed the equipment and facilities standards for each career and technical education program identified and described in the career and technical supplement to the Kentucky program of studies and published by the Kentucky Department of Education;

(c) Establish a needs assessment process tied to specific criteria for assisting local school districts and the Department for Technical Education in determining if the current programs offered in their respective facilities are appropriate for the students in the school districts served as well as for determining if new programs are needed;

(d) Examine the current processes for assessing need, planning, funding, equipping, and operating new facilities. The examination shall look at the consistency of state policy in the overall development of programs and facilities to serve students in local school districts and to ensure equity of opportunity for school districts in the funding of new facilities; and

(e) Make recommendations to the Interim Joint Committee on Education prior to the regular session of the 2002 General Assembly relating to paragraphs (a) to (d) of this subsection.

(2) The Department of Education shall involve representatives from local school districts, the Department for Technical Education, the Kentucky Community and Technical College System, business and industry, colleges and universities, the School Facilities Construction Commission, and other appropriate agencies in carrying out the requirements of this section.

SECTION 4. A NEW SECTION OF KRS CHAPTER 158 IS CREATED TO READ AS FOLLOWS:

(1) During the 2000-2001 school year and annually thereafter, the Kentucky Department of Education with involvement of representatives from the Department for Technical Education, local school districts, and teacher preparation institutions shall complete a statewide analysis and report of academic achievement of technical education students who have completed or are enrolled in a sequence of a technical program of at least three (3) high school credits.

(2) The 2000-2001 analysis shall include the 1999-2000 results from the Commonwealth Accountability and Testing System. The data shall be disaggregated for all high school students by career cluster areas of agriculture, business and marketing, human services, health services, transportation, construction, communication, manufacturing, and by special populations. Where available, disaggregated data from other national assessments shall also be used.

(3) (a) The Kentucky Department of Education shall coordinate the development of a state-wide assistance plan to aid providers of programs in identifying areas for improvement for those schools that do not meet their school performance goal and for those schools where technical students as a group do not score equal to or better than the school average in each of the academic areas. The plan shall address methodologies for further analysis at each school including, but not limited to:

1. The academic course-taking patterns of the technical students;

2. The rigor and intensity of the technical programs and expectations for student performance in reading, math, science, and writing and other academic skills as well as in technical skill development;

3. The level of communication and collaboration between teachers in technical programs and academic programs, planning, and opportunity for analyzing student achievement, particularly between faculty in the comprehensive high schools with the faculty in state-operated or locally-operated centers;

4. The faculties' understanding of Kentucky's program of studies, academic expectations, and core content for assessment;

5. The knowledge and understanding of academic teachers and technical teachers in integrating mutually supportive curricula content;

6. The level of curricula alignment;

7. The availability of extra help for students in meeting higher standards;

8. The availability and adequacy of school counseling; and

9. The adequacy of teachers' preparation to prepare them for teaching both academic and technical skills to all students that are necessary for successful transition to postsecondary education, work, or the military.

(b) The department, in cooperation with the Department for Technical Education, teacher preparation programs, postsecondary education institutions, and business and industry shall continue to develop occupational skill standards and assessments, but, in all cases, shall ensure that academic core content is imbedded or integrated within the performance requirements for students.

(c) The department shall encourage postsecondary education and business and industry to make available professional development and training opportunities to engage technical faculty in continuous improvement activities to enhance their instructional skills.

SECTION 5. A NEW SECTION OF KRS CHAPTER 157 IS CREATED TO READ AS FOLLOWS:

(1) As used in this section:

(a) "Career and technical education" or "secondary vocational education," or "secondary vocational study" means a program of study that leads to the development of academic and specialized occupational skills in career fields;

(b) "Secondary vocational education and area technology center" or "area center" means a school facility dedicated to the primary purpose of offering five (5) or more technical preparation programs that lead to skill development focused on specific occupational areas. An area center may be called a "magnet technology center" or "career center" or may be assigned another working title by the parent agency;

(c) "Vocational department" means a portion of a school facility that has five (5) or more technical preparation programs that lead to skill development focused on specific occupational areas.

(2) During the 2000-2002 biennium, the Kentucky Department of Education shall use a weighted formula to distribute all

general funds designated for locally-operated secondary area centers and vocational departments. The formula shall take into account the differences in cost of operating specific programs. The department shall categorize programs into three (3) categories:

(a) Category III: Programs that provide technical skill development focused on specific occupational areas that require high cost equipment, materials, and facilities;

(b) Category II: Programs that provide technical skill development focused on major occupational areas and require technical equipment, but for which high cost equipment, facilities, or materials are not necessary to operate the programs; and

(c) Category I: Programs that provide orientation and exploration of broad-based industries by giving students knowledge and experience regarding careers within these industries and that develop some exploratory or hands-on skills used in the industry.

(3) For calculation purposes and after categorizing the programs as described in subsection (1) of this section, a weight shall be applied as a percentage of the base guarantee per pupil in average daily attendance as defined by KRS 157.320 under the Support Education Excellence Fund program, which shall be applied to full time equivalent students. The full-time equivalent students shall be calculated on the basis of the total program enrollment divided by the length of the class period, divided by six (6).

(a) Category I programs shall receive no weight;

(b) Category II programs shall receive seventy percent (70%) of the base per full-time equivalent student; and

(c) Category III programs shall receive one hundred and forty percent (140%) of the base per full-time equivalent student.

If application of the formula results in a decrease in total general funds for a specific area center or vocational department from the 1999-2000 funds allocation, the amount of decrease in funds shall be phased in over a four (4) year period, beginning with fiscal year 2000-2001, unless the programs and full-time equivalent students in subsequent years generate funds equal to or in excess of the 1999-2000 allocation.

(4) If funds appropriated for locally-operated area centers and vocational departments for the biennium are insufficient to use the formula percentage weights described in subsection (2) of this section, the percentages will be proportionately decreased for Categories III and II programs described in subsection (1) of this section.

(5) During the 2000-2002 biennium the department shall review the adequacy of the funding formula for the locally-operated area centers described in subsections (1) and (2) of this section and use information from the review to devise a weighted funding formula to be used for all secondary career and technical programs, regardless of whether the program is located in a comprehensive high school, locally-operated area center, or state-operated facility. The department shall involve representatives from all providers of secondary career and technical education in the discussion. The department shall present the revised formula and recommendations to the Interim Joint Committee on Education and the Interim Joint Committee on Appropriations and Revenue prior to the 2002 Regular Session of the General Assembly. The purpose of the formula shall be to provide a long-range solution to current funding inequities between state-operated programs and local school district programs by applying the same funding levels and funding mechanism for like programs in comprehensive high schools, locally-operated area centers, and state-operated centers.

Section 6. KRS 157.360 is amended to read as follows:

(1) In determining the cost of the program to support education excellence in Kentucky, the statewide guaranteed base funding level, as defined in KRS 157.320, shall be computed by dividing the amount appropriated for this purpose by the prior year's statewide average daily attendance.

(2) Each district shall receive an amount equal to the base funding level for each pupil in average daily attendance in the district in the previous year. Each district's base funding level shall be adjusted by the following factors:

(a) The number of at-risk students in the district. At-risk students shall be identified as those approved for the free lunch program under state and federal guidelines. The number of at-risk students shall be multiplied by a factor to be established by the General Assembly. Funds generated under this paragraph may be used to pay a hazardous duty pay supplement as determined by the local board of education to the teachers who work in alternative programs with students who are violent or assaultive;

(b) The number and types of exceptional children in the district as defined by KRS 157.200. No later than October 1, 1993, specific weights for each category of exceptionality shall be developed by the Department of Education and shall be used in the calculation of the add-on factor for exceptional children. Prior to the development of the necessary weights, the General Assembly shall determine the costs associated with the education of exceptional children based on the count of pupils with different exceptionalities, an appropriate pupil-teacher ratio, and total per-pupil costs; and

(c) Transportation costs. The per-pupil cost of transportation shall be calculated as provided by KRS 157.370. No later than October 1, 1991, the Office of Education Accountability's Division of School Finance shall examine the components of the current system for allocating transportation funds, and recommend any needed changes to the General Assembly, the Governor, and the State Board for Elementary and Secondary Education. Districts which contract to furnish transportation to students attending nonpublic schools may adopt any payment formula which assures that no public school funds are used for the transportation of nonpublic students.

(3) The program to support education excellence in Kentucky shall be fully implemented by the 1994-95 school year. No district shall receive an annual increase in state funds of less than eight percent (8%) for 1990-91 and five percent (5%) in 1991-92 or more than twenty-five percent (25%) in either year.

(4) (a) Except for those schools which have implemented school-based decision making, the chief state school officer shall enforce maximum class sizes for every academic course requirement in all grades except in vocal and instrumental music, and physical education classes. Except as provided in subsection (5) of this section, the maximum number of pupils enrolled in a class shall be as follows:

1. Twenty-four (24) in primary grades (kindergarten through third grade);
2. Twenty-eight (28) in grade four (4);
3. Twenty-nine (29) in grades five (5) and six (6);
4. Thirty-one (31) in grades seven (7) to twelve (12);

(b) Except for those schools which have implemented school-based decision making, class size loads for middle and secondary school classroom teachers shall not exceed the equivalent of one hundred fifty (150) pupil hours per day.

(c) The chief state school officer, upon approval of the Kentucky Board of Education, shall adopt administrative regulations for enforcing this provision. These administrative regulations shall include procedures for a superintendent to request an exemption from the Kentucky Board of Education when unusual circumstances warrant an increased class size for an individual class. A request for an exemption shall include specific reasons for the increased class size with a plan for reducing the class size prior to the beginning of the next school year. A district shall not receive in any one (1) year exemptions for more classes than enroll twenty percent (20%) of the pupils in the primary grades and grades four (4) through eight (8).

(d) In all schools the chief state school officer shall enforce the special education maximum class sizes set by administrative regulations adopted by the Kentucky Board of Education. A superintendent may request an exemption pursuant to paragraph (c) of this subsection. A local school council may request a waiver pursuant to KRS 156.160(2). An exemption or waiver shall not be granted if the increased class size will impede any exceptional child from achieving his individual education program in the least restrictive environment.

(5) In grades four (4) through six (6) with combined grades, the maximum class size shall be the average daily attendance upon which funding is appropriated for the lowest assigned grade in the class. There shall be no exceptions to the maximum class size for combined classes. In combined classes other than the primary grades, no ungraded students shall be placed in a combined class with graded students. In addition, there shall be no more than two (2) consecutive grade levels combined in any one (1) class in grades four (4) through six (6). However, this shall not apply to schools which have implemented school-based decision making.

(6) If a local school district, through its admission and release committee, determines that an appropriate program in the least restrictive environment for a particular child with a disability includes either part-time or full-time enrollment with a private school or agency within the state or a public or private agency in another state, the school district shall count as average daily attendance in a public school the time that the child is in attendance at the school or agency, contingent upon approval by the chief state school officer.

(7) Pupils attending a center for child learning and study established under an agreement pursuant to KRS 65.210 to 65.300 shall, for the purpose of calculating average daily attendance, be considered as in attendance in the school district in which the child legally resides and which is party to the agreement. For purposes of subsection (1) of this section, teachers who are actually employees of the joint or cooperative action shall be considered as employees of each school district which is a party to the agreement.

(8) Program funding shall be increased when the average daily attendance in any district for the first two (2) months of the current school year is greater than the average daily attendance of the district for the first two (2) months of the previous school year. The program funds allotted the district shall be increased by the percent of increase. The average daily attendance in kindergarten is the kindergarten full-time equivalent pupils in average daily attendance.

(9) If the average daily attendance for the current school year in any district decreases by ten percent (10%) or more than the average daily attendance for the previous school year, the average daily attendance for purposes of calculating program funding for the next school year shall be increased by an amount equal to two-thirds (2/3) of the decrease in average daily attendance. If the average daily attendance remains the same or decreases in the succeeding school year, the average daily attendance for purposes of calculating program funding for the following school year shall be increased by an amount equal to one-third (1/3) of the decrease for the first year of the decline.

(10) If the percentage of attendance of any school district shall have been reduced more than two percent (2%) during the

previous school year, the program funding allotted the district for the current school year shall be increased by the difference in the percentage of attendance for the two (2) years immediately prior to the current school year less two percent (2%).

(11) (a) Instructional salaries for vocational agriculture classes shall be allotted for twelve (12) months per year. Vocational agriculture teachers shall be responsible for the following program of instruction during the time period beyond the regular school term established by the local board of education: supervision and instruction of students in agriculture experience programs; group and individual instruction of farmers and agribusinessmen; supervision of student members of agricultural organizations who are involved in leadership training or other activity required by state or federal law; or any program of vocational agriculture established by the Division of Secondary Vocational Education in the Department of Education. Salary allotments for vocational agriculture teachers shall be computed by proportionately increasing the salary schedule allocation based on the regular one hundred eighty-five (185) day school year for teachers with comparable qualifications and experience. During extended employment, no vocational agriculture teacher shall receive salary on a day that the teacher is scheduled to attend an institution of higher education class which could be credited toward meeting any certification requirement.

(b) Each teacher of agriculture employed shall submit an annual plan for summer program to the local school superintendent for approval. The summer plan shall include a list of tasks to be performed, purposes for each task, and time to be spent on each task. Approval by the local school superintendent shall be in compliance with the guidelines developed by the State Department of Education. The supervision and accountability of teachers of vocational agriculture's summer programs shall be the responsibility of the local school superintendent. The local school superintendent shall submit to the chief state school officer a completed report of summer tasks for each vocational agriculture teacher. Twenty percent (20%) of the approved vocational agriculture programs shall be audited annually by the State Department of Education to determine that the summer plan has been properly executed.

(c) ***Effective for school year, 2000-2001, a deduction using a factor of fifteen percent (15%) shall be applied against the base funding level for each pupil in average daily attendance in those instances where a pupil spends a portion of the school day at a state-operated technical facility. Effective for school year, 2001-2002, and subsequent years, there shall be no deduction for pupils attending a state-operated facility.***~~[For the 1990-91 and the 1991-92 school years, an add-on appropriation shall be made to local school districts which are operating secondary vocational education programs. The amount provided in the budget shall be allocated on a per pupil basis and shall be used to meet the higher per student cost of operating vocational education programs.]~~

(12) (a) In allotting program funds for home and hospital instruction, statewide guaranteed base funding, excluding the capital outlay, shall be allotted for each child in average daily attendance in the prior school year who has been properly identified according to Kentucky Board of Education administrative regulations. Attendance shall be calculated pursuant to KRS 157.270 and shall be reported monthly on forms provided by the Department of Education; and

(b) Pursuant to administrative regulations of the Department of Education, local school districts shall be reimbursed for home and hospital instruction for pupils unable to attend regular school sessions because of short term health impairments. A reimbursement formula shall be established by administrative regulations to include such factors as a reasonable per hour, per child allotment for teacher instructional time, with a maximum number of funded hours per week, a reasonable allotment for teaching supplies and equipment, and a reasonable allotment for travel expenses to and from instructional assignments, but the formula shall not include an allotment for capital outlay. Attendance shall be calculated pursuant to KRS 157.270 and shall be reported monthly on forms provided by the Department of Education.

(13) Except for those schools which have implemented school-based decision making and the school council has voted to waive this subsection, kindergarten aides shall be provided for each twenty-four (24) full-time equivalent kindergarten students enrolled.

Section 7. The General Assembly recognizes that in selected technical fields it is appropriate and necessary that persons become teachers based on demonstrated occupational and technical skills gained through work experience, rather than through initial college preparation. However with increased requirements for strong academic skills, the Education Professional Standards Board shall identify a work group by September 15, 2000, composed of representatives from the Kentucky Department of Education, the University Coordinating Committee that represents universities with technical education teacher preparation programs, the Department for Technical Education, the Kentucky Community and Technical College System, teachers, and administrators to review the current requirements for teachers in technical fields whose entry into teaching does not require a bachelor's degree. The work group shall review the current certification renewal processes, professional development and continuing education requirements, the required sequence of course-taking patterns and make recommendations to the Education Professional Standards Board for revising the current certification requirements for those persons entering teaching, after July 1, 2001, if it is determined changes shall be in the best interests of students.

Section 8. Whereas, teachers of secondary students in state-operated facilities contribute to the success or failure of secondary students from local high schools and they are currently not included in the rewards and sanctions for schools under KRS 158.6455, The Kentucky Board of Education in cooperation with State Board for Adult and Technical Education shall make recommendations to the Interim Joint Committee on Education for a system of accountability for state-operated programs prior to the 2002 Regular Session of the General Assembly.

The Committee Substitute No. 1 to **HB 850** is as follows:

HB 850, AN ACT relating to career and technical education.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 158 IS CREATED TO READ AS FOLLOWS:

For purposes of Sections 1 to 4 of this Act,

(1) "Career and technical education" or "secondary vocational education," or "secondary vocational study" means a program of study that leads to the development of academic and specialized occupational skills in career fields;

(2) "Technical literacy" means a student's ability to read and comprehend the language of a field of study, understand the major technical concepts of that field, and apply the appropriate mathematics concepts to typical problems encountered in the workplace;

(3) "Secondary vocational education and area technology center" or "area center" means a school facility dedicated to the primary purpose of offering five (5) or more technical preparation programs that lead to skill development focused on specific occupational areas. An area center may be called a "magnet technology center" or "career center" or may be assigned another working title by the parent agency. An area center may be either state or locally operated;

(4) "Vocational department" means a portion of a school facility that has five (5) or more technical preparation programs that lead to skill development focused on specific occupational areas.

SECTION 2. A NEW SECTION OF KRS CHAPTER 158 IS CREATED TO READ AS FOLLOWS:

(1) The purposes of elementary and secondary education preparation programs of career and technical education and secondary vocational education shall be to :

(a) Provide students opportunities to increase academic skills in mathematics, science, English, and communications as well as technical literacy in work-based settings;

(b) Provide students a variety of opportunities to master the usage of technology;

(c) Prepare individuals with specialized, transferable, skills and technical skills for gainful employment in entry level positions in broad-based career fields; and

(d) Assist individuals in the process of preparing for successful transition from school to work, or to postsecondary education, or to the military.

(2) The General Assembly acknowledges that:

(a) Rigorous, high quality career and technical education offers students an opportunity to develop skills in mathematics, science, communication, problem-solving, and technical and vocational areas that are essential to meet the goals for Kentucky education as described in KRS 158.6451 and to help students achieve the capacities required of all students and defined in KRS 158.645;

(b) Students need access to programs that meet high standards and connect technical skills with core academic requirements for high school students;

(c) Students can accelerate their overall scholastic achievement when given an opportunity to learn in an integrated school- and work-based environment; and

(d) The General Assembly has a responsibility to provide the resources that recognize the increased costs for offering high quality, relevant technical programs.

SECTION 3. A NEW SECTION OF KRS CHAPTER 158 IS CREATED TO READ AS FOLLOWS:

(1) In order to ensure that high quality, relevant secondary career and technical programs are available to students in all school districts that enable them to gain the academic and technical skills to meet high school graduation requirements and for successful transition to postsecondary education, work, or the military and to support present day and future needs of Kentucky employers, the Kentucky Department of Education and the Department for Technical Education shall jointly implement a comprehensive plan during the 2000-2002 biennium to:

(a) Review and revise as needed the existing program standards promulgated in administrative regulations by the Kentucky Board of Education as authorized under KRS 151B.025(5) and (6) and KRS 156.070;

(b) Review and revise as needed the equipment and facilities standards for each career and technical education program identified and described in the career and technical supplement to the Kentucky program of studies and published by the Kentucky Department of Education;

(c) Establish a needs assessment process tied to specific criteria for assisting all providers of programs in determining if the current programs offered in their respective facilities are appropriate for the students in the school districts served as well as for determining if new programs are needed; and

(d) Make a report to the Interim Joint Committee on Education prior to the regular session of the 2002 General Assembly relating to paragraphs (a) to (c) of this subsection.

(2) Representatives from local school districts, the Kentucky Community and Technical College System, business and industry, colleges and universities, and other appropriate agencies shall be consulted in carrying out the requirements of this section.

SECTION 4. A NEW SECTION OF KRS CHAPTER 158 IS CREATED TO READ AS FOLLOWS:

(1) During the 2000-2001 school year and annually thereafter, the Kentucky Department of Education and the Department for Technical Education with involvement of representatives from the local school districts and teacher preparation institutions shall jointly complete a statewide analysis and report of academic achievement of technical education students who have completed or are enrolled in a sequence of a technical program of at least three (3) high school credits.

(2) The 2000-2001 analysis shall include the 1999-2000 results from the Commonwealth Accountability and Testing System. The data shall be disaggregated for all high school students by career cluster areas of agriculture, business and marketing, human services, health services, transportation, construction, communication, manufacturing, and by special populations. Where available, disaggregated data from other national assessments shall also be used.

(3) (a) The Kentucky Department of Education with assistance from the Department for Technical Education shall coordinate the development of a state-wide assistance plan to aid providers of programs in identifying areas for improvement for those schools that do not meet their school performance goal and for those schools where technical students as a group do not score equal to or better than the school average in each of the academic areas. The plan shall address methodologies for further analysis at each school including, but not limited to:

1. *The academic course-taking patterns of the technical students;*
2. *The rigor and intensity of the technical programs and expectations for student performance in reading, math, science, and writing and other academic skills as well as in technical skill development;*
3. *The level of communication and collaboration between teachers in technical programs and academic programs, planning, and opportunity for analyzing student achievement, particularly between faculty in the comprehensive high schools with the faculty in state-operated or locally-operated centers;*
4. *The faculties' understanding of Kentucky's program of studies, academic expectations, and core content for assessment;*
5. *The knowledge and understanding of academic teachers and technical teachers in integrating mutually supportive curricula content;*
6. *The level of curricula alignment and articulation in grades eight (8) to sixteen (16);*
7. *The availability of extra help for students in meeting higher standards;*
8. *The availability and adequacy of school counseling;*
9. *The availability and adequacy of work-based learning;*
10. *The availability and adequacy of distance learning and educational technology;*
11. *The adequacy of involvement of business and industry in curricula, work-based learning and program development; and*
12. *The adequacy of teachers' preparation to prepare them for teaching both academic and technical skills to all students that are necessary for successful transition to postsecondary education, work, or the military.*

(b) The Department of Education and the Department for Technical Education in cooperation with teacher preparation programs, universities, and other appropriate partners, shall ensure that academic core content is imbedded or integrated within performance requirements for students.

(c) The departments in cooperation with the Kentucky Community and Technical College System shall encourage postsecondary education and business and industry to provide professional development and training opportunities to engage technical faculty in continuous improvement activities to enhance their instructional skills.

(d) The departments shall continue efforts with business and industry to develop occupational skill standards and assessments. All efforts shall be made with the involvement of business, industry, and labor. Skill standards and assessments, where available, shall be used as the focus of the curricula.

SECTION 5. A NEW SECTION OF KRS CHAPTER 157 IS CREATED TO READ AS FOLLOWS:

(1) As used in this section:

(a) "Career and technical education" or "secondary vocational education," or "secondary vocational study" means a program of study that leads to the development of academic and specialized occupational skills in career fields;

(b) "Secondary vocational education and area technology center" or "area center" means a school facility dedicated to the primary purpose of offering five (5) or more technical preparation programs that lead to skill development focused on specific occupational areas. An area center may be called a "magnet technology center" or "career center" or may be assigned another working title by the parent agency;

(c) "Vocational department" means a portion of a school facility that has five (5) or more technical preparation programs that lead to skill development focused on specific occupational areas.

(2) During the 2000-2002 biennium, the Kentucky Department of Education shall use a weighted formula to distribute all general funds designated in the biennial budget for locally-operated secondary area centers and vocational departments. The formula shall take into account the differences in cost of operating specific programs. The department shall categorize programs into three (3) categories:

(a) Category III: Programs that provide technical skill development focused on specific occupational areas, including selected Level III industrial technology programs and programs in other occupational areas that require high cost equipment, materials, and facilities;

(b) Category II: Programs that provide technical skill development focused on specific occupational areas, including selected Level III industrial technology programs and programs in other occupational areas that require technical equipment, but for which high cost equipment, facilities, or materials are not necessary to operate the programs.

(c) Category I: Programs that provide orientation and exploration of broad-based industries by giving students knowledge and experience regarding careers within these industries and that develop some exploratory or hands-on skills used in the industry.

(3) For calculation purposes and after categorizing the programs as described in subsection (1) of this section, a weight shall be applied as a percentage of the base guarantee per pupil in average daily attendance as defined by KRS 157.320 under the Support Education Excellence Fund program, which shall be applied to full time equivalent students. The full-time equivalent students shall be calculated on the basis of the total program enrollment divided by the length of the class period, divided by six (6).

(a) Category I programs shall receive no weight; and

(b) Category II programs and Category III programs shall receive proportional weights in the formula with Category III being greatest.

(4) The Kentucky Board of Education shall amend its existing administrative regulation for distributing funds to districts that operate local area centers and vocational departments by establishing a weighted formula as described in subsections (2) and (3) of this section.

(a) The Kentucky Department of Education and the Department for Technical Education shall mutually agree upon a classification of programs to be assigned to Categories II and III for funding purposes and based on the descriptions found in subsection (2) of this section. The classifications as recommended by the departments shall be considered by the state board in developing the weighted formula and shall be incorporated by reference.

(b) If the funding formula results in a reduction of funds from the 1999-2000 allocation for a center or department that has maintained the same number and category of programs and equivalent number of students, the affected center shall not receive less than seventy percent (70%) of its 1999-2000 allocation.

(c) The weighted formula shall govern the distribution of funds for the 2000-2002 biennium only pending further study and review as described in Section 7 of this Act.

Section 6. KRS 157.360 is amended to read as follows:

(1) In determining the cost of the program to support education excellence in Kentucky, the statewide guaranteed base funding level, as defined in KRS 157.320, shall be computed by dividing the amount appropriated for this purpose by the prior year's statewide average daily attendance.

(2) Each district shall receive an amount equal to the base funding level for each pupil in average daily attendance in the district in the previous year. Each district's base funding level shall be adjusted by the following factors:

(a) The number of at-risk students in the district. At-risk students shall be identified as those approved for the free lunch program under state and federal guidelines. The number of at-risk students shall be multiplied by a factor to be established by the General Assembly. Funds generated under this paragraph may be used to pay a hazardous duty pay supplement as determined by the local board of education to the teachers who work in alternative programs with students who are violent or assaultive;

(b) The number and types of exceptional children in the district as defined by KRS 157.200. No later than October 1, 1993, specific weights for each category of exceptionality shall be developed by the Department of Education and shall be used in the calculation of the add-on factor for exceptional children. Prior to the development of the necessary weights, the General Assembly shall determine the costs associated with the education of exceptional children based on the count of pupils with different exceptionalities, an appropriate pupil-teacher ratio, and total per-pupil costs; and

(c) Transportation costs. The per-pupil cost of transportation shall be calculated as provided by KRS 157.370. No later than October 1, 1991, the Office of Education Accountability's Division of School Finance shall examine the components of the current system for allocating transportation funds, and recommend any needed changes to the General Assembly, the Governor, and the State Board for Elementary and Secondary Education. Districts which contract to furnish transportation to students attending nonpublic schools may adopt any payment formula which assures that no public school funds are used for the transportation of nonpublic students.

(3) The program to support education excellence in Kentucky shall be fully implemented by the 1994-95 school year. No district shall receive an annual increase in state funds of less than eight percent (8%) for 1990-91 and five percent (5%) in 1991-92 or more than twenty-five percent (25%) in either year.

(4) (a) Except for those schools which have implemented school-based decision making, the chief state school officer shall enforce maximum class sizes for every academic course requirement in all grades except in vocal and instrumental music, and physical education classes. Except as provided in subsection (5) of this section, the maximum number of pupils enrolled in a class shall be as follows:

1. Twenty-four (24) in primary grades (kindergarten through third grade);
2. Twenty-eight (28) in grade four (4);
3. Twenty-nine (29) in grades five (5) and six (6);
4. Thirty-one (31) in grades seven (7) to twelve (12);

(b) Except for those schools which have implemented school-based decision making, class size loads for middle and secondary school classroom teachers shall not exceed the equivalent of one hundred fifty (150) pupil hours per day.

(c) The chief state school officer, upon approval of the Kentucky Board of Education, shall adopt administrative regulations for enforcing this provision. These administrative regulations shall include procedures for a superintendent to request an exemption from the Kentucky Board of Education when unusual circumstances warrant an increased class size for an individual class. A request for an exemption shall include specific reasons for the increased class size with a plan for reducing the class size prior to the beginning of the next school year. A district shall not receive in any one (1) year exemptions for more classes than enroll twenty percent (20%) of the pupils in the primary grades and grades four (4) through eight (8).

(d) In all schools the chief state school officer shall enforce the special education maximum class sizes set by administrative regulations adopted by the Kentucky Board of Education. A superintendent may request an exemption pursuant to paragraph (c) of this subsection. A local school council may request a waiver pursuant to KRS 156.160(2). An exemption or waiver shall not be granted if the increased class size will impede any exceptional child from achieving his individual education program in the least restrictive environment.

(5) In grades four (4) through six (6) with combined grades, the maximum class size shall be the average daily attendance upon which funding is appropriated for the lowest assigned grade in the class. There shall be no exceptions to the maximum class size for combined classes. In combined classes other than the primary grades, no ungraded students shall be placed in a combined class with graded students. In addition, there shall be no more than two (2) consecutive grade levels combined in any one (1) class in grades four (4) through six (6). However, this shall not apply to schools which have implemented school-based decision making.

(6) If a local school district, through its admission and release committee, determines that an appropriate program in the least restrictive environment for a particular child with a disability includes either part-time or full-time enrollment with a private school or agency within the state or a public or private agency in another state, the school district shall count as average daily attendance in a public school the time that the child is in attendance at the school or agency, contingent upon approval by the chief state school officer.

(7) Pupils attending a center for child learning and study established under an agreement pursuant to KRS 65.210 to 65.300 shall, for the purpose of calculating average daily attendance, be considered as in attendance in the school district in which the child legally resides and which is party to the agreement. For purposes of subsection (1) of this section, teachers who are actually employees of the joint or cooperative action shall be considered as employees of each school district which is a party to the agreement.

(8) Program funding shall be increased when the average daily attendance in any district for the first two (2) months of the current school year is greater than the average daily attendance of the district for the first two (2) months of the previous school year. The program funds allotted the district shall be increased by the percent of increase. The average daily

attendance in kindergarten is the kindergarten full-time equivalent pupils in average daily attendance.

(9) If the average daily attendance for the current school year in any district decreases by ten percent (10%) or more than the average daily attendance for the previous school year, the average daily attendance for purposes of calculating program funding for the next school year shall be increased by an amount equal to two-thirds (2/3) of the decrease in average daily attendance. If the average daily attendance remains the same or decreases in the succeeding school year, the average daily attendance for purposes of calculating program funding for the following school year shall be increased by an amount equal to one-third (1/3) of the decrease for the first year of the decline.

(10) If the percentage of attendance of any school district shall have been reduced more than two percent (2%) during the previous school year, the program funding allotted the district for the current school year shall be increased by the difference in the percentage of attendance for the two (2) years immediately prior to the current school year less two percent (2%).

(11) (a) Instructional salaries for vocational agriculture classes shall be allotted for twelve (12) months per year. Vocational agriculture teachers shall be responsible for the following program of instruction during the time period beyond the regular school term established by the local board of education: supervision and instruction of students in agriculture experience programs; group and individual instruction of farmers and agribusinessmen; supervision of student members of agricultural organizations who are involved in leadership training or other activity required by state or federal law; or any program of vocational agriculture established by the Division of Secondary Vocational Education in the Department of Education. Salary allotments for vocational agriculture teachers shall be computed by proportionately increasing the salary schedule allocation based on the regular one hundred eighty-five (185) day school year for teachers with comparable qualifications and experience. During extended employment, no vocational agriculture teacher shall receive salary on a day that the teacher is scheduled to attend an institution of higher education class which could be credited toward meeting any certification requirement.

(b) Each teacher of agriculture employed shall submit an annual plan for summer program to the local school superintendent for approval. The summer plan shall include a list of tasks to be performed, purposes for each task, and time to be spent on each task. Approval by the local school superintendent shall be in compliance with the guidelines developed by the State Department of Education. The supervision and accountability of teachers of vocational agriculture's summer programs shall be the responsibility of the local school superintendent. The local school superintendent shall submit to the chief state school officer a completed report of summer tasks for each vocational agriculture teacher. Twenty percent (20%) of the approved vocational agriculture programs shall be audited annually by the State Department of Education to determine that the summer plan has been properly executed.

(c) ***Effective for school year, 2000-2001, a deduction using a factor of fifteen percent (15%) shall be applied against the base funding level for each pupil in average daily attendance in those instances where a pupil spends a portion of the school day at a state-operated technical facility. Effective for school year, 2001-2002, and subsequent years, there shall be no deduction for pupils attending a state-operated facility.***~~[For the 1990-91 and the 1991-92 school years, an add-on appropriation shall be made to local school districts which are operating secondary vocational education programs. The amount provided in the budget shall be allocated on a per pupil basis and shall be used to meet the higher per student cost of operating vocational education programs.]~~

HCR 127, A CONCURRENT RESOLUTION creating the Task Force on School Finance.

WHEREAS, in 1989, the Kentucky Supreme Court found that the Commonwealth had not provided an equitable system of public schools as required by the Kentucky Constitution; and

WHEREAS, in 1990, the Kentucky General Assembly responded by creating the Support Education Excellence in Kentucky (SEEK) funding formula with the goal of providing an equitable and adequate system among the 176 school districts of the Commonwealth; and

WHEREAS, the SEEK formula has been in place for ten years with very few adjustments; and

WHEREAS, there is evidence that the SEEK formula allows some districts to benefit and other districts to be penalized because the permissive taxes are counted in the equivalent tax rate, but are not considered in determining the wealth of districts for purposes of calculating the percentage of local and state contributions toward the base SEEK and Tier I programs; and

WHEREAS, equity is lost because many districts receive federal funds for at-risk students and some receive federal reimbursement for state taxes lost because of federal installations; and

WHEREAS, it is time for a public review of the SEEK formula to determine whether it is meeting its original goals and to assess whether it needs to be adjusted to assure that equity is being provided in all districts;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

Section 1. There is hereby established for the 2000-2002 biennium a Task Force on School Finance to analyze the SEEK formula and other school funding issues to determine if an equitable and adequate system of education is being provided in all 176 public school districts. Section 2. The Task Force on School Finance shall be authorized to contract for consultant services, but the primary consultant shall have no prior history with the development or implementation of the SEEK formula. Section 3. The Task Force on School Finance shall report its findings and recommendations to the Governor and the Legislative Research Commission no later than September 1, 2001.

(1) No insurer or any other person providing or administering a health benefit plan shall deny or reduce payment for a service, procedure, treatment, drug or device covered under the covered person's health benefit plan if:

(a) The covered person's provider, during normal business hours, contacts the insurer, the designee, or agent on the day the covered person is expected to be discharged, in order to request review of the covered person's continued hospitalization, and the insurer, designee, or agent fails to provide a timely utilization review decision as required by Section 4 of this Act; or

(b) The covered person's provider makes at least three (3) documented attempts during a four (4) consecutive hour period to contact the insurer, designee, or agent, during normal business hours in order to request review of a continued hospital stay, preauthorization of treatment for a covered person who is already hospitalized, or retrospective review of an emergency hospital admission where the covered person remains hospitalized at the time the review requested is made, and the insurer, designee, or private review agent fails to be accessible as required by Section 4 of this Act.

(2) The insurer's liability to pay for the covered person's hospitalization under the circumstances set forth in subsection (1) of this section shall extend until the insurer, designee, or private review agent issues a utilization review decision applicable to requests for review relating to matters as set forth in subsection 1(b) of this section.

(3) The insurer's liability to pay under this section shall be conditioned on :

(a) The provider establishing verifiable documentation of the contact with, and subsequent failure of the insurer, designee, or agent to make the utilization review decision as set forth in subsection (1)(a) of this section; or

(b) The provider establishing verifiable documentation of the attempt to make contact with the insurer, designee, or agent as addressed in subsection (1)(b) of this section.

(4) In either instance, the contact, or attempts to contact, as set forth in this section, shall be made by the means required by the insurer, designee, or agent for requesting utilization review.

(5) This section applies only when the request for review concerns covered health benefits and it shall not supersede any limitations or exclusions in the covered person's health benefit plan. This section shall not apply if, in requesting a review, the provider does not furnish the information requested by the insurer or agent to make a utilization review decision, or if actions by the provider impede an insurer's or private review agent's ability to issue a utilization review decision.

SECTION 9. A NEW SECTION OF SUBTITLE 17A OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) Every insurer shall have an internal appeal process to be utilized by the insurer or its designee, consistent with this section and Section 10 of this Act and which shall be disclosed to covered persons in accordance with subsection (1)(g) of Section 27 of this Act. An insurer shall disclose the availability of the internal review process to the covered person in the insured's timely notice of an adverse determination or notice of a coverage denial which meets the requirements set forth in subsection (1)(i) of Section 4 of this Act. For purposes of this section "coverage denial" means an insurer's determination that a service, treatment, drug, or device is specifically limited or excluded under the covered person's health benefit plan. Where a coverage denial is involved, in addition to stating the reason for the coverage denial, the required notice shall contain instructions for filing a request for review by the department.

(2) The internal appeals process may be initiated by the covered person, an authorized person, or a provider acting on behalf of the covered person. The internal appeals process shall include adequate and reasonable procedures for review and resolution of appeals concerning adverse determinations made under utilization review and of coverage denials, including procedures for reviewing appeals from covered persons whose medical conditions require expedited review. At a minimum, these procedures shall include the following:

(a) Insurers or their designees shall provide decisions to covered persons, authorized persons, and providers on internal appeals of adverse determinations or coverage denials within thirty (30) days of receipt of the request for internal appeal;

(b) Insurers or their designees shall render a decision not later than three (3) business days after the request for an expedited appeal of either an adverse determination or a coverage denial. An expedited appeal is deemed necessary when a covered person is hospitalized or, in the opinion of the treating provider, review under a standard time frame could, in the absence of immediate medical attention, result in any of the following:

1. Placing the health of the covered person or, with respect to a pregnant woman, the health of the covered person or the unborn child in serious jeopardy;

2. Serious impairment to bodily functions; or

3. Serious dysfunction of a bodily organ or part;

(c) Internal appeal of an adverse determination shall only be conducted by a licensed physician who did not participate in the initial review and denial. However, in the case of a review involving a medical or surgical specialty or subspecialty, the insurer or agent shall, upon request by a covered person, authorized person, or provider, utilize a board eligible or certified physician in the appropriate specialty or subspecialty area to conduct the internal appeal;

(d) Those portions of the medical record that are relevant to the internal appeal, if authorized by the covered person and in accordance with state or federal law, shall be considered and providers given the opportunity to present additional information;

(e) To facilitate expeditious handling of an appeal of an adverse determination or a coverage denial, an insurer or

agent that denies, limits, reduces, or terminates coverage for a treatment, procedure, drug, or device for a covered person shall provide the person undertaking an appeal with a denial letter that shall include:

1. A statement of the specific medical and scientific reasons for denying coverage or identifying that provision of the schedule of benefits or exclusions that demonstrates that coverage is not available;

2. The name, state of licensure, medical license number, and the title of the person making the decision;

3. A description of other alternative treatments, services, or supplies covered by the health benefit plan, if any; and

4. Instructions for initiating an internal appeal of the adverse determination, or filing a request for review with the department where a coverage denial is upheld by the insurer on internal appeal.

(3) The department shall establish and maintain a system for receiving and reviewing requests for review of coverage denials from covered persons, authorized persons, and providers. For purposes of this subsection "coverage denials" shall not include an adverse determination as defined in Section 1 of this Act or subsequent denials arising from an adverse determination.

(a) On receipt of a written request for review of a coverage denial from a covered person, authorized person, or provider, the department shall notify the insurer which issued the denial of the request for review and shall call for the insurer to respond to the department regarding the request for review within five (5) days receipt of notice to the insurer;

(b) Within five (5) days of receiving the notice of the request for review from the department, the insurer shall provide to the department the following information:

1. Confirmation as to whether the person who received or sought the health service for which coverage was denied was a covered person on the date of service under a health benefit plan issued by the insurer;

2. Confirmation as to whether the covered person, authorized person, or provider has exhausted his or her rights under the insurer's appeal process under this section; and

3. The reason for the coverage denial, including the specific limitation or exclusion of the health benefit plan demonstrating that coverage is not available;

(c) In addition to the information described in paragraph (b) of this subsection, the insurer and the covered person, authorized person, or provider shall provide to the department any information requested by the department that is germane to its review;

(d) On the receipt of the information described in paragraphs (b) and (c) of this subsection, unless the department is not able to do so because making a determination requires resolution of a medical issue, it shall determine whether the service, treatment, drug, or device is specifically limited or excluded under the terms of the covered person's health benefit plan. If the department determines that the treatment, service, drug, or device is not specifically limited or excluded, it shall so notify the insurer, and the insurer shall either cover the service, or afford the covered person an opportunity for external review under Section 11, 12, and 13 of this Act, where the conditions precedent to the review are present. If the department notifies the insurer that the treatment, service, drug, or device is specifically limited or excluded in the health benefit plan, the insurer is not required to cover the service or afford the covered person an external review.

SECTION 10. A NEW SECTION OF SUBTITLE 17A OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) If the covered person, authorized person, or provider has new clinical information regarding the covered person's internal appeal he or she shall provide that information to the insurer prior to the initiation of the external review process. The insurer shall have five (5) business days from the date of the receipt of the information to render a decision based on the new information. If new information is provided in accordance with this section, the sixty (60) day time frame for commencing an external review as set forth in subsection (4) of Section 12 of this Act, shall not begin to run, until the insurer or its designee renders a decision regarding the new information.

(2) The insurer's failure to make a determination or provide a written notice within the time frames set forth in Section 9 of this Act shall be deemed to be an adverse determination by the insurer for the purpose of initiating an external review as set forth in Section 12 of this Act.

SECTION 11. A NEW SECTION OF SUBTITLE 17A OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

The Independent External Review Program is hereby established in the department. The program shall provide covered persons with a formal, independent review to address disagreements between the covered person and the covered person's insurer regarding an adverse determination made by the insurer, its designee, or a private review agent. This section and Sections 12 and 13 establish requirements and procedures governing external review and independent review entities.

SECTION 12. A NEW SECTION OF SUBTITLE 17A OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) Every insurer shall have an external review process to be utilized by the insurer or its designee, consistent with this section and which shall be disclosed to covered persons in accordance with subsection (1)(g) of Section 27 of this Act. An insurer, its designee, or agent shall disclose the availability of the external review process to the covered person in the insured's timely notice of an adverse determination or notice of a coverage denial as set forth in subsection (1)(i) of Section 4 and subsections (1) and (2)(e) of Section 9 of this Act. For purposes of this section "coverage denial" means an insurer's determination that a service, treatment, drug, or device is specifically limited or excluded under the covered person's health benefit plan.

(2) A covered person, an authorized person, or a provider acting on behalf of and with the consent of the covered person, may request an external review of an adverse determination rendered by an insurer, its designee, or agent.

(3) The insurer shall provide for an external review of an adverse determination if the following criteria are met:

(a) The insurer, its designee, or agent has rendered an adverse determination;

(b) The covered person has completed the insurer's internal appeal process, or the insurer has failed to make a timely determination or notification as set forth in subsection (2) of Section 10 of this Act. The insurer and the covered person may however, jointly agree to waive the internal appeal requirement;

(c) The covered person was enrolled in the health benefit plan on the date of service or, if a prospective denial, the covered person was enrolled and eligible to receive covered benefits under the health benefit plan on the date the proposed service was requested; and

(d) The entire course of treatment or service will cost the covered person at least one hundred dollars ($100) if not covered by the insurer.

(4) The covered person, an authorized person, or a provider with consent of the covered person shall submit a request for external review to the insurer within sixty (60) days, except as set forth in subsection (1) of Section 10 of this Act, of receiving notice that an adverse determination has been timely rendered under the insurer's internal appeal process. As part of the request, the covered person shall provide to the insurer or its designee written consent authorizing the independent review entity to obtain all necessary medical records from both the insurer and any provider utilized for review purposes regarding the decision to deny, limit, reduce or terminate coverage.

(5) The covered person shall be assessed a one (1) time filing fee of twenty-five dollars ($25) to be paid to the independent review entity and which may be waived if the independent review entity determines that the fee creates a financial hardship on the covered person. The fee shall be refunded if the independent review entity finds in favor of the covered person.

(6) A covered person shall not be afforded an external review of an adverse determination if:

(a) The subject of the covered person's adverse determination has previously gone through the external review process and the independent review entity found in favor of the insurer; and

(b) No relevant new clinical information has been submitted to the insurer since the independent review entity found in favor of the insurer.

(7) The department shall establish a system for each insurer to be assigned an independent review entity for external reviews. The system established by the department shall be prospective and shall require insurers to utilize independent review entities on a rotating basis so that an insurer does not have the same independent review entity for two (2) consecutive external reviews. The department shall contract with no less than two (2) independent review entities.

(8) (a) If a dispute arises between an insurer and a covered person regarding the covered person's right to an external review, the covered person may file a complaint with the department. Within five (5) days of receipt of the complaint, the department shall render a decision and may direct the insurer to submit the dispute to an independent review entity for an external review if it finds:

1. The dispute involves denial of coverage based on medical necessity or the service being experimental or investigational; and

2. All of the requirements of subsection (3) of this section have been met.

(b) The complaint process established in this section shall be separate and distinct from, and shall in no way limit other grievance or complaint processes available to consumers under other provisions of the KRS or duly promulgated administrative regulations. This complaint process shall not limit, alter, or supplant the mechanisms for appealing coverage denials established in Section 9 of this Act.

(9) The external review process shall be confidential and shall not be subject to KRS 61.805 to 61.850 and KRS 61.870 to 61.884.

(10) External reviews shall be conducted in an expedited manner by the independent review entity if the covered person is hospitalized, or if, in the opinion of the treating provider, review under the standard time frame could, in the absence of immediate medical attention, result in any of the following:

(a) Placing the health of the covered person or, with respect to a pregnant woman, the health of the covered person

or her unborn child in serious jeopardy;

(b) Serious impairment to bodily functions; or

(c) Serious dysfunction of a bodily organ or part.

An extension of up to twenty-four (24) hours may be allowed if the covered person and the insurer or its designee agree. The insurer or its designee shall provide notice to the independent review entity and to the covered person, by same-day communication, that the adverse determination has been assigned to an independent review entity for expedited review.

(13) External reviews which are not expedited shall be conducted by the independent review entity and a determination made within twenty-one (21) calendar days of receipt of the request for external review. An extension of up to fourteen (14) calendar days may be allowed if the covered person and the insurer are in agreement.

The department shall promptly review the complaint, and if the department determines that the actions of the independent review entity were inappropriate, the department shall take corrective measures, including decertification or suspension of the independent review entity from further participation in external reviews. The department's actions shall be subject to the powers and administrative procedures set forth in subtitle 17A of KRS Chapter 304.

(4) That the economic development project could reasonably and efficiently locate outside of the Commonwealth and, without the inducements offered by the authority, the eligible company would likely locate outside the state.

Section 3. KRS 154.24-120 is amended to read as follows:

Before any approved company is granted inducements as prescribed in KRS 154.24-010 to 154.24-150, a service and technology agreement with respect to the company's economic development project shall be entered into between the authority and the approved company. The terms and provisions of the agreement, including the amount of approved costs, shall be determined by negotiations between the authority and the approved company, except that each agreement shall include the following provisions:

(1) The term of an agreement shall not be longer than ten (10) years from the activation date established by the approved company. The activation date shall be any time within a one (1) year period after the date of final approval of the agreement by the authority. In order to implement the activation date, the approved company shall notify the authority, the Kentucky Revenue Cabinet, the employees, and the affected local jurisdiction, if any, of the activation date on which implementation of the inducements authorized in the agreement shall occur.

(2) The agreement shall include:

(a) A description of the authorized inducements to be used by the approved company;

(b) ***With the exception of information technology businesses,*** a provision that, if the total number of full-time employees at the site of the economic development project who are residents of the Commonwealth and who are subject to the Kentucky income tax is less than twenty-five (25), or in the case of an existing Kentucky business the approved company fails to maintain the increase of at least twenty-five (25) full-time employees who are residents of the Commonwealth and who are subject to the Kentucky income tax, the authorized inducements shall be suspended until the number of full-time employees at the site of the economic development project who are residents of the Commonwealth and who are subject to the Kentucky income tax equals or exceeds twenty-five (25); or in the case of an existing Kentucky business until the maintenance requirement of subsection (4) of KRS 154.24-140 is satisfied;

(c) A provision that, if seventy-five percent (75%) or less of services provided by the approved company from the economic development project should be provided to persons located outside of the Commonwealth during any fiscal year of the approved company as prescribed in KRS 154.24-090, the authorized inducements shall be suspended until the percentage of these services again exceeds seventy-five percent (75%) for a full fiscal year of the approved company; and

Section 4. KRS 154.24-140 is amended to read as follows:

(1) If an eligible company operates an existing service and technology business in Kentucky, and wishes to expand that business within the Commonwealth, the eligible company may submit an application to the authority to become an approved company and eligible for the inducements offered in KRS 154.24-010 to 154.24-150.

(2) If an existing business becomes an approved company, the authority shall determine a base level of employment, a base level of state income tax liability, and a base level of services of the approved company for determining eligible credits in remaining years of the approved company's project period. The base level shall be determined by taking into consideration any seasonal fluctuations or aberrations of employment levels over a preceding three (3) year period. Notwithstanding the determination of a base level of employment, no employee of the existing business who is an employee of such business prior to the date of the preliminary resolution of the authority as prescribed in KRS 154.24-100 shall be subject to assessment.

(3) The authority shall identify, by name, all of the existing employees engaged in the service and technology activity, and these employees shall be exempt from the assessment. If any of these employees cease working in the activity, another employee shall be added to the base level of employment, based on the earliest date of entry into the work force, and he shall be exempt from the assessment. The authority may negotiate with the approved company a different method of determining the base level of employment which would yield a more equitable result for the approved company, the Commonwealth, local jurisdictions, and the employees.

(4) ***With the exception of information technology businesses,*** to become eligible for inducements, the approved company shall create and maintain above the base level of employment an increase at the site of the economic development project of at least twenty-five (25) full-time employees who are residents of the Commonwealth and who are subject to the Kentucky income tax.

(5) The approved company shall continue to pay to the Commonwealth, on an annualized basis during the term of the agreement, the base level of income tax, adjusted on an annual basis to reflect changes in the consumers price index. Any excess income tax owed may be taken as a credit.

(6) If any approved company expands because of an increase in business or because of the commencement of a new line of business, it shall be eligible, at the discretion of the authority, to negotiate a separate and additional agreement to cover the

expanded business under the same conditions as authorized for expansion in this section.

Section 6. KRS 154.24-120 is amended to read as follows:

Before any approved company is granted inducements as prescribed in KRS 154.24-010 to 154.24-150, a service and technology agreement with respect to the company's economic development project shall be entered into between the authority and the approved company. The terms and provisions of the agreement, including the amount of approved costs, shall be determined by negotiations between the authority and the approved company, except that each agreement shall include the following provisions:

(1) The term of an agreement shall not be longer than ten (10) years from the activation date established by the approved company. The activation date shall be any time within a one (1) year period after the date of final approval of the agreement by the authority. In order to implement the activation date, the approved company shall notify the authority, the Kentucky Revenue Cabinet, the employees, and the affected local jurisdiction, if any, of the activation date on which implementation of the inducements authorized in the agreement shall occur.

(2) The agreement shall include:

(a) A description of the authorized inducements to be used by the approved company;

(b) A provision that, if the total number of full-time employees at the site of the economic development project who are residents of the Commonwealth and who are subject to the Kentucky income tax is less than ***the number of jobs as set forth in subsection (2) of Section 5 of this Act***[~~twenty-five (25)~~], or in the case of an existing Kentucky business the approved company fails to maintain the increase ***in the full-time employees equal to***[~~of~~] at least ***the number of jobs as set forth in subsection (2) of Section 5 of this Act***[~~twenty-five (25) full-time employees~~] who are residents of the Commonwealth and who are subject to the Kentucky income tax, the authorized inducements shall be suspended until the number of full-time employees at the site of the economic development project who are residents of the Commonwealth and who are subject to the Kentucky income tax equals or exceeds ***the number of jobs as set forth in subsection (2) of Section 5 of this Act***[~~twenty-five (25)~~]; or in the case of an existing Kentucky business until the maintenance requirement of subsection (4) of KRS 154.24-140 is satisfied;

(c) A provision that, if seventy-five percent (75%) or less of services provided by the approved company from the economic development project should be provided to persons located outside of the Commonwealth during any fiscal year of the approved company as prescribed in KRS 154.24-090, the authorized inducements shall be suspended until the percentage of these services again exceeds seventy-five percent (75%) for a full fiscal year of the approved company; and

(d) A provision that neither income tax credits nor assessments are assignable without written consent by the authority***, except as provided in Section 1 of this Act***.

Section 7. KRS 154.24-140 is amended to read as follows:

(1) If an eligible company operates an existing service and technology business in Kentucky, and wishes to expand that business within the Commonwealth, the eligible company may submit an application to the authority to become an approved company and eligible for the inducements offered in KRS 154.24-010 to 154.24-150.

(2) If an existing business becomes an approved company, the authority shall determine a base level of employment, a base level of state income tax liability, and a base level of services of the approved company for determining eligible credits in

remaining years of the approved company's project period. The base level shall be determined by taking into consideration any seasonal fluctuations or aberrations of employment levels over a preceding three (3) year period. Notwithstanding the determination of a base level of employment, no employee of the existing business who is an employee of such business prior to the date of the preliminary resolution of the authority as prescribed in KRS 154.24-100 shall be subject to assessment.

(3) The authority shall identify, by name, all of the existing employees engaged in the service and technology activity, and these employees shall be exempt from the assessment. If any of these employees cease working in the activity, another employee shall be added to the base level of employment, based on the earliest date of entry into the work force, and he shall be exempt from the assessment. The authority may negotiate with the approved company a different method of determining the base level of employment which would yield a more equitable result for the approved company, the Commonwealth, local jurisdictions, and the employees.

(4) To become eligible for inducements, the approved company shall create and maintain above the base level of employment an increase at the site of the economic development project of at least ***the number of jobs as set forth in subsection (2) of Section 5 of this Act which are filled by***[~~twenty-five (25)~~] full-time employees who are residents of the Commonwealth and who are subject to the Kentucky income tax.

(5) The approved company shall continue to pay to the Commonwealth, on an annualized basis during the term of the agreement, the base level of income tax, adjusted on an annual basis to reflect changes in the consumers price index. Any excess income tax owed may be taken as a credit.

(6) If any approved company expands because of an increase in business or because of the commencement of a new line of business, it shall be eligible, at the discretion of the authority, to negotiate a separate and additional agreement to cover the expanded business under the same conditions as authorized for expansion in this section.

(2) Any local public agency may adopt the provisions of KRS 45A.345 to 45A.460. No other statutes governing purchasing shall apply to a local public agency ***that adopts***[~~ upon adoption of~~] these provisions ***under this subsection***.

(3) Local public officials or employees involved in a procurement process for construction services under KRS 45A.345 to 45A.460, who have authority to recommend, approve, or execute a construction contract, shall document and report all procurement-related contact with potential or actual bidders, vendors, or offerors, or any person acting on their behalf, occurring from the date an invitation to bid or a request for proposals is issued until the contract is awarded. The report shall include the date, time, and place, and a summary of the substance of the contact, and shall be made to the chief procurement officer within two (2) working days of the contact. The chief procurement officer shall maintain a file of the reports, made available for public inspection, until at least three (3) years after the project is completed.

(4)[~~(2)~~]After July 15, 1994, any contract entered into by a local public agency, whether under KRS 45A.345 to 45A.460 or any other authority, shall require the contractor and all subcontractors performing work under the contract to:

(a) Reveal any final determination of a violation by the contractor or subcontractor within the previous five (5) year period pursuant to KRS Chapters 136, 139, 141, 337, 338, 341, and 342 that apply to the contractor or subcontractor; and

(b) Be in continuous compliance with the provisions of KRS Chapters 136, 139, 141, 337, 338, 341, and 342 that apply to the contractor or subcontractor for the duration of the contract.

(5)[~~(3)~~]A contractor's failure to reveal a final determination of a violation by the contractor of KRS Chapters 136, 139, 141, 337, 338, 341, and 342 or to comply with these statutes for the duration of the contract shall be grounds for the local public agency's:

(a) Cancellation of the contract; and

(b) Disqualification of the contractor from eligibility for future contracts awarded by the local public agency for a period of two (2) years.

(6)~~[(4)]~~A subcontractor's failure to reveal a final determination of a violation by the subcontractor of KRS Chapters 136, 139, 141, 337, 338, 341, and 342 or to comply with these statutes for the duration of the contract shall be grounds for the local public agency's disqualification of the subcontractor from eligibility for future contracts for a period of two (2) years.

Section 2. KRS 45A.365 is amended to read as follows:

(1) All contracts or purchases shall be awarded by competitive sealed bidding, except as otherwise provided by KRS 45A.370 to 45A.385.

(2) The invitation for bids shall state that the award shall be made on the basis of the lowest bid price or the lowest evaluated bid price. If the latter is used, the objective measurable criteria to be utilized shall be set forth in the invitation for bids.

(3) Adequate public notice of the invitation for bids shall be given prior to the date set forth for the opening of bids. The notice may include posting on the Internet or publication in a newspaper of general circulation in the local jurisdiction not less than seven (7) days before the date set for the opening of the bids. The public notice shall include the time and place the bids will be opened and the time and place where the specifications may be obtained.

(4) The bids shall be opened publicly at the time and place designated in the invitation for bids. Each bid, together with the name of the bidder, shall be recorded and be open to public inspection***, except as provided in subsection (8) of this section***. Electronic bid opening and posting of the required information for public viewing shall satisfy the requirements of this subsection.

(5) A contract shall be awarded with reasonable promptness by written notice to the responsive and responsible bidder whose bid is either the lowest bid price or the lowest evaluated bid price.

(6) The local public agency may allow the withdrawal of a bid where there is a patent error on the face of the bid document, or where the bidder presents sufficient evidence, substantiated by bid worksheets, that the bid was based upon an error in the formulation of the bid price.

(7) For local capital construction projects that cost over one million dollars ($1,000,000), the invitation to bid shall require the bidder to identify, in the bid, all subcontractors and major suppliers on which the bid relies. The local public agency shall not award a contract for any bid that does not contain this information.

(8) Local public officials or employees shall not disclose the information on subcontractors and major suppliers required under subsection (7) of this section until the contract is awarded or until the agency rejects all bids and decides not to enter into competitive negotiations or to rebid the project.

Section 3. KRS 45A.370 is amended to read as follows:

(1) A local public agency may contract or purchase through competitive negotiation upon a written finding that:

(a) Specifications cannot be made sufficiently specific to permit award on the basis of either the lowest bid price or the lowest evaluated bid price, including, but not limited to, contracts for experimental or developmental research work, or highly complex equipment which requires technical discussions, and other nonstandard supplies, services, or construction; or

(b) Sealed bidding is inappropriate because the available sources of supply are limited, the time and place of performance cannot be determined in advance, the price is regulated by law, or a fixed price contract is not applicable; or

(c) The bid prices received through sealed bidding are unresponsive or unreasonable as to all or part of the requirements, or are identical or appear to have been the result of collusion; provided each responsible bidder is notified of the intention to negotiate and is given a reasonable opportunity to negotiate, and the negotiated price is lower than the lowest rejected bid by any responsible bidder.

(2) Proposals shall be solicited through public notice pursuant to KRS 45A.365(3) or any other means which can be demonstrated to notify an adequate number of qualified sources to permit reasonable competition consistent with the nature and requirement of the procurement. The request for proposals shall indicate the factors to be considered in the evaluation and the relative importance of each factor.

(3) Written or oral discussions shall be conducted with all responsible offerors who submit proposals determined in writing to be reasonably susceptible of being selected for award. Discussions shall not disclose any information derived from proposals submitted by competing offerors. Discussions need not be conducted:

(a) With respect to prices, where such prices are fixed by law or regulation except that consideration shall be given to competitive terms and conditions; or

(b) Where time of delivery or performance will not permit discussions; or

(c) Where it can be clearly demonstrated and documented from the existence of adequate competition or accurate prior cost experience with that particular supply, service, or construction item that acceptance of an initial offer without discussion would result in fair and reasonable prices and the request for proposal notifies all offerors of the possibility that award may be made on the basis of initial offers.

(4) If discussions pertaining to the revision of the specifications or quantities are held with any potential offeror, all other potential offerors shall be afforded an opportunity to take part in such discussions. A request for proposals based on revised specifications or quantities shall be issued as promptly as possible, shall provide for an expeditious response to the revised requirements and shall be awarded upon the basis of the lowest bid price or lowest evaluated bid price submitted by any responsive and responsible offeror. No discussion shall be conducted with offerors after submission of revised proposals except for a compelling reason as determined in writing by the local public agency. The request for proposals shall state that an award is to be made without discussion except as herein provided.

(5) Award shall be made to the responsible offeror whose proposal is determined in writing to be the most advantageous to the local public agency based upon the evaluation factors set forth in the request for proposals.

(6) For local capital construction projects that cost over one million dollars ($1,000,000), the request for proposals shall require the offeror to identify, in the proposal, all subcontractors and major suppliers on which the proposal relies. The local public agency shall not award a contract for any proposal that does not contain this information.

Section 4. KRS 45A.990 is amended to read as follows:

(2) Any person who violates any of the provisions of KRS 45A.325 shall be guilty of a Class D felony. (7) Every person, firm, or corporation offering to make, or pay, or give, any rebate, percentage of contract, money or any other thing of value, as an inducement or intended inducement, in the procurement of business, or the giving of business, to any employee or to any official of the Commonwealth, elective or appointive, in his efforts to bid for, or offer for sale, or to seek in the open market, shall be deemed guilty of a Class C felony.

(8) Criminal penalties for violations of the laws which are in existence on January 1, 1980, shall not be impaired.

(10) Any person convicted under subsection (7) or (9) of this section may be required by the contracting agency to forfeit any contract then held and shall be ineligible to receive any future contract or award from any state or local public agency for a period of five (5) years from the date of conviction.

(11) Any violation of KRS 45A.455(5) or of the disclosure prohibition in subsection (3) of Section 3 of this Act shall be a Class D felony.

(12) This section shall not apply to any officer or employee of a political subdivision, including a school district, nor to the procurement activities of any such political subdivision unless such political subdivision has elected to operate under KRS 45A.345 through 45A.460.

The Committee Substitute No. 1 to **HB 155** is as follows:

HB 155, AN ACT relating to public administration.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS 45A.343 TO 45A.460 IS CREATED TO READ AS FOLLOWS:

Local public agencies, excluding school districts, shall not procure construction services for capital construction projects that cost over one million dollars ($1,000,000) unless the agency develops, adopts by ordinance or regulation, and complies with a procurement code for these projects. At a minimum, the code shall provide the following:

(1) Except as provided in subsection (3) of this section, all contracts or purchases shall be awarded by competitive sealed bidding. Awards shall be made on the basis of the lowest bid price or the lowest evaluated bid price. If the latter is used, the invitation for bids shall set forth objective criteria to be used.

(2) Public notice of the invitation for bids shall be given at least seven (7) days prior to the date set for opening the bids. The notice shall include the time and place where the specifications may be obtained and the time and place where the bids will be opened. Information contained in submitted bids shall remain confidential until the bids are opened publicly at the time and place designated. Except as provided in subsection (6) of this section, each bid, with the name of the bidder, shall then be recorded and open to public inspection.

(3) Contracts or purchases may be awarded through competitive negotiation if:

- ***(a) Specifications cannot be made sufficiently specific to permit award on the basis of either the lowest bid price or the lowest evaluated bid price;***
- ***(b) The bids received through sealed bidding are unresponsive, unreasonable, or identical or appear to have been the result of collusion; provided that each responsible bidder is notified of the intention to negotiate, is given a***

reasonable opportunity to negotiate, and the negotiated price is lower than the lowest rejected bid of any responsible bidder;

(c) Every bid is in excess of the funds available for the purchase, and:

1. There are no additional funds available from any source to permit award to the lowest responsive and responsible bidder; and

2. The best interest of the local public agency will not permit the delay of resoliciting under revised specifications or quantities; or

(d) There is only one (1) responsive and responsible bidder.

(4) Requests for proposals under competitive negotiation shall be solicited through public notice and shall be sufficient to notify an adequate number of qualified sources to permit reasonable competition. The request for proposals shall indicate the factors to be considered in the evaluation and the relative importance of each factor. Award shall be made to the responsible offeror whose proposal is the most advantageous to the local public agency based upon the evaluation factors set forth in the request for proposals.

(5) Written or oral discussions under competitive negotiation shall be conducted with all responsible offerors reasonably susceptible of being selected for award. Discussions under subsection (3)(c) of this section shall be with the three (3), or two (2) if there are only two (2), lowest responsive and responsible bidders to the competitive sealed bidding. Discussions shall not disclose any information derived from proposals submitted by competing offerors. If discussions concerning the revision of the specifications or quantities are held with any potential offeror, all other potential offerors shall be afforded an opportunity to take part in the discussions.

(6) Invitations to bid and requests for proposals shall require the bidder or offeror to identify, in the bid or proposal, or within forty-eight (48) hours after the bid or proposal is due, all subcontractors and major suppliers on which the bid or proposal relies. The local public agency shall not award a contract for any bid or proposal for which this information is not included. Local public officials or employees shall not disclose this information until the contract is awarded or until the agency rejects all bids or proposals and cancels the project.

SECTION 2. A NEW SECTION OF KRS 45A.343 TO 45A.460 IS CREATED TO READ AS FOLLOWS:

HB 524, AN ACT relating to land use and planning, and making appropriations therefor.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 100 IS CREATED TO READ AS FOLLOWS:

The General Assembly of the Commonwealth of Kentucky recognizes the need for the efficient use of land, both developed land and greenspace, the need to concentrate development in a manner that reduces pollution to air, water, and land; and the need to maintain resources, both natural and fiscal, that protect the distinctive character of the Commonwealth's communities and country-side. Therefore, the General Assembly finds and declares the following goals:

(1) Land is a finite resource. It must be preserved where possible and used most efficiently; therefore, planning must be well thought out. Development in existing areas must be concentrated to avoid wasted resources and the wanton consumption of greenspace.

(2) Planning must accommodate both existing development and potential development and this planning must be coordinated on a local, regional, and state basis so that all forms of infrastructure operate efficiently and in a way that does not duplicate services, or waste services that increase costs to taxpayers because of the potential inefficiency. Among the services that must be thought out efficiently are water, sewer, capital projects, schools, recreation and open areas, transportation, firefighting, and policing. Planning must also accommodate the mixed uses of land where new ideas in residential, commercial, and greenspace may easily be embraced.

(3) Kentucky has a wealth of history and scenic vistas. This must be preserved, where possible, in order for the Commonwealth of Kentucky to maintain these gifts for our children, as it is our legacy to them. Among that which should be preserved are historic structures, which is the first element to community pride and identity; the environment, being the second element to community pride and identity from which Kentucky receives a deserved reputation; and air, water, and Kentucky's flora and fauna, which we find out is increasingly important to the proper operation of the entire web of life. Also among this wealth is a vast tradition of agriculture. Kentuckians take pride in living in a state rich with this culture, and recognize the need to preserve this all-too-quickly disappearing way of life in a way that does not penalize those who participate in the way of life, namely, the farmers.

For planning units in existence on the effective date of this Act, no later than six (6) months after the effective date of this Act, or for planning units formed after the effective date of this Act, concurrently with their creation, the legislative body for each planning unit shall prepare and adopt, or revise, regulations to provide:

(1) That all meetings of any legislative body or agency relating to planning or zoning shall be open to the public, and that any aspect of the meeting that is, under state or federal law, allowed to be held in closed session shall be strictly limited as authorized by law; and that detailed and accurate minutes of all open and closed meetings shall be recorded and made available in written form for public inspection;

(2) That all persons attending and wishing to make comment before these administrative or political bodies shall be accorded a time period sufficient to allow communication to that body, and shall not be arbitrarily limited;

thereof, sufficient inspections shall be made and documented to assure compliance with the license, permit, authorization, and any conditions thereof. If a citizen initiates a request for inspection, the request and all action taken shall be recorded. If the information provided would, if true, constitute a violation of the permit, license, or authorization, an inspection shall be made within ten (10) days after receipt of the request. If the information, if true, could present an imminent harm, an inspection shall be made immediately in response to the request. Penalties assessed for violations shall be sufficient to remove any economic benefit derived from the failure to comply, and shall consider the degree of fault, the compliance history, whether the party to whom the violation is issued has timely acted to abate the violation, and the severity of the violation;

(6) That ex parte communication between parties to zoning and land use cases, and the agency decision-makers and elected officials who will hear the case on review, is strictly prohibited;

(7) That provisions for requesting local and evening hearings shall be reviewed to determine whether the requirements for signatures are too onerous, and to determine which categories of land use, zoning and conditional use permits, approvals and modifications shall be subject to automatic scheduling of local hearings. SECTION 4. A NEW SECTION OF KRS 100.183 TO 100.197 IS CREATED TO READ AS FOLLOWS:

(1) Each comprehensive plan shall, in addition to the elements required in Section 5 of this Act, include a designation of one (1) or more full-service areas within the planning commission's jurisdiction where urban development already exists or is expected to occur. A city, county, urban-county, charter county, or special district may create, maintain, extend, and upgrade a full range of utilities, infrastructure, and other centralized services, within the boundaries of this area. The designation of these areas shall be based upon the following factors:

(a) The probability of growth in specified parcels of land over a twenty (20) year period;

(b) A demonstration that there will be available throughout the area within the five (5) year plan cycle a full range of government services in a coordinated fashion, which shall include, but not necessarily be limited to, the provision of water facilities, storm and sanitary sewer facilities, municipal electric utilities, police protection, fire protection, schools, recreation and open space areas, and transportation;

(2) No two (2) separate full-service areas may occupy the same parcel of land. If a planning commission determines that a particular parcel of land that is in one (1) full-service area within its jurisdiction may be better served within another full-service area within its same jurisdiction, it may negotiate the changing of jurisdiction.

(3) If one (1) planning commission determines that a particular parcel of land that is not within its jurisdiction may be better served within another full-service area within another planning commission's jurisdiction, the two (2) separate planning commissions may negotiate the changing of jurisdiction. No change shall be executed without the approval of both planning commissions.

(4) The land in a county that is not within a full-service area created pursuant to subsections (1) to (6) of this section shall be designated a limited-service area. The designation of these areas shall be based upon the following factors:

(a) 1. The area shall not be composed of all or a portion of an area designated as a full-service area; and

2. The area will best serve the public by being preserved for family or prime farmland, open space, hydric soils, hydric wetland, forest, recreation, or wildlife habitat; or

(b) Full service designation is not compatible with the environmental conditions and systems of the area.

(5) No local government or special district as defined in KRS 65.060 shall extend urban levels of sewer or water facilities to serve any currently unserved parcels of land within a limited-service area.

(6) Each planning commission existing on the effective date of this Act shall, as a part of its next comprehensive plan five (5) year update, designate one (1) or more full-service areas within that plan. The planning commission shall, prior to designation of any full-service areas, consult with all cities located within the boundaries of the area subject to the comprehensive plan.

(7) Each planning commission formed after the effective date of this Act shall include the designation of one (1) or more full-service areas with its initial comprehensive plan. The planning commission shall, prior to designation of any full-service areas, consult with all cities located within the boundaries of the area subject to the comprehensive plan.

(8) Each planning commission shall consider amending, as necessary, each of its full-service areas at least once every five (5) years. The planning commission shall, prior to amendment of the boundaries of any full-service areas, consult with all cities located within the boundaries of the area subject to the comprehensive plan.

Section 5. KRS 100.187 is amended to read as follows:

The comprehensive plan shall contain, as a minimum, the following elements:

(1) A statement of goals and objectives, which shall serve as a guide for the physical development and economic and social well-being of the planning unit;

Such land uses may cover, without being limited to, public and private, residential, commercial, industrial, agricultural, and recreational land uses;

(3) A transportation plan element, which shall show proposals for the most desirable, appropriate, economic, and feasible pattern for the general location, character, and extent of the channels, routes, and terminals for transportation facilities for the circulation of persons and goods for specified times as far into the future as is reasonable to foresee. The channels, routes, and terminals may include, without being limited to, all classes of highways or streets, railways, airways, waterways; routings for mass transit trucks, etc.; and terminals for people, goods, or vehicles related to highways, airways, waterways, and railways;

(4) A community facilities plan element which shall show proposals for the most desirable, appropriate, economic, and feasible pattern for the general location, character, and the extent of public and semipublic buildings, land, and facilities for specified times as far into the future as is reasonable to foresee. The facilities may include, without being limited to, parks and recreation, schools and other educational or cultural facilities, libraries, churches, hospitals, social welfare and medical facilities, utilities, fire stations, police stations, jails, or other public office or administrative facilities;~~[and]~~

(5) A comprehensive growth policy element that:

(a) Provides for the most efficient and appropriate use of land, limiting unnecessary growth;

(b) Provides for the mixed uses of developments and land;

(c) Maximizes the efficient design, use, and maintenance of government services, that shall include, but not be limited to:

1. Utilities;

2. Transportation; and

3. Public protection services such as, but not limited to fire and police protection;

(d) Preserves community identity and quality of life through the preservation of historic, scenic, and natural resources and open spaces;

(e) Protects air and water quality;

(f) Encourages infill and revitalization in existing developed areas of the community;

Section 20. KRS 100.201 is amended to read as follows:

(1) Except as provided in subsection (2) of KRS 100.137, when the planning commission and legislative bodies have adopted the statement of goals and objectives, and the planning commission has additionally adopted at least the land use element for the planning unit, the various legislative bodies and fiscal courts of the cities and counties, which are members of the unit, may enact interim zoning or other kinds of growth management regulations which shall have force and effect within their respective jurisdictions for a period not to exceed twelve (12) months, during which time the planning commission shall complete the remaining elements of the comprehensive plan as prescribed by KRS 100.187. Interim regulations shall become void upon the enactment of permanent regulations as provided in subsection (2) of this section, or after twelve (12) consecutive months from the date such interim regulations are enacted, whichever occurs first.

(2) When all required elements of the comprehensive plan have been adopted in accordance with the provisions of this chapter, then the legislative bodies and fiscal courts within the planning unit may enact permanent land use regulations, including zoning and other kinds of growth management regulations to promote public health, safety, morals, and general welfare of the planning unit, to facilitate orderly and harmonious development and the visual or historical character of the unit, and to regulate the density of population and intensity of land use in order to provide for adequate light and air. In addition, land use and zoning regulations may be employed to provide for vehicle parking and loading space, as well as to facilitate fire and police protection, and to prevent the overcrowding of land, blight, danger, and congestion in the circulation of people and commodities, and the loss of life, health, or property from fire, flood, or other dangers. Land use and zoning regulations may also be employed to protect airports, highways, and other transportation facilities, public facilities, schools, public grounds, historical districts, central business districts, prime agricultural land, and other natural ***and scenic*** resources; to regulate the use of sludge from water and waste water treatment facilities in projects to improve soil quality; and to protect other specific areas of the planning unit which need special protection by the planning unit.

(3) Land use and zoning regulations may include the designation of specifically defined areas to be known as urban residential zones, in which:

(a) The majority of the structures were in use prior to November 22, 1926; and

(b) 1. The entire area embodies the distinctive characteristics of a type, period, or method of construction; or

2. The entire area represents a significant and distinguishable entity whose components may lack individual distinction.

The usage of structures within an urban residential zone may be regulated on a structure-by-structure basis, permitting a mixture of uses in the zone, including single-family and multi-family residential, retail, and service establishments, which stabilizes and protects the urban residential character of the area. The regulation of the usage of any structure shall be guided by the architecture, size, or traditional use of the building.

(4) The communities' comprehensive plan and land use management regulations may include the designation of an area or areas to be developed as neo-traditional neighborhoods. These plans and regulations shall conform to the following general design guidelines:

(a) The neighborhood shall be designed in a manner to preserve the environment through land conservation and transit. It shall connect seamlessly with its surroundings. The neighborhood shall be of a scale and detail that encourages pedestrian activity;

(b) The neighborhood design shall encourage the use of natural surroundings by preserving and maintaining water features, trees, topography, and natural and scenic corridors;

(c) The neighborhood shall be designed to be as self-sufficient as possible and shall provide a variety of easily accessible activities. It shall have a center containing convenience, retail, and transit facilities, as well as having high-density housing. The buildings shall be grouped together based upon their physical compatibility to create harmonious streetscapes.

(d) The neighborhood shall be organized around its public buildings and open spaces. It shall contain a formal public space at its center. The neighborhood's design shall ensure that elementary schools, daycare, and recreational facilities are small and abundant, to ensure pedestrian accessibility. The neighborhood design shall locate small playgrounds within easy walking distance of most residences;

(e) The neighborhood shall be designed to be served by thoroughfares of a continuous network of small blocks in order to distribute traffic more evenly. Every street in the network shall serve multiple functions, with none relegated strictly to the moving of vehicles;

(f) The neighborhood shall be designed to contain a wide range of street types designed as environments equitable for the pedestrian, bicycle, and the automobile. The streets shall be designed and constructed to keep vehicular speeds at a minimum in order to be safe and pleasant to the pedestrian; and

(g) The neighborhood shall be designed to contain a varied mix of land uses that shall include but not be limited to basic commercial sites, housing of varied styles and affordability, and workplaces.

Section 21. KRS 100.324 is amended to read as follows:

(1) *In conjunction with the adoption or revision of the comprehensive plan, the planning commission, after consultation with the utilities providing water, sewer, gas, and electric services within the community, shall adopt and update a plan identifying that level of utility services consistent with the designated level of service, for those areas within the jurisdiction of the planning unit.*

(2) The Public Service Commission, in reviewing any application by a utility for a certificate of necessity and convenience that proposes construction or extension of water, sanitary sewer, gas, or electric utility service within an area that is within the jurisdiction of a planning unit that has adopted planning and zoning regulations in accordance with KRS Chapter 100, shall consider the plan described in subsection (1) of this section and shall not approve a request providing for utility service provision, extension, or expansion at a level of service inconsistent with the designated level of service for the area under that plan. After the date of enactment, and prior to the adoption of the plan by the planning commission, the Public Service Commission shall consult with the planning commission to determine whether the proposed level of service is consistent with the planning and zoning classifications of the comprehensive plan for the area.

(3) All other provisions of this chapter to the contrary notwithstanding, public utilities operating under the jurisdiction of the Public Service Commission, except as specified in KRS 100.987 and *subsections (1), (2) and (7)*[~~subsection (5)~~] of this section, or the Department of Vehicle Regulation or Federal Power Commission, any municipally-owned electric system, and common carriers by rail shall not be required to receive the approval of the planning unit for the location or relocation of any of their service facilities. Service facilities include all facilities of such utilities and common carriers by rail other than office space, garage space, and warehouse space and include office space, garage space, and warehouse space when such space is incidental to a service facility. The Public Service Commission and the Department of Vehicle Regulation shall give notice to the planning commission of any planning unit of any hearing which affects locations or relocations of service facilities within that planning unit's jurisdiction.

(4)[~~(2)~~]The nonservice facilities excluded in subsection *(3)*[~~(1)~~] of this section must be in accordance with the zoning regulations.

(5)[~~(3)~~]Upon the request of the planning commission, the public utilities referred to in this section shall provide the planning commission of the planning unit affected with information concerning service facilities which have been located on and relocated on private property.

(6)[~~(4)~~]Any proposal for acquisition or disposition of land for public facilities, or changes in the character, location, or extent of structures or land for public facilities, excluding state and federal highways and public utilities and common carriers by

rail mentioned in this section, shall be referred to the commission to be reviewed in light of its agreement with the comprehensive plan, and the commission shall, within sixty (60) days from the date of its receipt, review the project and advise the referring body whether the project is in accordance with the comprehensive plan. If it disapproves of the project, it shall state the reasons for disapproval in writing and make suggestions for changes which will, in its opinion, better accomplish the objectives of the comprehensive plan. No permit required for construction or occupancy of such public facilities shall be issued until the expiration of the sixty (60) day period or until the planning commission issues its report, whichever occurs first.

(7)~~[(5)]~~Every utility which proposes to construct an antenna tower for cellular telecommunications services or personal communications services within a county containing a city of the first class shall submit the proposal to the planning commission of the affected planning unit. The planning commission shall review the proposal in light of its agreement with the comprehensive plan and locally-adopted zoning regulations and shall, within sixty (60) days from the date the proposal is submitted, make its final decision and advise the utility in writing whether the proposed construction is in accordance with the comprehensive plan and locally-adopted zoning regulations. If the planning commission fails to issue a final decision within sixty (60) days, it is presumed to have approved the proposal, and may not later appeal a decision of the Public Service Commission under KRS 278.650(3). If the planning commission disapproves of the proposed construction, it shall state the reasons for disapproval in its written decision and may make suggestions which, in its opinion, better accomplish the objectives of the comprehensive plan and the locally-adopted zoning regulations. No permit for construction of a cellular or personal communications services antenna tower, including any certificate of convenience and necessity required to be issued by the Kentucky Public Service Commission, shall be issued until the expiration of the sixty (60) day period or until the planning commission issues its final decision on the utility proposal, whichever occurs first.

(1) The Finance and Administration Cabinet shall serve as the central procurement and contracting agency of the Commonwealth.

(a) The cabinet shall require all agencies to furnish an estimate of specific needs for supplies, materials, and equipment to be purchased by competitive bidding for the purpose of permitting scheduling of purchasing in large volume. The cabinet shall establish and enforce schedules for purchasing supplies, materials, and equipment. In addition, prior to the beginning of each fiscal year all agencies shall submit to the Finance and Administration Cabinet an estimate of all needs for supplies, materials, and equipment during that year which will have to be required through competitive bidding.

(b) The Finance and Administration Cabinet shall have power, with the approval of the secretary of the Finance and Administration Cabinet, to transfer between departments, to salvage, to exchange, and to condemn supplies, equipment, and real property.

(c) The Finance and Administration Cabinet shall attempt in every practicable way to ensure that state agencies are fulfilling their business needs through the application of the best value criteria.

(2) The Finance and Administration Cabinet shall recommend regulations, rules, and procedures and shall have supervision over all purchases by the various spending agencies, except as otherwise provided by law, and, subject to the approval of the secretary of the Finance and Administration Cabinet, shall promulgate administrative regulations to govern purchasing by or for all these agencies. The cabinet shall publish a manual of procedures which shall be incorporated by reference as an administrative regulation pursuant to KRS Chapter 13A. This manual shall be distributed to agencies and shall be revised upon issuance of amendments to these procedures. No purchase or contract shall be binding on the state or any agency thereof unless approved by the Finance and Administration Cabinet or made under general administrative regulations promulgated by the cabinet.

(3) The Finance and Administration Cabinet shall purchase or otherwise acquire, or, with the approval of the secretary, may delegate and control the purchase and acquisition of the combined requirements of all spending agencies of the state, including, but not limited to, interests in real property, contractual services, rentals of all types, supplies, materials, equipment, and services.

(4) The Finance and Administration Cabinet shall sell, trade, or otherwise dispose of any interest in real property of the state which is not needed, or has become unsuitable for public use, or would be more suitable to the public's interest if used in another manner, as determined by the secretary of the Finance and Administration Cabinet. The determination of the secretary of the Finance and Administration Cabinet shall be set forth in an order and shall be reached only after review of a written request by the agency desiring to dispose of the property. This request shall describe the property and state the reasons why the agency believes the property should be disposed. All instruments required by law to be recorded which convey any interest in any real property so disposed of shall be executed and signed by the secretary of the Finance and Administration Cabinet and approved by the Governor. Unless the secretary of the Finance and Administration Cabinet deems it in the best interest of the state to proceed otherwise, all interests in real property shall be sold either by invitation of sealed bids or by public auction. The selling price of any interest in real property shall not be less than the appraised value thereof as determined by the cabinet, or the Transportation Cabinet for the requirements of that cabinet.

(5) The Finance and Administration Cabinet shall sell, trade, or otherwise dispose of all personal property of the state that is not needed, or has become unsuitable for public use, or would be more suitable to the public's interest if used in another manner, or, with the approval of the secretary, may delegate the sale, trade, or other disposal of the personal property. In the event the authority is delegated, the method for disposal shall be determined by the agency head, in accordance with administrative regulations promulgated by the Finance and Administration Cabinet, and shall be set forth in a document describing the property and stating the method of disposal and the reasons why the agency believes the property should be disposed of. In the event the authority is not delegated, requests to the Finance and Administration Cabinet to sell, trade, or otherwise dispose of the property shall describe the property and state the reasons why the agency believes the property should be disposed of. The cabinet shall conduct periodic physical audits of inventories.

(7) The Finance and Administration Cabinet shall establish and maintain programs for the development and use of purchasing specifications and for the inspection, testing, and acceptance of supplies, services, and construction.

(8) Nothing in this section shall prevent the Finance and Administration Cabinet from negotiating with vendors who maintain a General Services Administration price agreement with the United States of America or any agency thereof. No contract executed under this provision shall authorize a price higher than is contained in the contract between the General Services Administration and the vendor affected.

(9) Except as provided in KRS Chapters 175, 176, 177, and 180, and subject to the provisions of this code, the Finance and Administration Cabinet shall purchase or otherwise acquire all real property determined to be needed for state use, upon approval of the secretary of the Finance and Administration Cabinet as to the determination of need and as to the action of purchase or other acquisition. The amount paid for this real property shall not exceed the appraised value as determined by the cabinet or the Transportation Cabinet (for such requirements of that cabinet), or the value set by eminent domain procedure. ***The Finance and Administration Cabinet shall not purchase or otherwise acquire any real property and subsequently use that property for a purpose that is in contravention to the use prescribed for that parcel of land by the local comprehensive plan established by a local government under KRS Chapter 100.*** Subject to the provisions of this code, real property or any interest therein may be purchased, leased, or otherwise acquired from any officer or employee of any agency of the state upon a finding by the Finance and Administration Cabinet, based upon a written application by the head of the agency requesting the purchase, and approved by the secretary of the Finance and Administration Cabinet and the Governor, that the employee has not either himself or herself, or through any other person, influenced or attempted to influence either the agency requesting the acquisition of the property or the Finance and Administration Cabinet in connection with such acquisition. Whenever such an acquisition is consummated, the request and finding shall be recorded and kept by the Secretary of State along with the other documents recorded pursuant to the provisions of KRS Chapter 56.

(10) The Finance and Administration Cabinet shall maintain records of all purchases and sales made under its authority and shall make periodic summary reports of all transactions to the secretary of the Finance and Administration Cabinet, the Governor, and the General Assembly. The Finance and Administration Cabinet shall also report trends in costs and prices, including savings realized through improved practices, to the above authorities. The Finance and Administration Cabinet shall also compile an annual report of state purchases by all spending agencies in the state's statewide accounting and reporting system. The report format shall include, but not be limited to, dollar amount, volume, type of purchase, and vendor.

(11) For capital construction projects, subject to the provisions of this code, the bidding may be on whichever of the following methods, in the judgment of the secretary of the Finance and Administration Cabinet, offers the lowest real cost to the taxpayer:

(a) A total design-bid basis;

Bids shall be reviewed by the engineering staff to assure quality and value, and compliance with bid procedures. All specifications shall be written to promote competition.

(12) The Finance and Administration Cabinet shall have control and supervision over all purchases of energy-consuming equipment, supplies, and related equipment purchased or acquired by any agency of the state as provided in this code, and shall promulgate administrative regulations to designate the manner in which an energy-consuming item will be purchased so as to promote energy conservation and acquisition of energy efficient products. Major energy components shall be amortized on a seven (7) to ten (10) years' recovery basis and shall take into consideration the projected cost of fuel. The Finance and Administration Cabinet, in consultation with the Cabinet for Economic Development, shall conduct a

thorough economic feasibility analysis on any major energy-using component of at least three million (3,000,000) BTU's per hour heat input and shall issue a certificate of economic feasibility prior to the Finance and Administration Cabinet's purchasing or retrofitting any such component that utilizes any fuel other than coal. The economic feasibility analysis shall consist of life-cycle cost comparisons of a component that would utilize coal and one(s) that would utilize any fuel other than coal. For the analysis, the Finance and Administration Cabinet shall provide detailed estimates of equipment purchase price, installation cost, annual operation and maintenance costs, and usage patterns of energy-using components.

Section 23. KRS 278.650 is amended to read as follows:

(1) If a utility proposes construction of an antenna tower for cellular telecommunications services or personal communications services which is to be located within a county containing a city of the first class, then the utility shall submit the proposal to the planning commission of the affected planning unit prior to making application to the commission for a certificate of public convenience and necessity as required by KRS 278.020(1). The commission shall not grant a certificate of convenience and necessity in this situation until a final action on the proposal has been taken by the planning commission of the affected planning unit, or until the sixty (60) day time period set forth in KRS 100.324*(7)*~~[(5)]~~ has expired, whichever comes first.

(2) If a planning commission rejects a proposal to construct an antenna tower, the commission may override the decision of the planning commission and issue a certificate of convenience and necessity for construction of the cellular or personal communications services antenna tower, if it determines that there is no acceptable alternate site, and that the public convenience and necessity requires the proposed construction.

(3) Any party aggrieved by the final action of the Public Service Commission under subsections (1) and (2) of this section shall appeal from the action to the Franklin Circuit Court. The appeal shall be filed within thirty (30) days after the final action by the Public Service Commission. All final actions of the Public Service Commission which have not been appealed within thirty (30) days shall not be subject to judicial review.

(4) If a utility proposes construction of an antenna tower for cellular telecommunications services or personal communications services which is to be located outside the area of a county containing a city of the first class, then the commission may also take into account in its deliberations the character of the general area concerned, and the likely effects of the installation on nearby land uses and values.

Section 24. There is appropriated $1,000,000 from the general fund in the State Treasury for each fiscal year of the 2000-2002 biennium to be allocated for the purpose of hiring a minimum of thirty certified planners to serve each of the fifteen area development districts established under KRS 147A.050 pursuant to subsection (4) of Section 18 of this Act.

The Committee Substitute No. 1 to **HB 524** is as follows:

HB 524, AN ACT relating to land use and planning, and making appropriations therefor.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 100 IS CREATED TO READ AS FOLLOWS:

The General Assembly of the Commonwealth of Kentucky recognizes the need for the efficient use of land, both developed land and greenspace, the need to concentrate development in a manner that reduces pollution to air, water, and land; and the need to maintain resources, both natural and fiscal, that protect the distinctive character of the Commonwealth's communities and country-side. Therefore, the General Assembly finds and declares the following goals:

(1) Land is a finite resource. It must be preserved where possible and used most efficiently; therefore, planning must be well thought out. Development in existing areas must be concentrated to avoid wasted resources and the wanton consumption of greenspace.

(2) Planning must accommodate both existing development and potential development and this planning must be coordinated on a local, regional, and state basis so that all forms of infrastructure operate efficiently and in a way that does not duplicate services, or waste services that increase costs to taxpayers because of the potential inefficiency. Among the services that must be thought out efficiently are water, sewer, capital projects, schools, recreation and open areas, transportation, firefighting, and policing. Planning must also accommodate the mixed uses of land where new ideas in residential, commercial, and greenspace may easily be embraced.

(3) Kentucky has a wealth of history and scenic vistas. This must be preserved, where possible, in order for the Commonwealth of Kentucky to maintain these gifts for our children, as it is our legacy to them. Among that which should be preserved are historic structures, which is the first element to community pride and identity; the environment, being the second element to community pride and identity from which Kentucky receives a deserved reputation; and air, water, and Kentucky's flora and fauna, which we find out is increasingly important to the proper operation of the entire web of life. Also among this wealth is a vast tradition of agriculture. Kentuckians take pride in living in a state rich with this culture, and recognize the need to preserve this all-too-quickly disappearing way of life in a way that does not penalize those who participate in the way of life, namely, the farmers.

Section 2. KRS 100.111 is amended to read as follows:

As used in this chapter, unless the context otherwise requires:

(1) "Administrative official" means any department, employee, or advisory, elected or appointed body which is authorized to administer any provision of the zoning regulation, subdivision regulations, and if delegated, any provision of any housing or building regulation or any other land use control regulation;

(2) "Agricultural ***activity***[~~use~~]" means the[~~ use of a tract of at least five (5) contiguous acres for the~~] production of agricultural or horticultural crops, including but not limited to livestock, livestock products, poultry, poultry products, grain, hay, pastures, soybeans, tobacco, timber, orchard fruits, vegetables, flowers or ornamental plants, including provision for dwellings for persons and their families who are engaged in the above agricultural use on the tract, but not including residential building development for sale or lease to the public;

(3) "Board" means the board of adjustment unless the context indicates otherwise;

(4) "Citizen member" means any member of the planning commission or board of adjustment who is not an elected or appointed official or employee of the city or county;

(5) "Commission" means planning commission;

(6) "Conditional use" means a use which is essential to or would promote the public health, safety, or welfare in one (1) or more zones, but which would impair the integrity and character of the zone in which it is located, or in adjoining zones, unless restrictions on location, size, extent, and character of performance are imposed in addition to those imposed in the zoning regulation;

(1) Each comprehensive plan shall, in addition to the elements required in Section 4 of this Act, include a designation of one (1) or more coordinated service areas within the planning commission's jurisdiction where urban development already exists or is expected to occur. A city, county, urban-county, charter county, or special district may create, maintain, extend, and upgrade a full range of utilities, infrastructure, and other centralized services, within this area. The designation of these areas shall be based upon the following factors:

(a) The probability of growth in specified parcels of land over a twenty (20) year period;

(b) Identification within the plan that there will be the intention to provide throughout the area within the twenty (20) year plan cycle a full range of government services in a coordinated fashion, which shall include, but not necessarily be limited to, the provision of water facilities, storm and sanitary sewer facilities, municipal electric utilities, police protection, fire protection, schools, recreation and open space areas, and transportation;

(c) The effects on the compatibility of the area designation with environmental conditions and systems including air and water quality, water resources, historic areas, transportation patterns, agriculture, forests, hydric soils and hydric wetlands, recreational areas, and fauna.

(2) No two (2) separate coordinated service areas may occupy the same parcel of land. If a planning commission determines that a particular parcel of land that is in one (1) coordinated service area within its jurisdiction may be better served within another coordinated service area within its same jurisdiction, it may negotiate the changing of jurisdiction with the approval of the legislative bodies of the local governments having jurisdiction over the parcel of land.

(3) If one (1) planning commission determines that a particular parcel of land that is not within its jurisdiction may be better served within another coordinated service area within another planning commission's jurisdiction, the two (2) separate planning commissions may negotiate the changing of jurisdiction with the approval of the legislative bodies of the local governments having jurisdiction over the parcel of land. No change shall be executed without the approval of both planning commissions.

(4) Each planning commission existing on the effective date of this Act shall, as a part of its next comprehensive plan five (5) year update, designate one (1) or more coordinated service areas within that plan. The planning commission shall, prior to designation of any coordinated service areas, consult with all the legislative bodies of the local governments located within the area subject to the comprehensive plan. Once the planning commission has designated the coordinated service area, it shall submit that designation to the legislative bodies of the local governments having jurisdiction within the jurisdiction of the planning commission for final approval. The legislative bodies shall give their approval or disapproval within forty-five (45) days of submission. No action by a legislative body within that time shall be deemed approval of that legislative body. If a legislative body disapproves the designation of the coordinated service area, it shall state the reasons, in writing, to the planning commission for that disapproval, and the local legislative bodies and the planning commission shall, together, negotiate the compromised designation for the coordinated service area within sixty (60) days of the submission of the disapproval. A planning commission currently in the process of updating its comprehensive plan on the effective date of this Act, and that has not yet adopted the plan, shall not be required to comply with this section until the next following five (5) year update.

(5) Each planning commission formed after the effective date of this Act shall include the designation of one (1) or more coordinated service areas with its initial comprehensive plan. The planning commission shall, prior to designation of any coordinated service areas, consult with all the legislative bodies of the local governments located within the area subject to the comprehensive plan. Once the planning commission has designated the coordinated service area, it shall submit that designation to the legislative bodies of the local governments having jurisdiction within the jurisdiction of the planning commission for final approval. The legislative bodies shall give their approval or disapproval within forty-five (45) days of submission. No action by a legislative body within that time shall be deemed approval of that legislative body. If a legislative body disapproves the designation of the coordinated service area, it shall state the reasons, in writing, to the planning commission for that disapproval, and the local legislative bodies and the planning commission shall, together, negotiate the compromised designation for the coordinated service area within sixty (60)

days of the submission of the disapproval.

(6) Each planning commission shall consider amending, as necessary, each of its coordinated service areas at least once every five (5) years, beginning at its next comprehensive plan five (5) year update cycle beginning after the effective date of this Act. The planning commission shall, prior to amendment of any coordinated service areas, consult with all the legislative bodies of the local governments located within the area subject to the comprehensive plan. Once the planning commission has designated the coordinated service area, it shall submit that designation to the legislative bodies of the local governments having jurisdiction within the jurisdiction of the planning commission for final approval. The legislative bodies shall give their approval or disapproval within forty-five (45) days of submission. No action by a legislative body within that time shall be deemed approval of that legislative body. If a legislative body disapproves the designation of the coordinated service area, it shall state the reasons, in writing, to the planning commission for that disapproval, and the local legislative bodies and the planning commission shall, together, negotiate the compromised designation for the coordinated service area within sixty (60) days of the submission of the disapproval.

Section 11. KRS 100.201 is amended to read as follows:

(1) Except as provided in subsection (2) of KRS 100.137, when the planning commission and legislative bodies have adopted the statement of goals and objectives, and the planning commission has additionally adopted at least the land use element for the planning unit, the various legislative bodies and fiscal courts of the cities and counties, which are members of the unit, may enact interim zoning or other kinds of growth management regulations which shall have force and effect within their respective jurisdictions for a period not to exceed twelve (12) months, during which time the planning commission shall complete the remaining elements of the comprehensive plan as prescribed by KRS 100.187. Interim regulations shall become void upon the enactment of permanent regulations as provided in subsection (2) of this section, or after twelve (12) consecutive months from the date such interim regulations are enacted, whichever occurs first.

(2) When all required elements of the comprehensive plan have been adopted in accordance with the provisions of this chapter, then the legislative bodies and fiscal courts within the planning unit may enact permanent land use regulations, including zoning and other kinds of growth management regulations to promote public health, safety, morals, and general welfare of the planning unit, to facilitate orderly and harmonious development and the visual or historical character of the unit, and to regulate the density of population and intensity of land use in order to provide for adequate light and air. In addition, land use and zoning regulations may be employed to provide for vehicle parking and loading space, as well as to facilitate fire and police protection, and to prevent the overcrowding of land, blight, danger, and congestion in the circulation of people and commodities, and the loss of life, health, or property from fire, flood, or other dangers. Land use and zoning regulations may also be employed to protect airports, highways, and other transportation facilities, public facilities, schools, public grounds, historical districts, central business districts, prime agricultural land, and other natural resources; to regulate the use of sludge from water and waste water treatment facilities in projects to improve soil quality; and to protect other specific areas of the planning unit which need special protection by the planning unit.

(3) Land use and zoning regulations may include the designation of specifically defined areas to be known as urban residential zones, in which:

(a) The majority of the structures were in use prior to November 22, 1926; and

(b) 1. The entire area embodies the distinctive characteristics of a type, period, or method of construction; or

2. The entire area represents a significant and distinguishable entity whose components may lack individual distinction.

The usage of structures within an urban residential zone may be regulated on a structure-by-structure basis, permitting a mixture of uses in the zone, including single-family and multi-family residential, retail, and service establishments, which stabilizes and protects the urban residential character of the area. The regulation of the usage of any structure shall be guided by the architecture, size, or traditional use of the building.

(4) The communities' comprehensive plan and land use management regulations may include the designation of an area or areas to be developed as neo-traditional neighborhoods. These plans and regulations are encouraged to promote neighborhood design that:

(a) Preserves the environment through land conservation and efficient modes of transit;

(b) Connects the neighborhood seamlessly with its surroundings;

(c) Is of a scale and detail that encourages pedestrian activity;

(d) Uses natural surroundings by preserving and maintaining water features, trees, and topography;

(e) Is as self-sufficient as possible;

(f) Provides a variety of easily accessible activities, with a center containing convenient retail and transit facilities;

(g) Provides high-density housing;

(h) Groups buildings together in a manner based upon their physical compatibility to create harmonious streetscapes;

(i) Organizes the neighborhood around its public buildings and open spaces;

(j) Contains a formal, public space at its center;

(k) Ensures that elementary schools, daycare, playgrounds, and recreational facilities are small and abundant to ensure pedestrian accessibility;

(l) Networks continuous thoroughfares of small blocks to distribute traffic evenly;

(m) Provides multiple functions for the network of thoroughfares, so that none is relegated strictly to the moving of vehicles;

(o) Contains a varied mix of land uses to include, at a minimum, basic commercial sites, housing of varied styles and affordability, and workplaces.

Section 12. KRS 100.324 is amended to read as follows:

(1) *In conjunction with the adoption or revision of the comprehensive plan, the planning commission, after consultation with the utilities providing water, sewer, gas, and electric services within the community, shall adopt and update a plan identifying that level of utility services consistent with the designated level of service, for those areas within the jurisdiction of the planning unit.*

(2) The Public Service Commission, in reviewing any application by a utility for a certificate of necessity and convenience that proposes construction or extension of water, sanitary sewer, gas, or electric utility service within an area that is within the jurisdiction of a planning unit that has adopted planning and zoning regulations in accordance with KRS Chapter 100, shall consider the plan described in subsection (1) of this section and shall not approve a request providing for utility service provision, extension, or expansion at a level of service inconsistent with the designated level of service for the area under that plan. Prior to the review conducted by the Public Service Commission, all applications by the utilities shall be submitted first to the local planning commission to determine if the proposed level of service is consistent with the planning commission's adopted comprehensive plan for the area. The planning commission shall review the applications in a public hearing in accordance with the provisions of KRS Chapter 424 and shall forward its actions of approval or disapproval to the Public Service Commission.

(3) All other provisions of this chapter to the contrary notwithstanding, public utilities operating under the jurisdiction of the Public Service Commission, except as specified in KRS 100.987 and *subsections (1), (2) and (7)*[~~subsection (5)~~] of this section, or the Department of Vehicle Regulation or Federal Power Commission, any municipally-owned electric system, and common carriers by rail shall not be required to receive the approval of the planning unit for the location or relocation of any of their service facilities. Service facilities include all facilities of such utilities and common carriers by rail other than office space, garage space, and warehouse space and include office space, garage space, and warehouse space when such space is incidental to a service facility. The Public Service Commission and the Department of Vehicle Regulation shall give notice to the planning commission of any planning unit of any hearing which affects locations or relocations of service facilities within that planning unit's jurisdiction.

(4)[~~(2)~~]The nonservice facilities excluded in subsection *(3)*[~~(1)~~] of this section must be in accordance with the zoning regulations.

(5)[~~(3)~~]Upon the request of the planning commission, the public utilities referred to in this section shall provide the planning commission of the planning unit affected with information concerning service facilities which have been located on and relocated on private property.

(6)[~~(4)~~]Any proposal for acquisition or disposition of land for public facilities, or changes in the character, location, or extent of structures or land for public facilities, excluding state and federal highways and public utilities and common carriers by rail mentioned in this section, shall be referred to the commission to be reviewed in light of its agreement with the comprehensive plan, and the commission shall, within sixty (60) days from the date of its receipt, review the project and advise the referring body whether the project is in accordance with the comprehensive plan. If it disapproves of the project, it shall state the reasons for disapproval in writing and make suggestions for changes which will, in its opinion, better accomplish the objectives of the comprehensive plan. No permit required for construction or occupancy of such public facilities shall be issued until the expiration of the sixty (60) day period or until the planning commission issues its report, whichever occurs first.

(7)[~~(5)~~]Every utility which proposes to construct an antenna tower for cellular telecommunications services or personal communications services within a county containing a city of the first class shall submit the proposal to the planning commission of the affected planning unit. The planning commission shall review the proposal in light of its agreement

with the comprehensive plan and locally-adopted zoning regulations and shall, within sixty (60) days from the date the proposal is submitted, make its final decision and advise the utility in writing whether the proposed construction is in accordance with the comprehensive plan and locally-adopted zoning regulations. If the planning commission fails to issue a final decision within sixty (60) days, it is presumed to have approved the proposal, and may not later appeal a decision of the Public Service Commission under KRS 278.650(3). If the planning commission disapproves of the proposed construction, it shall state the reasons for disapproval in its written decision and may make suggestions which, in its opinion, better accomplish the objectives of the comprehensive plan and the locally-adopted zoning regulations. No permit for construction of a cellular or personal communications services antenna tower, including any certificate of convenience and necessity required to be issued by the Kentucky Public Service Commission, shall be issued until the expiration of the sixty (60) day period or until the planning commission issues its final decision on the utility proposal, whichever occurs first.

The cabinet shall establish and enforce schedules for purchasing supplies, materials, and equipment. In addition, prior to the beginning of each fiscal year all agencies shall submit to the Finance and Administration Cabinet an estimate of all needs for supplies, materials, and equipment during that year which will have to be required through competitive bidding.

(b) The Finance and Administration Cabinet shall have power, with the approval of the secretary of the Finance and Administration Cabinet, to transfer between departments, to salvage, to exchange, and to condemn supplies, equipment, and real property.

(c) The Finance and Administration Cabinet shall attempt in every practicable way to ensure that state agencies are fulfilling their business needs through the application of the best value criteria.

(2) The Finance and Administration Cabinet shall recommend regulations, rules, and procedures and shall have supervision over all purchases by the various spending agencies, except as otherwise provided by law, and, subject to the approval of the secretary of the Finance and Administration Cabinet, shall promulgate administrative regulations to govern purchasing by or for all these agencies. The cabinet shall publish a manual of procedures which shall be incorporated by reference as an administrative regulation pursuant to KRS Chapter 13A. This manual shall be distributed to agencies and shall be revised upon issuance of amendments to these procedures. No purchase or contract shall be binding on the state or any agency thereof unless approved by the Finance and Administration Cabinet or made under general administrative regulations promulgated by the cabinet.

(4) The Finance and Administration Cabinet shall sell, trade, or otherwise dispose of any interest in real property of the state which is not needed, or has become unsuitable for public use, or would be more suitable to the public's interest if used in another manner, as determined by the secretary of the Finance and Administration Cabinet. The determination of the secretary of the Finance and Administration Cabinet shall be set forth in an order and shall be reached only after review of a written request by the agency desiring to dispose of the property. This request shall describe the property and state the reasons why the agency believes the property should be disposed. All instruments required by law to be recorded which convey any interest in any real property so disposed of shall be executed and signed by the secretary of the Finance and Administration Cabinet and approved by the Governor. Unless the secretary of the Finance and Administration Cabinet deems it in the best interest of the state to proceed otherwise, all interests in real property shall be sold either by invitation of sealed bids or by public auction. The cabinet shall conduct periodic physical audits of inventories.

(7) The Finance and Administration Cabinet shall establish and maintain programs for the development and use of purchasing specifications and for the inspection, testing, and acceptance of supplies, services, and construction.

(8) Nothing in this section shall prevent the Finance and Administration Cabinet from negotiating with vendors who maintain a General Services Administration price agreement with the United States of America or any agency thereof. No contract executed under this provision shall authorize a price higher than is contained in the contract between the General Services Administration and the vendor affected.

The amount paid for this real property shall not exceed the appraised value as determined by the cabinet or the Transportation Cabinet (for such requirements of that cabinet), or the value set by eminent domain procedure. ***The Finance and Administration Cabinet shall not purchase or otherwise acquire any real property and subsequently use that property for a purpose that is in contravention to the use prescribed for that parcel of land by the local comprehensive plan established by a local government under KRS Chapter 100.*** Subject to the provisions of this code, real property or any interest therein may be purchased, leased, or otherwise acquired from any officer or employee of any agency of the state upon a finding by the Finance and Administration Cabinet, based upon a written application by the head of the agency requesting the purchase, and approved by the secretary of the Finance and Administration Cabinet and the Governor, that the employee has not either himself or herself, or through any other person, influenced or attempted to influence either the agency requesting the acquisition of the property or the Finance and Administration Cabinet in connection with such acquisition. Whenever such an acquisition is consummated, the request and finding shall be recorded and kept by the Secretary of State along with the other documents recorded pursuant to the provisions of KRS Chapter 56.

(10) The Finance and Administration Cabinet shall maintain records of all purchases and sales made under its authority and shall make periodic summary reports of all transactions to the secretary of the Finance and Administration Cabinet, the Governor, and the General Assembly. The Finance and Administration Cabinet shall also report trends in costs and prices, including savings realized through improved practices, to the above authorities. The Finance and Administration Cabinet shall also compile an annual report of state purchases by all spending agencies in the state's statewide accounting and reporting system. The report format shall include, but not be limited to, dollar amount, volume, type of purchase, and vendor.

Major energy components shall be amortized on a seven (7) to ten (10) years' recovery basis and shall take into consideration the projected cost of fuel. The Finance and Administration Cabinet, in consultation with the Cabinet for Economic Development, shall conduct a thorough economic feasibility analysis on any major energy-using component of at least three million (3,000,000) BTU's per hour heat input and shall issue a certificate of economic feasibility prior to the Finance and Administration Cabinet's purchasing or retrofitting any such component that utilizes any fuel other than coal. The economic feasibility analysis shall consist of life-cycle cost comparisons of a component that would utilize coal and one(s) that would utilize any fuel other than coal. For the analysis, the Finance and Administration Cabinet shall provide detailed estimates of equipment purchase price, installation cost, annual operation and maintenance costs, and usage patterns of energy-using components.

public convenience and necessity as required by KRS 278.020(1). The commission shall not grant a certificate of convenience and necessity in this situation until a final action on the proposal has been taken by the planning commission of the affected planning unit, or until the sixty (60) day time period set forth in KRS 100.324*(7)*[~~(5)~~] has expired, whichever comes first.

(2) If a planning commission rejects a proposal to construct an antenna tower, the commission may override the decision of the planning commission and issue a certificate of convenience and necessity for construction of the cellular or personal communications services antenna tower, if it determines that there is no acceptable alternate site, and that the public convenience and necessity requires the proposed construction.

(3) Any party aggrieved by the final action of the Public Service Commission under subsections (1) and (2) of this section shall appeal from the action to the Franklin Circuit Court. The appeal shall be filed within thirty (30) days after the final action by the Public Service Commission. All final actions of the Public Service Commission which have not been appealed within thirty (30) days shall not be subject to judicial review.

(4) If a utility proposes construction of an antenna tower for cellular telecommunications services or personal communications services which is to be located outside the area of a county containing a city of the first class, then the commission may also take into account in its deliberations the character of the general area concerned, and the likely effects of the installation on nearby land uses and values.

(e) A conspicuous warning that the application is executed under oath and that a materially false answer to any question, or the submission of any materially false document by the applicant, subjects the applicant to criminal prosecution under KRS 523.030.

(5) The Department of State Police shall deny, suspend, or revoke a license to carry a concealed deadly weapon upon written notice by the Cabinet for Families and Children that the person has a child support arrearage which equals or exceeds the cumulative amount which would be owed after one (1) year of nonpayment, or for failure, after receiving appropriate notice, to comply with a subpoena or warrant relating to paternity or child support proceedings.

Upon receiving any additional documentation, the Department of State Police shall reconsider its decision and inform the applicant within twenty (20) days of the result of the reconsideration. The applicant shall further be informed of the right to seek de novo review of the denial in the District Court of his place of residence.

(8) The Department of State Police shall maintain an automated listing of licenseholders and pertinent information, and this information shall be available on-line, upon request, at all times to all Kentucky law enforcement agencies. Except as provided in this subsection, information on applications for licenses, names and addresses, or other identifying information relating to license holders shall be confidential and shall not be made available except to law enforcement agencies. Requests for information to be provided to any requester other than a bona fide law enforcement agency which has direct access to the Law Enforcement Information Network of Kentucky shall be made, in writing, directly to the commissioner of the Department of State Police, together with the fee required for the providing of the information. The Department of State Police shall, upon proper application and the payment of the required fee, provide to the requester in hard copy form only, a list of names of all holders in the Commonwealth of a license to carry a concealed deadly weapon. The names of all persons, other than law enforcement agencies and peace officers, requesting information under this section shall be a public record.

(9) Within thirty (30) days after the changing of a permanent address, or within thirty (30) days after the loss or destruction of a license, the licensee shall notify the Department of State Police of the loss or destruction. Failure to notify the Department of State Police shall constitute a noncriminal violation with a penalty of twenty-five dollars ($25) payable to the clerk of the District Court. When a licensee makes application to change his or her residence address or other information on the license, neither the sheriff nor the Department of State Police shall require a surrender of the license until a new license is in the office of the applicable sheriff and available for issuance. Upon the issuance of a new license, the old license shall be destroyed by the sheriff.

(10) If a license is lost or destroyed, the license shall be automatically invalid, and the person to whom the same was issued may, upon payment of fifteen dollars ($15) to the Department of State Police, obtain a duplicate, upon furnishing a notarized statement to the Department of State Police that the license has been lost or destroyed.

(11) A license issued under this section shall be suspended or revoked if the licensee becomes ineligible to be issued a license under the criteria set forth in subsection (2)(a), (c), (d), (e), (f), or (h) of this section. The officer to whom the license is surrendered shall forthwith transmit the license to the court issuing the order. The license shall be suspended until the order is terminated, or until the judge who issued the order terminates the suspension prior to the termination of the underlying domestic violence order or emergency protective order, in writing and by return of the license, upon proper motion by the license holder. (12) Not less than ninety (90) days prior to the expiration date of the license, the Department of State Police shall mail to each licensee a written notice of the expiration and a renewal form prescribed by the Department of State Police. The licensee may renew his license on or before the expiration date by filing with the sheriff of his county of residence the renewal form, a notarized affidavit stating that the licensee remains qualified pursuant to the criteria specified in subsections (2) and (3) of this section, and the required renewal fee. The license shall be renewed to a qualified applicant upon receipt of the completed renewal application and appropriate payment of fees. When a licensee makes application for a renewal of his or her license, neither the sheriff nor the Department of State Police shall require a surrender of the license until the

new license is in the office of the applicable sheriff and available for issuance. Upon the issuance of a new license, the old license shall be destroyed by the sheriff. A licensee who fails to file a renewal application on or before its expiration date may renew his license by paying, in addition to the license fees, a late fee of fifteen dollars ($15). No license shall be renewed six (6) months or more after its expiration date, and the license shall be deemed to be permanently expired six (6) months after its expiration date. A private but not a public employer may prohibit employees or other persons holding a concealed deadly weapons license from carrying concealed deadly weapons in vehicles owned by the employer, but may not prohibit employees or other persons holding a concealed deadly weapons license from carrying concealed deadly weapons in vehicles owned by the employee, except that the Justice Cabinet may prohibit an employee from carrying any weapons, other than the weapons issued or authorized to be used by the employee of the cabinet, in a vehicle while transporting persons under the employee's supervision or jurisdiction. Carrying of a concealed weapon in a location specified in this subsection by a license holder shall not be a criminal act but may subject the person to denial from the premises or removal from the premises, and, if an employee of an employer, disciplinary measures by the employer.

(15) All moneys collected by the Department of State Police pursuant to this section shall be used to administer the provisions of this section. By March 1 of each year, the Department of State Police and the Administrative Office of the Courts shall submit reports to the Governor, the President of the Senate, and the Speaker of the House of Representatives, indicating the amounts of money collected and the expenditures related to this section and KRS 237.115, 244.125, 527.020, and 527.070, and the administration of the provisions of this section and KRS 237.115, 244.125, 527.020, and 527.070.

(16) The General Assembly finds as a matter of public policy that it is necessary to provide statewide uniform standards for issuing licenses to carry concealed firearms and to occupy the field of regulation of the bearing of concealed firearms to ensure that no person who qualifies under the provisions of this section is denied his ***or her*** rights. The General Assembly does not delegate to the Department of State Police the authority to regulate or restrict the issuing of licenses provided for in this section beyond those provisions contained in this section. This section shall be liberally construed to carry out the constitutional right to bear arms for self-defense.

(17) (a) A person who has a valid license issued by another state of the United States to carry a concealed deadly weapon in that state may, subject to provisions of Kentucky law, carry a concealed deadly weapon in Kentucky, and his license shall be considered as valid in Kentucky.

(b) The Department of State Police shall, not later than thirty (30) days after July 15, 1998, and not less than once every six (6) months thereafter, make written inquiry of the concealed deadly weapon carrying licensing authorities in each other state as to whether a Kentucky resident may carry a concealed deadly weapon in their state based upon having a valid Kentucky concealed deadly weapon license, or whether a Kentucky resident may apply for a concealed deadly weapon carrying license in that state based upon having a valid Kentucky concealed deadly weapon license. The Department of State Police shall attempt to secure from each other state permission for Kentucky residents who hold a valid Kentucky concealed deadly weapon license to carry concealed deadly weapons in that state, either on the basis of the Kentucky license or on the basis that the Kentucky license is sufficient to permit the issuance of a similar license by the other state. The Department of State Police shall enter into a written reciprocity agreement with the appropriate agency in each state that agrees to permit Kentucky residents to carry concealed deadly weapons in the other state on the basis of a Kentucky-issued concealed deadly weapon license or that will issue a license to carry concealed deadly weapons in the other state based upon a Kentucky concealed deadly weapon license. If a reciprocity agreement is reached, the requirement to recontact the other state each six (6) months shall be eliminated as long as the reciprocity agreement is in force. The information shall be a public record and shall be available to individual requesters free of charge for the first copy and at the normal rate for open records requests for additional copies.

(18) By March 1 of each year, the Department of State Police shall submit a statistical report to the Governor, the President of the Senate, and the Speaker of the House of Representatives, indicating the number of licenses issued, revoked, suspended, and denied since the previous report and in total and also the number of licenses currently valid. The report shall also include the number of arrests, convictions, and types of crimes committed since the previous report by individuals licensed to carry concealed weapons.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 90.360 is amended to read as follows:

(1) No employee in the classified service of a city of the second or third class shall be dismissed, suspended or reduced in grade or pay for any reason except inefficiency, misconduct, insubordination or violation of law involving moral turpitude, or, in a city of the third class, violation of any rule adopted by the city legislative body or civil service commission.

(2) Any person may prefer charges in writing against any employee by filing them with the mayor or other appointing authority who shall communicate the charges without delay to the civil service commission of the city. The charges must be signed by the person making them and must set out clearly each charge. The appointing authority shall, whenever probable cause appears, prefer charges against any employee whom he ***or she*** believes guilty of conduct justifying his ***or her*** removal. Upon the filing of charges the clerk of the civil service commission shall notify its members and serve a copy of the charges upon the accused employee with a statement of the date, place and hour at which the hearing of charges will begin, this hearing not to be held within three (3) days of the date of the service of charges upon the accused employee. The day on which the charges are served on the accused employee shall count as one (1) of the days of notice. The person accused may in writing waive the service of charges and demand trial within three (3) days after they have been filed with the clerk of the civil service commission.

(3) Upon the hearing the charges shall be considered traversed and put in issue, and the trial shall be limited to the issues presented by the written charges.

(4) The civil service commission shall have the power to summon and compel attendance of witnesses at all hearings by subpoena issued by the clerk of that body and served upon the witnesses by members of the police department of the city or any officer authorized to serve subpoenas. If any witness fails to appear in response to a summons or refuses to testify concerning any matter on which he may lawfully be interrogated, any District Judge, on application of the commission, may compel obedience by proceedings for contempt as in the case of disobedience of a subpoena issued from the District Court. The accused employee shall have the right to have subpoenaed any witnesses he ***or she*** may desire, upon furnishing their names to the clerk. As many as ten (10) subpoenas may be served on the request of the accused employee without charge but each additional subpoena requested by him shall be issued by the clerk and served by the police department only upon payment of fifty cents ($0.50) to the city clerk by the employee. The action and decision of the civil service commission on the charges shall be reduced to writing and kept in a book for that purpose and the written charge shall be attached to the book containing the body's decision.

(5) In cases where the head of the department or the appointing authority has probable cause to believe an employee has been

guilty of conduct justifying his removal or punishment he shall immediately suspend that employee from duty or from both pay and duty pending trial and the employee shall not be placed on duty or allowed pay thereafter until the charges are heard by the civil service commission.

(6) The civil service commission shall punish any employee found guilty by reprimand or a suspension for any length of time not to exceed six (6) months, or by reducing the grade, if the employee's classification warrants, or by combining any two (2) or more of these punishments, or by dismissal. The proceeds from the taxes shall be paid to the secretary and treasurer of the sinking fund until income from all sources of the sinking fund is sufficient to pay the cost of administration and the interest charges for the current fiscal year of the sinking fund in addition to a sum sufficient to amortize the outstanding principal indebtedness of the city on a yearly basis in accordance with regularly used amortization tables.

(4) Revenue remaining after meeting the foregoing requirements shall be transferred to the city. Such revenues shall be credited to the general fund of the city as received and may be expended for general purposes or for capital improvements.

(5) The term "capital improvements" as used in this section is limited to additions or improvements of a substantial and permanent nature and services rendered in connection therewith, and includes but is not limited to:

(a) The purchase of rights of way for highways, expressways, and the widening of existing streets;

(b) The purchase of lands for park, recreational, and other governmental facilities and for public off-street parking facilities;

(c) The purchase, construction, reconstruction, renovation, or remodeling of municipal buildings, and facilities;

(e) The initial equipment of any newly acquired facility wherein any essential governmental function of the municipality may be located or carried on;

(f) The purchase and installation of traffic control devices and fire alarm equipment;

(g) The reconstruction and resurfacing, but not routine maintenance, of streets and other public ways;

(h) The acquisition of motorized equipment purchased as additions to, but not replacements for, existing equipment; and

(i) Engineering and other costs incurred by the city in connection with the construction of public improvements financed under a special assessment plan.

(6) Ad valorem taxes for the benefit of the sinking fund shall not be levied unless the income of the sinking fund is otherwise insufficient to meet such requirements.

(7) Licenses shall be issued and enforced on terms and conditions as prescribed by ordinance.

Section 5. KRS 92.280 is amended to read as follows:

(1) Except as provided in KRS 132.487, the legislative body of each city of the second to the sixth class shall provide each year, by ordinance, for the assessment of all real and personal property within the corporate limits that is subject to taxation for city purposes, and shall levy an ad valorem tax thereon for city purposes.

(2) The legislative body of each city of the second to sixth class may impose license fees on stock used for breeding purposes, and on franchises, trades, occupations and professions, and may provide for the collection of such fees.

(3) A city legislative body may, through the passage of an ordinance, apply a credit of up to one hundred twenty-five percent (125%) of the poverty level of income for a family of four (4) designated by the Community Services Administration of the United States Government, during the year in which the tax is assessed, to each person subject to the license fees imposed under subsection (2) of this section on salaries, wages, commissions, or other compensation.

SECTION 6. A NEW SECTION OF KRS CHAPTER 65 IS CREATED TO READ AS FOLLOWS:

As soon as practicable each year after the United States Community Services Administration designates the poverty level of income for a family of four (4), the Department for Local Government shall notify each city, county, urban-county government, and charter county government of that amount for the maximum credit designated in Sections 1 to 5 of this Act for license fees imposed on salaries, wages, commissions, or other compensation.

HB 931, AN ACT relating to county ordinances.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 67 IS CREATED TO READ AS FOLLOWS:

(1) Every county shall have the power to establish fines, penalties, and forfeitures that may be imposed for violation of its ordinances, and may secure injunctions and abatement orders, when appropriate, to insure compliance with its ordinances.

(2) A county may make the violation of any of its ordinances a misdemeanor or a violation by the express terms of the ordinance. When an offense is designated by ordinance as a misdemeanor, a criminal fine not to exceed the amounts set forth in KRS 534.040(2)(a), or a term of imprisonment not to exceed the periods set forth in KRS 532.090(1), or both, may be imposed for the offense. When an offense is designated by ordinance as a violation, a criminal fine not to exceed the amounts set forth in KRS 534.040(2)(c) may be imposed for the offense.

(3) As an alternative to or in conjunction with the criminal penalties authorized by subsection (2) of this section, an ordinance may provide by its express terms that a violation shall subject the offender to a civil penalty to be recovered by the county in a civil action in the nature of debt if the offender does not pay the penalty within a prescribed period of time after he or she has been cited for the violation of the ordinance.

(4) A county ordinance may provide a fine, penalty, forfeiture, or term of imprisonment for an act or omission to act that is also an offense under the Kentucky Revised Statutes. In that case, the fine, penalty, forfeiture, or term of imprisonment imposed by the ordinance shall not be less than or greater than that imposed by statute for the same offense.

(5) A county ordinance may provide, when appropriate, that each day a violation of the ordinance continues shall be a separate and distinct offense.

(6) Subject to the express terms of the ordinance, a county ordinance may be enforced by any one, all, or a combination of the remedies authorized by this section.

(7) Except where the charge of a violation of a county ordinance is joined with an indictment for a felony as provided in KRS 24A.110(2), the violation of all county ordinances prescribing a criminal penalty as authorized in subsection (2) of this section shall be prosecuted in the District Courts of the Commonwealth. The county attorney shall prosecute all violations of county ordinances for which the criminal penalties authorized by subsection (2) of this subsection may be imposed. The county attorney shall pursue all violations of ordinances for which a civil penalty or forfeiture may be imposed, or involving injunctive relief or abatement, by filing a petition with the court of appropriate jurisdiction. Nothing in this section shall be intended to preclude any remedy for the violation of a county ordinance, including any administrative remedy, authorized by any other statute.

In addition, the text shall make provisions for the granting of variances, conditional use permits, and for nonconforming use of land and structures, and any other provisions which are necessary to implement the zoning regulation. The city or county may regulate:

Where agreed upon, this development plan shall be followed. As a further condition to the granting of a zoning change, the planning commission may require that substantial construction be initiated within a certain period of time of not less than one (1) year; provided that such zoning change shall not revert to its original designation unless there has been a public hearing;

(3) A map, which shall show the boundaries of the area which is to be zoned, and the boundaries of each zone;

  ~~(b) The text shall provide that the applicant for the map amendment, at the time of the filing of the application for the map amendment, may elect to have any variances or conditional use permits for the same development to be heard and finally decided by the planning commission at the same public hearing set for the map amendment, or by the board of adjustments as otherwise provided for in this chapter;~~]

(7) Any judicial proceeding to appeal the planning commission action authorized by subsection (5) of this section in granting or denying any variance or conditional use permit shall be taken pursuant to KRS 100.347(2);

(8) In urban-county governments, in addition to any other powers permitted or required to be exercised by this chapter, the text of the zoning regulations may provide, as a condition to granting a map amendment, that the planning unit may:

  (b) Impose architectural or other visual requirements or restrictions upon development in areas zoned historic; and

  (c) Impose screening and buffering restrictions upon the subject property;

  The text shall provide the method whereby such restrictions or conditions may be imposed, modified, removed, amended and enforced.

The Committee Amendment No. 1 to **HB 938** is as follows:

On page 2, line 27, after the words "***planning commission***" by deleting the word "***approval***" and by inserting in lieu thereof "***consideration and action***".

HB 995, AN ACT relating to local government insurance premium taxes.

WHEREAS, Section 181 of the Constitution of this Commonwealth prohibits the General Assembly from imposing license fees or taxes for the purpose of any local government, but permits the General Assembly by general laws to confer on the proper authorities of any local government the power to assess and collect license fees or taxes; and

WHEREAS, authority to assess and collect license fees or taxes on insurance companies has been conferred on local governments under KRS 91A.080; and

WHEREAS, license fees and taxes are currently levied by more than 300 county, city, and urban-county governments upon premiums collected by insurance companies; and

WHEREAS, license fees and taxes are customarily payable in four quarterly installments with a fifth and final balancing payment after the close of the calendar year; and

WHEREAS, the filing and processing of such an enormous number of returns, both quarterly and annually, constitutes an unreasonable administrative burden to the insurance companies and to the local governments imposing license fees and taxes; and

WHEREAS, the General Assembly finds that the administrative burden will be eliminated to the benefit of all parties involved by providing for the remittance of city and urban-county taxes to the Kentucky League of Cities and of county taxes to the Kentucky Association of Counties in single consolidated payments and by the allocation and disbursement of these taxes by the Kentucky League of Cities to cities and urban-counties and by the Kentucky Association of Counties to counties in single consolidated payments;

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 65 IS CREATED TO READ AS FOLLOWS:

For the purposes of Sections 1 to 9 of this Act:

(1) "Local government" means a city, county, urban-county, or charter county government.

(2) "Commissioner" means the commissioner of the Department of Insurance.

Section 2. KRS 91A.080 is repealed, reenacted as a new section of KRS Chapter 65, and amended to read as follows:

(1) The legislative body of each ***local***[~~city, county, or urban-county~~] government which elects to impose and collect license fees or taxes upon insurance companies for the privilege of engaging in the business of insurance may enact or change its license fee or rate of tax to be effective July 1 of each year on a prospective basis only and shall file with the commissioner of insurance at least one hundred (100) days prior to the effective date, a copy of all ordinances and amendments which impose any such license fee or tax. No less than eighty-five (85) days prior to the effective date, the commissioner of insurance shall promptly notify each insurance company engaged in the business of insurance in the Commonwealth of those ***local***[~~cities, county, or urban-county~~] governments which have elected to impose the license fees or taxes and the current amount of the license fee or rate of tax.

(2) Any license fee or tax imposed by a ***local***[~~city, county, or urban-county~~] government upon an insurance company with respect to life insurance policies, may be based upon the first year's premiums, and, if so based, shall be applied ***only*** to the amount of the premiums ***for the first twelve (12) months of coverage*** actually collected within each calendar quarter upon the lives of persons residing within the corporate limits of the ***local***[~~city, county, or urban-county~~] government.

(3) Any license fee or tax imposed by a ***local***[~~city, county, or urban-county~~] government upon any insurance company with respect to any policy which is not a life insurance policy shall be based upon the premiums actually collected by the company within each calendar quarter on risks located within the corporate limits of the ***local***[~~city, county, or urban-county~~] government on those classes of business which the company is authorized to transact, less all premiums returned to policyholders. In determining the amount of license fee or tax to be collected and to be paid to the ***local***[~~city, county, or urban-county~~] government, the insurance company shall use the tax rate effective on the first day of the policy term. When an insurance company collects a premium as a result of a change in the policy during the policy term, the tax rate used shall be the rate in effect on the effective date of the policy change. With respect to premiums returned to policyholders, the license fee or tax shall be returned by the insurance company to the policyholder pro rata on the unexpired amount of the premium at the same rate at which it was collected and shall be taken as a credit by the insurance company on its next quarterly report to the ***local***[~~city, county, or urban-county~~] government. Any license fee or tax imposed upon premium receipts shall not include premiums received for insuring employers against liability for personal injuries to their employees, or the death of their employees, caused thereby, under the provisions of the Workers' Compensation Act.

(4) The Department of Insurance shall, by administrative regulation, provide for a reasonable collection fee to be retained by the insurance company or its agent as compensation for collecting the tax, except that the collection fee shall not be more than fifteen percent (15%) of the fee or tax collected and remitted to the ***local***[~~city, county or urban-county~~] government or two percent (2%) of the premiums subject to the tax, whichever is less. To facilitate computation, collection, and remittance of the fee or tax and collection fee provided in this section, the fees or taxes set out in subsection (1), (2), or (3) of this section, together with the collection fee in this section, may be rounded off to the nearest dollar amount.

(5) Pursuant to KRS 304.3-270, if any other state retaliates against any Kentucky domiciliary insurer because of the requirements of this section, the commissioner of insurance shall impose an equal tax upon the premiums written in this state by insurers domiciled in the other state.

(6) Accounting and reporting procedures for collection and reporting of the fees or taxes and the collection fee herein provided shall be determined by administrative regulations promulgated by the Department of Insurance.

(7) Upon written request of the legislative body of any ***local***[~~city, county, or urban-county~~] government, at the expense of the requesting ***local***[~~city, county, or urban-county~~] government, which shall be paid in advance by the ***local***[~~city, county, or urban-county~~] government to the Department of Insurance, the Department of Insurance shall examine, or cause to be examined by contract with qualified auditors, the books or records of the insurance companies or agents subject to the fee or tax to determine whether the fee or tax is being properly collected and remitted, and the findings of the examination shall be reported to the ***local***[~~city, county, or urban-county~~] government. Willful failure to properly collect and remit the fee or tax imposed by a ***local***[~~city, county, or urban-county~~] government pursuant to the authority granted by this section shall constitute grounds for the revocation of the license issued to an insurance company or agent under the provisions of KRS Chapter 304.

(8) The license fees or taxes provided for by subsections (2) and (3) of this section shall be due thirty (30) days after the end of each calendar quarter. Annually, by March 31, each insurer shall furnish each *local*[~~city, county, or urban-county~~] government, to which the tax or fee is remitted, with a breakdown of all collections in the preceding calendar year for the following categories of insurance:

(a) Casualty;
(b) Automobile;
(c) Inland marine;
(d) Fire and allied perils;
(e) Health; and
(f) Life.

(9) Any license fee or tax not paid on or before the due date shall bear interest at the tax interest rate as defined in KRS 131.010(6) from the date due until paid. *The*[~~Such~~] interest payable to the *local*[~~city, county, or urban-county~~] government is separate of penalties provided for in subsection (7) of this section. No *local*[~~city, county, or urban-county~~] government may impose any penalties other than those provided for in this subsection.

(10) No license fee or tax imposed under this section shall apply to premiums received on policies of group health insurance provided for state employees under KRS 18A.225 and KRS 42.800 to 42.825.

(11) No county may impose the tax authorized by this section upon the premiums received on policies issued to public service companies which pay ad valorem taxes.

(12) Insurance companies which pay license fees or taxes pursuant to this section shall credit city license fees or taxes against the same license fees or taxes levied by the county, when the license fees or taxes are levied by the county on or after July 13, 1990.

SECTION 3. A NEW SECTION OF KRS CHAPTER 65 IS CREATED TO READ AS FOLLOWS:

On or before August 1, 2000, each insurance company subject to the provisions of Section 2 of this Act shall make an election on a form provided by the Department of Insurance whether to remit license fees or taxes beginning with calendar year 2001 and all subsequent years under the procedures of Section 2 or Section 4 of this Act. On and after January 1, 2001, an insurance company that has elected to continue to pay license fees or taxes under the procedures of Section 2 of this Act may elect to pay license fees or taxes under the procedures in Section 4 of this Act only with the approval of the commissioner and by complying with any requirements that may be imposed by the Department of Insurance. An election made under this section may not be subsequently changed by an insurance company without the written approval of the commissioner; however, subject to Section 9 of this Act, an insurance company's initial election to be subject to the provisions of Section 4 of this Act shall not be changed for at least three (3) years. For insurance companies making application for a certificate of authority to do business in this Commonwealth, the election shall be filed with the company's application for the certificate of authority.

SECTION 4. A NEW SECTION OF KRS CHAPTER 65 IS CREATED TO READ AS FOLLOWS:

This section shall apply only to those insurance companies that have elected to levy license fees or taxes imposed as provided by subsection (1) of Section 2 of this Act and to remit those taxes under the procedures in this section.

(1) As used in this section, "administrator" means the Kentucky League of Cities with respect to license fees or taxes imposed by cities and urban-county governments and the Kentucky Association of Counties with respect to license fees or taxes imposed by counties and charter counties. The Kentucky League of Cities and the Kentucky Association of Counties shall act in concert in administering license fees and taxes under this section.

(2) Any license fee or tax imposed by a local government upon an insurance company with respect to life insurance policies may be based upon premiums and, if so based, shall be applied only to premiums for the first twelve (12) months of coverage actually collected upon the lives of persons residing within the corporate limits of the local government.

(3) Any license fee or tax imposed by a local government upon any insurance company with respect to any policy that is not a life insurance policy shall be based upon the premiums actually collected by the company within each calendar year on risks located within the corporate limits of the local government on those classes of business that the company is authorized to transact, less all premiums returned to policyholders. In determining the amount of license fee or tax to be collected and to be paid to the administrator, the insurance company shall use the tax rate effective on the first day of the policy term. When an insurance company collects a premium as a result of a change in the policy during the policy term, the tax rate used shall be the rate in effect on the effective date of the policy change. With respect to premiums returned to policyholders, the license fee or tax shall be returned by the insurance company to the policyholder pro rata on the unexpired amount of the premium at the same rate at which it was collected and shall be taken as a credit by the insurance company on its next annual report to the administrator. Any license fee or tax imposed upon premium receipts shall not include premiums received for insuring employers against liability for personal injuries to their employees, or the death of their employees, caused thereby, under the provisions of the workers' compensation laws.

(4) The Department of Insurance shall, by administrative regulation, provide for a reasonable collection fee to be retained by the insurance company or its agent as compensation for collecting the tax, except that the collection fee shall not be more than fifteen percent (15%) of the fee or tax collected for each local government and remitted to the administrator or two percent (2%) of the premiums subject to the tax, whichever is less.

(5) To facilitate computation, collection, and remittance of the fee or tax and the collection fee provided in this section, the fees or taxes and the collection fee in this section may be rounded off to the nearest dollar amount.

(6) In accordance with KRS 304.3-270, if any other state retaliates against any Kentucky domiciliary insurer because of the requirements of this section, the commissioner shall impose an equal tax upon the premiums written in this state by insurers domiciled in the other state.

(7) Accounting and reporting procedures for collection and reporting of the fees or taxes and the collection fee shall be determined by administrative regulations promulgated by the Department of Insurance.

(8) Upon written request of the legislative body of any local government or the administrator at the expense of the requesting local government or the administrator, and payable in advance to the Department of Insurance, the Department of Insurance shall examine, or cause to be examined by contract with qualified auditors, the books or records of the insurance companies or agents subject to the fee or tax to determine whether the fee or tax is being properly collected and remitted. The findings of the examination shall be reported to the local government or the administrator. If after examination an additional amount of tax is found to be due, the cost of the examination by the department shall be shifted to the insurer, which shall reimburse the local government or the administrator. Willful failure to properly collect and remit the fee or tax imposed by a local government to the administrator shall constitute grounds for the revocation of the license issued to an insurance company or agent under the provisions of KRS Chapter 304.

(9) (a) License fees and taxes imposed by cities and urban-county governments and paid under the procedures in this section shall be administered by the Kentucky League of Cities. License fees and taxes imposed by counties and charter counties and paid under procedures in this section shall be administered by the Kentucky Association of Counties.

(b) Each local government imposing license fees or taxes shall be deemed to have designated, appointed, and authorized the administrator as its lawful agent to receive and administer license fees and taxes the local government has imposed. Tax payments by insurance companies to the administrator shall be deemed to have been received by the local governments on behalf of which taxes are remitted.

(c) Annually, on or before the last day of April, every insurance company authorized to do business in this Commonwealth and electing to remit license fees or taxes under the procedures in this section shall calculate and report to the administrator the license fees and taxes imposed upon it by each local government for the immediately preceding calendar year according to this section and shall remit to the administrator the amount, if any, by which a company's license fees and taxes for the year for any local government exceeds the estimated taxes it paid to that taxing authority for the year. All license fees and taxes imposed by each local government according to this section shall be reported by insurance companies to the administrator on a single annual return developed by the administrator and the Department of Insurance for annual filings by insurance companies. At the time of filing the annual return with the administrator, every insurance company electing to remit license fees or taxes under the procedures in this section shall file a duplicate copy of its annual return with the Department of Insurance. The annual return shall contain a breakdown of all collections for the preceding calendar year for the following categories of insurance for each local government:

1. Casualty;

2. Automobile;

3. Inland marine;

4. Fire and allied perils;

5. Health; and

6. Life.

(d) The administrator shall promptly account to each local government for all license fees and taxes paid by insurance companies and, on or before every June 30, shall remit to each governing body the amount, if any, by which the governing body's total license fees or taxes reported and paid by all insurance companies for the immediately preceding calendar year exceeds the quarterly estimated taxes previously allocated and remitted to the governing body for the year under paragraph (e) of this subsection. If quarterly estimated taxes allocated and remitted to a local government for a calendar year exceed the governing body's total annual license fees or taxes reported and paid by all insurance companies for the calendar year, the administrator shall deduct the overpayment of quarterly estimated taxes from the next and succeeding remittances of quarterly estimated taxes under paragraph (e) of this subsection until the overpayment is fully recovered from the governing body.

(e) On or before every March 31, June 30, September 30, and December 31, every insurance company authorized

to do business in this Commonwealth and electing to remit license fees or taxes under the procedures in this section shall pay quarterly estimated taxes to the administrator. The amount of the quarterly payment due on or before March 31 shall be one hundred four percent (104%) of the quarterly payment due on or before December 31 of the immediately preceding calendar year, and the amount of each quarterly payment due on or before June 30, September 30, and December 31 shall be twenty-six percent (26%) of the total annual license fees and taxes reported by the insurance company for all local governments on its annual return under paragraph (c) of this subsection for the immediately preceding calendar year. Quarterly payments received on or before the fifth business day after the due date shall be allocated and paid over to each local government imposing license fees or taxes on or before the last day of the calendar month following the due date. The amount of quarterly estimated taxes allocated and remitted to a governing body with respect to quarterly estimated taxes due on or before March 31 shall be determined on the same basis as the amount of quarterly estimated taxes allocated and remitted to governing bodies with respect to quarterly estimated taxes due on or before December 31 of the immediately preceding calendar year. The amount of quarterly estimated taxes allocated and remitted to a governing body with respect to quarterly estimated taxes due on or before June 30, September 30, and December 31 shall be in the same proportion to the total quarterly estimated taxes paid by all insurance companies for the quarter as the governing body's total annual license fees or taxes from all insurance companies for the immediately preceding calendar year is to the total annual license fees and taxes of all insurance companies payable to all local governments for the year. Quarterly payments received by the administrator after the fifth business day following the due date shall be held by the administrator and remitted with the following quarterly or annual payment.

(f) The administrator shall hold all amounts received by it from insurance companies electing to remit license fees or taxes under the procedures in this section, including interest or investment income earned on these funds, in a fiduciary capacity. All amounts held by the administrator shall be invested in accordance with the provision of KRS 66.480. All interest or investment income on funds in the administrator's accounts at the close of business on the fifth business day following any due date of quarterly estimated taxes shall be allocated and paid to local governments not later than the last day of the calendar month in which that fifth business day occurs. Nothing in this paragraph shall preclude the administrator from allocating and disbursing amounts received after the fifth business day at the end of the month in which the fifth business day occurs.

(g) Any overpayment of tax shown on the annual return of an insurance company filed under paragraph (c) of this subsection may be allowed as a credit against that company's succeeding payments of quarterly estimated taxes under paragraph (e) of this subsection until fully recovered. In the alternative, any insurance company reporting an overpayment of tax of one thousand dollars ($1,000) or more on its annual return under paragraph (c) of this subsection may request a refund of the overpayment in lieu of credits against quarterly estimated taxes payable under paragraph (e) of this subsection. A refund under this paragraph shall be requested on the annual return filed under paragraph (c) of this subsection and shall be paid by the administrator no later than four (4) months after the due date of the annual return or the date the annual return was received by the administrator, whichever is later. An insurance company that has ceased doing business in this Commonwealth may request a refund as provided in this paragraph without regard to the one thousand dollar ($1,000) threshold.

(h) The administrator shall recommend rules for adoption to the commissioner to provide for the orderly receipt and disbursement of license fees and taxes under this section. The rules shall provide for:

1. Accounting for the receipt and disbursement of license fees and taxes imposed by each local government upon insurance companies doing business in this Commonwealth;

2. Allocating quarterly estimated taxes on the basis of the governing body's total annual license fees or taxes remitted for the immediately preceding calendar year as a percentage of total license fees and taxes remitted on behalf of all insurance companies to all local governments for the year; and

3. Electronic reporting on annual returns.

(i) The administrator may recommend additional rules for adoption to the commissioner to expedite the payment and transfer of license fees and taxes paid under the procedures in this section.

(j) The administrator shall report collections and disbursements of license fees and taxes to the Department of Insurance annually on or before July 31. The report shall cover all license fees and taxes collected and disbursed by the administrator for the preceding calendar year, including any interest or investment income therein.

(k) Every insurance company electing to remit license fees or taxes under the procedures in this section and filing an annual return under paragraph (c) of this subsection shall pay to the administrator with the annual return a fee to defray the annual cost to the administrator of administering license fees and taxes imposed under the procedures in this section. The fee payable to the Kentucky League of Cities as administrator shall be the lesser of three hundred fifty dollars ($350) or five percent (5%) of the total taxable premiums reported for cities and

urban-county governments on the annual return. The fee payable to the Kentucky Association of Counties as administrator shall be the lesser of one hundred seventy-five dollars ($175) or five percent (5%) of the total taxable premiums reported for counties or charter counties on the annual return. If the commissioner determines that the fees specified under this subsection are inadequate for funding the continued operations of the administrator, then he or she may increase the fees by up to one hundred fifty dollars ($150) for each administrator.

(10) Any license fee or tax not paid on or before the due date shall bear interest at the tax interest rate as defined in KRS 131.010(6) from the date due until paid. Interest payable to the administrator is separate of penalties provided for in subsection (8) of this section. All interest shall be accounted for or allocated to and paid to each local government whose taxes were not remitted on or before the due date. No local government or the administrator may impose any penalties other than those provided for in this subsection.

(11) No license fee or tax imposed under this section shall apply to premiums received on policies of group health insurance provided for state employees under KRS 18A.225 and KRS 42.800 to 42.825.

(12) No county may impose the tax authorized by this section upon the premiums received on policies issued to public service companies that pay ad valorem taxes.

(13) Insurance companies that pay license fees or taxes under this section shall credit city license fees or taxes against the same license fees or taxes levied by the county when the license fees or taxes are levied by the county on or after July 13, 1990.

SECTION 5. A NEW SECTION OF KRS CHAPTER 65 IS CREATED TO READ AS FOLLOWS:

On or before March 31, 2001, June 30, 2001, September 30, 2001, and December 31, 2001, every insurance company authorized to do business in this Commonwealth and electing to remit license fees or taxes under the procedures in Section 4 of this Act shall remit to the Kentucky League of Cities and the Kentucky Association of Counties twenty-six percent (26%) of the taxes reported on the February 28, 2001 return. The amount of quarterly estimated taxes allocated and remitted to a governing body shall be in the same proportion to the total quarterly estimated taxes paid by all insurance companies for the quarter as the governing body's total annual license taxes and fees for all insurance companies reported on information returns for 2000 under this section is to the total annual license fees and taxes of all insurance companies for all local governments reported on those returns. The Department of Insurance shall assist the Kentucky League of Cities and the Kentucky Association of Counties in the implementation and administration of Sections 1 to 9 of this Act.

(2) As appropriate under generally accepted auditing standards, the Auditor of Public Accounts may audit those aspects of the administrator's operations or the operations of the Kentucky League of Cities, the Kentucky Association of Counties, or any other third party contracting with the administrator that directly relates to administration of the tax.

(3) The Auditor of Public Accounts shall have access to all books, accounts, and papers of the administrator.

(4) Within a reasonable time after completion and distribution of audit reports authorized by subsections (1) and (2) of this section, the Auditor of Public Accounts shall bill the administrator for the expenses of the audit. A copy of the bill shall

(2) The corporate surety shall not terminate the bond required by subsection (1) of this section without prior written approval of the commissioner. The corporate surety shall deliver written notice of termination to the administrator and shall file the notice of termination with the commissioner for approval or disapproval at least thirty (30) days prior to the intended date of termination.

SECTION 9. A NEW SECTION OF KRS CHAPTER 65 IS CREATED TO READ AS FOLLOWS:

Except as provided in Sections 1 to 9 of this Act, Section 5 of this Act shall apply to premiums received and business transacted on or after January 1, 2001. If the commissioner determines that an insufficient number of insurance companies has made an election to be subject to Section 4 of this Act prior to August 31, 2000, he or she may suspend or revoke the effectiveness of the elections of all insurance companies making an election to be subject to Section 4 of this Act until the commissioner finds there is a sufficient number of insurance companies to adequately fund the administrator. If the commissioner suspends or revokes the effectiveness of all the elections under Sections 1 to 9 of this Act, he or she shall do so by administrative order, and the order shall specify whether companies may be required to make new elections at a later date and may contain any other terms that the commissioner deems reasonable for efficient implementation of Sections 1 to 9 of this Act. Every insurance company electing under this section to remit license fees or taxes under the procedures in Section 4 of this Act shall remit with its election under this section a one-time fee to defray the administrator's costs in establishing procedures for the receipt and distribution of license fees or taxes under Section 4 of this Act. The amount of the one-time fee payable under this section shall be as prescribed in subsection (9)(k) of Section 4 of this Act except that the percentage of premiums limitation shall be based on an insurance company's municipal and county premiums reported under KRS 91A.080 for calendar year 1999. Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 68.197 is amended to read as follows:

(1) The fiscal court of each county having a population of thirty thousand (30,000) or more may by ***ordinance***[~~order or resolution~~] impose license fees on franchises, provide for licensing any business, trade, occupation, or profession, and the using, holding, or exhibiting of any animal, article, or other thing. License fees on such business, trade, occupation, or profession for revenue purposes, except those of the common schools, may be imposed at a percentage rate not to exceed one percent (1%) of:

(a) Salaries, wages, commissions, and other compensation earned by persons within the county for work done and services performed or rendered in the county;

(b) The net profits of self-employed individuals, partnerships, professional associations, or joint ventures resulting from trades, professions, occupations, businesses, or activities conducted in the county; and

(c) The net profits of corporations resulting from trades, professions, occupations, businesses, or activities conducted in the county.

In order to reduce administrative costs and minimize paperwork for employers, employees, and businesses, the fiscal court may provide:

1. For an annual fixed amount license fee which a person may elect to pay in lieu of reporting and paying the percentage rate as provided in this subsection on salaries, wages, commissions, and other compensation earned within the county for work done and services performed or rendered in the county; and

2. For an annual fixed amount license fee which an individual, partnership, professional association, joint venture, or corporation may elect to pay in lieu of reporting and paying the percentage rate as provided in this subsection on net profits of businesses, trades, professions, or occupations from activities conducted in the county.

Licenses imposed for regulatory purposes are not subject to such limitations as to form and amount. No public service company that pays an ad valorem tax is required to pay a license tax, and no license tax shall be imposed upon or collected from any insurance company except as provided in KRS 91A.080, bank, trust company, combined bank and trust company, combined trust, banking, and title business in this state, or any savings and loan association whether state or federally chartered, or in other cases where the county is prohibited by law from imposing a license tax.

(2) No license fee shall be imposed or collected on income received by members of the Kentucky National Guard for active duty training, unit training assemblies, and annual field training, or on income received by precinct workers for election training or work at election booths in state, county, and local primary, regular, or special elections.

(3) Persons who pay a county license fee pursuant to this section and who also pay a license fee to a city contained in the county may, upon agreement between the county and the city, credit their city license fee against their county license fee.

(4) The provisions of subsection (3) of this section notwithstanding, effective with license fees imposed under the provisions of subsection (1) of this section on or after July 15, 1986, persons who pay a county license fee and a license fee to a city contained in the county shall be allowed to credit their city license fee against their county license fee.

(5) On the effective date of this Act, the provisions of subsection (4) of this section notwithstanding, city license fees, enacted under this section or KRS 67.083, not credited against county license fees as of January 1, 2000, shall not be credited against county license fees; however, this exception shall not apply to county license fees enacted for the first time, or increased, on or after January 1, 2000. This provision shall expire July 15, 2002, unless otherwise extended by the General Assembly.

(6) A county that enacted an occupational license fee under the authority of KRS 67.083 shall not be required to reduce its occupational tax rate when it is determined that the population of the county exceeds thirty thousand (30,000).

Section 2. KRS 91A.080 is amended to read as follows:

(1) The legislative body of each city, county, or urban-county government which elects to impose and collect license fees or taxes upon insurance companies for the privilege of engaging in the business of insurance may enact or change its license fee or rate of tax to be effective July 1 of each year on a prospective basis only and shall file with the commissioner of insurance at least one hundred (100) days prior to the effective date, a copy of all ordinances and amendments which impose any such license fee or tax. No less than eighty-five (85) days prior to the effective date, the commissioner of insurance shall promptly notify each insurance company engaged in the business of insurance in the Commonwealth of those cities, county, or urban-county governments which have elected to impose the license fees or taxes and the current amount of the license fee or rate of tax.

(2) Any license fee or tax imposed by a city, county, or urban-county government upon an insurance company with respect to life insurance policies, may be based upon the first year's premiums, and if so based, shall be applied to the amount of the premiums actually collected within each calendar quarter upon the lives of persons residing within the corporate limits of the city, county, or urban-county government.

(3) Any license fee or tax imposed by a city, county, or urban-county government upon any insurance company with respect to any policy which is not a life insurance policy shall be based upon the premiums actually collected by the company within each calendar quarter on risks located within the corporate limits of the city, county, or urban-county government on those classes of business which the company is authorized to transact, less all premiums returned to policyholders. In determining the amount of license fee or tax to be collected and to be paid to the city, county, or urban-county government, the insurance company shall use the tax rate effective on the first day of the policy term. When an insurance company collects a premium as a result of a change in the policy during the policy term, the tax rate used shall be the rate in effect on the effective date of the policy change. With respect to premiums returned to policyholders, the license fee or tax shall be returned by the insurance company to the policyholder pro rata on the unexpired amount of the premium at the same rate at which it was collected and shall be taken as a credit by the insurance company on its next quarterly report to the city, county, or urban-county government. Any license fee or tax imposed upon premium receipts shall not include premiums received for insuring employers against liability for personal injuries to their employees, or the death of their employees, caused thereby, under the provisions of the Workers' Compensation Act.

(4) The Department of Insurance shall, by administrative regulation, provide for a reasonable collection fee to be retained by the insurance company or its agent as compensation for collecting the tax, except that the collection fee shall not be more than fifteen percent (15%) of the fee or tax collected and remitted to the city, county or urban-county government or two percent (2%) of the premiums subject to the tax, whichever is less. To facilitate computation, collection, and remittance of the fee or tax and collection fee provided in this section, the fees or taxes set out in subsection (1), (2), or (3) of this section, together with the collection fee in this section, may be rounded off to the nearest dollar amount.

(5) Pursuant to KRS 304.3-270, if any other state retaliates against any Kentucky domiciliary insurer because of the requirements of this section, the commissioner of insurance shall impose an equal tax upon the premiums written in this state by insurers domiciled in the other state.

(6) Accounting and reporting procedures for collection and reporting of the fees or taxes and the collection fee herein provided shall be determined by administrative regulations promulgated by the Department of Insurance.

(7) Upon written request of the legislative body of any city, county, or urban-county government, at the expense of the requesting city, county, or urban-county government, which shall be paid in advance by the city, county, or urban-county government to the Department of Insurance, the Department of Insurance shall examine, or cause to be examined by contract with qualified auditors, the books or records of the insurance companies or agents subject to the fee or tax to determine whether the fee or tax is being properly collected and remitted, and the findings of the examination shall be reported to the city, county, or urban-county government. Willful failure to properly collect and remit the fee or tax imposed by a city, county, or urban-county government pursuant to the authority granted by this section shall constitute grounds for the revocation of the license issued to an insurance company or agent under the provisions of KRS Chapter 304.

(8) The license fees or taxes provided for by subsections (2) and (3) of this section shall be due thirty (30) days after the end of each calendar quarter. Annually, by March 31, each insurer shall furnish each city, county, or urban-county government, to which the tax or fee is remitted, with a breakdown of all collections in the preceding calendar year for the following categories of insurance:

  (a) Casualty;
  (b) Automobile;
  (c) Inland marine;
  (d) Fire and allied perils;
  (e) Health; and
  (f) Life.

(9) Any license fee or tax not paid on or before the due date shall bear interest at the tax interest rate as defined in KRS 131.010(6) from the date due until paid. Such interest payable to the city, county, or urban-county government is separate of penalties provided for in subsection (7) of this section. No city, county, or urban-county government may impose any penalties other than those provided for in this subsection.

(10) No license fee or tax imposed under this section shall apply to premiums received on policies of group health insurance provided for state employees under KRS 18A.225 and KRS 42.800 to 42.825.

(11) No county may impose the tax authorized by this section upon the premiums received on policies issued to public service companies which pay ad valorem taxes.

(12) ***(a)*** Insurance companies which pay license fees or taxes pursuant to this section shall credit city license fees or taxes against the same license fees or taxes levied by the county, when the license fees or taxes are levied by the county on or after July 13, 1990.

  (b) If a county imposed and collected the license fee or tax authorized by this section before July 1, 2000, then insurance companies that pay license fees or taxes under this section shall not credit against the county license

fee or tax that portion of a city license fee or tax that becomes effective for the first time on or after July 1, 2000, or is increased effective on or after July 1, 2000. The provisions of this paragraph shall expire on June 30, 2002, unless extended by the General Assembly.

The Committee Amendment No. 1 to **HB 1000** is as follows:

On page 2, line 26 after the words "*city license fees,*" by deleting the words "***, enacted under this section or KRS 67.083,***"; and

On page 2, line 27, after the word "***county license fees***" by adding "***, enacted under this section or KRS 67.083,***".

SB 149, AN ACT relating to government contracts.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(1) It is the finding of the General Assembly that a contracting body entering into a contract with an individual, firm, partnership, or corporation for professional services, and a contracting body entering into an agreement with any other government agency for the exchange of resources or responsibilities, utilizes funds appropriated by the General Assembly.

(2) It is the finding of the General Assembly that personal service contracts, memoranda of agreement, and amendments thereto and other documents filed with the Government Contract Review Committee of the Legislative Research Commission shall be reviewed for specific statutory purposes, and that any such review must be completed prior to any payment or transfer of funds, resources, or responsibilities.

(3) It is the finding of the General Assembly that provisions of the Kentucky Revised Statutes requesting a contracting body to provide information to the Government Contract Review Committee of the Legislative Research Commission, to participate in discussions relative to any contract or agreement, or to provide adequate assurance that funds appropriated by the General Assembly are utilized in an efficient manner, is an appropriate exercise of legislative authority and is necessary in the discharge of its legislative duties.

SECTION 2. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(1) Memoranda of agreement between state agencies and state universities or colleges shall be exempt from routine review by the Government Contract Review Committee and shall be filed with the committee not more than thirty (30) days after their effective date for informational purposes.

SECTION 3. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

The Government Contract Review Committee may require that testimony be given under oath, which may be administered by the chair or by any other person authorized by law to administer oaths. The committee may also require that the testimony be recorded by an official court reporter or other competent person. The transcript, when written, certified, and approved by the recorder and transcriber as being the direct transcript of the testimony, shall be prima facie evidence of a correct statement of the testimony. The recorder and transcriber's signature shall be affixed to the transcript and duly acknowledged before a notary public.

Section 4. KRS 45A.095 is amended to read as follows:

(1) A contract may be made by noncompetitive negotiation only for sole source purchases, or when competition is not feasible, as determined by the purchasing officer in writing prior to award, under administrative regulations promulgated by the secretary of the Finance and Administration Cabinet or the governing boards of universities operating under KRS Chapter 164A, or when emergency conditions exist. Sole source is a situation in which there is only one (1) known capable supplier of a commodity or service, occasioned by the unique nature of the requirement, the supplier, or market conditions. Insofar as it is practical, no less than three (3) suppliers shall be solicited to submit written or oral quotations whenever it is determined that competitive sealed bidding is not feasible. Award shall be made to the supplier offering the best value. The names of the suppliers submitting quotations and the date and amount of each quotation shall be placed in the procurement file and maintained as a public record. Competitive bids may not be required:

(a) For contractual services where no competition exists, such as telephone service, electrical energy, and other public utility services;

(b) Where rates are fixed by law or ordinance;

(c) For library books;

(d) For commercial items that are purchased for resale;

(e) For interests in real property; ***and***

(3) An emergency condition is a situation which creates a threat or impending threat to public health, welfare, or safety such as may arise by reason of fires, floods, tornadoes, other natural or man-caused disasters, epidemics, riots, enemy attack, sabotage, explosion, power failure, energy shortages, transportation emergencies, equipment failures, state or federal legislative mandates, or similar events. The existence of the emergency condition creates an immediate and serious need for services, construction, or items of tangible personal property that cannot be met through normal procurement methods and the lack of which would seriously threaten the functioning of government, the preservation or protection of property, or the health or safety of any person.

(4) The Finance and Administration Cabinet may negotiate directly for the purchase of contractual services, supplies, materials, or equipment in bona fide emergencies regardless of estimated costs. The existence of the emergency shall be fully explained, in writing, by the head of the agency for which the purchase is to be made. The explanation shall be approved by the secretary of the Finance and Administration Cabinet and shall include the name of the vendor receiving the contract along with any other price quotations and a written determination for selection of the vendor receiving the contract. This information shall be filed with the record of all such purchases and made available to the public. Where practical, standard specifications shall be followed in making emergency purchases. In any event, every effort should be made to effect a competitively established price for purchases made by the state.

Section 5. KRS 45A.690 is amended to read as follows:

SB 149, AN ACT relating to government contracts.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(1) It is the finding of the General Assembly that a contracting body entering into a contract with an individual, firm, partnership, or corporation for professional services, and a contracting body entering into an agreement with any other government agency for the exchange of resources or responsibilities, utilizes funds appropriated by the General Assembly.

(2) It is the finding of the General Assembly that personal service contracts, memoranda of agreement, and amendments thereto and other documents filed with the Government Contract Review Committee of the Legislative Research Commission shall be reviewed for specific statutory purposes, and that any such review must be completed prior to any payment or transfer of funds, resources, or responsibilities.

(3) It is the finding of the General Assembly that provisions of the Kentucky Revised Statutes requesting a contracting body to provide information to the Government Contract Review Committee of the Legislative Research Commission, to participate in discussions relative to any contract or agreement, or to provide adequate assurance that funds appropriated by the General Assembly are utilized in an efficient manner, is an appropriate exercise of legislative authority and is necessary in the discharge of its legislative duties.

SECTION 2. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(1) Memoranda of agreement between state agencies and state universities or colleges shall be exempt from routine review by the Government Contract Review Committee and shall be filed with the committee not more than thirty (30) days after their effective date for informational purposes.

The Government Contract Review Committee may require that testimony be given under oath, which may be administered by the chair or by any other person authorized by law to administer oaths. The committee may also require that the testimony be recorded by an official court reporter or other competent person. The transcript, when written, certified, and approved by the recorder and transcriber as being the direct transcript of the testimony, shall be prima facie evidence of a correct statement of the testimony. The recorder and transcriber's signature shall be affixed to the transcript and duly acknowledged before a notary public.

Section 4. KRS 45A.095 is amended to read as follows:

(1) A contract may be made by noncompetitive negotiation only for sole source purchases, or when competition is not feasible, as determined by the purchasing officer in writing prior to award, under administrative regulations promulgated

by the secretary of the Finance and Administration Cabinet or the governing boards of universities operating under KRS Chapter 164A, or when emergency conditions exist. Sole source is a situation in which there is only one (1) known capable supplier of a commodity or service, occasioned by the unique nature of the requirement, the supplier, or market conditions. Insofar as it is practical, no less than three (3) suppliers shall be solicited to submit written or oral quotations whenever it is determined that competitive sealed bidding is not feasible. Award shall be made to the supplier offering the best value. The names of the suppliers submitting quotations and the date and amount of each quotation shall be placed in the procurement file and maintained as a public record. Competitive bids may not be required:

(a) For contractual services where no competition exists, such as telephone service, electrical energy, and other public utility services;

(b) Where rates are fixed by law or ordinance;

(c) For library books;

(d) For commercial items that are purchased for resale;

(e) For interests in real property; ***and***

(3) An emergency condition is a situation which creates a threat or impending threat to public health, welfare, or safety such as may arise by reason of fires, floods, tornadoes, other natural or man-caused disasters, epidemics, riots, enemy attack, sabotage, explosion, power failure, energy shortages, transportation emergencies, equipment failures, state or federal legislative mandates, or similar events. The existence of the emergency condition creates an immediate and serious need for services, construction, or items of tangible personal property that cannot be met through normal procurement methods and the lack of which would seriously threaten the functioning of government, the preservation or protection of property, or the health or safety of any person.

(4) The Finance and Administration Cabinet may negotiate directly for the purchase of contractual services, supplies, materials, or equipment in bona fide emergencies regardless of estimated costs. The existence of the emergency shall be fully explained, in writing, by the head of the agency for which the purchase is to be made. The explanation shall be approved by the secretary of the Finance and Administration Cabinet and shall include the name of the vendor receiving the contract along with any other price quotations and a written determination for selection of the vendor receiving the contract. This information shall be filed with the record of all such purchases and made available to the public. Where practical, standard specifications shall be followed in making emergency purchases. In any event, every effort should be made to effect a competitively established price for purchases made by the state.

SB 194, AN ACT relating to deputy sheriffs.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 70.260 is amended to read as follows:

(1) The primary legislative body of each county may enact an ordinance creating a deputy sheriff merit board, which shall be charged with the duty of holding hearings, public and executive, in disciplinary matters concerning deputy sheriffs. For the purpose of KRS 70.260 to 70.273, the primary legislative body of each county that does not have an urban-county or charter county government shall be the fiscal court.

(2) The reasonable and necessary expenses of the board, including the funds necessary to retain an attorney to advise the board on legal matters, shall be paid out of the fees and commissions collected by the sheriff. If the fees and commissions are not sufficient to pay the expenses of the board and the other expenses authorized by statute to be paid from these fees and commissions, the sheriff may negotiate with the primary legislative body to determine a method of paying all or part of the expenses of the board.

(3) The board shall consist of five (5) members, two (2) members appointed by the county judge/executive or the chief executive officer of an urban-county government with approval by the primary legislative body, two (2) members appointed by the county sheriff, and one (1) member elected by the deputy sheriffs of the county. Each board appointee shall be at least thirty (30) years of age and a resident of the county. No person shall serve on the board who is a deputy sheriff or who holds any elected public office. No person shall be appointed to the board who is a member of the immediate family of the sheriff of the county served by the board. The members of the board shall not receive a salary but shall receive reimbursement for necessary expenses.

(4) All appointments shall be for two (2) years, and any vacancies shall be filled by the sheriff or county judge/executive, or the chief executive officer of an urban-county government responsible for the appointment of the departing board member.

(5) The board shall elect a chairman from its membership and keep an accurate record of its proceedings.

(6) The board shall meet when a disciplinary matter concerning a deputy sheriff is brought to its attention or at other times at the discretion of the board, upon notification of its members.

(7) Three (3) members shall constitute a quorum in all matters which may come before the board.

(8) For the purpose of this section, "member of the immediate family" means a person's father, mother, brother, sister, spouse, son, daughter, aunt, uncle, son-in-law, or daughter-in-law.

(9) An ordinance, adopted under subsection (1) of this section by a county~~[containing a city of the first class]~~, may exclude deputy sheriffs who serve in policy-making or confidential positions from coverage by the merit system. If the ordinance makes this exclusion, a deputy sheriff who is covered by the merit system and who accepts an appointment in a policy-making or confidential position shall be deemed to have received a leave of absence from the merit system during the incumbency of that position. If he ceases to serve in a policy-making or confidential position but continues to serve as a deputy, he shall be restored to coverage at the same classification and rank that he held prior to his policy-making position under the merit system. A deputy who is not covered by the merit system at the time he is appointed to a policy-making or

confidential position shall be deemed not to be part of the merit system and shall not be included in the merit system when he ceases to serve in that position.

Section 2. KRS 70.267 is amended to read as follows:

(1) No deputy sheriff covered by the provisions of KRS 70.260 to 70.273 shall directly or indirectly solicit, receive, or be in any manner concerned in receiving, soliciting, or publicizing any assessment, gift, subscription or contribution to or for any political party or candidate for public office.

(2) No deputy sheriff covered by the provisions of KRS 70.260 to 70.273 shall be suspended, laid off, demoted, promoted, disciplined, threatened or in any way changed in duty or compensation for withholding or neglecting to pay or make contributions of any sort, either in money, goods, services, or anything of value for any political purpose. Nothing in this subsection shall limit the power of a sheriff to revoke the appointment of a deputy during the probationary period described in subsection (5) of this section.

(3) No deputy sheriff covered by the provisions of KRS 70.260 to 70.273 shall be a candidate for any public office. Any person who violates this subsection shall forfeit his position as deputy sheriff.

(4) Nothing contained in this section shall be construed to abridge the rights of any deputy sheriff with respect to his personal opinions, beliefs, or right to vote.

(5) A deputy sheriff's employment shall be probationary during the first year of service ***following an initial appointment or a promotional appointment***. A sheriff may, at his pleasure, revoke the appointment of a deputy who works for him at any time within one (1) year following the appointment.

HB 790, AN ACT relating to insurance.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 304.39-210 is amended to read as follows:

(1) Basic and added reparation benefits are payable monthly as loss accrues. Loss accrues not when injury occurs, but as work loss, replacement services loss, or medical expense is incurred. Benefits are overdue if not paid within thirty (30) days after the reparation obligor receives reasonable proof of the fact and amount of loss realized, unless the reparation obligor elects to accumulate claims for periods not exceeding thirty-one (31) days after the reparation obligor receives reasonable proof of the fact and amount of loss realized, and pays them within fifteen (15) days after the period of accumulation. Notwithstanding any provision of this chapter to the contrary, benefits are not overdue if a reparation obligor has not made payment to a provider of services due to the request of a secured person when the secured person is directing the payment of benefits among the different elements of loss. If reasonable proof is supplied as to only part of a claim, and the part totals one hundred dollars ($100) or more, the part is overdue if not paid within the time provided by this section. Medical expense benefits may be paid by the reparation obligor directly to persons supplying products, services, or accommodations to the claimant, if the claimant so designates.

(2) Overdue payments bear interest at the rate of twelve percent (12%) per annum, except that if delay was without reasonable foundation the rate of interest shall be eighteen percent (18%) per annum.

(3) A claim for basic or added reparation benefits shall be paid without deduction for the benefits which are to be subtracted pursuant to the provisions on calculation of net loss if these benefits have not been paid to the claimant before the reparation benefits are overdue or the claim is paid. The reparation obligor is entitled to reimbursement from the person obligated to make the payments or from the claimant who actually receives the payments.

(4) A reparation obligor may bring an action to recover benefits which are not payable, but are in fact paid, because of an intentional misrepresentation of a material fact, upon which the reparation obligor relies, by the insured or by a person providing an item of medical expense. The action may be brought only against the person providing the item of medical

expense, unless the insured has intentionally misrepresented the facts or knows of the misrepresentation. An insurer may offset amounts he is entitled to recover from the insured under this subsection against any basic or added reparation benefits otherwise due.

(5) A reparation obligor who rejects a claim for basic reparation benefits shall give to the claimant prompt written notice of the rejection, specifying the reason. If a claim is rejected for a reason other than that the person is not entitled to the basic reparation benefits claimed, the written notice shall inform the claimant that he may file his claim with the assigned claims bureau and shall give the name and address of the bureau.

(6) A provider of services for medical expenses shall submit a statement of medical expenses incurred to a reparation obligor within forty-five (45) days of the date treatment is initiated and every forty-five (45) days thereafter for as long as medical services are rendered. If the provider of medical services fails to submit a statement for medical services rendered to a reparation obligor as required under this subsection, the medical expenses shall not be compensable. Medical providers shall not bill a patient for services that have been denied by a reparation obligor for failure to submit bills following treatment within forty-five (45) days as required by this subsection.

Section 2. KRS 304.39-070 is amended to read as follows:

(1) "Secured person" means the owner, operator or occupant of a secured motor vehicle, and any other person or organization legally responsible for the acts or omissions of such owner, operator or occupant.

(2) A reparation obligor which has paid or may become obligated to pay basic reparation benefits shall be subrogated to the extent of its obligations to all of the rights of the person suffering the injury against any person or organization other than a secured person.

(3) A reparation obligor shall have the right to recover basic reparation benefits paid to or for the benefit of a person suffering the injury from the reparation obligor of a secured person as provided in this subsection, except as provided in KRS 304.39-140(3). The reparation obligor shall elect to assert its claim (i) by joining as a party in an action that may be commenced by the person suffering the injury, or (ii) to reimbursement, pursuant to KRS 304.39-030, sixty (60) days after said claim has been presented to the reparation obligor of secured persons. The right to recover basic reparation benefits paid under (ii) shall be limited to those instances established as applicable by the Kentucky Insurance Arbitration Association as provided in KRS 304.39-290. ***A standard set-off or deduction shall not be applied to any reimbursement under (ii) among reparation obligors for losses paid as basic or added reparations benefits. The only deduction allowed for subrogation claims under this section shall be the deduction allowed under subsection (6) of this section.***

(4) Any entitlement to recovery for basic or added reparation benefits paid or to be paid by the subrogee shall in no event exceed the limits of automobile bodily injury liability coverage available to the secured party after priority of entitlement as provided in this section and KRS 304.39-140(3) has been satisfied.

(5) An attorney representing a secured person in any action filed under KRS 304.39-060 shall be entitled to a reasonable attorneys' fee in the event that reparation benefits paid to said secured person by that secured person's reparation's obligor are reimbursed by any insurance carrier on behalf of a tortfeasor who is the defendant in any such action filed by the said secured person or in the event such potential "action" is settled by said potential tortfeasor's insurance carrier on his behalf prior to the filing of any such suit.

(6) As to subrogation actions between insurers under this section, whether by intervention in an action or reimbursement through arbitration, the only deduction allowed on a subrogation claim of a reparation obligor for losses paid as basic or added reparations benefits shall be for allocation of fault.

(b) Whether the fees paid to providers for the covered services are reasonable in relation to the premium or fee charged;

(c) Previous premium rates or fees for the policies or contracts to which the filing applies; ***and***

~~(g) Other factors as deemed relevant by the commissioner~~].

(4) The rates for each policyholder shall be guaranteed for twelve (12) months at the rate in effect on the date of issue or date of renewal.

(5) At any time the commissioner, after a public hearing for which at least thirty (30) days' notice has been given, may withdraw approval of rates or fees previously approved under this section and may order an appropriate refund or future premium credit to policyholders, enrollees, and subscribers if the commissioner determines that the rates or fees previously approved are in violation of this chapter.

(6) ***Notwithstanding other provisions of this section, premium rates shall be deemed approved upon filing with the department if the filing is accompanied by a minimum loss ratio guarantee. Insurers may use the filing procedure specified in this subsection only if the affected policy forms disclose the benefit of a minimum loss ratio. If an insurer elects to use the filing procedure in this subsection for a policy form or forms, the insurer shall not use a filing of premium rates that does not provide a minimum loss ratio guarantee for that policy form or forms.***

(a) The minimum loss ratio shall be in writing and shall contain at least the following:

1. An actuarial memorandum specifying the expected loss ratio that complies with the standards as set forth in this subsection;

2. Detailed experience information concerning the policy form;

3. A step-by-step description of the process used to develop the experience loss ratio;

4. A guarantee of a specific minimum loss ratio, that shall be greater than or equal to the following, taking into consideration adjustments for duration as set forth in administrative regulations promulgated by the commissioner:

a. Seventy percent (70%) for policies issued to individuals or for certificates issued to members of an association that does not offer coverage to small employers;

b. Seventy percent (70%) for policies issued to small groups of two (2) to ten (10) employees or for certificates issued to members of an association that offers coverage to small employers; and

c. Seventy-five percent (75%) for policies issued to small groups of eleven (11) to fifty (50) employees;

5. A guarantee that the actual Kentucky loss ratio for the calendar year in which the new rates take effect, and for each year thereafter until new rates are filed, will meet or exceed the minimum loss ratio standards referred to in subparagraph 4. of this paragraph, adjusted for duration;

6. A guarantee that the actual Kentucky lifetime loss ratio shall meet or exceed the minimum loss ratio standards referred to in subparagraph 4. of this paragraph; and

7. If the annual earned premium volume in Kentucky under the particular policy form is less than two million five hundred thousand dollars ($2,500,000), the minimum loss ratio guarantee shall be based partially on the Kentucky earned premium and other credibility factors as specified by the commissioner.

(b) The actual Kentucky minimum loss ratio results for each year at issue shall be independently audited at the insurer's expense and the audit shall be filed with the commissioner not later than one hundred twenty (120) days after the end of the year at issue.

(c) The insurer shall refund premiums in the amount necessary to bring the actual aggregate loss ratio up to the guaranteed minimum loss ratio.

(d) A Kentucky policyholder affected by the guaranteed minimum loss ratio shall receive a portion of the premium refund relative to the premium paid by the policyholder. The refund shall be made to all Kentucky policyholders insured under the applicable policy form as of December of the year at issue if the refund would equal ten dollars ($10) or more per policy. The refund shall include statutory interest from July 1 of the year at issue until the date of payment. Payment shall be made not later than one hundred eighty (180) days after the end of the year at issue.

(e) Premium refunds of less than ten dollars ($10) per insured shall be aggregated by the insurer and paid to the insurance regulatory trust fund.

(f) None of the provisions of subsections (1) to (5) of this section shall apply if premium rates are filed with the department and accompanied by a minimum loss ratio guarantee that meets the requirements of this subsection. Such filings shall be deemed approved~~[Each insurer paying a risk assessment under KRS 304.17A-460 may include the amount of the assessment in establishing premium rates filed with the commissioner under this section. (7) The commissioner may by administrative regulation prescribe any additional information related to rates, fees, dues, and other charges as they relate to the factors set out in subsection (3) of this section that he or she deems necessary and relevant to be included in the filings and the form of the filings required by this section. ***When determining a loss ratio for the purposes of loss ratio guarantee, the insurer shall divide the total of the claims loss ratio plus state and local premium taxes plus preferred provider organization expenses by the premiums received.***

Section 3. KRS 304.17A-0952 is amended to read as follows:

Premium rates for a health benefit plan issued or renewed ***in the***~~[to an]~~ individual,~~[a]~~ small group, or~~[an]~~ association ***markets*** on or after April 10, 1998, shall be subject to the following provisions:

(1) The premium rates charged during a rating period to an individual with similar case characteristics for the same coverage, or the rates that could be charged to that individual under the rating system for that class of business, shall not vary from

the index rate by more than ***forty percent (40%)***[~~thirty-five percent (35%)~~] of the index rate.

(2) The percentage increase in the premium rate charged to an individual for a new rating period shall not exceed the sum of the following:

(a) The percentage change in the new business premium rate measured from the first day of the prior rating period to the first day of the new rating period. In the case of a class of business for which the insurer is not issuing new policies, the insurer shall use the percentage change in the base premium rate;

(b) Any adjustment, not to exceed ***fifteen percent (15%)***[~~ten percent (10%)~~] annually and adjusted pro rata for rating periods of less than one (1) year, due to the claim experience, mental and physical condition, including medical condition, medical history, and health service utilization, or duration of coverage of the individual and dependents as determined from the insurer's rate manual for the class of business; and

(c) Any adjustment due to change in coverage or change in the case characteristics of the individual as determined from the insurer's rate manual for the class of business.

(3) (a) Notwithstanding subsection (2) of this section, at renewal the insurer may replace modified community rates with rates determined in accordance with subsection (1) of this section.

(b) Within the limitations set out in subsections (1) and (2) of this section, the premium rate for health benefit plans issued to high-risk individuals under modified community rating who at the time of issue had a high-cost condition during the period from July 15, 1995, until April 10, 1998, for a new rating period:

1. Shall not be increased by more than twenty-five percent (25%) on either of the first two (2) renewal dates after April 10, 1998. The total increase shall not result in a rate that exceeds thirty-five percent (35%) of the index rate. Notwithstanding subsection (1) of this section, the program established under KRS 304.17A-400 shall reimburse the insurer for any premium loss incurred under this subsection to the extent that funds are available;

2. May be increased without restriction to the applicable rate as determined by the insurer's rate manual on the third renewal date after April 10, 1998; and

3. Shall be subject to subsection (2) of this section on the fourth renewal date after April 10, 1998, and thereafter.

(4) The premium rates charged ***in the small group market during a rating period to a small group***[~~during a rating period to a small group or to an association member~~] with similar case characteristics for the same coverage, or the rates that could be charged ***in the small group market to a small group***[~~to that small group or that association member~~] under the rating system for that class of business, shall not vary from the index rate by more than twenty-five percent (25%) of the index rate.

(5) The percentage increase in the premium rate charged to a small group ***in the small group market***[~~or to an association member~~] for a new rating period shall not exceed the sum of the following:

(a) The percentage change in the new business premium rate measured from the first day of the prior rating period to the first day of the new rating period. In the case of a class of business for which the insurer is not issuing new policies, the insurer shall use the percentage change in the base premium rate;

(b) Any adjustment, not to exceed fifteen percent (15%) annually and adjusted pro rata for rating periods of less than one (1) year, due to the claims experience, mental and physical condition, including medical condition, medical history, and health service utilization, or duration of coverage of the employee, association member, or dependents as determined from the insurer's rate manual for the class of business; and

(c) Any adjustment due to change in coverage or change in the case characteristics of the small group ***in the small group market***[~~or association member~~] as determined from the insurer's rate manual for the class of business.

(6) In utilizing case characteristics, the ratio of the highest rate factor to the lowest rate factor within a class of business shall not exceed five to one (5:1). For ***the*** purpose of this limitation, case characteristics include age, gender, occupation or industry, and geographic area.

(7) Adjustments in rates for claims experience, mental and physical condition, including medical condition, medical history, and health service utilization, health status, and duration of coverage shall not be charged to an individual ***employee of a small group or his or her***[~~group member or the member's~~] dependents. Any adjustment shall be applied uniformly to the rates charged for all individuals and dependents of the small group.

(8) The commissioner may approve establishment of additional classes of business upon application to the commissioner and a finding by the commissioner that the additional class would enhance the efficiency and fairness for the applicable market segment.

(a) The index rate for a rating period for any class of business shall not exceed the index rate for any other class of business in that market segment by more than ten percent (10%).

(b) An insurer may establish a separate class of business only to reflect substantial differences in expected claims experience or administrative cost related to the following reasons:

1. The insurer uses more than one (1) type of system for the marketing and sale of the health benefit plans; or
2. The insurer has acquired a class of business from another insurer.

(9) For the purpose of this section, a health benefit plan that utilizes a restricted provider network shall not be considered similar coverage to a health benefit plan that does not utilize a restricted provider network if utilization of the restricted provider network results in substantial differences in claims costs.

(10) Notwithstanding any other provision of this section, an insurer shall not be required to utilize the experience of those individuals with high-cost conditions who enrolled in its plans between July 15, 1995, and April 10, 1998, to develop the insurer's index rate for its individual policies.

(11) Nothing in this section shall be construed to prevent an insurer from offering incentives to participate in a program of disease prevention or health improvement.

Section 4. KRS 304.17A-210 is amended to read as follows:

Each ***guaranteed acceptance program participating*** insurer[~~ that issues health benefit plans in the individual market~~] shall be required to issue health benefit plans in the individual market on a guaranteed-issue basis as follows:

(1) An eligible individual shall be entitled to have coverage issued from the insurer under the standard health benefit plan or any other health benefit plan sold by the insurer in the individual market;

(2) Except as provided in subsection (3) of this section, an individual who has been a resident of Kentucky for at least twelve (12) months shall be entitled to have coverage issued from the insurer under the standard health benefit plan or any other health benefit plan sold by the insurer in the individual market; and

(3) Except as provided in subsection (4) of this section, if the individual is a guaranteed acceptance program qualified individual[~~ and the insurer is a guaranteed acceptance program participating insurer~~], then the individual shall be entitled to have coverage issued under either:

(a) The standard health benefit plan; or

(b) The insurer's two (2) health benefit plans, other than the standard health benefit plan, sold by it in the individual market in Kentucky, or in the applicable marketing or service area as may be prescribed by the commissioner by administrative regulation, with the largest annual premium volume; except that the insurer shall make all necessary adjustments to the health benefit plans sold so that they qualify as a guaranteed acceptance program plan and can be included in the guaranteed acceptance program risk adjustment process. During the period of July 1, 1998, to June 30, 1999, the guaranteed acceptance program participating insurer may designate upon approval of the commissioner any health benefit plans made generally available to, and actively marketed in, the individual market as this option. The insurer shall make all necessary adjustments to the designated health benefit plans so that they qualify as a guaranteed acceptance program plan and can be included in the guaranteed acceptance program risk adjustment process.

(4) If the insurer does not generally operate in the individual market and has elected under KRS 304.17A-420(3)(a) to be a guaranteed acceptance program participating insurer without generally operating in the individual market, then an individual who is a guaranteed acceptance program qualified individual shall be entitled to have coverage issued from that insurer only under the standard health benefit plan.

(5)[~~ (a) No insurer, who was not offering health benefit plans in Kentucky on January 1, 1998, shall be required to accept annually under this section individuals who, in the aggregate, would cause the insurer to have a total number of new insureds with high-cost conditions as defined in KRS 304.17A-005(19) or which exceed an insurer's underwriting guidelines as approved by the commissioner under KRS 304.17A-430(3)(b) per year that is more than one-half of one per cent (0.5%) of the total number of individuals insured by the insurer under individual health benefits plans issued or issued for delivery in the Commonwealth, calculated as of the immediately preceding thirty-first day of December.~~

~~(b) The commissioner shall, by administrative regulation, establish equitable enrollment limits for the first twelve (12) months, and any remaining portion of the calendar year after the expiration of that twelve (12) month period, in which an insurer first begins doing business in the individual market. These limits shall be based on the insurer's quarterly enrollment in health benefit plans offered in the individual market in the Commonwealth.~~

~~(c) An officer of the insurer shall certify to the department when it has met the enrollment limit established in this subsection. Upon providing this certification, the insurer shall be relieved of its guaranteed issue requirement under this section for the remainder of the calendar year.~~

~~(d) If all insurers that are required to offer coverage on a guaranteed-issue basis meet the enrollment limit established in this subsection prior to the end of the calendar year, then all such insurers shall again accept individuals for guaranteed issue coverage, subject to the enrollment limit established in this subsection.~~

~~(e) If certification of the enrollment limit would leave any county in the Commonwealth without an insurer to provide coverage in the individual market, the commissioner may require any insurer that meets the criteria in KRS 304.17A-420(1) to continue to offer coverage in that county. The commissioner shall proportionally increase the enrollment limit~~

~~under this subsection for all other insurers that do not meet the criteria of KRS 304.17A-420(1).~~

~~(6) An insurer that elects to use the alternative underwriting mechanism under KRS 304.17A-430(3) shall offer to those insureds who are subject to the alternative underwriting mechanism the standard plan and the two (2) plans offered by the insurer with the largest premium volume for the last calendar year.~~

~~(7)~~] For the purposes of this section and KRS 304.17A-250, insurers whose activities in the individual market are limited to the renewal of health benefit plans issued prior to July 15, 1995, shall not be deemed to be doing business in the individual market.

(6)[~~(8)~~]Subsections (1) to *(5)*[~~(7)~~] of this section shall not apply to a health benefit plan offered by an insurer if the coverage is made available in the individual market only through one (1) or more bona fide associations.

Section 5. KRS 304.17A-230 is amended to read as follows:

(1) ***An individual health benefit plan shall not define a preexisting condition more restrictively than any of the following:***

(a) A condition that would cause an ordinarily prudent person to seek medical advice, diagnosis, care, or treatment during the twelve (12) months immediately preceding the effective date of coverage;

(b) A condition for which medical advice, diagnosis, care, or treatment was recommended or received during the twelve (12) months immediately preceding the effective date of coverage; or

(c) A pregnancy existing on the effective date of coverage.

(2) Preexisting conditions provisions shall not exclude or limit coverage for a period beyond twelve (12) months.[~~A health insurer offering individual health benefit plan coverage in the individual market in the Commonwealth shall not impose any pre-existing conditions exclusions as to any eligible individual.~~

~~(2) Each health insurer offering individual health benefit plan coverage in the individual market in the Commonwealth that chooses to impose a pre-existing conditions exclusion on individuals who do not meet the definition of eligible individual shall comply with the provisions of KRS 304.17A-220, which establishes standards and requirements for pre-existing conditions exclusions for group health plans, including crediting previous coverage, and certification of coverage; except the period of creditable coverage shall only reduce the period of a pre-existing condition exclusion in a policy that has benefits substantially similar to the benefits provided in the creditable coverage. Pregnancy may be considered to be a pre-existing condition.~~]

(3) Genetic information shall not be treated as a pre-existing condition in the absence of a diagnosis of the condition related to the information.

Section 6. KRS 304.17A-250 is amended to read as follows:

(1) The commissioner shall, by administrative regulations promulgated under KRS Chapter 13A, define one (1) standard health benefit plan that shall provide health insurance coverage in the individual and small group markets after June 30, 1998. As a condition of doing business in the individual or small group market in the Commonwealth, the health insurer shall offer the standard health benefit plan, but the extent to which the standard health benefit plan shall be offered on a guaranteed issue basis shall only be as provided in KRS 304.17A-200 and 304.17A-210. Except as may be necessary to coordinate with changes in federal law, the commissioner shall not alter, amend, or replace the standard health benefit plan more frequently than annually. Initially, the standard health benefit plan shall be the standard high plan in effect on April 10, 1998.

(2) The standard health benefit plan shall be available in at least one (1) of these four (4) forms of coverage:

(a) A fee-for-service product type;

(b) A health maintenance organization type;

(c) A point-of-service type; and

(d) A preferred provider organization type.

(3) The standard health benefit plan shall be defined so that it meets the requirements of KRS 304.17A-430 for inclusion in calculating assessments and refunds under the guaranteed acceptance program.

(4) Any health insurer who elects to offer health insurance policies in the individual or small group markets in this state shall, as a condition of offering health benefit plans in this state after June 30, 1998, offer and issue the standard health benefit plan in the individual or small group markets in each and every form of coverage that the health insurer offers to sell.

(5) Nothing in this section shall be construed:

(a) To require a health insurer to offer a standard health benefit plan in a form of coverage that the health insurer has not selected;

(b) To prohibit a health insurer from offering other health benefit plans in the individual or small group markets in addition to the standard health benefit plan; or

(c) To require that a standard health benefit plan have guaranteed issue, renewability, or pre-existing condition exclusion rights or provisions that are more generous to the applicant than the health insurer would be required to provide under KRS 304.17A-200, 304.17A-210, 304.17A-220, 304.17A.230, and 304.17A-240.

(6) Insurance agents licensed under this chapter who present for sale any health benefit plan in the individual or small group markets to a prospective applicant shall also inform that person of the existence of the standard benefit plan in the same form of coverages offered by the same insurer.

(7) (a) A benefits comparison shall be delivered to a prospective applicant for any health insurance coverage in the individual or small group markets at the time of initial solicitation through means that prominently direct the attention of the prospective applicant to the document and its purpose.

1. The commissioner shall prescribe a standard format, including style, arrangement, and overall appearance, and the content of a benefits comparison.

2. In the case of agent solicitations, an agent shall deliver the benefits comparison to the prospective applicant prior to the presentation of an application or enrollment form.

3. In the case of direct response solicitations, the benefits comparison shall be presented in conjunction with any application or enrollment form.

(b) The benefits comparison given to a prospective applicant shall include:

1. A description of the principal benefits and coverage provided in the standard health benefit plan offered under this section, and the health benefit policy being offered to the prospective applicant;

2. A statement of the principal exclusions, reductions, and limitations contained in the standard health benefit plan offered under this section, and the health benefit plan being offered to the prospective applicant; and

3. A chart providing a direct comparison of the insurer's premium rate for the standard health benefit plan offered under this section, and the health benefit policy being offered to the prospective applicant.

(c) At the time of the execution of an application for any health benefit plan, the prospective applicant shall sign a statement contained in or accompanying the application, which shall remain on file with the health insurer for five (5) years, indicating that the insured has been provided with and understands the benefits comparison required by this subsection.

(d) As used in this subsection and in subsection (6) of this section, the term "prospective applicant" refers only to a natural person who is a resident of the Commonwealth and who is purchasing health insurance coverage in the individual market providing benefits to that person, that person's spouse, or that person's children. It does not include an employer or representative of an employer who is considering health insurance coverage that would provide benefits to employees and their families.

(8) All health benefit plans shall cover hospice care at least equal to the Medicare benefits.

(9) All health benefit plans shall coordinate benefits with other health benefit plans in accordance with the guidelines for coordination of benefits prescribed by the commissioner as provided in KRS 304.18-085.

(10) Every health insurer of any kind, nonprofit hospital, medical-surgical, dental and health service corporation, health maintenance organization, or provider-sponsored health delivery network that issues or delivers an insurance policy in this state that directs or gives any incentives to insureds to obtain health care services from certain health care providers shall not imply or otherwise represent that a health care provider is a participant in or an affiliate of an approved or selected provider network unless the health care provider has agreed in writing to the representation or there is a written contract between the health care provider and the insurer or an agreement by the provider to abide by the terms for participation established by the insurer. This requirement to have written contracts shall apply whenever an insurer includes a health care provider as a part of a preferred provider network or otherwise selects, lists, or approves certain health care providers for use by the insurer's insureds. The obligation set forth in this section for an insurer to have written contracts with providers selected for use by the insurer shall not apply to emergency or out-of-area services.

(11) A self-insured plan may select any third party administrator licensed under KRS 304.9-052 to adjust or settle claims for persons covered under the self-insured plan.

(12)[~~Any health insurer that fails to issue a premium rate quote to an individual within thirty (30) days of receiving a completed application request for the quote shall be required to issue coverage to that individual and shall not impose any pre-existing conditions exclusion on that individual with respect to the coverage.~~] Each health insurer offering individual health insurance coverage in the individual market in the Commonwealth that refuses to issue a health benefit plan to an insured with a high-cost condition shall provide the individual with a denial letter within twenty (20) working days ***after the completion of underwriting***[~~of the request for coverage~~]. The letter shall include the name and title of the person making the decision, a statement setting forth the specific high-cost condition that is the basis for refusing to issue a policy, a description of the Guaranteed Acceptance Program, and the name and the telephone number of a contact person who can provide additional information about the Guaranteed Acceptance Program.

(13) If a standard health benefit plan covers services that the plan's insureds lawfully obtain from health departments established under KRS Chapter 212, the health insurer shall pay the plan's established rate for those services to the health department.

(14) No individually insured person shall be required to replace an individual policy with group coverage on becoming eligible for group coverage that is not provided by an employer. In a situation where a person holding individual coverage is offered or becomes eligible for group coverage not provided by an employer, the person holding the individual coverage shall have the option of remaining individually insured, as the policyholder may decide. This shall apply in any such situation that may arise through an association, an affiliated group, the Kentucky state employee health insurance plan, or any other entity.

Section 7. KRS 304.17A-280 is amended to read as follows:

The commissioner may, by administrative regulation, add to the list of high-cost conditions provided in KRS 304.17A-005 other high-cost conditions~~[based on diagnosis and severity]~~. At the request of an insurer, the commissioner shall hold a hearing to determine whether or not a condition should be listed.

Section 10. KRS 304.17A-430 is amended to read as follows:

[~~(1)~~]A health benefit plan shall be considered a program plan and is eligible for inclusion in calculating assessments and refunds under the program risk adjustment process if it meets all of the following criteria:

(1)[~~(a)~~]The health benefit plan was purchased by an individual to provide benefits for only one (1) or more of the following: the individual, the individual's spouse, or the individual's children. Health insurance coverage provided to an individual in the group market or otherwise in connection with a group health plan does not satisfy this criteria even if the individual, or the individual's spouse or parent, pays some or all of the cost of the coverage unless the coverage is offered in connection with a group health plan that has fewer than two (2) participants as current employees on the first day of the plan year;

(3)[~~(c)~~]The health benefit plan imposes the maximum pre-existing condition exclusion permitted under KRS 304.17A-200;

(4)[~~(d)~~]The individual purchasing the health benefit plan is not eligible for or covered by other coverage; and

(5)[~~(e)~~]The individual is not a state employee eligible for or covered by the state employee health insurance plan under KRS Chapter 18A.

[~~(2) Notwithstanding the provisions of subsection (1) of this section, if the total claims paid for the high-cost condition under a program plan for any three (3) consecutive years are less than the premiums paid under the program plan for those three (3) consecutive years, then the following shall occur:~~

~~(a) The policy shall not be considered to be a program plan thereafter until the first renewal of the policy after there are three (3) consecutive years in which the total claims paid under the policy have exceeded the total premiums paid for the policy and at the time of the renewal the policy also qualifies under subsection (1) as a program plan; and~~

~~(b) Within the last six (6) months of the third year, the insurer shall provide each person entitled to benefits under the policy who has a high-cost condition with a written notice of insurability. The notice shall state that the recipient may be able to purchase a health benefit plan other than a program plan and shall also state that neither the notice nor the individual's actions to purchase a health benefit plan other than a program plan shall affect the individual's eligibility for plan coverage. The notice shall be valid for six (6) months.~~

~~(3) (a) There is established within the guaranteed acceptance program the alternative underwriting mechanism that a participating insurer may elect to use. An insurer that elects this mechanism shall use the underwriting criteria that the insurer has used for the past twelve (12) months for purposes of the program plan requirement in paragraph (b) of subsection (1) of this section for high risk individuals rather than using the criteria established in KRS 304.17A-005(19) and 304.17A-280 for high cost conditions;~~

~~(b) An insurer that elects to use the alternative underwriting mechanism shall make written application to the commissioner. Before the insurer may implement the mechanism, the insurer shall obtain approval of the commissioner. Annually thereafter, the insurer shall obtain the commissioner's approval of the underwriting criteria of the insurer before the insurer may continue to use the alternative underwriting mechanism.~~]

Section 11. KRS 304.17A-470 is amended to read as follows:

(1) The department shall establish a risk adjustment process to be used in collecting and distributing funds from all insurers doing health insurance business in Kentucky for the purpose of allocating program plan losses among such insurers.

(2) As part of the risk adjustment process, the department shall establish and maintain a program account. All funds in the program account shall be held at interest, in a single depository designated in accordance with KRS 304.8-090(1) under a written trust agreement in accordance with KRS 304.8-095. All expense and revenue transactions of the fund shall be posted to the state accounting and reporting system (STARS) and its successors.

(3) The program account shall be funded from the following sources:

(a) Appropriations from the General Assembly;

(b) All premium taxes collected under KRS Chapter 136 from any insurer, and any retaliatory taxes collected under KRS 304.3-270 from any insurer, for accident and health premiums that are in excess of the amount of the premium taxes and retaliatory taxes collected for the calendar year 1997;

(c) Annual assessments from each stop-loss carrier in an amount which is equal to two dollars ($2) upon each one hundred dollars ($100) of health insurance stop-loss premiums;

(d) An assessment for each calendar year, or the last six (6) month period of 1998, on the total amount of all health benefit plan premiums written during the prior assessment period and paid by all insurers who received any of the health benefit plan premiums on which the assessment is based. The first assessment shall be for the period from July 1, 1998, to December 31, 1998, shall be based on the amount of health benefit plan premiums written during this six (6) month period, and the total amount of the assessment against all insurers for this six (6) month period shall equal three million nine hundred thousand dollars ($3,900,000). The percentage rate used to determine this six (6) month period assessment shall be the maximum percentage that may be used to determine the assessment in any subsequent calendar year. Assessments in any subsequent year shall be paid on or before the last day of that calendar year, and the first assessment shall be paid on or before December 31, 1998;

(e) Any special assessments under subsection 4(b) of this section;

(f) Gifts, grants, or other voluntary contributions; and

(g) Interest or other earnings on the investment of the monies held in the account.

(4) After the end of each calendar year, the department shall calculate the amount of the total actual program plan losses incurred by all insurers for the calendar year. The first calculation shall be for the calendar year ended December 31, 1998.

(a) If the amount of total actual program plan losses is less than the amount in the program account, each insurer shall be reimbursed up to the amount of its proportional share of program plan losses from the program account.

(b) If the amount of total actual program plan losses is more than the amount in the program account, then the difference shall be considered a program account deficit, and there shall be a second assessment, in addition to the assessment under subsection 3(d) of this section, on all insurers who received any of the health benefit plan premiums on which the assessment under subsection 3(d) is based. The second assessment shall also be a percentage of the health benefit plan premiums except for the following limitations:

1. The percentage rate may not exceed the percentage rate used to determine the 1998-1999 assessment; and

2. The total amount generated from the additional assessment may not exceed the lesser of the program account deficit or seven million eight hundred thousand dollars ($7,800,000). If the second assessment fully eliminates the program account deficit, each insurer shall be reimbursed up to the amount of its proportional share of program plan losses from the program account. If the second assessment does not fully eliminate the program account deficit, each insurer shall be reimbursed up to its proportional share of program plan losses from the program account in the same proportion that the insurer's program plan losses bears to the total program plan losses of all insurers.

(c) In no event shall the sum of the first assessment provided for in subsection (3)(d) of this section and the second assessment provided for in paragraph (b) of this subsection be greater than one percent (1%) of the total amount of all assessable health benefit plan premiums written during the prior assessment period.

(5) With respect to an insurer who reasonably will be expected to both pay assessments and receive payments from the program account, the department shall calculate the net amount owed to or to be received from the program account, and the department shall only collect assessments or make payments from the program account based upon net amounts.

(6) Insurers paying an assessment may include in any health insurance rate filing that amount of such assessments as provided in KRS 304.17A-460.

(7) Any surpluses remaining in the program account after completion of the risk adjustment process for a calendar year shall be maintained for use in the risk adjustment process for future calendar years and such funds shall not lapse. The General Fund appropriations to the program account shall not lapse.

(8) Assessments on health benefit plan premiums that are required under this section shall not be applied to premiums received by an insurer for Medicaid recipients, Medicare beneficiaries, and CHAMPUS insureds.

~~[(9) Program plan losses attributable to plans issued to individuals who do not have a high-cost condition shall be reimbursed only after reimbursement is made for losses attributable to plans issued to individuals with a high-cost condition.]~~

Section 12. KRS 304.17A-510 is amended to read as follows:

(1) In addition to the disclosure requirements provided in KRS 304.17A-505, an insurer that offers a managed care plan shall disclose to an enrollee, in writing, in a manner consistent with KRS 304.14-420 to 304.14-450, the following information at the time of enrollment and upon request:

(a) A current participating provider directory providing information on a covered person's access to primary care health care providers, including available participating health care providers, by provider category or specialty and by county. The directory shall include the professional office address of each participating health care provider. The directory shall also provide information about participating hospitals and other providers. The insurer shall promptly notify each covered person on the termination or withdrawal from the insurer's provider network of the covered person's designated primary care provider;

(b) General information about the type of financial incentives between participating providers under contract with the insurer and other participating health care providers and facilities to which the participating providers refer their managed care patients; and

(c) The insurer's managed care plan's standard for customary waiting times for appointments for urgent and routine care.

The insurer shall provide a prospective enrollee with information about the provider network, including hospital affiliations, and other information specified in this subsection, upon request.

(2) Upon request of a covered person, an insurer ***that offers a managed care plan*** shall promptly inform the person:

(a) Whether a particular network provider is board certified; and

(b) Whether a particular network provider is currently accepting new patients.

(3) Each insurer shall annually make available to its enrollees at its principal office and place of business:

(a) Its most recent annual statement of financial condition including a balance sheet and summary of receipts and disbursements; and

(b) A current description of its organizational structure and operation.

Section 13. KRS 304.17A-525 is amended to read as follows:

(1) Insurers ***that offer managed care plans*** shall establish relevant, objective standards for initial consideration of providers and for providers to continue as a participating provider in the plan. Standards shall be reasonably related to services provided. Selection or participation standards based on the economics or capacity of a provider's practice shall be adjusted to account for case mix, severity of illness, patient age and other features that may account for higher-than- or lower-than-expected costs. All data profiling or other data analysis pertaining to participating providers shall be done in a manner which is valid and reasonable. Plans shall not use criteria that would allow an insurer to avoid high-risk populations by excluding providers because they are located in geographic areas that contain populations or providers presenting a risk of higher-than-average claims, losses, or health services utilization or that would exclude providers because they treat or specialize in treating populations presenting a risk of higher-than-average claims, losses, or health services utilization.

(2) Each insurer ***that offers managed care plans*** shall establish mechanisms for soliciting and acting upon applications for provider participation in the plan in a fair and systematic manner. These mechanisms shall, at a minimum, include:

(a) Allowing all providers who desire to apply for participation in the plan an opportunity to apply at any time during the year or, where an insurer does not conduct open continuous provider enrollment, conducting a provider enrollment period at least annually with the date publicized to providers located in the geographic service area of the plan at least thirty (30) days in advance of the enrollment periods; and

(b) Making criteria for provider participation in the plan available to all applicants.

(3) If a managed care plan terminates the participation of an enrollee's primary care provider, the plan shall provide notice to the enrollee and arrange for the enrollee's continuity of care with an approved primary care provider.

(4) An insurer that offers a managed care plan shall establish a policy governing the removal of and withdrawal by health care providers from the provider network that includes the following:

(a) The insurer shall inform a participating health care provider of the insurer's removal and withdrawal policy at the time the insurer contracts with the health care provider to participate in the provider network, and when changed thereafter;

(b) If a participating health care provider's participation will be terminated or withdrawn prior to the date of the termination of the contract as a result of a professional review action, the insurer and participating health care provider shall comply with the standards in 42 U.S.C. sec. 11112; and

(c) If the insurer finds that a health care provider represents an imminent danger to an individual patient or to the public health, safety, or welfare, the medical director shall promptly notify the appropriate professional state licensing board.

Section 14. KRS 304.17A-535 is amended to read as follows:

(1) A managed care plan ***that utilizes a drug formulary*** shall include a drug utilization review program, the primary emphasis of which shall be to enhance quality of care for enrollees by assuring appropriate drug therapy within the health care provider's legally authorized scope of practice, that includes the following:

(a) Retrospective review of prescription drugs furnished to enrollees;

(b) Education of health care providers and enrollees regarding the appropriate use of prescription drugs; and

(c) Ongoing periodic examination of data on outpatient prescription drugs to ensure quality therapeutic outcomes for enrollees.

(2) The drug utilization review program shall utilize the following to effectuate the purposes of subsection (1) of this section:

(a) Relevant clinical criteria and standards for drug therapy;

(b) Nonproprietary criteria and standards developed and revised through input from participating health care providers;

(c) Intervention that focuses on improving therapeutic outcomes; and

(d) Measures to ensure the confidentiality of the relationship between an enrollee and a health care provider.

(3) When, in the professional opinion of a provider with prescriptive authority, the provider determines that generic substitution of a pharmaceutical product is medically inappropriate, the provider shall prescribe the pharmaceutical product the provider determines medically appropriate with the indication "Do Not Substitute," and no substitution shall be made without the provider's approval.

Section 15. KRS 304.17A-550 is amended to read as follows:

(1) An insurer that offers a managed care plan shall offer a benefit plan with out-of-network benefits to every contract holder that would allow a covered person to receive covered services from out-of-network health care providers without having to obtain a referral. The plan with out-of-network benefits may require that an enrollee pre-certify selected services and pay a higher deductible, copayment, coinsurance, excess charges and higher premium for the out-of-network benefit plan pursuant to limits established by administrative regulations promulgated by the department.

(2) An insurer ***that offers a managed care plan*** shall provide each enrollee in a plan whose employer group elects the benefit plan with out-of-network benefits, with the opportunity at the time of enrollment and during the annual open enrollment period, to enroll in the out-of-network option. The insurer and employer group shall provide written notice of the benefit plan with out-of-network benefits to each enrollee in a plan whose employer group elects the benefit plan with out-of-network benefits and shall include in that notice a detailed explanation of the financial costs to be incurred by an enrollee who selects the plan.

(3) The requirement of this section shall not apply to an insurer contract which offers a managed care plan that provides health care services solely to Medicaid or Medicare recipients.

(4) Managed care plans currently licensed and doing business in Kentucky that do not yet offer benefit plans with out-of-network benefits must develop and offer those plans within three hundred sixty-five (365) days of April 10, 1998.

The Committee Substitute No. 1 to **HB 201** is as follows:

HB 201, AN ACT relating to health insurance.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 304.17A-095 is amended to read as follows:

(1) Notwithstanding any other provisions of this chapter to the contrary, each insurer that issues, delivers, or renews any health benefit plan shall, before use thereof, file with the commissioner its rates, fees, dues, and other charges paid by insureds, members, enrollees, or subscribers,~~[shall submit a copy of the filing to the Attorney General,]~~ and shall comply with the provisions of this section. The insurer shall adhere to its rates, fees, dues, and other charges as filed with the commissioner. The insurer may submit new filings from time to time as it deems proper.

(2) (a) A rate filing under this section may be used by the insurer on and after the date of filing with the commissioner prior to approval by the commissioner. A rate filing shall be approved or disapproved by the commissioner within sixty (60) days after the date of filing. Should sixty (60) days expire after the commissioner receives the filing before approval or disapproval of the filing, the filing shall be deemed approved. The commissioner may hold a hearing within sixty (60) days after receiving a filing containing a rate increase.~~[Not less than thirty (30) days in advance of a hearing held under this section, the commissioner shall notify the Attorney General in writing of the hearing. The Attorney General may participate as a health insurance consumer intervenor and be considered a party to the hearing.]~~

(b)~~[The commissioner shall hold a hearing upon written request, including the reasons for the request, by the Attorney~~

~~General, provided the request is in accordance with subsection (3) of this section.~~

~~(c)~~] The commissioner shall hold a hearing, unless waived by the health insurer, before ordering a retroactive reduction of rates.

(c)[~~(d)~~]The hearing shall be a public hearing conducted in accordance with KRS Chapter 13B.

(d)[~~(e)~~]In the circumstances of a filing that has been deemed approved under paragraph (a) of this subsection, the commissioner shall have the authority to order a retroactive reduction of rates to a reasonable rate if after applying the factors in subsection (3) of this section the commissioner determines that the rates were unreasonable. If the commissioner seeks to order a retroactive reduction of rates and more than one (1) year has passed since the date of the filing, the commissioner shall consider the reasonableness of the rate over the entire period during which the filing has been in effect.

(3) In approving or disapproving a filing under this section, the commissioner shall consider:

(a) Whether the benefits provided are reasonable in relation to the premium or fee charged;

(b) Whether the fees paid to providers for the covered services are reasonable in relation to the premium or fee charged;

(c) Previous premium rates or fees for the policies or contracts to which the filing applies;

(d) The effect of the rate or rate increase on policyholders, enrollees, and subscribers;

(e) Whether the rates, fees, dues, or other charges are excessive, inadequate, or unfairly discriminatory; and

(f) The effect on the rates of any assessment made under KRS 304.17A-460; and

(g) Other factors as deemed relevant by the commissioner.

(4) The rates for each policyholder shall be guaranteed for twelve (12) months at the rate in effect on the date of issue or date of renewal.

(5) At any time the commissioner, after a public hearing for which at least thirty (30) days' notice has been given, may withdraw approval of rates or fees previously approved under this section and may order an appropriate refund or future premium credit to policyholders, enrollees, and subscribers if the commissioner determines that the rates or fees previously approved are in violation of this chapter.

(6) *Notwithstanding other provisions of this section, premium rates shall be deemed approved upon filing with the department if the filing is accompanied by a minimum loss ratio guarantee. Insurers may use the filing procedure specified in this subsection only if the affected policy forms disclose the benefit of a minimum loss ratio guarantee. If an insurer elects to use the filing procedure in this subsection for a policy form or forms, the insurer shall not use a filing of premium rates that does not provide a minimum loss ratio guarantee for that policy form or forms.*

(a) The minimum loss ratio shall be in writing and shall contain at least the following:

1. An actuarial memorandum specifying the expected loss ratio that complies with the standards as set forth in this subsection;

2. A statement certifying that all rates, fees, dues, and other charges are not excessive, inadequate, or unfairly discriminatory;

3. Detailed experience information concerning the policy form;

4. A step-by-step description of the process used to develop the experience loss ratio;

5. A guarantee of a specific minimum loss ratio, that shall be greater than or equal to the following, taking into consideration adjustments for duration as set forth in administrative regulations promulgated by the commissioner:

a. Seventy percent (70%) for policies issued to individuals or for certificates issued to members of an association that does not offer coverage to small employers;

b. Seventy percent (70%) for policies issued to small groups of two (2) to ten (10) employees or for certificates issued to members of an association that offers coverage to small employers; and

c. Seventy-five percent (75%) for policies issued to small groups of eleven (11) to fifty (50) employees;

6. A guarantee that the actual Kentucky loss ratio for the calendar year in which the new rates take effect, and for each year thereafter until new rates are filed, will meet or exceed the minimum loss ratio standards referred to in subparagraph 5. of this paragraph, adjusted for duration;

7. A guarantee that the actual Kentucky lifetime loss ratio shall meet or exceed the minimum loss ratio standards referred to in subparagraph 5. of this paragraph; and

8. If the annual earned premium volume in Kentucky under the particular policy form is less than two million five hundred thousand dollars ($2,500,000), the minimum loss ratio guarantee shall be based

partially on the Kentucky earned premium and other credibility factors as specified by the commissioner.

(b) The actual Kentucky minimum loss ratio results for each year at issue shall be independently audited at the insurer's expense and the audit shall be filed with the commissioner not later than one hundred twenty (120) days after the end of the year at issue.

(c) The insurer shall refund premiums in the amount necessary to bring the actual aggregate loss ratio up to the guaranteed minimum loss ratio.

(d) A Kentucky policyholder affected by the guaranteed minimum loss ratio shall receive a portion of the premium refund relative to the premium paid by the policyholder. The refund shall be made to all Kentucky policyholders insured under the applicable policy form as of December of the year at issue if the refund would equal ten dollars ($10) or more per policy. The refund shall include statutory interest from July 1 of the year at issue until the date of payment. Payment shall be made not later than one hundred eighty (180) days after the end of the year at issue.

(e) Premium refunds of less than ten dollars ($10) per insured shall be aggregated by the insurer and paid to the insurance regulatory trust fund or to any fund established to fund the cost of providing insurance or health care coverage to high cost individuals in the individual market.

(f) None of the provisions of subsections (1) to (5) of this section shall apply if premium rates are filed with the department and accompanied by a minimum loss ratio guarantee that meets the requirements of this subsection. Such filings shall be deemed approved[~~Each insurer paying a risk assessment under KRS 304.17A-460 may include the amount of the assessment in establishing premium rates filed with the commissioner under this section. The insurer shall identify any assessment allocated~~].

(7) The commissioner may by administrative regulation prescribe any additional information related to rates, fees, dues, and other charges as they relate to the factors set out in subsection (3) of this section that he or she deems necessary and relevant to be included in the filings and the form of the filings required by this section. ***When determining a loss ratio for the purposes of loss ratio guarantee, the insurer shall divide the total of the claims incurred, plus preferred provider organization expenses, case management and utilization expenses, plus reinsurance premiums less reinsurance recoveries by the premiums earned less state and local premium taxes less other assessments.***

Section 2. KRS 304.17A-0952 is amended to read as follows:

Premium rates for a health benefit plan issued or renewed ***in the***[~~to an~~] individual,[~~ a~~] small group, or[~~ an~~] association ***markets*** on or after April 10, 1998, shall be subject to the following provisions:

(1) The premium rates charged during a rating period to an individual with similar case characteristics for the same coverage, or the rates that could be charged to that individual under the rating system for that class of business, shall not vary from the index rate by more than ***forty percent (40%)***[~~thirty-five percent (35%)~~] of the index rate.

(2) The percentage increase in the premium rate charged to an individual for a new rating period shall not exceed the sum of the following:

(a) The percentage change in the new business premium rate measured from the first day of the prior rating period to the first day of the new rating period. In the case of a class of business for which the insurer is not issuing new policies, the insurer shall use the percentage change in the base premium rate;

(b) Any adjustment, not to exceed ***fifteen percent (15%)***[~~ten percent (10%)~~] annually and adjusted pro rata for rating periods of less than one (1) year, due to the claim experience, mental and physical condition, including medical condition, medical history, and health service utilization, or duration of coverage of the individual and dependents as determined from the insurer's rate manual for the class of business; and

(c) Any adjustment due to change in coverage or change in the case characteristics of the individual as determined from the insurer's rate manual for the class of business.

(3) (a) Notwithstanding subsection (2) of this section, at renewal the insurer may replace modified community rates with rates determined in accordance with subsection (1) of this section.

(b) Within the limitations set out in subsections (1) and (2) of this section, the premium rate for health benefit plans issued to high-risk individuals under modified community rating who at the time of issue had a high-cost condition during the period from July 15, 1995, until April 10, 1998, for a new rating period:

1. Shall not be increased by more than twenty-five percent (25%) on either of the first two (2) renewal dates after April 10, 1998. The total increase shall not result in a rate that exceeds thirty-five percent (35%) of the index rate. Notwithstanding subsection (1) of this section, the program established under KRS 304.17A-400 shall reimburse the insurer for any premium loss incurred under this subsection to the extent that funds are available;

2. May be increased without restriction to the applicable rate as determined by the insurer's rate manual on the third renewal date after April 10, 1998; and

3. Shall be subject to subsection (2) of this section on the fourth renewal date after April 10, 1998, and

thereafter.

(4) The premium rates charged during a rating period to a small group or to an association member with similar case characteristics for the same coverage, or the rates that could be charged to that small group or that association member under the rating system for that class of business, shall not vary from the index rate by more than twenty-five percent (25%) of the index rate.

(5) The percentage increase in the premium rate charged to a small group or to an association member for a new rating period shall not exceed the sum of the following:

(a) The percentage change in the new business premium rate measured from the first day of the prior rating period to the first day of the new rating period. In the case of a class of business for which the insurer is not issuing new policies, the insurer shall use the percentage change in the base premium rate;

(b) Any adjustment, not to exceed fifteen percent (15%) annually and adjusted pro rata for rating periods of less than one (1) year, due to the claims experience, mental and physical condition, including medical condition, medical history, and health service utilization, or duration of coverage of the employee, association member, or dependents as determined from the insurer's rate manual for the class of business; and

(c) Any adjustment due to change in coverage or change in the case characteristics of the small group or association member as determined from the insurer's rate manual for the class of business.

(6) In utilizing case characteristics, the ratio of the highest rate factor to the lowest rate factor within a class of business shall not exceed five to one (5:1). For ***the*** purpose of this limitation, case characteristics include age, gender, occupation or industry, and geographic area.

(7) Adjustments in rates for claims experience, mental and physical condition, including medical condition, medical history, and health service utilization, health status, and duration of coverage shall not be charged to an individual group member or the member's dependents. Any adjustment shall be applied uniformly to the rates charged for all individuals and dependents of the small group.

(8) The commissioner may approve establishment of additional classes of business upon application to the commissioner and a finding by the commissioner that the additional class would enhance the efficiency and fairness for the applicable market segment.

(a) The index rate for a rating period for any class of business shall not exceed the index rate for any other class of business in that market segment by more than ten percent (10%).

(b) An insurer may establish a separate class of business only to reflect substantial differences in expected claims experience or administrative cost related to the following reasons:

1. The insurer uses more than one (1) type of system for the marketing and sale of the health benefit plans; or

2. The insurer has acquired a class of business from another insurer.

(9) For the purpose of this section, a health benefit plan that utilizes a restricted provider network shall not be considered similar coverage to a health benefit plan that does not utilize a restricted provider network if utilization of the restricted provider network results in substantial differences in claims costs.

(10) Notwithstanding any other provision of this section, an insurer shall not be required to utilize the experience of those individuals with high-cost conditions who enrolled in its plans between July 15, 1995, and April 10, 1998, to develop the insurer's index rate for its individual policies.

(11) Nothing in this section shall be construed to prevent an insurer from offering incentives to participate in a program of disease prevention or health improvement.

Section 3. KRS 304.17A-250 is amended to read as follows:

(1) The commissioner shall, by administrative regulations promulgated under KRS Chapter 13A, define one (1) standard health benefit plan that shall provide health insurance coverage in the individual and small group markets after June 30, 1998. As a condition of doing business in the individual or small group market in the Commonwealth, the health insurer shall offer the standard health benefit plan, but the extent to which the standard health benefit plan shall be offered on a guaranteed issue basis shall only be as provided in KRS 304.17A-200 and 304.17A-210. Except as may be necessary to coordinate with changes in federal law, the commissioner shall not alter, amend, or replace the standard health benefit plan more frequently than annually. Initially, the standard health benefit plan shall be the standard high plan in effect on April 10, 1998.

(2) The standard health benefit plan shall be available in at least one (1) of these four (4) forms of coverage:

(a) A fee-for-service product type;

(b) A health maintenance organization type;

(c) A point-of-service type; and

(d) A preferred provider organization type.

(3) The standard health benefit plan shall be defined so that it meets the requirements of KRS 304.17A-430 for inclusion in calculating assessments and refunds under the guaranteed acceptance program.

(4) Any health insurer who elects to offer health insurance policies in the individual or small group markets in this state shall, as a condition of offering health benefit plans in this state after June 30, 1998, offer and issue the standard health benefit plan in the individual or small group markets in each and every form of coverage that the health insurer offers to sell.

(5) Nothing in this section shall be construed:

(a) To require a health insurer to offer a standard health benefit plan in a form of coverage that the health insurer has not selected;

(b) To prohibit a health insurer from offering other health benefit plans in the individual or small group markets in addition to the standard health benefit plan; or

(c) To require that a standard health benefit plan have guaranteed issue, renewability, or pre-existing condition exclusion rights or provisions that are more generous to the applicant than the health insurer would be required to provide under KRS 304.17A-200, 304.17A-210, 304.17A-220, 304.17A.230, and 304.17A-240.

(6) Insurance agents licensed under this chapter who present for sale any health benefit plan in the individual or small group markets to a prospective applicant shall also inform that person of the existence of the standard benefit plan in the same form of coverages offered by the same insurer.

(7) (a) A benefits comparison shall be delivered to a prospective applicant for any health insurance coverage in the individual or small group markets at the time of initial solicitation through means that prominently direct the attention of the prospective applicant to the document and its purpose.

1. The commissioner shall prescribe a standard format, including style, arrangement, and overall appearance, and the content of a benefits comparison.

2. In the case of agent solicitations, an agent shall deliver the benefits comparison to the prospective applicant prior to the presentation of an application or enrollment form.

3. In the case of direct response solicitations, the benefits comparison shall be presented in conjunction with any application or enrollment form.

(b) The benefits comparison given to a prospective applicant shall include:

1. A description of the principal benefits and coverage provided in the standard health benefit plan offered under this section, and the health benefit policy being offered to the prospective applicant;

2. A statement of the principal exclusions, reductions, and limitations contained in the standard health benefit plan offered under this section, and the health benefit plan being offered to the prospective applicant; and

3. A chart providing a direct comparison of the insurer's premium rate for the standard health benefit plan offered under this section, and the health benefit policy being offered to the prospective applicant.

(c) At the time of the execution of an application for any health benefit plan, the prospective applicant shall sign a statement contained in or accompanying the application, which shall remain on file with the health insurer for five (5) years, indicating that the insured has been provided with and understands the benefits comparison required by this subsection.

(d) As used in this subsection and in subsection (6) of this section, the term "prospective applicant" refers only to a natural person who is a resident of the Commonwealth and who is purchasing health insurance coverage in the individual market providing benefits to that person, that person's spouse, or that person's children. It does not include an employer or representative of an employer who is considering health insurance coverage that would provide benefits to employees and their families.

(8) All health benefit plans shall cover hospice care at least equal to the Medicare benefits.

(9) All health benefit plans shall coordinate benefits with other health benefit plans in accordance with the guidelines for coordination of benefits prescribed by the commissioner as provided in KRS 304.18-085.

(10) Every health insurer of any kind, nonprofit hospital, medical-surgical, dental and health service corporation, health maintenance organization, or provider-sponsored health delivery network that issues or delivers an insurance policy in this state that directs or gives any incentives to insureds to obtain health care services from certain health care providers shall not imply or otherwise represent that a health care provider is a participant in or an affiliate of an approved or selected provider network unless the health care provider has agreed in writing to the representation or there is a written contract between the health care provider and the insurer or an agreement by the provider to abide by the terms for participation established by the insurer. This requirement to have written contracts shall apply whenever an insurer includes a health care provider as a part of a preferred provider network or otherwise selects, lists, or approves certain health care providers for use by the insurer's insureds. The obligation set forth in this section for an insurer to have written contracts with providers selected for use by the insurer shall not apply to emergency or out-of-area services.

(11) A self-insured plan may select any third party administrator licensed under KRS 304.9-052 to adjust or settle claims for

persons covered under the self-insured plan.

(12) Any health insurer that fails to issue a premium rate quote to an individual within thirty (30) days of receiving a completed application request for the quote shall be required to issue coverage to that individual and shall not impose any pre-existing conditions exclusion on that individual with respect to the coverage. Each health insurer offering individual health insurance coverage in the individual market in the Commonwealth that refuses to issue a health benefit plan to an insured with a high-cost condition shall provide the individual with a denial letter within twenty (20) working days ***after the completion of underwriting***~~[of the request for coverage]~~. The letter shall include the name and title of the person making the decision, a statement setting forth the specific high-cost condition that is the basis for refusing to issue a policy, a description of the Guaranteed Acceptance Program, and the name and the telephone number of a contact person who can provide additional information about the Guaranteed Acceptance Program.

(13) If a standard health benefit plan covers services that the plan's insureds lawfully obtain from health departments established under KRS Chapter 212, the health insurer shall pay the plan's established rate for those services to the health department.

(14) No individually insured person shall be required to replace an individual policy with group coverage on becoming eligible for group coverage that is not provided by an employer. In a situation where a person holding individual coverage is offered or becomes eligible for group coverage not provided by an employer, the person holding the individual coverage shall have the option of remaining individually insured, as the policyholder may decide. This shall apply in any such situation that may arise through an association, an affiliated group, the Kentucky state employee health insurance plan, or any other entity.

Section 4. KRS 304.17A-510 is amended to read as follows:

(1) In addition to the disclosure requirements provided in KRS 304.17A-505, an insurer that offers a managed care plan shall disclose to an enrollee, in writing, in a manner consistent with KRS 304.14-420 to 304.14-450, the following information at the time of enrollment and upon request:

(a) A current participating provider directory providing information on a covered person's access to primary care health care providers, including available participating health care providers, by provider category or specialty and by county. The directory shall include the professional office address of each participating health care provider. The directory shall also provide information about participating hospitals and other providers. The insurer shall promptly notify each covered person on the termination or withdrawal from the insurer's provider network of the covered person's designated primary care provider;

(b) General information about the type of financial incentives between participating providers under contract with the insurer and other participating health care providers and facilities to which the participating providers refer their managed care patients; and

(b) A current description of its organizational structure and operation.

Section 5. KRS 304.17A-525 is amended to read as follows:

(1) Insurers ***that offer managed care plans*** shall establish relevant, objective standards for initial consideration of providers and for providers to continue as a participating provider in the plan. Standards shall be reasonably related to services provided. Selection or participation standards based on the economics or capacity of a provider's practice shall be adjusted to account for case mix, severity of illness, patient age and other features that may account for higher-than- or lower-than-expected costs. All data profiling or other data analysis pertaining to participating providers shall be done in a manner which is valid and reasonable. Plans shall not use criteria that would allow an insurer to avoid high-risk populations by excluding providers because they are located in geographic areas that contain populations or providers presenting a risk of higher-than-average claims, losses, or health services utilization or that would exclude providers because they treat or specialize in treating populations presenting a risk of higher-than-average claims, losses, or health services utilization.

(2) Each insurer ***that offers managed care plans*** shall establish mechanisms for soliciting and acting upon applications for provider participation in the plan in a fair and systematic manner. These mechanisms shall, at a minimum, include:

(a) Allowing all providers who desire to apply for participation in the plan an opportunity to apply at any time during the year or, where an insurer does not conduct open continuous provider enrollment, conducting a provider enrollment period at least annually with the date publicized to providers located in the geographic service area of the plan at least thirty (30) days in advance of the enrollment periods; and

(b) Making criteria for provider participation in the plan available to all applicants.

(3) If a managed care plan terminates the participation of an enrollee's primary care provider, the plan shall provide notice to the enrollee and arrange for the enrollee's continuity of care with an approved primary care provider.

(4) An insurer that offers a managed care plan shall establish a policy governing the removal of and withdrawal by health care providers from the provider network that includes the following:

(a) The insurer shall inform a participating health care provider of the insurer's removal and withdrawal policy at the time the insurer contracts with the health care provider to participate in the provider network, and when changed thereafter;

(b) If a participating health care provider's participation will be terminated or withdrawn prior to the date of the termination of the contract as a result of a professional review action, the insurer and participating health care provider shall comply with the standards in 42 U.S.C. sec. 11112; and

(c) If the insurer finds that a health care provider represents an imminent danger to an individual patient or to the public health, safety, or welfare, the medical director shall promptly notify the appropriate professional state licensing board.

Section 6. KRS 304.17A-535 is amended to read as follows:

(1) A managed care plan ***that utilizes a drug formulary*** shall include a drug utilization review program, the primary emphasis of which shall be to enhance quality of care for enrollees by assuring appropriate drug therapy within the health care provider's legally authorized scope of practice, that includes the following:

(a) Retrospective review of prescription drugs furnished to enrollees;

(b) Education of health care providers and enrollees regarding the appropriate use of prescription drugs; and

(c) Ongoing periodic examination of data on outpatient prescription drugs to ensure quality therapeutic outcomes for enrollees.

(2) The drug utilization review program shall utilize the following to effectuate the purposes of subsection (1) of this section:

(b) Nonproprietary criteria and standards developed and revised through input from participating health care providers;

(d) Measures to ensure the confidentiality of the relationship between an enrollee and a health care provider.

(3) When, in the professional opinion of a provider with prescriptive authority, the provider determines that generic substitution of a pharmaceutical product is medically inappropriate, the provider shall prescribe the pharmaceutical product the provider determines medically appropriate with the indication "Do Not Substitute," and no substitution shall be made without the provider's approval.

Section 7. KRS 304.17A-550 is amended to read as follows:

(1) An insurer that offers a managed care plan shall offer a benefit plan with out-of-network benefits to every contract holder that would allow a covered person to receive covered services from out-of-network health care providers without having to obtain a referral. The plan with out-of-network benefits may require that an enrollee pre-certify selected services and pay a higher deductible, copayment, coinsurance, excess charges and higher premium for the out-of-network benefit plan pursuant to limits established by administrative regulations promulgated by the department.

(2) An insurer ***that offers a managed care plan*** shall provide each enrollee in a plan whose employer group elects the benefit plan with out-of-network benefits, with the opportunity at the time of enrollment and during the annual open enrollment period, to enroll in the out-of-network option. The insurer and employer group shall provide written notice of the benefit plan with out-of-network benefits to each enrollee in a plan whose employer group elects the benefit plan with out-of-network benefits and shall include in that notice a detailed explanation of the financial costs to be incurred by an enrollee who selects the plan.

(3) The requirement of this section shall not apply to an insurer contract which offers a managed care plan that provides health care services solely to Medicaid or Medicare recipients.

Every cause of action for damages under this subsection survives the death of any person who might have been a plaintiff or defendant. HJR 121, A JOINT RESOLUTION requesting the United States Drug Enforcement Administration to revise federal policy to allow state regulated development of industrial hemp production and processing.

WHEREAS, the financial health of Kentucky's agricultural community has been weakened by declining sales of the state's foremost cash crop, tobacco; and

WHEREAS, while tobacco will remain an important crop for Kentucky farmers, nevertheless, agricultural leaders have been diligent in exploring other farm crops that hold promise for Kentucky producers; and

WHEREAS, industrial hemp shows promise as a cash crop because of Kentucky's climate, soil conditions, farm expertise, and past experience in growing the crop; and

WHEREAS, present federal regulations written to stop the growing of marijuana make research into the development of industrial hemp production and processing prohibitively expensive and growing industrial hemp outside of the federal regulatory program illegal; and

WHEREAS, the Commonwealth, with the assistance of the United States Department of Agriculture, could regulate the production and processing of industrial hemp in a less restrictive way yet meet the concerns of drug enforcement agencies;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

The Education Professional Standards Board shall determine the minimum acceptable level of achievement on each assessment. The assessments shall measure those concepts, ideas, and facts which are being taught in teacher education programs in Kentucky.

(a) New teachers shall be issued a statement of eligibility for five (5) years upon successful completion of the assessments and the approved teacher preparation program***. Upon securing employment in the new teacher's preparation area***, a ***professional*** certificate valid for one (1) year shall be issued.

(b) Out-of-state teachers with less than five (5) years of experience who have not taken the required assessments shall be given a one (1) year provisional certificate and shall complete the assessments within that year. Upon successful completion of the assessments, and any internship requirements set forth in subsection (5) of this section a regular professional certificate shall be issued. Out-of-state teachers with certification to teach exceptional children shall not be subject to the provisions of this paragraph, but shall comply with the requirements in KRS 161.048 (7).

(c) Teachers seeking additional certification shall be issued a regular certificate upon completion of the appropriate assessments and any other requirements set forth in administrative regulation[~~If an out-of-state teacher with less than two (2) years experience comes to Kentucky after the deadline for taking the assessments, a temporary certificate may be issued for a period up to six (6) months provided the local board cannot fill the vacant position with a certified teacher. The teacher shall take the assessments if they are administered during the period of the temporary certificate. The certificate shall be extended for the remainder of the year if the teacher successfully completes the assessments. If the teacher fails the assessments, the temporary certificate shall be valid only for the current semester~~].

(4) A reasonable fee to be paid by the teacher and directly related to the actual cost of the administration of the assessments shall be established by the Education Professional Standards Board. Provisions shall be made for persons having less than minimum levels of performance on any assessment to repeat that assessment, and candidates shall be informed of their strengths and weaknesses in the specific performance areas. The ***Education Professional Standards Board***[~~Department of Education~~] shall provide for confidentiality of the individual assessment scores. Scores shall be available only to the candidate and to the education officials who are responsible for determining whether established certification standards have been met. Scores shall be used only in the assessment for certification ***purposes as defined in this section***[~~of new teachers and of out-of-state teachers with less than two (2) years of teaching experience who are seeking initial certification in Kentucky~~].

(5) All new teachers and out-of-state teachers with less than two (2) years of successful teaching experience who are seeking initial certification in Kentucky shall serve a one (1) year internship. The teacher shall be a full-time employee or shall have an annual contract and serve on at least a half-time basis and shall have supervision, assistance, and assessment during the one (1) year internship. The internship ***shall***[~~may~~] be served in a public school or a nonpublic school which meets the state performance standards as established in KRS 156.160 or which has been accredited by a regional or national accrediting association. Successful completion shall be determined by a majority vote of the beginning teacher committee. The internship period shall be counted as experience for the purpose of continuing contract status, retirement eligibility, and benefits for single salary experience increments. Upon successful completion of the beginning teacher program, the one (1) year initial teaching certificate shall be extended for the remainder of the usual duration period established for that particular certificate by Education Professional Standards Board administrative regulations.

(6) The beginning teacher committee shall be composed of three (3) persons who have successfully completed special training in the supervision and assessment of the performance of beginning teachers as provided in subsection (8) of this section. The committee shall consist of a resource teacher, the school principal of the school where the internship is served, and a

teacher educator appointed by a state-approved teacher training institution.

(a) If more than two (2) teacher interns are employed in the same school, the principal's responsibility may be shared with an assistant principal who holds certification as a principal.

(b) In unusual situations, the Education Professional Standards Board may permit the assistant principal to serve in lieu of the principal on a beginning teacher committee.

(c) If the teacher training institution is unable to provide a member, the district superintendent shall appoint an instructional supervisor from the school district.

(d) If the intern is teaching in a regionally or nationally accredited nonpublic school ***which has met the state performance standards, established in KRS 156.160, but the school is*** without a principal, the person filling the principal member position may have other appropriate qualifications as required by administrative regulations promulgated by the Education Professional Standards Board.

(e) If the teacher training institution is unable to provide a member to serve on the beginning teacher committee in a nonpublic school, the chief officer of the school shall appoint an instructional supervisor or a teacher with like qualifications and responsibilities to serve on the beginning teacher committee in lieu of the teacher educator.

(f) The resource teacher shall be appointed by the ***Education Professional Standards Board***[~~Department of Education~~] from a pool of qualified resource teachers, and, any statutes to the contrary notwithstanding and to the extent of available appropriations, shall be entitled to be paid a reasonable stipend by the ***Education Professional Standards Board***[~~Department of Education~~] for work done outside normal working hours. In the case of a resource teacher in a nonpublic school, payment shall be made directly to the resource teacher by the ***Education Professional Standards Board***[~~Department of Education~~]. Priority shall be given to resource teachers in the following order:

1. Teachers with the same certification in the same school;
2. Teachers with the same certification in the same district;
3. Teachers in the same school;
4. Teachers in the same district; and
5. Teachers in an adjacent school district.

(g) The committee shall meet with the beginning teacher a minimum of three (3) times per year for evaluation and recommendation with all committee members present. In addition, each member of the committee shall observe the beginning teacher in the classroom a minimum of three (3) times per year. If the teacher's first year performance is judged by the committee to be less than satisfactory, the teacher shall be provided with an opportunity to repeat the internship one (1) time if the teacher is employed by a school district. ***A teacher intern may appeal a decision by the beginning teacher committee to the Education Professional Standards Board.***

(h) University and college faculty members in the colleges, schools, and departments of education who are responsible for the training of teachers and administrators shall serve on a beginning teacher committee or principal internship committee as defined in KRS 161.027 at least once within each accreditation cycle.

(i) A principal or assistant principal shall have successfully completed the principal internship program required in KRS 161.027 to be eligible for assignment to a beginning teacher committee. If the principal and assistant principal of the school where the internship is served do not meet this criterion, then the Education Professional Standards Board may assign another certified school employee within the same district who holds an administrative credential and who has completed the training set forth in subsection (8) of this section to serve in lieu of the school principal on the beginning teacher committee.

(7) The resource teacher shall spend a minimum of seventy (70) hours working with the beginning teacher; twenty (20) of these hours shall be in the classroom setting; fifty (50) of these hours shall be in consultation other than class time or attending assessment meetings. The resource teacher shall have completed at least four (4) years of successful teaching experience as attested to by his or her immediate supervisor or by having achieved tenure and be able to show evidence of continuing professional development by having achieved a master's degree or its equivalent or the accumulation of two thousand (2,000) hours of continuing professional activities.

(8) By contract with teacher education institutions in the Commonwealth, ***Education Professional Standards Board***[~~the chief state school officer~~] shall provide special training for persons who will be serving on the beginning teacher committees. Completion of special training shall be evidenced by successfully passing the assessments as prescribed by the Education Professional Standards Board. A principal[~~ hired after July 15, 1996,~~] shall be required to complete the beginning teacher committee training program within one (1) year after his ***or her*** appointment.

(9) If an applicant establishes eligibility for a one (1) year certificate under the provisions of subsection (3) of this section, but does not become employed on the basis needed to satisfy the one (1) year internship requirement, the applicant shall be eligible for the issuance of a certificate for substitute teaching as provided by the administrative regulations of the Education Professional Standards Board. The applicant shall remain eligible for the one (1) year certificate, as provided in

subsection (3) of this section, and for the opportunity to serve the internship for a period of five (5) years after establishing eligibility. If the internship is not completed within the five (5) year period, the applicant must reestablish eligibility by repeating and passing the assessment program in effect for new teachers at that time or by completing a minimum of six (6) graduate hours toward completion of a graduate program required by administrative regulations promulgated by the Education Professional Standards Board. The option for renewal through completion of graduate hours shall be available only for the first reestablishment of eligibility.

(10) The Education Professional Standards Board shall approve the curricula of any ~~[standard]~~college or university, or of any department thereof, for the training of teachers, and shall also approve the curricula of any local district alternative certification program, when the curricula comply with the administrative regulations of the Education Professional Standards Board for the issuance of certificates and when the institution has met the terms and conditions provided in KRS 161.010 to 161.120. Any student who has completed any of these curricula, as approved by the Education Professional Standards Board, and who has completed the prescribed requirements for the issuance of certificates shall be granted a certificate corresponding to the curricula completed.

Section 2. KRS 161.042 is amended to read as follows:

(1) The Kentucky Board of Education shall provide through administrative regulation for the utilization of the common schools for the preparation of teacher education students from the colleges and universities.

(3) A supervising teacher shall have professional competencies as set out in administrative regulations promulgated by the Education Professional Standards Board. If obtainment of a degree above the baccalaureate level is required of supervising teachers, the Education Professional Standards Board shall waive the requirement for teachers who have at least twenty (20) years of teaching experience and who have worked as a supervising teacher during the past five (5) years.

(4) A student teacher who is jointly assigned under agreement by a teacher education institution and a local board of education shall have the same legal status and protection as a ***certified***~~[certificated]~~ teacher employed within the school district and shall be responsible to the administrative staff of the school district and the supervising teacher to whom he is assigned. ***A student teacher shall be knowledgeable of and held accountable for his or her actions under the teacher code of ethics.***

(5) Teacher education students, other than student teachers, may be permitted through cooperative agreements between the local school district and the teacher education institution, to engage in supplementary instructional activities with pupils under the direction and supervision of the professional administrative and teaching staff of the school district.

HB 278, AN ACT relating to military burial honors, making an appropriation therefor, and declaring an emergency.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 36 IS CREATED TO READ AS FOLLOWS:

(1) The Commonwealth of Kentucky recognizes the need to provide for honorable burials for Kentuckians who have served their state and nation in the Armed Forces. Historically these burial services have been conducted by the active military units in Kentucky, the Kentucky National Guard, the military reserves, and the veterans' service organizations. However, increasing death rates, declining military resources, and an aging membership of veterans' service organizations present the need for new initiatives in support of military burial honors.

(2) To correct this situation, and recognizing the immediate need, the Department of Military Affairs shall oversee a military burial honors program, in coordination with the Department of Veterans' Affairs, on behalf of the Commonwealth of Kentucky.

(3) The Department of Military Affairs, in consultation with and as a supplement to the Department of Defense, active United States military commands in Kentucky, the Department of Veterans Affairs, the military reserves, and veterans service organizations, shall implement and administer the provisions of Sections 1 to 4 of this Act through the promulgation of administrative regulations. These regulations shall be in accordance with the provisions of KRS Chapter 13A and shall comply with and supplement the Department of Defense and the Armed Services' guidance.

SECTION 2. A NEW SECTION OF KRS CHAPTER 36 IS CREATED TO READ AS FOLLOWS:

(1) There is established and created in the State Treasury a fund entitled the "Burial Honor Guard Trust Fund" to provide funds to offset the costs of the burial honor guard program. The fund may receive state appropriations, gifts, grants, federal funds, and any other funds both public and private. Moneys deposited in the fund shall be disbursed by the State Treasurer upon the warrant of the Adjutant General or his representative. Any unallocated or unencumbered balances in the fund shall be invested as provided in KRS 42.500(9), and any income earned from the investments along with the unallotted or unencumbered balances in the fund shall not lapse, and shall be deemed a trust and agency account and made available solely for the purposes and benefits of the burial honor guard program.

(2) The fund shall be used to support the costs, beyond federal reimbursements, that the Department of Military Affairs and the Department of Veterans Affairs incur and deem necessary in providing and supporting the personnel and activities of Sections 1 to 4 of this Act.

SECTION 3. A NEW SECTION OF KRS CHAPTER 36 IS CREATED TO READ AS FOLLOWS:

(1) The Department of Military Affairs shall promulgate administrative regulations to implement the burial honor guard program.

(2) The Department of Military Affairs shall coordinate military burial honors for those who are determined to be eligible by federal and state regulations.

(3) The Department of Veterans Affairs shall coordinate the burial honors program with veterans' service organizations, Kentucky veterans and their dependents, and the United States. Department of Veterans Affairs in support of the Department of Military Affairs.

SECTION 4. A NEW SECTION OF KRS CHAPTER 36 IS CREATED TO READ AS FOLLOWS:

(1) Recognizing the participation of secondary school students in the military burial honor program, excused absences may be granted by local school boards to students of secondary school JROTC programs or other students who participate in the burial honor guard program. This includes time spent training, traveling, and participating in the burial honor guard program.

(2) Local school boards may also adopt a policy to allow students to participate in the military burial honor guard program

as a part of the instructional program.

SECTION 5. A NEW SECTION OF KRS CHAPTER 158 IS CREATED TO READ AS FOLLOWS:

(1) An excused absence may be granted, subject to approval by the local school board, to all students of Kentucky secondary schools who participate in the burial honor guard program, as set out in Sections 1 to 4 of this Act. Most likely these would be students already participating in JROTC, drum corps, or other military programs, however, the burial honor guard program is not limited to these students. This excused absence should include time spent training, traveling, and participating in the burial honor guard program.

(2) The local school board may also adopt a policy to allow students to participate in the military burial honor guard program as a part of the instructional program.

(3) This policy of either excused absences or including burial honor guard program participation as a part of the instructional program shall not in any way penalize the local school district.

Section 6. There is appropriated from the general fund for each of fiscal years 2001 and 2002 the sum of fifty thousand dollars ($50,000) to the Burial Honor Guard Trust Fund established in Section 2 of this Act.

Section 7. This Act takes effect July 1, 2000.

HB 388, AN ACT relating to property tax.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 132.820 is amended to read as follows:

(1) The cabinet shall value and assess unmined coal, oil, and gas reserves, and any other mineral or energy resources which are owned, leased, or otherwise controlled separately from the surface real property at no more than fair market value in place, considering all relevant circumstances. Unmined coal, oil, and gas reserves and other mineral or energy resources shall~~[in all cases]~~ be valued and assessed by the Revenue Cabinet as a distinct interest in real property, separate and apart from the surface real estate *except as provided in Section 2 of this Act*.

(2) Each owner or lessee of property assessed under subsection (1) of this section shall annually, between January 1 and April 15, file a return with the cabinet in a form as the cabinet may prescribe. Other individuals or corporations having knowledge of the property defined in subsection (1) of this section gained through contracting, extracting, or similar means may also be required by the cabinet to file a return.

(3) Any property subject to assessment by the cabinet under subsection (1) of this section which has not been listed for taxation, for any year in which it is taxable, by April 15 of that year shall be omitted property.

(4) After the valuation of unmined minerals or other energy sources has been finally fixed by the cabinet, the cabinet shall certify to the county clerk of each county the amount liable for county, city, or district taxation. The report shall be filed by the county clerk in his office, and shall be certified by the county clerk to the proper collecting officer of the county, city, or taxing district for collection.

(5) The notification, protest, and appeal of assessments under subsection (1) of this section shall be made pursuant to the provisions of KRS Chapter 131.

(6) No appeal shall delay the collection or payment of taxes based upon the assessment in controversy. The taxpayer shall pay all state, county, and district taxes due on the valuation which the taxpayer claims as the true value as stated in the protest filed under KRS 131.110. When the valuation is finally determined upon appeal, the taxpayer shall be billed for any additional tax and interest at the tax interest rate as defined in KRS 131.010(6), from the date the tax would have become due if no appeal had been taken. The provisions of KRS 134.390 shall apply to the tax bill.

(7) The collection of tax bills generated from the assessments made under subsection (1) of this section shall be made pursuant to the provisions of KRS Chapter 134.

SECTION 2. A NEW SECTION OF KRS CHAPTER 132 IS CREATED TO READ AS FOLLOWS:

(1) If the requirements of subsection (2) of this section are met, the cabinet shall not assess unmined minerals and other energy resources as a distinct interest in real property, separate and apart from the surface real estate. The property valuation administrator shall assess the surface at its agricultural or horticultural value and any unmined minerals and other energy resources shall be considered as a value in excess of the agricultural or horticultural use as provided in KRS 132.450(2)(d).

(2) Unmined minerals and other energy resources within or beneath parcels of real estate classified as agricultural or horticultural, as defined in Section 3 of this Act, that are not being extracted shall be included as a part of the surface real estate and shall be subject to assessment by the property valuation administrator if the surface real estate and the unmined mineral or other energy resource are owned by the same taxpayer.

(3) Notwithstanding the provisions of this section to the contrary, any leasehold interest in unmined minerals and other energy resources shall be assessed by the cabinet as a distinct interest in real property separate and apart from the surface real property interest, against the owner of the leasehold interest.

Section 3. KRS 132.010 is amended to read as follows:

As used in this chapter, unless the context otherwise requires:

(1) "Cabinet" means the Revenue Cabinet.

(2) "Taxpayer" means any person made liable by law to file a return or pay a tax.

(3) "Real property" includes all lands within this state and improvements thereon.

(4) "Personal property" includes every species and character of property, tangible and intangible, other than real property.

(5) "Resident" means any person who has taken up a place of abode within this state with the intention of continuing to abide in this state; any person who has had his actual or habitual place of abode in this state for the larger portion of the twelve (12) months next preceding the date as of which an assessment is due to be made shall be deemed to have intended to become a resident of this state.

(6) "Compensating tax rate" means that rate which, rounded to the next higher one-tenth of one cent ($0.001) per one hundred dollars ($100) of assessed value and applied to the current year's assessment of the property subject to taxation by a taxing district, excluding new property and personal property, produces an amount of revenue approximately equal to that produced in the preceding year from real property. However, in no event shall the compensating tax rate be a rate which, when applied to the total current year assessment of all classes of taxable property, produces an amount of revenue less than was produced in the preceding year from all classes of taxable property. For purposes of this subsection, "property subject to taxation" means the total fair cash value of all property subject to full local rates, less the total valuation exempted from taxation by the homestead exemption provision of the Constitution and the difference between the fair cash value and agricultural or horticultural value of agricultural or horticultural land.

(7) "Net assessment growth" means the difference between:

  (a) The total valuation of property subject to taxation by the county, city, school district, or special district in the preceding year, less the total valuation exempted from taxation by the homestead exemption provision of the Constitution in the current year over that exempted in the preceding year, and

  (b) The total valuation of property subject to taxation by the county, city, school district, or special district for the current year.

(8) "New property" means the net difference in taxable value between real property additions and deletions to the property tax roll for the current year. "Real property additions" shall mean:

  (a) Property annexed or incorporated by a municipal corporation, or any other taxing jurisdiction; however, this definition shall not apply to property acquired through the merger or consolidation of school districts, or the transfer of property from one (1) school district to another;

  (b) Property, the ownership of which has been transferred from a tax-exempt entity to a nontax-exempt entity;

  (c) The value of improvements to existing nonresidential property;

  (d) The value of new residential improvements to property;

  (e) The value of improvements to existing residential property when the improvement increases the assessed value of the property by fifty percent (50%) or more;

  (f) Property created by the subdivision of unimproved property, provided, that when such property is reclassified from farm to subdivision by the property valuation administrator, the value of such property as a farm shall be a deletion from that category;

  (g) Property exempt from taxation, as an inducement for industrial or business use, at the expiration of its tax exempt status;

  (h) Property, the tax rate of which will change, according to the provisions of KRS 82.085, to reflect additional urban services to be provided by the taxing jurisdiction, provided, however, that such property shall be considered "real property additions" only in proportion to the additional urban services to be provided to the property over the urban services previously provided; and

  (i) The value of improvements to real property previously under assessment moratorium.

"Real property deletions" shall be limited to the value of real property removed from, or reduced over the preceding year on, the property tax roll for the current year.

(9) "Agricultural land" means any tract of land, including all income-producing improvements, of at least ten (10) contiguous acres in area used for the production of livestock, livestock products, poultry, poultry products and/or the growing of tobacco and/or other crops including timber, or where devoted to and meeting the requirements and qualifications for payments pursuant to agriculture programs under an agreement with the state or federal government. ***Agricultural land shall include only the surface real estate if the mineral or energy resource rights have been severed. Agricultural land shall include both the surface real estate and the mineral or energy resources if the mineral or energy resource rights have not been severed and if the value of the mineral or energy resources is less than the value of the surface for agricultural use. Agricultural land shall include only the surface real estate if the mineral or energy resource rights***

have not been severed and if the value of the mineral or energy resources is greater than the value of the surface for agricultural use. However, in no case shall agricultural land include leasehold interests in mineral and energy resources.

(10) "Horticultural land" means any tract of land, including all income-producing improvements, of at least five (5) contiguous acres in area commercially used for the cultivation of a garden, orchard, or the raising of fruits or nuts, vegetables, flowers, or ornamental plants.

(11) "Agricultural or horticultural value" means the use value of "agricultural or horticultural land" based upon income-producing capability and comparable sales of farmland purchased for farm purposes where the price is indicative of farm use value, ***excluding the value of any unmined minerals and other energy resources if the conditions established by Section 2 of this Act are met, and*** excluding sales representing purchases for farm expansion, better accessibility, and other factors which inflate the purchase price beyond farm use value, if any, considering the following factors as they affect a taxable unit:

- (a) Relative percentages of tillable land, pasture land, and woodland;
- (b) Degree of productivity of the soil;
- (c) Risk of flooding;
- (d) Improvements to and on the land that relate to the production of income;
- (e) Row crop capability including allotted crops other than tobacco;
- (f) Accessibility to all-weather roads and markets; and
- (g) Factors which affect the general agricultural or horticultural economy, such as: interest, price of farm products, cost of farm materials and supplies, labor, or any economic factor which would affect net farm income.

(12) "Deferred tax" means the difference in the tax based on agricultural or horticultural value and the tax based on fair cash value.

(13) "Homestead" means real property maintained as the permanent residence of the owner with all land and improvements adjoining and contiguous thereto including, but not limited to, lawns, drives, flower or vegetable gardens, outbuildings, and all other land connected thereto.

(14) "Residential unit" means all or that part of real property occupied as the permanent residence of the owner.

(15) "Special benefits" are those which are provided by public works not financed through the general tax levy but through special assessments against the benefited property.

(16) "Mobile home" means a structure, transportable in one (1) or more sections, which when erected on site measures eight (8) body feet or more in width and thirty-two (32) body feet or more in length, and which is built on a permanent chassis and designed to be used as a dwelling, with or without a permanent foundation, when connected to the required utilities, and includes the plumbing, heating, air-conditioning, and electrical systems contained therein. It may be used as a place of residence, business, profession, or trade by the owner, lessee, or their assigns and may consist of one (1) or more units that can be attached or joined together to comprise an integral unit or condominium structure.

The provisions of[~~ paragraphs (a) and (b) of~~] this subsection shall not apply to information provided regarding the established geographic service area of an insurer.

(2) It is an unfair trade practice for an insurer to compensate an agent, broker, or any other person in the business of marketing and selling health plans on the basis of the health status, claims experience, industry, occupation, or geographic location of the insured or prospective insured***, except as provided in Sections 1 to 16 of this Act***.

(3) It shall constitute an unfair trade practice for any insurer, insurance agent, or third-party administrator to refer an individual employee to the Kentucky guaranteed acceptance program ***or to Kentucky access,*** or to arrange for an individual employee to apply to ***either***[~~that~~] plan, for the purpose of separating an employee from group health insurance coverage provided in connection with the individual's employment.

(4) It is an unfair trade practice for an insurer not to compute an insured's coinsurance or cost sharing on the basis of the amount actually received by a health-care provider from the insurer.

(5) The commissioner may suspend or revoke, after notice and hearing, the certificate of authority to transact insurance in this state of any insurer that fails to pay an assessment under KRS 304.17A-470. As an alternative, the commissioner may levy a civil penalty on any member insurer that fails to pay the assessment when due. The civil penalty shall not exceed five percent (5%) of the unpaid assessment per month, but no civil penalty shall be less than one hundred dollars ($100) per month.

(6) The remedy provided by KRS 304.12-120 shall be available for conduct proscribed by this section.

Section 21. KRS 304.17A-250 is amended to read as follows:

(1) The commissioner shall, by administrative regulations promulgated under KRS Chapter 13A, define one (1) standard health benefit plan that shall provide health insurance coverage in the individual and small group markets after June 30, 1998. As a condition of doing business in the[~~ individual or~~] small group market in the Commonwealth, the health insurer shall offer the standard health benefit plan, but the extent to which the standard health benefit plan shall be offered on a guaranteed issue basis shall only be as provided in KRS 304.17A-200[~~ and 304.17A-210~~]. ***As a condition of doing business in the individual market on or after October 1, 2000, a health insurer shall offer the standard health benefit plan.*** Except as may be necessary to coordinate with changes in federal law, the commissioner shall not alter, amend, or replace the standard health benefit plan more frequently than annually. Initially, the standard health benefit plan shall be the standard high plan in effect on April 10, 1998.

(2) The standard health benefit plan shall be available in at least one (1) of these four (4) forms of coverage:

(a) A fee-for-service product type;

(b) A health maintenance organization type;

(c) A point-of-service type; and

(d) A preferred provider organization type.

(3) The standard health benefit plan shall be defined so that it meets the requirements of KRS 304.17A-430 for inclusion in calculating assessments and refunds under the guaranteed acceptance program.

(4) Any health insurer who elects to offer health insurance policies in the individual or small group markets in this state shall, as a condition of offering health benefit plans in this state after June 30, 1998, offer and issue the standard health benefit plan in the individual or small group markets in each and every form of coverage that the health insurer offers to sell.

(5) Nothing in this section shall be construed:

(a) To require a health insurer to offer a standard health benefit plan in a form of coverage that the health insurer has not selected;

(b) To prohibit a health insurer from offering other health benefit plans in the individual or small group markets in addition to the standard health benefit plan; or

(c) To require that a standard health benefit plan have guaranteed issue, renewability, or pre-existing condition exclusion rights or provisions that are more generous to the applicant than the health insurer would be required to provide under KRS 304.17A-200, 304.17A-210, 304.17A-220, 304.17A.230, and 304.17A-240.

(6) Insurance agents licensed under this chapter who present for sale any health benefit plan in the individual or small group markets to a prospective applicant shall also inform that person of the existence of the standard benefit plan in the same form of coverages offered by the same insurer.

(7) (a) A benefits comparison shall be delivered to a prospective applicant for any health insurance coverage in the individual or small group markets at the time of initial solicitation through means that prominently direct the attention of the prospective applicant to the document and its purpose.

1. The commissioner shall prescribe a standard format, including style, arrangement, and overall appearance, and the content of a benefits comparison.

2. In the case of agent solicitations, an agent shall deliver the benefits comparison to the prospective applicant prior to the presentation of an application or enrollment form.

3. In the case of direct response solicitations, the benefits comparison shall be presented in conjunction with any application or enrollment form.

(b) The benefits comparison given to a prospective applicant shall include:

1. A description of the principal benefits and coverage provided in the standard health benefit plan offered under this section, and the health benefit policy being offered to the prospective applicant;

2. A statement of the principal exclusions, reductions, and limitations contained in the standard health benefit plan offered under this section, and the health benefit plan being offered to the prospective applicant; and

3. A chart providing a direct comparison of the insurer's premium rate for the standard health benefit plan offered under this section, and the health benefit policy being offered to the prospective applicant.

(c) At the time of the execution of an application for any health benefit plan, the prospective applicant shall sign a statement contained in or accompanying the application, which shall remain on file with the health insurer for five (5) years, indicating that the insured has been provided with and understands the benefits comparison required by this subsection.

(d) As used in this subsection and in subsection (6) of this section, the term "prospective applicant" refers only to a natural person who is a resident of the Commonwealth and who is purchasing health insurance coverage in the individual market providing benefits to that person, that person's spouse, or that person's children. It does not include an employer or representative of an employer who is considering health insurance coverage that would provide benefits to employees and their families.

(8) All health benefit plans shall cover hospice care at least equal to the Medicare benefits.

(9) All health benefit plans shall coordinate benefits with other health benefit plans in accordance with the guidelines for coordination of benefits prescribed by the commissioner as provided in KRS 304.18-085.

(10) Every health insurer of any kind, nonprofit hospital, medical-surgical, dental and health service corporation, health maintenance organization, or provider-sponsored health delivery network that issues or delivers an insurance policy in this state that directs or gives any incentives to insureds to obtain health care services from certain health care providers shall not imply or otherwise represent that a health care provider is a participant in or an affiliate of an approved or selected provider network unless the health care provider has agreed in writing to the representation or there is a written contract between the health care provider and the insurer or an agreement by the provider to abide by the terms for participation established by the insurer. This requirement to have written contracts shall apply whenever an insurer includes a health care provider as a part of a preferred provider network or otherwise selects, lists, or approves certain health care providers for use by the insurer's insureds. The obligation set forth in this section for an insurer to have written contracts with providers selected for use by the insurer shall not apply to emergency or out-of-area services.

(11) A self-insured plan may select any third party administrator licensed under KRS 304.9-052 to adjust or settle claims for persons covered under the self-insured plan.

(12) Any health insurer that fails to issue a premium rate quote to an individual within thirty (30) days of receiving a completed application request for the quote shall be required to issue coverage to that individual and shall not impose any pre-existing conditions exclusion on that individual with respect to the coverage. Each health insurer offering individual health insurance coverage in the individual market in the Commonwealth that refuses to issue a health benefit plan to an ***applicant or*** insured with a high-cost condition shall provide the individual with a denial letter within twenty (20) working days of the request for coverage. The letter shall include the name and title of the person making the decision, a statement setting forth the specific high-cost condition that is the basis for refusing to issue a policy, a description of the Guaranteed Acceptance Program ***until October 1, 2000***, and the name and the telephone number of a contact person who can provide additional information about the Guaranteed Acceptance Program. ***On or after October 1, 2000, the denial letter shall include a description of Kentucky Access and the name and telephone number of a contact person who can provide additional information about Kentucky Access for any reason an insurer refuses to issue a policy.***

(13) If a standard health benefit plan covers services that the plan's insureds lawfully obtain from health departments established under KRS Chapter 212, the health insurer shall pay the plan's established rate for those services to the health department.

(14) No individually insured person shall be required to replace an individual policy with group coverage on becoming eligible for group coverage that is not provided by an employer. In a situation where a person holding individual coverage is offered or becomes eligible for group coverage not provided by an employer, the person holding the individual coverage shall have the option of remaining individually insured, as the policyholder may decide. This shall apply in any such situation that may arise through an association, an affiliated group, the Kentucky state employee health insurance plan, or any other entity.

Section 22. KRS 304.17A-260 is amended to read as follows:

An insurer that, on or after July 15, 1995, until April 10, 1998, issued standard health benefit plans under KRS 304.17A-160 and then ceased doing business in Kentucky may apply to the commissioner on or after ***the effective date of this Act***[~~April 10, 1998~~], until January 1, ***2001***[~~1999~~], for approval to reenter Kentucky, and if the commissioner grants approval the insurer may engage in the health insurance business notwithstanding the provisions of KRS 304.17A-110(1)(d) as it existed on the date the insurer ceased doing business in Kentucky.

Section 23. KRS 304.17A-320 is amended to read as follows:

(5) Under the provisions of KRS 304.48-220, the commissioner may revoke the certificate of filing of any association. A violation of any provision of this section shall be deemed a violation of Subtitle 48 of this chapter for purposes of KRS 304.48-220.

Section 24. KRS 304.17A-080 is amended to read as follows:

(e) Review and discuss other issues at the request of the commissioner.

(4) The advisory council shall be a budgetary unit of the department which shall pay all of the advisory council's necessary operating expenses and shall furnish all office space, personnel, equipment, supplies, and technical or administrative services required by the advisory council in the performance of the functions established in this section.

(5) No less than annually, the Health Insurance Advisory Council shall review the list of high-cost conditions established by the commissioner under KRS 304.17A-005(19)~~[and 304.17A-280]~~ and recommend changes to the commissioner. The commissioner may accept or reject any or all of the recommendations and may make whatever changes by administrative regulation the commissioner deems appropriate. The council, in making recommendations, and the commissioner, in making changes, shall consider, among other things, actual claims and losses on each diagnosis and advances in treatment of high-cost conditions.

(6) For each calendar year that the Kentucky Guaranteed Acceptance Program is operating, every insurer shall report to the commissioner and the Health Insurance Advisory Council, in the form and at the time as the commissioner by administrative regulation may specify, information that the commissioner deems necessary for the council and commissioner to evaluate the list of high-cost conditions as required under this section.

Section 25. KRS 304.17A-095 is amended to read as follows:

(1) Notwithstanding any other provisions of this chapter to the contrary, each insurer that issues, delivers, or renews any health benefit plan shall, before use thereof, file with the commissioner its rates, fees, dues, and other charges paid by insureds, members, enrollees, or subscribers, shall submit a copy of the filing to the Attorney General, and shall comply with the provisions of this section. The insurer shall adhere to its rates, fees, dues, and other charges as filed with the commissioner. The insurer may submit new filings from time to time as it deems proper.

(2) (a) A rate filing under this section may be used by the insurer on and after the date of filing with the commissioner prior to approval by the commissioner. A rate filing shall be approved or disapproved by the commissioner within sixty (60) days after the date of filing. Should sixty (60) days expire after the commissioner receives the filing before approval or disapproval of the filing, the filing shall be deemed approved. The commissioner may hold a hearing within sixty (60) days after receiving a filing containing a rate increase. Not less than thirty (30) days in advance of a hearing held under this section, the commissioner shall notify the Attorney General in writing of the hearing. The Attorney General may participate as a health insurance consumer intervenor and be considered a party to the hearing.

(b) The commissioner shall hold a hearing upon written request, including the reasons for the request, by the Attorney General, provided the request is in accordance with subsection (3) of this section.

(c) The commissioner shall hold a hearing, unless waived by the health insurer, before ordering a retroactive reduction of rates.

(d) The hearing shall be a public hearing conducted in accordance with KRS Chapter 13B.

(e) In the circumstances of a filing that has been deemed approved under paragraph (a) of this subsection, the commissioner shall have the authority to order a retroactive reduction of rates to a reasonable rate if after applying the factors in subsection (3) of this section the commissioner determines that the rates were unreasonable. If the commissioner seeks to order a retroactive reduction of rates and more than one (1) year has passed since the date of the filing, the commissioner shall consider the reasonableness of the rate over the entire period during which the filing has been in effect.

(3) In approving or disapproving a filing under this section, the commissioner shall consider:

(a) Whether the benefits provided are reasonable in relation to the premium or fee charged;

(b) Whether the fees paid to providers for the covered services are reasonable in relation to the premium or fee charged;

(4) The rates for each policyholder shall be guaranteed for twelve (12) months at the rate in effect on the date of issue or date of renewal.

(5) At any time the commissioner, after a public hearing for which at least thirty (30) days' notice has been given, may withdraw approval of rates or fees previously approved under this section and may order an appropriate refund or future premium credit to policyholders, enrollees, and subscribers if the commissioner determines that the rates or fees previously approved are in violation of this chapter.

(6)[~~Each insurer paying a risk assessment under KRS 304.17A-460 may include the amount of the assessment in establishing premium rates filed with the commissioner under this section. The insurer shall identify any assessment allocated.~~

~~(7)~~] The commissioner may by administrative regulation prescribe any additional information related to rates, fees, dues, and other charges as they relate to the factors set out in subsection (3) of this section that he or she deems necessary and relevant to be included in the filings and the form of the filings required by this section.

Section 26. KRS 304.17A-150 is amended to read as follows:

(b) Encourage or direct individuals or groups to seek coverage from another insurer because of the individual's or group's health status, claims experience, industry, occupation, or geographic location; or

(c) Encourage an employer to exclude an employee from coverage.

The provisions of paragraphs (a) and (b) of this subsection shall not apply to information provided regarding the established geographic service area of an insurer.

SECTION 1. A NEW SECTION OF KRS CHAPTER 48 IS CREATED TO READ AS FOLLOWS:

(1) The General Assembly hereby finds and declares that:

(a) Public accountability for funds or other assets recovered in a legal action by or on behalf of the general public, the Commonwealth, or its duly elected statewide public officials is appropriate and required, whether the character of the assets or funds recovered are public or private;

(b) Accountability for assets or funds recovered by statewide elected officials is essential to the public trust, and is even more critical if the Commonwealth or its duly elected or appointed statewide public officials have brought or been a party to the action that resulted in the recovery by virtue of the public office they hold;

(c) Public accountability demands the applicability of the Kentucky Open Records Law, KRS 61.870 to KRS 61.884 and the Kentucky Open Meetings Law, KRS 61.805 to KRS 61.850, so that the actions of individuals or agencies who are charged with the administration of funds or other assets are conducted in full view, and are open to public scrutiny;

(d) The General Assembly acknowledges that the Attorney General of Commonwealth of Kentucky has filed or been a party to actions by virtue of the public office he holds, and has recovered certain assets or funds of approximately forty-five million dollars ($45,000,000), plus interest, for or on behalf of the citizens of the Commonwealth in the cases of Commonwealth of Kentucky, ex. rel., Attorney General, Albert B. Chandler, III vs. Anthem Insurance Companies Inc., Southeastern Group, Inc., Southeastern United Medigroup, Inc. Franklin Circuit Court, Division I, Civil Action No. 97-CI- 01566, and Southeastern United Medigroup, Inc., Southeastern Groups, Inc., and Anthem Insurance Companies, Inc., v. Commonwealth of Kentucky, Department of Insurance, Franklin Circuit Court, Division II, Civil Action no. 97-CI-00405;

(e) The terms of the settlement of those actions referenced in subsection (1)(d) of this section, serve a public purpose and require that the proceeds of settlement be used "to address the unmet health care needs of Kentucky citizens";

(f) In accordance with the terms of the settlement referenced in subsection (1)(d) of this section, a private foundation has been or is to be formed and appointments to that foundation made after receiving recommendations from an advisory board whose appointments will be made from nominees of the Attorney General;

(g) While it may be important that, in certain circumstances, funds or assets received retain their character, identity, and purpose, it is also important that the process by which funds are administered and the individuals named to serve on the advisory board and the foundation in the settlement referenced in subsection (1)(d) of this section be open to public scrutiny; and that any entity so formed should be required to make reports and be accountable to the public; and

(h) The power to appropriate funds for public purposes is solely within the purview of the legislative branch of government, and the General Assembly, as a steward of the budgetary process, shall take steps to assure that future settlements are handled in a manner that assures maximum accountability to the citizens of the Commonwealth and their duly elected legislative representatives:

(2) Therefore, any other provision of the common law or statutory law to the contrary notwithstanding:

(a) The provisions of subsection (3) of this section shall apply to the settlement referenced in subsection (1)(d) of this section, and to the advisory board, corporation, organization, foundation, charitable trust, constructive trust, board, commission or entity, created by court order or otherwise to administer the settlement proceeds to provide for the "unmet health care needs of Kentucky citizens"; and

(b) The provisions of subsection (4) of this section shall apply to any judgment or settlement of any legal action, other than the settlement referenced in subsection (1)(d) of this section, that has been filed or settled after the effective date of this Act, by or on behalf of the Commonwealth of Kentucky, including ex. rel. or other type actions filed by a duly elected statewide constitutional officer in accordance with that officer's statutory or common law authority, where funds or assets of any kind or nature whatsoever have been recovered.

(3) The advisory board, corporation, organization, foundation, charitable trust, constructive trust, board, commission or entity, created by court order or otherwise, in accordance with the settlement outlined in subsection (1)(d) of this section, shall be deemed a quasi governmental organization or entity, and shall:

(a) Be subject to the Kentucky Open Record Act, KRS 61.870 to KRS 61.884, and the Kentucky Open Meetings Act, KRS 61.805 to KRS 61.850;

(b) Be audited on an annual basis by the Auditor of Public Accounts;

(c) Provide any records, documents, written reports, and audits to the Governor, Auditor of Public Accounts, and the Legislative Research Commission, as may be requested;

(d) Provide representatives of the organization or entity to testify before any committee of the General Assembly, when requested, concerning the work and financial condition of the organization or entity;

(e) Submit to the General Assembly for confirmation under KRS 11.160, all appointments to the advisory board, corporation, organization, foundation, charitable trust, constructive trust, board, commission or entity;

(f) Include the Secretary of the Finance and Administration Cabinet and the State Controller as ex-officio, voting members of the board of directors of the advisory board, corporation, organization, foundation, charitable trust, constructive trust, board, commission or entity;

(g) Provide that the Governor shall appoint two (2) additional, at-large, voting members of the board of directors of the advisory board, corporation, organization, foundation, charitable trust, constructive trust, board, commission or entity, and

(h) Provide a written copy of any proposed disbursements of funds or assets to the Co-Chairs of the Interim Joint Committee on Appropriations and Revenue, the Secretary of the Finance and Administration Cabinet, and the State Controller a minimum of ninety (90) days prior to making disbursements:

1. Within forty-five (45) days of receipt of the request for disbursement of funds or assets in accordance with this subsection, the Interim Joint Committee on Appropriations and Revenue may hold a hearing on the proposed disbursements. Representatives of the advisory board, corporation, organization, foundation, charitable trust, constructive trust, board, commission or entity seeking disbursement shall appear, as well as the Secretary of the Finance and Administration Cabinet, and the State Controller, and shall give testimony concerning the proposed disbursement. Following the hearing, the Interim Joint Committee on Appropriations and Revenue shall make findings concerning whether or not the disbursement:

a. Is consistent with the nature, character, and purpose for which the funds were recovered;

b. Is in the best interest of the beneficiaries; or

c. Is in the best interest of the Commonwealth.

A copy of the findings shall be mailed or otherwise delivered to the entity or organization seeking disbursement, the Secretary of the Finance and Administration Cabinet, and the State Controller within ten (10) days of the hearing:

2. If, after hearing, the Interim Joint Committee on Appropriations and Revenue, determines that the disbursement of funds or assets is not consistent with the nature, character, and purpose for which the funds were recovered, is not in the best interest of the beneficiaries, or is not in the best interest of the Commonwealth, the disbursement of the funds or assets shall not be made, unless within thirty (30) days of the receipt of the finding of the Interim Joint Committee on Appropriations and Revenue, the Secretary of the Finance and Administration Cabinet and the State Controller determine, in writing, that the disbursement should be made in spite of the objections of the Interim Joint Committee on Appropriations and Revenue.

3. A copy of the finding in subparagraph 2. of this paragraph shall be mailed immediately to the co-chairs of the Interim Joint Committee on Appropriations and Revenue.

(4) (a) Funds or assets of any kind or nature whatsoever, including but not limited to, public funds as defined in KRS 446.010 and private funds or assets, except as otherwise provided in subsection (6) of this section, when recovered by judgment or settlement of a legal action by or on behalf of the Commonwealth of Kentucky, including ex. rel. or other type actions filed by a duly elected statewide constitutional officer pursuant to that officer's statutory or common law authority, other than the settlement outlined in subsection (1)(d) of this section, shall be deemed public funds, and shall be deposited into an account maintained by the Finance and

Administration Cabinet.

(b) No funds to which this subsection applies when deposited in an account maintained by the Finance and Administration Cabinet shall be disbursed without a specific legislative appropriation of the deposited funds by the General Assembly while in regular or special legislative session.

(5) The common law, including the common law authority of any duly elected statewide public official, is specifically abrogated to the extent it is inconsistent with the provisions of this section.

(6) The provisions of this section shall not apply to actions by or on behalf of the Commonwealth or its duly elected statewide constitutional officers, but only if the recovery sought and received is for specific individuals, identified as parties to the action either by individual social security number, other individual identifying number, or by the individual's proper name.

Section 2. KRS 15.020 is amended to read as follows:

The Attorney General is the chief law officer of the Commonwealth of Kentucky and all of its departments, commissions, agencies, and political subdivisions, and the legal adviser of all state officers, departments, commissions, and agencies, and when requested in writing shall furnish to them his written opinion touching any of their official duties, and shall prepare proper drafts of all instruments of writing required for public use, and shall exercise all common law duties and authority pertaining to the office of the Attorney General under the common law, except when modified by statutory enactment. He shall communicate with the Legislative Research Commission as required by KRS 418.075. He shall appear for the Commonwealth in all cases in the Supreme Court or Court of Appeals wherein the Commonwealth is interested, and shall also commence all actions or enter his appearance in all cases, hearings, and proceedings in and before all other courts, tribunals, or commissions in or out of the state, and attend to all litigation and legal business in or out of the state required of him by law, or in which the Commonwealth has an interest, and any litigation or legal business that any state officer, department, commission, or agency may have in connection with, or growing out of, his or its official duties, except where it is made the duty of the Commonwealth's attorney or county attorney to represent the Commonwealth. *If any funds of any kind or nature whatsoever are recovered by or on behalf of the Commonwealth, in any action, including an ex. rel action where the Attorney General has entered an appearance or is a party according to statutory or common law authority, those funds shall be handled under Section 1 of this Act.* When any attorney is employed for any said agency, the same shall have the approval of such agency before such employment.

Section 3. KRS 15.060 is amended to read as follows:

The Attorney General shall:

(1) With the assistance of the Auditor of Public Accounts and the Revenue Cabinet, investigate the condition of all unsatisfied claims, demands, accounts and judgments in favor of the Commonwealth.

(2) When he believes that any fraudulent, erroneous or illegal fee bill, account, credit, charge or claim has been erroneously or improperly approved, allowed or paid out of the Treasury to any person, institute the necessary actions to recover the same. To this end he may employ assistants and experts to assist in examining the fee bills, accounts, settlements, credits and claims, and the books, records and papers of any of the officers of the Commonwealth.

(3) Institute the necessary actions to collect and cause the payment into the Treasury of all unsatisfied claims, demands, accounts and judgments in favor of the Commonwealth, except where specific statutory authority is given the Revenue Cabinet to do so.

(4) Comply with Section 1 of this Act, if any funds of any kind or nature whatsoever are recovered by or on behalf of the Commonwealth, in any legal action, including an ex. rel action in which the Attorney General has entered an appearance or is a party under statutory or common law authority.

SECTION 4. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

KRS 367.190, 367.200, 367.210, 367.220 and KRS 367.110 to 367.360 to the contrary notwithstanding, if funds of any kind or nature whatsoever are recovered by or on behalf of the Commonwealth in a legal action, including an ex. rel action in which the Attorney General has entered an appearance or is a party under statutory or common law authority, those funds recovered shall be handled in accordance with Section 1 of this Act.

Section 5. The provisions of this Act shall apply to the settlement of the actions set out in Section 1(1)(d) of this Act and specifically to the proceeds of a settlement currently in a restricted account in the Finance and Administration Cabinet, titled the "Anthem Settlement Fund" pursuant to Agreed Order, entered on December 16, 1999, in the case of Commonwealth of Kentucky, ex rel., Attorney General Albert B. Chandler, III, v. Anthem Insurance Companies, Inc., Southeastern Group, Inc., Southeastern United Medigroup, Inc., Franklin Circuit Court, Division No. I, 97-CI-01566; and those funds and no others are therefore specifically appropriated according to the terms of the settlement agreement between the parties, subject, however, to the provisions of this Act.

Section 6. If any provision of this Act or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of the Act that can be given effect without the invalid provision or application, and to this end the provisions of this Act are severable.

Section 7. Because it is critical that funds or assets acquired through litigation by or on behalf of the Commonwealth be properly appropriated by the General Assembly and disbursed in an accountable, orderly and appropriate fashion, an emergency is declared to exist, and this Act takes effect upon its passage and approval by the Governor or upon its otherwise becoming law.

HB 660, AN ACT relating to sales tax.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 139.470 is amended to read as follows:

There are excluded from the computation of the amount of taxes imposed by this chapter:

(1) Gross receipts from the sale of, and the storage, use, or other consumption in this state of, tangible personal property the gross receipts from the sale of which, or the storage, use, or other consumption of which, this state is prohibited from taxing under the Constitution or laws of the United States, or under the Constitution of this state;

(2) Gross receipts from sales of, and the storage, use, or other consumption in this state of:

(a) Nonreturnable and returnable containers when sold without the contents to persons who place the contents in the container and sell the contents together with the container; and

(b) Returnable containers when sold with the contents in connection with a retail sale of the contents or when resold for refilling;

As used in this section the term "returnable containers" means containers of a kind customarily returned by the buyer of the contents for reuse. All other containers are "nonreturnable containers";

(3) Gross receipts from the sale of, and the storage, use, or other consumption in this state of, tangible personal property used for the performance of a lump-sum, fixed-fee contract of public works executed prior to February 5, 1960;

(4) Gross receipts from occasional sales of tangible personal property and the storage, use, or other consumption in this state of tangible personal property, the transfer of which to the purchaser is an occasional sale;

(5) Gross receipts from sales of tangible personal property to a common carrier, shipped by the seller via the purchasing carrier under a bill of lading, whether the freight is paid in advance or the shipment is made freight charges collect, to a point outside this state and the property is actually transported to the out-of-state destination for use by the carrier in the conduct of its business as a common carrier;

(6) Gross receipts from sales of tangible personal property sold through coin-operated bulk vending machines, if the sale amounts to fifty cents ($0.50) or less, if the retailer is primarily engaged in making the sales and maintains records satisfactory to the cabinet. As used in this subsection, "bulk vending machine" means a vending machine containing unsorted merchandise which, upon insertion of a coin, dispenses the same in approximately equal portions, at random and without selection by the customer;

(7) Gross receipts from sales to any cabinet, department, bureau, commission, board, or other statutory or constitutional agency of the state and gross receipts from sales to counties, cities, or special districts as defined in KRS 65.005. This exemption shall apply only to purchases of property or services for use solely in the government function. A purchaser not qualifying as a governmental agency or unit shall not be entitled to the exemption even though the purchaser may be the recipient of public funds or grants;

(8) (a) Gross receipts from the sale of sewer services, water, and fuel to Kentucky residents for use in heating, water heating, cooking, lighting, and other residential uses. As used in this subsection, "fuel" shall include, but not be limited to, natural gas, electricity, fuel oil, bottled gas, coal, coke, and wood. Determinations of eligibility for the exemption shall be made by the Revenue Cabinet;

(b) In making the determinations of eligibility, the cabinet shall exempt from taxation all gross receipts derived from sales:

1. Classified as "residential" by a utility company as defined by applicable tariffs filed with and accepted by the Public Service Commission;

2. Classified as "residential" by a municipally-owned electric distributor which purchases its power at wholesale from the Tennessee Valley Authority;

3. Classified as "residential" by the governing body of a municipally-owned electric distributor which does not purchase its power from the Tennessee Valley Authority, if the "residential" classification is reasonably consistent with the definitions of "residential" contained in tariff filings accepted and approved by the Public Service Commission with respect to utilities which are subject to Public Service Commission regulation.

If the service is classified as residential, use other than for "residential" purposes by the customer shall not negate the exemption;

(c) The exemption shall not apply if charges for sewer service, water, and fuel are billed to an owner or operator of a multi-unit residential rental facility or mobile home and recreational vehicle park other than residential classification; and

(d) The exemption shall apply also to residential property which may be held by legal or equitable title, by the entireties, jointly, in common, as a condominium, or indirectly by the stock ownership or membership representing the owner's or member's proprietary interest in a corporation owning a fee or a leasehold initially in excess of ninety-eight (98) years;

(9) Any rate increase for school taxes and any other charges or surcharges added to the total amount of a residential telephone bill;

(10) Gross receipts from sales to an out-of-state agency, organization, or institution exempt from sales and use tax in its state of residence when that agency, organization, or institution gives proof of its tax-exempt status to the seller and the seller maintains a file of the proof;

(11) Gross receipts derived from the sale of, and the storage, use, or other consumption in this state of, tangible personal property to be used in the manufacturing or industrial processing of tangible personal property which will be for sale are not subject to the sales or use tax. The property shall be regarded as having been purchased for resale. For purposes of this subsection, a manufacturer or industrial processor includes an individual or business entity that performs only part of the manufacturing or industrial processing activity and the person or business entity need not take title to tangible personal property that is incorporated into, or becomes the product of, the activity.

(a) Industrial processing includes refining, extraction of petroleum and natural gas, mining, quarrying, fabricating, and industrial assembling. As defined herein, tangible personal property to be used in the manufacturing or industrial processing of tangible personal property which will be for sale shall mean:

1. Materials which enter into and become an ingredient or component part of the manufactured product.

2. Other tangible personal property which is directly used in manufacturing or industrial processing, if the property has a useful life of less than one (1) year. Specifically these items are categorized as follows:

a. Materials. This refers to the raw materials which become an ingredient or component part of supplies or industrial tools exempt under subdivisions b. and c. below.

b. Supplies. This category includes supplies such as lubricating and compounding oils, grease, machine waste, abrasives, chemicals, solvents, fluxes, anodes, filtering materials, fire brick, catalysts, dyes, refrigerants, explosives, etc. The supplies indicated above need not come in direct contact with a manufactured product to be exempt. "Supplies" does not include repair, replacement, or spare parts of any kind.

c. Industrial tools. This group is limited to hand tools such as jigs, dies, drills, cutters, rolls, reamers, chucks, saws, spray guns, etc., and to tools attached to a machine such as molds, grinding balls, grinding wheels, dies, bits, cutting blades, etc. Normally, for industrial tools to be considered directly used in manufacturing, they shall come into direct contact with the product being manufactured.

3. Materials and supplies that are not reusable in the same manufacturing process at the completion of a single manufacturing cycle, excluding repair, replacement, or spare parts of any kind. A single manufacturing cycle shall be considered to be the period elapsing from the time the raw materials enter into the manufacturing process until the finished product emerges at the end of the manufacturing process.

(b) It shall be noted that in none of the three (3) categories is any exemption provided for repair, replacement, or spare parts. Repair, replacement, or spare parts shall not be considered to be materials, supplies, or industrial tools directly used in manufacturing or industrial processing. "Repair, replacement, or spare parts" shall have the same meaning as set forth in KRS 139.170;

(12) Any water use fee paid or passed through to the Kentucky River Authority by facilities using water from the Kentucky River basin to the Kentucky River Authority in accordance with KRS 151.700 to 151.730 and administrative regulations promulgated by the authority;

(13) Gross receipts from the sale of newspaper inserts or catalogs purchased for storage, use, or other consumption outside this state and delivered by the seller's own vehicle to a location outside this state, or delivered to the United States Postal Service, a common carrier, or a contract carrier for delivery outside this state, regardless of whether the carrier is selected by the buyer or seller or an agent or representative of the buyer or seller, or whether the F.O.B. is seller's shipping point or buyer's destination.

(a) As used in this subsection:

1. "Catalogs" means tangible personal property that is printed to the special order of the purchaser and composed substantially of information regarding goods and services offered for sale; and

2. "Newspaper inserts" means printed materials that are placed in or distributed with a newspaper of general circulation.

(b) The seller shall be responsible for establishing that delivery was made to a non-Kentucky location through shipping documents or other credible evidence as determined by the cabinet;[~~ and~~]

(14) Gross receipts from the sale of water used in the raising of equine as a business*; and*

(15) Gross receipts from the sale of metal retail fixtures manufactured in this state and purchased for storage, use, or other consumption outside this state and delivered by the seller's own vehicle to a location outside this state, or delivered to the United States Postal Service, a common carrier, or a contract carrier for delivery outside this state, regardless of whether the carrier is selected by the buyer or seller or an agent or representative of the buyer or seller, or whether the F.O.B. is seller's shipping point or buyer's destination.

(a) As used in this subsection metal retail fixtures means check stands and belted and nonbelted checkout counters, whether made in bulk or pursuant to specific customer specifications, that are to be used directly by the purchaser or to be distributed by the purchaser

(b) The seller shall be responsible for establishing that delivery was made to a non-Kentucky location through shipping documents or other credible evidence as determined by the cabinet.

Section 2. The provisions of this Act shall apply to sales of metal retail fixtures made on or after August 1, 2000.

HB 892, AN ACT relating to coal taxes.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 143.010 is amended to read as follows:

As used in this chapter, unless the context requires otherwise:

(1) "Cabinet" means "Revenue Cabinet."

(2) "Coal" means and includes any material composed predominantly of hydrocarbons in a solid state.

(3) "Severed," "severing," or "severance" means the physical removal of coal from the earth.

(4) "Ton" means a short ton of 2,000 pounds. The number of tons shall be determined at the first point at which the coal is weighed.

(5) "Taxpayer" shall mean and include any individual, partnership, joint venture, association, or corporation engaged in severing and/or processing coal in this state. In instances where contracts, either oral or written, are entered into by which persons, organizations, or businesses are engaged to mine or process the coal but do not obtain title to or do not have an economic interest therein, the party who owns the coal or has an economic interest shall be the taxpayer.

(6) "Gross value" is synonymous with gross income from property as defined in Section 613(c) of the Internal Revenue Code and regulations 1.613-3 and 1.613-4 in effect on December 31, 1977, with the exception that in all instances transportation expense, as defined in subsection (11) of this section, incurred in transporting coal shall not be considered as gross income from the property. Gross value shall be reported as follows:

(a) For coal severed and/or processed and sold during a reporting period, gross value shall be the amount received or receivable by the taxpayer.

(b) For coal severed and/or processed, but not sold during a reporting period, gross value shall be determined as follows:

1. If the coal is to be sold under the terms of an existing contract, the contract price shall be used in computing gross value.

2. If there is no existing contract, the fair market value for that grade and quality of coal shall be used in computing gross value.

(c) In a transaction involving related parties, gross value shall be the amount received or receivable from the first noncontrolled sale by the related parties. If coal is sold to a related party for consumption, gross value shall not be less than the fair market value for coal of similar grade and quality.

(d) In the absence of a sale, gross value shall be the fair market value for coal of similar grade and quality.

(e) If severed coal is purchased for the purpose of processing and resale, the gross value shall be the amount received or receivable during the reporting period reduced by the amount paid or payable to the registered taxpayer actually severing the coal.

(f) If severed coal is purchased for the purpose of processing and consumption, the gross value shall be the fair market value of processed coal of similar grade and quality reduced by the amount paid or payable to the registered taxpayer actually severing the coal.

(g) In all instances, the gross value shall not be reduced by any taxes, including the tax levied by KRS 143.020, royalties, sales commissions, or any other expense.

(7) "Reporting period" means the period for which each taxpayer shall compute his tax liability and remit the tax due to the cabinet. The reporting period shall be monthly. However, the cabinet may, under certain conditions, authorize a quarterly

reporting period.

(8) "Processing" includes cleaning, breaking, sizing, dust allaying, treating to prevent freezing, or loading or unloading for any purpose. "Processing" shall not include:

  (a) Acts performed by a final consumer who is not a related party to the person who severed and/or processed the coal if such acts are performed only at the site where the coal is consumed for purposes of generating electricity; or

  (b) The act of unloading or loading for shipment coal that has not been severed, cleaned, broken, sized, or otherwise treated in Kentucky.

(9) "Related party" means two (2) or more persons, organizations, or businesses owned or controlled directly or indirectly by the same interest. Control shall exist if a contract or lease, either written or oral, is entered into whereby one (1) party mines or processes coal owned or held by another party and the owner or lessor participates in the mining, processing, or marketing of the coal or receives any value other than an arm's length passive royalty interest. In the case of related parties, the cabinet may apportion or allocate the receipts between or among the persons, organizations, or businesses if it determines that the apportionment or allocation is necessary in order to more clearly reflect gross value.

(10) "Economic interest" for the purposes of this chapter shall be synonymous with the economic interest ownership required by Internal Revenue Code Section 611 in effect on December 31, 1977, entitling the taxpayer to a depletion deduction for income tax purposes with the exception that a party who only receives an arm's length royalty shall not be considered as having an economic interest.

(11) Transportation expense shall mean:

  (a) The amount paid by a taxpayer to a third party for transporting coal from the mine mouth or pit to a processing plant, tipple, or loading dock.

  (b) The expense incurred by a taxpayer using his own facilities in transporting coal from the mine mouth or pit to a processing plant, tipple, or loading dock.

  (c) Transportation expenses shall not include:

    1. The cost of acquisition, improvements, and maintenance of real property;

    2. The cost of acquisition and operating expenses of mining and nonmining loading or unloading facilities;

    3. The cost of acquisition and operating expenses of equipment used to load or unload the coal at the mine, processing facility, and mining and nonmining loading facility.

(12) "Registered taxpayer" as used in subsection (6)(e) and (f) of this section shall mean a "taxpayer" as defined in subsection (5) of this section who holds a valid coal tax certificate of registration required under KRS 143.030(1) and the certificate of registration was valid for the period in which his coal was sold.

(13) "Above-drainage" means coal in a coal bed that outcrops at the surface within a mine permit area and that is accessed at the outcrop location.

(14) "Below-drainage" means coal in a coal bed that does not outcrop at the surface within a mine permit area and that is accessed by mine slopes or other openings that penetrate below the surface drainage level.

(15) "Mining ratio" means the amount of bank cubic yards of surface material that must be removed before a ton of coal can be mined.

SECTION 2. A NEW SECTION OF KRS CHAPTER 143 IS CREATED TO READ AS FOLLOWS:

(1) A nonrefundable severance tax credit against the severance tax imposed by KRS 143.020 shall be allowed as follows.

  (a) For coal mined from above-drainage seams using deep mining or underground mining methods, the credit shall be equal to:

    1. One and one-half percent (1.5%) of the gross value of coal with a coal thickness of between thirty-two (32) and thirty-six (36) inches or that has an average sulfur content, on an as received basis, of three and one-half percent (3.5%) or greater and less than four and one-half percent (4.5%);

    2. Two and one-quarter percent (2.25%) of the gross value of coal with a coal thickness of between twenty-eight (28) and thirty-two (32) inches or that has an average sulfur content, on an as received basis, of four and one-half percent (4.5%) or greater; or

    3. Three percent (3%) of the gross value of coal with a coal thickness of less than twenty-eight (28) inches.

  (b) For coal mined from below-drainage seams using deep mining or underground mining methods, the credit shall be equal to:

    1. Two and one-quarter percent (2.25%) of the gross value of coal with a coal thickness of between thirty-two (32) and thirty-six (36) inches or that has an average sulfur content, on an as received basis, of three and one-half percent (3.5%) or greater and less than four and one-half percent (4.5%);

    2. Three percent (3%) of the gross value of coal with a coal thickness of between twenty-eight (28) and thirty-two (32) inches or that has an average sulfur content, on an as received basis, of four and one-

half percent (4.5%) or greater; or

3. *Three and three-quarters percent (3.75%) of the gross value of coal with a coal thickness of less than twenty-eight (28) inches.*

(c) *For coal mined from seams by surface mining, excluding highwall or auger mining, the credit shall be equal to:*

1. *Two and one-quarter percent (2.25%) of the gross value of coal that has a mining ratio of fifteen (15) or greater and less than eighteen (18) banked cubic yards of overburden to every one (1) clean ton of coal or that has an average sulfur content, on an as received basis, of three and one-half percent (3.5%) or greater and less than four and one-half percent (4.5%); or*

2. *Three percent (3%) of the gross value of coal that has a mining ratio of eighteen (18) or greater banked cubic yards of overburden to every one (1) clean ton of coal or that has an average sulfur content, on an as received basis, of four and one-half percent (4.5%) or greater.*

(2) Coal thickness and mining ratio under subsection (1) of this section shall be based on the weighted average isopach mapping of actual coal thickness or mining ratio by mine as certified by a professional engineer for each reporting period. The taxpayer shall attach a copy of the certified isopach mapping for each reporting period to the return filed for that period.

(3) The taxpayer shall take the tax credit under this section in conjunction with the taxpayer's monthly return.

(1) No agreement by a worker to waive, release, or commute his rights to benefits or any other rights under this chapter shall be valid. No agreement by any worker to pay any portion of a subject employer's contributions, required under this chapter from such subject employer, shall be valid. No subject employer shall directly or indirectly make or require or accept any deductions from wages to finance the subject employer's contributions required of him. In cases involving awards to a worker by ***a***~~[an arbitrator,]~~ court~~[,]~~ or other administrative body or mediator, the secretary may require the employer to withhold benefits paid under this chapter from the award and pay the amount withheld into the unemployment insurance trust fund. All subject employers are required to notify the Department for Employment Services, Cabinet for Workforce Development prior to paying any back pay award.

(2) No worker claiming benefits shall be charged fees of any kind in any proceeding under this chapter by the commission, the secretary, or his representatives. Any worker claiming benefits in any proceeding before a referee or the commission may represent himself or may be represented by counsel or other agent duly authorized by such worker and shall be afforded the opportunity to participate in the proceeding without restriction; but no counsel or agent shall either charge or receive for such service more than an amount approved by the commission.

(3) (a) Any employer in any proceeding before a referee or the commission may represent himself or may be represented by counsel or other agent duly authorized by such employer; and

(b) Any person appearing in any proceeding before a referee or the commission who is an officer of, or who regularly performs in a managerial capacity for, a corporation or partnership which is a party to the proceeding in which the appearance is made shall be permitted to represent such corporation or partnership and shall be afforded the opportunity to participate in the proceeding without restriction.

(4) No assignment, pledge, or encumbrance of any right to benefits due or payable under this chapter shall be valid; and such rights to benefits shall be exempt from levy, execution, attachment, or any other remedy for the collection of debt. Benefits received by any worker, as long as they are not mingled with other funds of the recipient, shall be exempt from any remedy for the collection of all debts except debts incurred for necessaries furnished to such worker or his spouse or dependents during the time such worker was unemployed. No waiver of any exemption provided for in this subsection shall be valid.

(5) The provisions of this section shall not be applicable to child support deductions made in accordance with KRS 341.392 and withholding for federal and state income tax in accordance with KRS 341.395.

Section 17. KRS 342.020 is amended to read as follows:

(1) In addition to all other compensation provided in this chapter, the employer shall pay for the cure and relief from the effects of an injury or occupational disease the medical, surgical, and hospital treatment, including nursing, medical, and surgical supplies and appliances, as may reasonably be required at the time of the injury and thereafter during disability, or as may be required for the cure and treatment of an occupational disease. The employer's obligation to pay the benefits specified in this section shall continue for so long as the employee is disabled regardless of the duration of the employee's income benefits. In the absence of designation of a managed health care system by the employer, the employee may select medical providers to treat his injury or occupational disease. Even if the employer has designated a managed health care system, the injured employee may elect to continue treating with a physician who provided emergency medical care or treatment to the employee. The employer, insurer, or payment obligor acting on behalf of the employer, shall make all payments for services rendered to an employee directly to the provider of the services within thirty (30) days of receipt of a statement for services. The commissioner shall promulgate administrative regulations establishing conditions under which the thirty (30) day period for payment may be tolled. The provider of medical services shall submit the statement for services within forty-five (45) days of the day treatment is initiated and every forty-five (45) days thereafter, if appropriate, as long as medical services are rendered. Except as provided in subsection (4) of this section, in no event shall a medical fee exceed the limitations of an adopted medical fee schedule or other limitations contained in KRS 342.035, whichever is lower. The commissioner may promulgate administrative regulations establishing the form and content of a statement for services and procedures by which disputes relative to the necessity, effectiveness, frequency, and cost of services may be resolved.

(2) Notwithstanding any provision of the Kentucky Revised Statutes to the contrary, medical services and treatment provided under this chapter shall not be subject to copayments or deductibles.

(3) Employers may provide medical services through a managed health care system. The managed health care system shall file with the Department of Workers' Claims a plan for the rendition of health care services for work-related injuries and occupational diseases to be approved by the commissioner pursuant to administrative regulations promulgated by the commissioner.

(4) All managed health care systems rendering medical services under this chapter shall include the following features in plans for workers' compensation medical care:

(a) Copayments or deductibles shall not be required for medical services rendered in connection with a work-related injury or occupational disease;

(b) The employee shall be allowed choice of provider within the plan;

(c) The managed health care system shall provide an informal procedure for the expeditious resolution of disputes concerning rendition of medical services;

(d) The employee shall be allowed to obtain a second opinion, at the employer's expense, from an outside physician if a managed health care system physician recommends surgery;

(e) The employee may obtain medical services from providers outside the managed health care system, at the employer's expense, when treatment is unavailable through the managed health care system;

(f) The managed health care system shall establish procedures for utilization review of medical services to assure that a course of treatment is reasonably necessary; diagnostic procedures are not unnecessarily duplicated; the frequency, scope, and duration of treatment is appropriate; pharmaceuticals are not unnecessarily prescribed; and that ongoing and proposed treatment is not experimental, cost ineffective, or harmful to the employee; and

(g) Statements for services shall be audited regularly to assure that charges are not duplicated and do not exceed those authorized in the applicable fee schedules.

(h) A schedule of fees for all medical services to be provided under this chapter which shall not be subject to the limitations on medical fees contained in this chapter.

(i) Restrictions on provider selection imposed by a managed health care system authorized by this chapter shall not apply to emergency medical care.

(5) Except for emergency medical care, medical services rendered pursuant to this chapter shall be under the supervision of a single treating physician or physicians' group having the authority to make referrals, as reasonably necessary, to appropriate facilities and specialists. The employee may change his designated physician one (1) time and thereafter shall show reasonable cause in order to change physicians.

(6) When a compensable injury or occupational disease results in the amputation of an arm, leg, or foot, or the loss of hearing, or the enucleation of an eye or loss of teeth, the employer shall pay for, in addition to the other medical, surgical, and hospital treatment enumerated in subsection (1) and this subsection, a modern artificial member and, where required, proper braces as may reasonably be required at the time of the injury and thereafter during disability.

(7) Upon motion of the employer, with sufficient notice to the employee for a response to be filed, if it is shown to the satisfaction of the administrative law judge ~~[or arbitrator]~~by affidavits or testimony that, because of the physician selected by the employee to treat the injury or disease, or because of the hospital selected by the employee in which treatment is being rendered, that the employee is not receiving proper medical treatment and the recovery is being substantially affected or delayed; or that the funds for medical expenses are being spent without reasonable benefit to the employee; or that because of the physician selected by the employee or because of the type of medical treatment being received by the employee that the employer will substantially be prejudiced in any compensation proceedings resulting from the employee's injury or disease; then the administrative law judge ~~[or arbitrator]~~may allow the employer to select a physician to treat the employee and the hospital or hospitals in which the employee is treated for the injury or disease. No action shall be brought against any employer subject to this chapter by any person to recover damages for malpractice or improper treatment received by any employee from any physician, hospital, or attendant thereof.

(8) An employee who reports an injury alleged to be work-related or files an application for adjustment of a claim shall execute a waiver and consent of any physician-patient, psychiatrist-patient, or chiropractor-patient privilege with respect to any condition or complaint reasonably related to the condition for which the employee claims compensation. Notwithstanding any other provision in the Kentucky Revised Statutes, any physician, psychiatrist, chiropractor, podiatrist, hospital, or health care provider shall, within a reasonable time after written request by the employee, employer, workers' compensation insurer, special fund, uninsured employers' fund, ~~[arbitrator,]~~or the administrative law judge, provide the requesting party with any information or written material reasonably related to any injury or disease for which the employee claims compensation.

(9) When a provider of medical services or treatment, required by this chapter, makes referrals for medical services or treatment by this chapter, to a provider or entity in which the provider making the referral has an investment interest, the referring provider shall disclose that investment interest to the employee, the commissioner, and the employer's insurer or the party responsible for paying for the medical services or treatment, within thirty (30) days from the date the referral was made.

The notice of civil action shall conform in all respects to the requirements of KRS 411.188(2).

(2) A principal contractor, intermediate, or subcontractor shall be liable for compensation to any employee injured while in

the employ of any one (1) of his intermediate or subcontractors and engaged upon the subject matter of the contract, to the same extent as the immediate employer. Any principal, intermediate, or subcontractor who pays the compensation may recover the amount paid from any subordinate contractor through whom he has been rendered liable under this section. Every claim to compensation under this subsection shall in the first instance be presented to and instituted against the immediate employer, but the proceedings shall not constitute a waiver of the employee's rights to recover compensation under this chapter from the principal or intermediate contractor nor shall the claim be barred by limitations, if the claim is filed against the principal or intermediate contractor within one (1) year after a final unappealed order has been rendered by an ~~[arbitrator or]~~administrative law judge determining that immediate employer has insufficient security to pay the full and maximum benefits that could be determined to be due him under this chapter. The collection of full compensation from one employer shall bar recovery by the employee against any other. But he shall not collect from all a total compensation in excess of the amount for which his immediate employer is liable. This subsection shall apply only in cases where the injury occurred on, in, or about the premises on which the principal contractor has undertaken to execute work or which are under his control otherwise or management.

(3) It shall be considered to be contrary to public policy and unlawful for any owner or employer to require another employer to waive its remedies granted by this section as a condition of receiving a contract or purchase order. Furthermore, in selecting between two (2) or more contractors or suppliers, consideration may not be given by an owner or employer to whether one (1) contractor or supplier voluntarily waives its remedies under this section or offers to accept lesser compensation than another contractor or supplier for that waiver of remedies.

Section 36. KRS 342.735 is amended to read as follows:

(1) The commissioner shall promulgate administrative regulations to expedite the payment of temporary total disability and medical expense benefits.

(2) The commissioner may promulgate administrative regulations incorporating managed care intended to reduce costs or to speed the delivery or payment of medical services to employees receiving medical and related benefits under this chapter.

(3) The commissioner shall promulgate administrative regulations pursuant to KRS Chapter 13A establishing an expedited method for resolving medical issues prior to the filing of a claim with the Department of Workers' Claims. The administrative regulations shall permit an employee or other interested party, prior to the filing of a claim, to request a determination by an ~~[arbitrator or]~~administrative law judge on medical issues relating to the reasonableness or appropriateness of the proposed medical care or relating to the obligation of the employer or the employer's insurance carrier to make payment of contested medical bills. However, the employee has the burden of proof to show the medical expenses are related to the injury, reasonable and necessary prior to an application of benefits being filed and before an award or order of benefits. Thereafter, the burden is upon the employer. The respondent to the moving party shall be given ten (10) days to answer a request for an expedited determination of medical issues, and the ~~[arbitrator or]~~administrative law judge shall issue a ruling within seven (7) days thereafter. The interested parties shall be provided a form to provide to the medical care provider and the completed form filed with the department and served upon the respondent shall initiate the time for response and determination.

Section 37. KRS 342.760 is amended to read as follows:

(1) There is hereby authorized in the Labor Cabinet an uninsured employers' fund for the purpose of making payments in accordance with the provisions of subsection (4) of this section. The secretary of the Labor Cabinet shall be the custodian of the fund, and all moneys and securities in the fund shall be held in trust by the secretary of the Labor Cabinet and shall not be considered a part of the general funds of the state.

(2) The secretary of the Labor Cabinet is authorized to disburse moneys from the fund only upon written order of the ~~[arbitrator,]~~administrative law judge~~[,]~~ or the board.

(3) All amounts collected as fines and penalties under this chapter shall be paid into the uninsured employers' fund.

(4) The uninsured employers' fund shall be responsible for the payment of compensation when there has been default in the payment of compensation due to the failure of an employer to secure payment of compensation as provided by this chapter. Such employer shall be liable for payment into the fund of all the amounts authorized to be paid therefrom under the authority of this subsection including reimbursement of the special fund of all liability apportioned to it and for the purposes of enforcing this liability the Labor Cabinet, for the benefit of the fund, shall be subrogated to all the rights of the person receiving such compensation from the fund. This provision shall apply to all pending claims upon which a final order has not been entered.

(5) In furtherance of this purpose, the Attorney General shall appoint a member or members of his staff or special counsel to represent the fund in all proceedings brought to enforce claims against or on behalf of the fund. Necessary expenses for this purpose including salaries of said staff or special counsel shall be borne by the fund. The Labor Cabinet shall be responsible for the administration of the uninsured employers' fund and shall be charged with the conservation of the assets of the fund.

(6) On December 29, 1987, the liabilities of the uninsured employers' fund and its assets remaining in the State Treasury shall be transferred to the uninsured employers' fund created within the Labor Cabinet pursuant to this section.

Section 38. KRS 342.780 is amended to read as follows:

A claimant may, in the original application for benefits, or any party may, by motion accompanied by proper allegations while the case is still pending, and the ~~[arbitrator or]~~administrative law judge shall, upon his own motion at any time before the rendition of the final award, cause the uninsured employers' fund to be made a party to the proceedings if it should appear that the named defendant has failed to secure the payment of compensation as required by KRS 342.340.

Section 39. KRS 342.790 is amended to read as follows:

When an award is made against an employer who:

(1) Has not secured payment of compensation by either securing insurance coverage or qualifying as a self-insurer; and

(2) Has not made a deposit of security, indemnity, or bond acceptable to the commissioner to secure the payment of compensation liability; and

(3) Has failed to make payment of compensation according to the terms of that award,

the award shall constitute a liquidated claim for damages against that employer in an amount commuted to a lump sum which will equal the present value of the total sum of the probable future payments discounted at four percent (4%) true discount compounded annually on each payment, which amount is to be ascertained and fixed by the commissioner, and the commissioner shall certify the same to the Attorney General who shall forthwith institute a civil action against that employer in the name of the uninsured employers' fund for the collection of that award. In that action, it shall be sufficient for plaintiff to set forth a copy of the award of the ~~[arbitrator or]~~administrative law judge relative to the claim as certified by the commissioner and to state that there is due to plaintiff on account of the opinion, order, or award of the ~~[arbitrator or]~~administrative law judge a specified sum which plaintiff claims with interest. A certified copy of the award in the claim shall be attached to the complaint and shall constitute prima facie evidence of the truth of the facts therein contained.

Section 40. KRS 342.990 is amended to read as follows:

(1) The commissioner shall initiate enforcement of civil and criminal penalties imposed in this section.

(2) When the commissioner receives information that he deems sufficient to determine that a violation of this chapter has occurred, he shall seek civil penalties pursuant to subsections (3) to (7) of this section, or criminal penalties pursuant to subsections (8) and (9) of this section, or both.

(3) The commissioner shall initiate enforcement of a civil penalty by simultaneously citing the appropriate party for the offense and stating the civil penalty to be paid.

(4) If, within fifteen (15) working days from the receipt of the citation, a cited party fails to notify the commissioner that he intends to contest the citation, then the citation shall be deemed final.

(5) If a cited party notifies the commissioner that he intends to challenge a citation issued under this section, the commissioner shall cause the matter to be heard as soon as practicable by an administrative law judge and in accordance with the provisions of KRS Chapter 13B. The burden of proof shall be upon the attorney representing the commissioner to prove the offense stated in the citation by a preponderance of the evidence. The parties shall stipulate to uncontested facts and issues prior to the hearing before the administrative law judge. The administrative law judge shall issue a ruling within sixty (60) days following the hearing.

(6) A party may appeal the ruling of the administrative law judge to the Franklin Circuit Court in conformity with KRS 13B.140.

(7) The following civil penalties shall be applicable for violations of particular provisions of this chapter:

With respect to employers who fail to maintain workers' compensation insurance coverage on their employees, each employee of the employer and each day of violation shall constitute a separate offense. With respect to KRS 342.040, any employer's insurance carrier or other party responsible for the payment of workers' compensation benefits shall be fined for failure to notify the commissioner of a failure to make payments when due if a report indicating the reason payment of income benefits did not commence within twenty-one (21) days of the date the employer was notified of an alleged work-related injury or disease is not filed with the commissioner within twenty-one (21) days of the date the employer received notice, and if the employee has not returned to work within that period of time. The date of notice indicated in the report filed with the department pursuant to KRS 342.038(1), shall raise a rebuttable presumption of the date on which the employer received notice.

(d) Any person who violates any of the provisions of KRS 342.165(2), 342.335, 342.395, 342.460, 342.465, or 342.470 shall be fined not less than two hundred dollars ($200) nor more than two thousand dollars ($2,000) for each offense. (g) Any person who violates any of the provisions of KRS 342.335(1) or (2) where the claim, compensation, benefit, or money referred to in KRS 342.335(1) or (2) exceeds three hundred dollars ($300) shall be fined per occurrence not more than five thousand dollars ($5,000) per individual nor ten thousand dollars ($10,000) per corporation, or twice the amount of gain received as a result of the violation, whichever is greater.

(h) Any person who violates the employee leasing provision of this chapter shall be fined not less than five hundred dollars ($500) nor more than five thousand dollars ($5,000) for each violation.

(i) Any violation of the provisions of this chapter relating to self-insureds shall constitute grounds for decertification of such self-insured, a fine of not less than five hundred dollars ($500) nor more than five thousand dollars ($5,000) per occurrence, or both.

(j) Actions to collect the civil penalties imposed under this subsection shall be instituted in the Franklin District Court and the Franklin Circuit Court.

(8) The commissioner shall initiate enforcement of a criminal penalty by causing a complaint to be filed with the appropriate local prosecutor. If the prosecutor fails to act on the violation within twenty (20) days following the filing of the complaint, the commissioner shall certify the inaction by the local prosecutor to the Attorney General who shall initiate proceedings to prosecute the violation. The provisions of KRS 15.715 shall not apply to this section.

(9) The following criminal penalties shall be applicable for violations of particular provisions of this chapter:

(a) Any person who violates KRS 342.020(9), 342.035(2), 342.040, 342.400, 342.420, or 342.630, shall, for each offense, be fined not less than one hundred dollars ($100) nor more than one thousand dollars ($1,000), or imprisoned for not less than thirty (30) days nor more than one hundred eighty (180) days, or both.

(b) Any person who violates any of the provisions of KRS 342.165(2), 342.335, 342.460, 342.465, or 342.470 shall, for each offense, be fined not less than two hundred dollars ($200) nor more than two thousand dollars ($2,000), or imprisoned for not less than thirty (30) days nor more than one hundred and eighty (180) days, or both.

(c) Any corporation, partnership, sole proprietorship, or other form of business entity and any officer, general partner, agent, or representative of the foregoing who knowingly utilizes or participates in any employee leasing arrangement or mechanism as defined in KRS 342.615 for the purpose of depriving one (1) or more insurers of premium otherwise properly payable or for the purpose of depriving the Commonwealth of any tax or assessment due and owing and based upon said premium shall upon conviction thereof be subject to a fine of not less than five hundred dollars ($500) nor more than five thousand dollars ($5,000), or imprisonment for not more than one hundred eighty (180) days, or both, for each offense.

(d) Notwithstanding any other provisions of this chapter to the contrary, when any employer, insurance carrier, or individual self-insured fails to comply with this chapter for which a penalty is provided in subparagraphs (7), (8), and (9) above, such person, if the person is an owner in the case of a sole proprietorship, a partner in the case of a partnership, a principal in the case of a limited liability company, or a corporate officer in the case of a corporation, who knowingly authorized, ordered, or carried out the violation, failure, or refusal shall be personally and individually liable, both jointly and severally, for the penalties imposed in the above cited subparagraphs. Neither the dissolution nor withdrawal of the corporation, partnership, or other entity from the state, nor the cessation of holding status as a proprietor, partner, principal, or officer shall discharge the foregoing liability of any person.

(10) Fines paid pursuant to subsections (7) and (9) of this section shall be paid into the special fund.

(11) In addition to the penalties provided in this section, the commissioner and any ~~[arbitrator,]~~administrative law judge, or court of jurisdiction may order restitution of a benefit secured through conduct proscribed by this chapter.

Nonwork-related impairment and conditions compensable under KRS 342.732 and hearing loss covered in KRS 342.7305 shall not be considered in determining whether the employee is totally disabled for purposes of this subsection.

Any temporary total disability period within the maximum period for permanent, partial disability benefits shall extend the maximum period but shall not make payable a weekly benefit exceeding that determined in subsection (1)(a) of this section. Notwithstanding any section of this chapter to the contrary, there shall be no minimum weekly income benefit for permanent partial disability and medical benefits shall be paid for the duration of the disability.

(c) ***For permanent partial disability, except all cases described in paragraph (b) of this subsection, sixty-six and two-thirds percent (66-2/3 %) of the employee's average weekly wage but not more than seventy-five percent (75%) of the state average weekly wage as determined by KRS 342.740, multiplied by the percentage of disability caused by the injury or occupational disease as determined by the "Guides to the Evaluation of Permanent Impairment," American Medical Association, latest edition available, or under Section 1 of this Act, whichever is greater, for a maximum period from the date the disability arises, of four hundred twenty-five (425) weeks, subject, however, to the provisions of paragraph (d) of this subsection. Any temporary total disability period within the maximum period of permanent, partial disability benefits shall extend the maximum period of disability but shall not make a weekly benefit exceeding that determined in paragraph (a) of this subsection. Notwithstanding any section of this chapter to the contrary, there shall be no minimum weekly income benefit for permanent partial disability and medical benefits shall be paid for the duration of disability.***

~~[1. During any period of cessation of that employment, temporary or permanent, for any reason, with or without cause, payment of weekly benefits for permanent partial disability during the period of cessation shall be restored to the rate prescribed in paragraph (b) of this subsection.~~

(e) ***Recognizing that limited education and advancing age impact an employee's post-injury earning capacity, the age and formal education shall be considered in determining income benefits under this subsection. (2) The period of any income benefits payable under this section on account of any injury shall be reduced by the period of income benefits paid or payable under this chapter on account of a prior injury if income benefits in both cases are for disability of the same member or function, or different parts of the same member or function, and the income benefits payable on account of the subsequent disability in whole or in part would duplicate the income benefits payable on account of the pre-existing disability.

(3) Subject to the limitations contained in subsection (4) of this section, when an employee, who has sustained disability

compensable under this chapter, and who has filed, or could have timely filed, a valid claim in his lifetime, dies from causes other than the injury before the expiration of the compensable period specified, portions of the income benefits specified and unpaid at the individual's death, whether or not accrued or due at his death, shall be paid, under an award made before or after the death, for the period specified in this section, to and for the benefit of the persons within the classes at the time of death and in the proportions and upon the conditions specified in this section and in the order named:

(a) To the widow or widower, if there is no child under the age of eighteen (18) or incapable of self-support, benefits at fifty percent (50%) of the rate specified in the award; or

(b) If there are both a widow or widower and such a child or children, to the widow or widower, forty-five percent (45%) of the benefits specified in the award, or forty percent (40%) of those benefits if such a child or children are not living with the widow or widower; and, in addition thereto, fifteen percent (15%) of the benefits specified in the award to each child. Where there are more than two (2) such children, the indemnity benefits payable on account of two (2) children shall be divided among all the children, share and share alike; or

(c) If there is no widow or widower but such a child or children, then to the child or children, fifty percent (50%) of the benefits specified in the award to one (1) child, and fifteen percent (15%) of those benefits to a second child, to be shared equally. If there are more than two (2) such children, the indemnity benefits payable on account of two (2) children shall be divided equally among all the children; or

(d) If there is no survivor in the above classes, then the parent or parents wholly or partly actually dependent for support upon the decedent, or to other wholly or partly actually dependent relatives listed in paragraph (g) of subsection (1) of KRS 342.750, or to both, in proportions that the commissioner provides by administrative regulation.

(e) To the widow or widower upon remarriage, up to two (2) years, benefits as specified in the award and proportioned under paragraphs (a) or (b) of this subsection, if the proportioned benefits remain unpaid, to be paid in a lump sum.

(4) All income benefits payable pursuant to this chapter shall terminate as of the date upon which the employee qualifies for normal old-age Social Security retirement benefits under the United States Social Security Act, 42 U.S.C. secs. 301 to 1397f, or two (2) years after the employee's injury or last exposure, whichever last occurs. In like manner all income benefits payable pursuant to this chapter to spouses and dependents shall terminate when such spouses and dependents qualify for benefits under the United States Social Security Act by reason of the fact that the worker upon whose earnings entitlement is based would have qualified for normal old-age Social Security retirement benefits

(5) All income benefits pursuant to this chapter otherwise payable for temporary total and permanent total disability shall be offset by unemployment insurance benefits paid for unemployment during the period of temporary total or permanent total disability.

(6) All income benefits otherwise payable pursuant to this chapter shall be offset by payments made under an exclusively employer-funded disability or sickness and accident plan which extends income benefits for the same disability covered by this chapter, except where the employer-funded plan contains an internal offset provision for workers' compensation benefits which is inconsistent with this provision.

(7) If an employee receiving a permanent total disability award returns to work, that employee shall notify the employer, payment obligor, insurance carrier, or special fund as applicable.".

On page 54, after line 11, by inserting the following:

"Section 14. KRS 342.750 is amended to read as follows:

If the injury causes death, income benefits shall be payable in the amount and to or for the benefit of the persons following, subject to the maximum limits specified in subsections (3) and (4) of this section:

(1) (a) If there is a widow or widower and no children of the deceased, to such widow or widower 50 percent of the average weekly wage of the deceased, during widowhood or widowerhood.

(b) To the widow or widower, if there is a child or children living with the widow or widower, 45 percent of the average weekly wage of the deceased, or 40 percent, if such child is not or such children are not living with a widow or widower, and in addition thereto, 15 percent for each child. Where there are more than two (2) such children, the indemnity benefits payable on account of such children shall be divided among such children, share and share alike.

(c) Two (2) years' indemnity benefits in one (1) lump sum shall be payable to a widow or widower upon remarriage.

(d) To the children, if there is no widow or widower, 50 percent of such wage for one (1) child, and 15 percent for each additional child, divided among such children, share and share alike.

(e) The income benefits payable on account of any child under this section shall cease when he dies, marries, or reaches the age of eighteen (18), or when a child over such age ceases to be physically or mentally incapable of self-support, or if actually dependent ceases to be actually dependent, or, if enrolled as a full-time student in any accredited educational institution, ceases to be so enrolled or reaches the age of 22. A child who originally qualified as a dependent by virtue of being less than 18 years of age may, upon reaching age 18, continue to qualify if he satisfies the tests of being physically or mentally incapable of self-support, actual dependency, or enrollment in an educational institution.

(f) To each parent, if actually dependent, 25 percent.

(g) To the brothers, sisters, grandparents, and grandchildren, if actually dependent, 25 percent to each such dependent. If there should be more than one (1) of such dependents, the total income benefits payable on account of such dependents shall be divided share and share alike.

(h) The income benefits of each beneficiary under paragraphs (f) and (g) above shall be paid until he, if a parent or grandparent, dies, marries, or ceases to be actually dependent, or, if a brother, sister, or grandchild, dies, marries, or reaches the age of eighteen (18) or if over that age ceases to be physically or mentally incapable of self-support, or ceases to be actually dependent.

(i) A person ceases to be actually dependent when his income from all sources exclusive of workers' compensation income benefits is such that, if it had existed at the time as of which the original determination of actual dependency was made, it would not have supported a finding of dependency. In any event, if the present annual income of an actual dependent person including workers' compensation income benefits at any time exceeds the total annual support received by the person from the deceased employee, the workers' compensation benefits shall be reduced so that the total annual income is no greater than such amount of annual support received from the deceased employee. In all cases, a person found to be actually dependent shall be presumed to be no longer actually dependent three (3) years after each time as of which the person was found to be actually dependent. This presumption may be overcome by proof of continued actual dependency as defined in this subsection, but full payments shall not be suspended during the pendency of any proceeding to determine dependency.

(2) Upon the cessation of income benefits under this section to or on account of any person, the income benefits of the remaining persons entitled to income benefits for the unexpired part of the period during which their income benefits are payable shall be that which such persons would have received if they had been the only persons entitled to income benefits at the time of the decedent's death.

(3) For the purposes of this section, the average weekly wage of the employee shall be taken as not more than the average weekly wage of the state as determined in KRS 342.740. In no case shall the aggregate weekly income benefits payable to all beneficiaries under this section exceed the maximum income benefit that was or would have been payable for total disability to the deceased, including benefits to his dependents.

(4) The maximum weekly income benefits payable for all beneficiaries in case of death shall not exceed 75 percent of the average weekly wage of the deceased as calculated under KRS 342.140, subject to the maximum limits in subsection (3) above. The maximum aggregate limitation shall not operate in case of payment of two (2) years' income benefits to the widow or widower upon remarriage as provided under paragraph (c) of subsection (1) of this section, to prevent the immediate recalculation and payments of benefits to the remaining beneficiaries as provided under subsection (2) of this section, but the weekly income benefits as to such remaining beneficiaries shall not exceed the weekly income benefit that was or would have been payable for total disability to the deceased. The classes of beneficiaries specified in paragraphs (a), (b), and (d) of subsection (1) of this section shall have priority over all other beneficiaries in the apportionment of income benefits. If the provisions of this subsection should prevent payment to other beneficiaries of the income benefits to the full extent otherwise provided for by this section, the gross remaining amount of income benefits payable to such other beneficiaries shall be apportioned by class, proportionate to the interest of each class in the remaining amount. Parents shall be considered to be in one class and those specified in paragraph (f) of subsection (1) in another class.

(5) All relations of dependency referred to in this section shall mean dependency existing at the time of the accident to the

employee or at the time his disability from an occupational disease began.

(6) In addition to other benefits as provided by this chapter, if death occurs within four (4) years of the date of injury as a direct result of a work-related injury, a lump-sum payment of ***fifty thousand dollars ($50,000)***~~[twenty-five thousand dollars ($25,000)]~~ shall be made to the deceased's estate, from which the cost of burial and cost of transportation of the body to the employee's place of residence shall be paid. ***Annually, the commissioner shall compute, in accordance with KRS 342.740, the increase or decrease in the state average weekly wage, and consistent therewith, shall adjust the amount of the lump sum payment due under this subsection for injuries occurring in the succeeding year.***

(7) All benefits awarded pursuant to this section, other than those provided in subsection (6) of this section, shall be subject to the limitations contained in KRS 342.730(4)."; and renumbering the remaining section accordingly.

On page 58, after line 11, by inserting the following section and by renumbering the remaining sections accordingly:

"Section 16. KRS 342.7305 is amended to read as follows:

(1) In all claims for occupational hearing loss caused by either a single incident of trauma or by repetitive exposure to hazardous noise over an extended period of employment, the extent of binaural hearing impairment shall be determined under the latest available edition of the American Medical Association "Guides to the Evaluation of Permanent Impairment."

(2) Income benefits payable for occupational hearing loss shall be as provided in KRS 342.730, except income benefits shall not be payable where the binaural hearing impairment converted to impairment of the whole person results in impairment of less than ***five percent (5%)***~~[eight percent (8%)]~~. No impairment percentage for tinnitus shall be considered in determining impairment to the whole person.

(3) The commissioner shall provide by administrative regulation for prompt referral of hearing loss claims for evaluation, for all medical reimbursement, and for prompt authorization of hearing enhancement devices.

(4) When audiograms and other testing reveal a pattern of hearing loss compatible with that caused by hazardous noise exposure and the employee demonstrates repetitive exposure to hazardous noise in the workplace, there shall be a rebuttable presumption that the hearing impairment is an injury covered by this chapter, and the employer with whom the employee was last injuriously exposed to hazardous noise shall be exclusively liable for benefits.".

On page 58, after line 11, by inserting the following sections:

"Section 16. KRS 342.270 is amended to read as follows:

(1) If the parties fail to reach an agreement in regard to compensation under this chapter, either party may make written application for resolution of claim. The application must be filed within two (2) years after the accident, or, in case of death, within two (2) years after the death, or within two (2) years after the cessation of voluntary payments, if any have been made. When the application is filed by the employee or during the pendency of that claim, he shall join all causes of action against the named employer which have accrued and which are known, or should reasonably be known, to him. Failure to join all accrued causes of action will result in such claims being barred under this chapter as waived by the employee.

(2) Except with respect to claims for benefits by reason of coal workers' pneumoconiosis, the commissioner shall issue notice of the filing to all parties and shall promptly assign the claim to an arbitrator for benefit review. The arbitrator shall facilitate the exchange of information pertinent to the claim pursuant to administrative regulations promulgated by the commissioner. Within forty-five (45) days of the date of issuance of the notice required by this section, the employer or carrier shall file notice of claim denial or acceptance, setting forth specifically those material matters which are admitted, those which are denied, and the basis of any denial of the claim.

(3) (a) The arbitrator shall conduct proceedings as necessary to the resolution of the claim and may order the parties to appear for a benefit review conference, or submit medical reports and other information, or refer the employee for medical evaluation ***subject to subsection (1) of Section 17 of this Act***.

(b) If an arbitrator determines in his discretion that a pending claim presents factual issues best resolved through hearing before an administrative law judge, the arbitrator may enter an order transferring the claim to an administrative law judge for further proceedings.

(4) Except where compelling circumstances justify delay and except as provided in subsection (3)(b) of this section, the arbitrator shall render a written determination upon all matters at issue within ninety (90) days of the assignment of the

claim. Through written order, the arbitrator may grant or deny any benefit afforded by this chapter, including interlocutory relief.

(5) Unless timely appeal is filed as set forth in KRS 342.275, the written determination of the arbitrator shall be a final order enforceable under the provisions of KRS 342.305.

(6) Benefit review conferences shall be held at a place designated by the commissioner, provided that the proceedings shall be held within the boundaries of the Commonwealth.

(7) Within one hundred twenty (120) days of December 12, 1996, the commissioner shall promulgate administrative regulations establishing procedures for the resolution of claims, which shall include benefit review. The administrative regulations promulgated pursuant to the provisions of this subsection shall be effective on an emergency basis and be applied to all pending claims.

Section 17. KRS 342.315 is amended to read as follows:

(1) The commissioner ***may***~~[shall]~~ contract with the University of Kentucky and the University of Louisville medical schools to evaluate workers who have had injuries or become affected by occupational diseases covered by this chapter. Referral for evaluation may be made to one (1) of the medical schools ***only when***~~[whenever]~~ a ***complicated or unusual*** medical question is at issue.

(2) The physicians and institutions performing evaluations pursuant to this section shall render reports encompassing their findings and opinions in the form prescribed by the commissioner. ~~[The clinical findings and opinions of the designated evaluator shall be afforded presumptive weight by arbitrators and administrative law judges and the burden to overcome such findings and opinions shall fall on the opponent of that evidence. When arbitrators or administrative law judges reject the clinical findings and opinions of the designated evaluator, they shall specifically state in the order the reasons for rejecting that evidence.]~~

(3) The commissioner, an arbitrator, or an administrative law judge may, upon the application of any party or upon his own motion, direct appointment by the commissioner, pursuant to subsection (1) of this section, of a medical evaluator to make any necessary medical examination of the employee. Such medical evaluator shall file with the commissioner within fifteen (15) days after such examination a written report. The medical evaluator appointed may charge a reasonable fee not exceeding fees established by the commissioner for those services.

(4) Within thirty (30) days of the receipt of a statement for the evaluation, the employer or carrier shall pay the cost of the examination. Upon notice from the commissioner that an evaluation has been scheduled, the insurance carrier shall forward within seven (7) days to the employee the expenses of travel necessary to attend the evaluation at a rate equal to that paid to state employees for travel by private automobile while conducting state business.

(5) Upon claims in which it is finally determined that the injured worker was not the employee at the time of injury of an employer covered by this chapter, the special fund shall reimburse the carrier for any evaluation performed pursuant to this section for which the carrier has been erroneously compelled to make payment.

(6) Not less often than annually the designee of the secretary of the Cabinet for Health Services shall assess the performance of the medical schools and render findings as to whether evaluations conducted under this section are being rendered in a timely manner, whether examinations are conducted in accordance with medically recognized techniques, whether impairment ratings are in conformity with standards prescribed by the latest edition available of the "Guides to the Evaluation of Permanent Impairment" published by the American Medical Association, and whether coal workers' pneumoconiosis examinations are conducted in accordance with the standards prescribed in this chapter.

Section 18. KRS 342.7305 is amended to read as follows:

(1) In all claims for occupational hearing loss caused by either a single incident of trauma or by repetitive exposure to hazardous noise over an extended period of employment, the extent of binaural hearing impairment shall be determined under the latest available edition of the American Medical Association "Guides to the Evaluation of Permanent Impairment."

(2) Income benefits payable for occupational hearing loss shall be as provided in KRS 342.730, except income benefits shall not be payable where the binaural hearing impairment converted to impairment of the whole person results in impairment of less than eight percent (8%). Any temporary total disability period within the maximum period for permanent, partial disability benefits shall extend the maximum period but shall not make payable a weekly benefit exceeding that determined in subsection (1)(a) of this section. (2) The period of any income benefits payable under this section on account of any injury shall be reduced by the period of income benefits paid or payable under this chapter on account of a prior injury if income benefits in both cases are for disability of the same member or function, or different parts of the same member or function, and the income benefits payable on account of the subsequent disability in whole or in part would duplicate the income benefits payable on account of the pre-existing disability.

(3) Subject to the limitations contained in subsection (4) of this section, when an employee, who has sustained disability compensable under this chapter, and who has filed, or could have timely filed, a valid claim in his lifetime, dies from causes other than the injury before the expiration of the compensable period specified, portions of the income benefits specified and unpaid at the individual's death, whether or not accrued or due at his death, shall be paid, under an award made before or after the death, for the period specified in this section, to and for the benefit of the persons within the classes at the time of death and in the proportions and upon the conditions specified in this section and in the order named:

Where there are more than two (2) such children, the indemnity benefits payable on account of two (2) children shall be divided among all the children, share and share alike; or

(c) If there is no widow or widower but such a child or children, then to the child or children, fifty percent (50%) of the benefits specified in the award to one (1) child, and fifteen percent (15%) of those benefits to a second child, to be shared equally. If there are more than two (2) such children, the indemnity benefits payable on account of two (2) children shall be divided equally among all the children; or

(d) If there is no survivor in the above classes, then the parent or parents wholly or partly actually dependent for support upon the decedent, or to other wholly or partly actually dependent relatives listed in paragraph (g) of subsection (1) of KRS 342.750, or to both, in proportions that the commissioner provides by administrative regulation.

(e) To the widow or widower upon remarriage, up to two (2) years, benefits as specified in the award and proportioned under paragraphs (a) or (b) of this subsection, if the proportioned benefits remain unpaid, to be paid in a lump sum.

(4) All income benefits payable pursuant to this chapter shall terminate as of the date upon which the employee qualifies for normal old-age Social Security retirement benefits under the United States Social Security Act, 42 U.S.C. secs. 301 to 1397f, or two (2) years after the employee's injury or last exposure, whichever last occurs. In like manner all income benefits payable pursuant to this chapter to spouses and dependents shall terminate when such spouses and dependents qualify for benefits under the United States Social Security Act by reason of the fact that the worker upon whose earnings entitlement is based would have qualified for normal old-age Social Security retirement benefits

(5) All income benefits pursuant to this chapter otherwise payable for temporary total and permanent total disability shall be offset by unemployment insurance benefits paid for unemployment during the period of temporary total or permanent total disability.

(6) All income benefits otherwise payable pursuant to this chapter shall be offset by payments made under an exclusively employer-funded disability or sickness and accident plan which extends income benefits for the same disability covered by this chapter, except where the employer-funded plan contains an internal offset provision for workers' compensation benefits which is inconsistent with this provision.

"Section 15. KRS 342.270 is amended to read as follows:

(1) If the parties fail to reach an agreement in regard to compensation under this chapter, either party may make written application for resolution of claim. The application must be filed within two (2) years after the accident, or, in case of death, within two (2) years after the death, or within two (2) years after the cessation of voluntary payments, if any have been made. When the application is filed by the employee or during the pendency of that claim, he shall join all causes of action against the named employer which have accrued and which are known, or should reasonably be known, to him. Failure to join all accrued causes of action will result in such claims being barred under this chapter as waived by the employee.

(2) Except with respect to claims for benefits by reason of coal workers' pneumoconiosis, the commissioner shall issue notice of the filing to all parties and shall promptly assign the claim to an arbitrator for benefit review. The arbitrator shall

facilitate the exchange of information pertinent to the claim pursuant to administrative regulations promulgated by the commissioner. Within forty-five (45) days of the date of issuance of the notice required by this section, the employer or carrier shall file notice of claim denial or acceptance, setting forth specifically those material matters which are admitted, those which are denied, and the basis of any denial of the claim.

(b) If an arbitrator determines in his discretion that a pending claim presents factual issues best resolved through hearing before an administrative law judge, the arbitrator may enter an order transferring the claim to an administrative law judge for further proceedings.

(4) Except where compelling circumstances justify delay and except as provided in subsection (3)(b) of this section, the arbitrator shall render a written determination upon all matters at issue within ninety (90) days of the assignment of the claim. Through written order, the arbitrator may grant or deny any benefit afforded by this chapter, including interlocutory relief.

(5) Unless timely appeal is filed as set forth in KRS 342.275, the written determination of the arbitrator shall be a final order enforceable under the provisions of KRS 342.305.

(6) Benefit review conferences shall be held at a place designated by the commissioner, provided that the proceedings shall be held within the boundaries of the Commonwealth.

(7) Within one hundred twenty (120) days of December 12, 1996, the commissioner shall promulgate administrative regulations establishing procedures for the resolution of claims, which shall include benefit review. The administrative regulations promulgated pursuant to the provisions of this subsection shall be effective on an emergency basis and be applied to all pending claims.

(3) The commissioner, an arbitrator, or an administrative law judge may, upon the application of any party or upon his own motion, direct appointment by the commissioner, pursuant to subsection (1) of this section, of a medical evaluator to make any necessary medical examination of the employee. Such medical evaluator shall file with the commissioner within fifteen (15) days after such examination a written report. The medical evaluator appointed may charge a reasonable fee not exceeding fees established by the commissioner for those services.

(4) Within thirty (30) days of the receipt of a statement for the evaluation, the employer or carrier shall pay the cost of the examination. Upon notice from the commissioner that an evaluation has been scheduled, the insurance carrier shall forward within seven (7) days to the employee the expenses of travel necessary to attend the evaluation at a rate equal to that paid to state employees for travel by private automobile while conducting state business.

(5) Upon claims in which it is finally determined that the injured worker was not the employee at the time of injury of an employer covered by this chapter, the special fund shall reimburse the carrier for any evaluation performed pursuant to this section for which the carrier has been erroneously compelled to make payment.

(6) Not less often than annually the designee of the secretary of the Cabinet for Health Services shall assess the performance of the medical schools and render findings as to whether evaluations conducted under this section are being rendered in a timely manner, whether examinations are conducted in accordance with medically recognized techniques, whether impairment ratings are in conformity with standards prescribed by the latest edition available of the "Guides to the Evaluation of Permanent Impairment" published by the American Medical Association, and whether coal workers' pneumoconiosis examinations are conducted in accordance with the standards prescribed in this chapter.

Section 17. KRS 342.7305 is amended to read as follows:

(1) In all claims for occupational hearing loss caused by either a single incident of trauma or by repetitive exposure to hazardous noise over an extended period of employment, the extent of binaural hearing impairment shall be determined under the latest available edition of the American Medical Association "Guides to the Evaluation of Permanent Impairment."

(2) Income benefits payable for occupational hearing loss shall be as provided in KRS 342.730, except income benefits shall not be payable where the binaural hearing impairment converted to impairment of the whole person results in impairment of less than eight percent (8%). No impairment percentage for tinnitus shall be considered in determining impairment to the whole person.

(3)[~~The commissioner shall provide by administrative regulation for prompt referral of hearing loss claims for evaluation, for all medical reimbursement, and for prompt authorization of hearing enhancement devices.~~

~~(4)~~] When audiograms and other testing reveal a pattern of hearing loss compatible with that caused by hazardous noise exposure and the employee demonstrates repetitive exposure to hazardous noise in the workplace, there shall be a rebuttable presumption that the hearing impairment is an injury covered by this chapter, and the employer with whom the employee was last injuriously exposed to hazardous noise shall be exclusively liable for benefits.".

On page 1, by deleting all whereas clauses on page 1 in their entirety; and

By deleting page 2, 3 and 4 in their entirety; and

by inserting in lieu thereof the following:

"WHEREAS, in the Preamble to Kentucky's Constitution, the Framers acknowledged Almighty God as the source of the peoples' liberty and invoked His blessings on the citizens of the Commonwealth:

> "We, the people of the Commonwealth of Kentucky, grateful to Almighty God for the civil, political and religious liberties we enjoy, and invoking the continuance of these blessings, do ordain and establish this Constitution"; and

WHEREAS, in 1992, the Kentucky General Assembly enacted KRS 158.195 to prevent the censorship or suppression of the official Acts of Congress or the writings and speeches of America's Founders and Presidents which contain references to God or the Bible; and

WHEREAS, the Ten Commandments appear over the bench where the United States Supreme Court Justices sit, thus showing the source from whence our laws and the governmental power of the state are derived; and

WHEREAS, many of the Ten Commandments have been codified in Kentucky's civil and criminal laws and similarly in the legal codes of the other forty-nine states; and

WHEREAS, America's colonial governments adopted the Ten Commandments not as an object of worship or an icon, but as the basis for their civil and criminal law, as illustrated on April 3, 1644, when the New Haven Colony Charter was adopted establishing that: "the judicial laws of God, as they were delivered by Moses be a rule to all the courts in this jurisdiction"; and

WHEREAS, when signing the Declaration of Independence on August 2, 1776, Samuel Adams, the "Father of the Revolution," emphasized its Biblical presuppositions:

> "We have this day restored the Sovereign to whom all men ought to be obedient. He reigns in heaven and from the rising to the setting of the sun, let His kingdom come"; and

WHEREAS, on August 20, 1789, Congressman Fisher Ames from Massachusetts proposed the wording of the First Amendment which was adopted by the House of Representatives in the first session of the Congress of the United States; and his writings clearly demonstrate that the Framers never intended the First Amendment to be so interpreted as to remove the Bible from public school classrooms:

> "We are spending less time in the classroom on the Bible which should be the principal text in our schools . . . ."; and

WHEREAS, in a letter dated August 18, 1790, President George Washington wrote to the Hebrew Congregation in Newport, Rhode Island, "All possess alike liberty of conscience and immunities of citizenship. . . . May the children of the stock of Abraham, who dwell in this land, continue to merit and enjoy the good will of the other inhabitants; while every one shall sit in safety under his own vine and fig tree, and there shall be none to make him afraid"; and

WHEREAS, in his "Farewell Address" of September 19, 1796, President George Washington pointed out the connection between the faith of the Nation and its political prosperity when he declared:

> "Of all the dispositions and habits which lead to political prosperity, religion and morality are indispensable supports. . . ."; and

WHEREAS, Noah Webster, the author of dictionaries and the famed 1783 "Blue-Backed Speller", articulated the mindset of the Framers who presupposed a Biblical basis for law:

> "The moral principles and precepts contained in the Scriptures ought to form the basis for all our civil constitutions and laws"; and

WHEREAS, acknowledging the Bible as an integral part of the fabric of our society, on September 11, 1777, the Continental Congress adopted a resolution to import 20,000 Bibles from Holland and Scotland, as the colonies were at war with England; and

WHEREAS, on May 29, 1845, the day before his death, President Andrew Jackson stated:

> "My lamp of life is nearly out, and the last glimmer has come. I am ready to depart when called. The Bible is true. The principles and statutes of that Holy Book have been the rule of my life, and I have tried to conform to its spirit as nearly as possible. Upon that sacred volume I rest my hope for eternal salvation, through the merits and blood of our blessed Lord and Saviour, Jesus Christ"; and

WHEREAS, President John Quincy Adams wrote concerning the civil function of the Mosaic law:

> "The law given from Sinai was a civil and municipal as well as a moral and religious code; it contained many statutes . . . of universal application - laws essential to the existence of men in society and most of which have been enacted by every nation which ever professed any code of laws"; and

WHEREAS, on February 29, 1892, the United States Supreme Court, in a unanimous decision which has never been overruled, cited sixty-six organic authorities which show the Bible's singular influence on America:

> "There is no dissonance in these declarations. There is a universal language pervading them all, having one meaning; they affirm and reaffirm that this is a religious nation. These are not individual sayings, declarations of private persons; they are organic utterances; they speak the voice of the entire group. These authorities were collected to support the historical conclusion that: 'no purpose of action against religion can be imputed any legislation, state or nation, because this is a religious people. This is historically true. From the discovery of this continent to the present hour, there is a single voice making this affirmation . . . we find everywhere a clear recognition of the same truth . . . this is a Christian nation'"; and

WHEREAS, on May 7, 1911, President Woodrow Wilson, addressing the Tercentenary Celebration of the Translation of the Bible into the English Language, stated:

> "Moreover, the Bible does what is so invaluable in human life -- it classifies moral values. It apprises us that men are not judged according to their wits, but according to their characters -- that the last of every man's reputation is his truthfulness, his squaring his conduct with the standards that he knew to be the standards of purity and rectitude. How many a man we appraise, ladies and gentlemen, as great today whom we do not admire as noble! A man may have great power and small character"; and

WHEREAS, President Woodrow Wilson's letter to the soldiers and sailors of the United States during World War I, recorded in the Congressional Record, advised them:

> "The Bible is the word of life. I beg that you will read it and find this out for yourselves -- read not little snatches here and there, but long passages that will really be the road to the heart of it. You will find it full of real men and women not only, but also of things you have wondered about and been troubled about all your life, as men have been always; and the more you read, the more it will become plain to you what things are worthwhile and what are not, what things make men happy -- loyalty, right dealings, speaking the truth, readiness to give everything for what they think their duty, and, most of all, the wish that they may have the real approval of the Christ, who gave everything for them -- and the things that are guaranteed to make men unhappy -- selfishness, cowardice, greed, and everything that is low and mean. When you have read the Bible, you will know that it is the Word of God, because you will have found it the key to your own heart, your own happiness, and your own duty"; and

WHEREAS, before his assassination on November 22, 1963, President John F. Kennedy prepared a major address on the status of American strength and security, choosing his last words from the Bible to reveal the source of America's true security: "Except the Lord keep the city, the watchman waketh but in vain"; and

WHEREAS, in his book, "Sources of Power," President Jimmy Carter acknowledged the importance of the Mosaic law as a foundation:

> "As we face changes and challenges, we need to hold on to the things that don't change, the foundations on which we can build our lives despite the uncertainty and danger of the future. God's law is the greatest of these foundations"; and

WHEREAS, in his February 22, 1990 proclamation designating 1990 as The International Year of Bible Reading, President George Bush declared:

> "The Bible has had a critical impact upon the development of Western civilization. Western literature, art, and music are filled with images and ideas that can be traced to its pages. More important, our moral tradition has been shaped by the laws and teachings it contains. It was a biblical view of man -- one affirming the dignity and worth of the human person, made in the image of our Creator -- that inspired the principles upon which the United States is founded. President Jackson called the Bible "the rock on which our Republic rests" because he knew that it shaped the Founding Fathers' concept of individual liberty and their vision of a free and just society. The Bible has not only influenced the development of our Nation's values and institutions, but also enriched the daily lives of millions of men and women who have looked to it for comfort, hope, and guidance. On the American frontier, the Bible was often the only book a family owned. For those pioneers living far from any church or school, it served both as a source of religious instruction and as the primary text from which children learned to read. The historic speeches of Abraham Lincoln and Dr. Martin Luther King, Jr., provide compelling evidence of the role Scripture

played in shaping the struggle against slavery and discrimination. Today the Bible continues to give courage and direction to those who seek truth and righteousness. In recognizing its enduring value, we recall the words of the prophet Isaiah, who declared, 'The grass withereth, the flower fadeth; but the word of our God shall stand forever.' Containing revelations of God's intervention in human history, the Bible offers moving testimony to His love for mankind. Treasuring the Bible as a source of knowledge and inspiration, President Abraham Lincoln called this Great Book 'the best gift God has given to man.' President Lincoln believed that the Bible not only reveals the infinite goodness of our Creator, but also reminds us of our worth as individuals and our responsibilities toward one another";

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. The Kentucky Department of Education, with assistance as necessary by the Legislative Research Commission, shall electronically transmit KRS 158.195 and this resolution to all public school teachers in the Commonwealth.

Section 2. Documents depicting the Ten Commandments may be posted in classrooms by any public school teacher and on other public property, when incorporated into an historical display along with other historic documents as described in KRS 158.195. The purpose of the display shall not be to advance religion, but to advance the important secular purpose of illustrating how the Bible and the Ten Commandments have influenced the faith, morals, and character of American leaders who, in turn, have shaped American law, public policy, and institutions. For that reason, the General Assembly expresses no preference as to which version of the Ten Commandments is displayed or whether the display is in English, Hebrew, or a foreign language being taught in the classroom. To advance the secular purpose of making citizens of the Commonwealth more knowledgeable concerning the founding of America, the intent of the nation's Founders, and the formative influence of the Bible and the Ten Commandments on American leaders, institutions, and law, a copy of this resolution shall be made a prominent part of any historic display on public property which includes any depiction of the Ten Commandments.

Section 3. No fiscal court, city council, or school board shall mandate the posting of any historical displays set forth in KRS 158.195 which incorporate a depiction of the Ten Commandments until that governing body first sets forth by resolution or policy its secular purpose for erecting the display. This purpose shall not advance religion.

Section 4. Each historic display which incorporates a depiction of the Ten Commandments shall be accompanied by clearly legible copies of this resolution and of KRS 158.195; and the cost of posting and maintaining the displays may be paid for by voluntary private contributions.

Section 5. The Legislative Research Commission shall remit a sufficient number of copies of this resolution to the Department for Local Government for distribution by the department, in the manner it deems most efficient, to all elected officials of each city and county of the Commonwealth.

Section 6. The Legislative Research Commission shall remit a sufficient number of copies of this resolution to the Secretary of State for distribution by the Secretary of State, in the manner he deems most efficient, to the statewide elected officials of the Commonwealth.

Section 7. The commissioner of the Department for Facilities Management in consultation with the Legislative Research Commission through its director shall relocate the monument which is inscribed with the Ten Commandments and which was displayed on the Capitol grounds for decades to a permanent site on the Capitol grounds near Kentucky's floral clock and it shall be made a part of an historic display which shall include the display of this Resolution."

WHEREAS, violence in the workplace is an increasing occupational hazard stemming from causes within and outside of the workplace, and includes offensive behavior ranging from verbal assaults, threats, and harassment to homicide; and

WHEREAS, on September 14, 1989, Louisville, Kentucky became the site of one of the nation's most highly publicized occurrences of workplace violence when Joseph T. Wesbecker, who had been placed on long-term mental disability leave, entered the Standard Gravure printing company with an assault rifle and killed seven and wounded thirteen employees before committing suicide at the plant; and

WHEREAS, according to the Kentucky Department of Labor's report "Fatal Occupational Injuries in Kentucky, 1995-1998", sixteen assaults and violent acts resulted in occupational fatalities in 1998, with five of the six fatalities occurring to women being caused by violent acts and assaults; and

WHEREAS, the National Institute for Occupational Safety and Health (NIOSH) reported in 1997 that an average of twenty workers are murdered each week in the United States, and an estimated one million workers, or eighteen thousand per week, are victims of nonfatal workplace assaults, with homicide being the leading cause of death for women at work. HB 895, AN ACT relating to the purchase of wholesale electric power by municipal electric utilities.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 96 IS CREATED TO READ AS FOLLOWS:

(1) A municipal utility that owns or operates an electric utility under KRS 96.550 to 96.900 may authorize:

(a) Membership and participation in a group purchasing program when the municipal utility deems that the purchase of power through a group purchasing program can affect economy or efficiency in the operations of the municipal utility; or

(b) The purchase of wholesale electric power for the purpose of resale from any person or entity when the purchase is deemed advantageous to the municipal utility.

(2) "Group purchasing program" means a voluntary program that may consist of both public and private utilities for the purchase of wholesale electric power.

(3) A municipal utility that is purchasing wholesale electric power for resale to the ultimate customers of the municipal utility as provided under subsection (1) of this section shall not be subject to the provisions of KRS 45A.365 and KRS 424.260.

Section 2. KRS 45A.365 is amended to read as follows:

(1) All contracts or purchases shall be awarded by competitive sealed bidding, except as otherwise provided by KRS 45A.370 to 45A.385 *and for the purchase of wholesale electric power by municipal utilities as provided in subsection (1) of Section 1 of this Act*.

(2) The invitation for bids shall state that the award shall be made on the basis of the lowest bid price or the lowest evaluated bid price. If the latter is used, the objective measurable criteria to be utilized shall be set forth in the invitation for bids.

(3) Adequate public notice of the invitation for bids shall be given prior to the date set forth for the opening of bids. The notice may include posting on the Internet or publication in a newspaper of general circulation in the local jurisdiction not less than seven (7) days before the date set for the opening of the bids. The public notice shall include the time and place the bids will be opened and the time and place where the specifications may be obtained.

(4) The bids shall be opened publicly at the time and place designated in the invitation for bids. Each bid, together with the name of the bidder, shall be recorded and be open to public inspection. Electronic bid opening and posting of the required information for public viewing shall satisfy the requirements of this subsection.

(5) A contract shall be awarded with reasonable promptness by written notice to the responsive and responsible bidder whose bid is either the lowest bid price or the lowest evaluated bid price.

(6) The local public agency may allow the withdrawal of a bid where there is a patent error on the face of the bid document, or where the bidder presents sufficient evidence, substantiated by bid worksheets, that the bid was based upon an error in the formulation of the bid price.

Section 3. KRS 424.260 is amended to read as follows:

(1) Except where a statute specifically fixes a larger sum as the minimum for a requirement of advertisement for bids, no city, county, or district, or board or commission of a city or county, or sheriff or county clerk, may make a contract, lease, or other agreement for materials, supplies except perishable meat, fish, and vegetables, equipment, or for contractual services other than professional, involving an expenditure of more than ten thousand dollars ($10,000) without first making newspaper advertisement for bids.

(2) If the fiscal court requires that the sheriff or county clerk advertise for bids on expenditures of less than ten thousand dollars ($10,000), the fiscal court requirement shall prevail.

(3) (a) Nothing in this statute shall limit or restrict the ability of a local school district to acquire supplies and equipment outside of the bidding procedure if those supplies and equipment meet the specifications of the contracts awarded by the Division of Purchases or a federal, local, or cooperative agency and are available for purchase elsewhere at a lower price. A board of education may purchase those supplies and equipment without advertising for bids if, prior to making the purchases, the board of education obtains certification from the district's finance or purchasing officer that the items to be purchased meet the standards and specifications fixed by state price contract, federal (GSA) price contract, or the bid of another school district whose bid specifications allow other districts to utilize their bids, and that the sales price is lower than that established by the various price contract agreements or available through the bid of another school district whose bid specifications would allow the district to utilize their bid.

(b) The procedures set forth in paragraph (a) of this subsection shall not be available to the district for any specific item once the bidding procedure has been initiated by an invitation to bid and a publication of specifications for that specific item has been published. In the event that all bids are rejected, the district may again avail itself of the provisions of paragraph (a) of this subsection.

(4) This requirement shall not apply in an emergency if the chief executive officer of the city, county, or district has duly certified that an emergency exists, and has filed a copy of the certificate with the chief financial officer of the city, county, or district, or if the sheriff or the county clerk has certified that an emergency exists, and has filed a copy of the certificate with the clerk of the court where his necessary office expenses are fixed pursuant to KRS 64.345 or 64.530, or if the superintendent of the board of education has duly certified that an emergency exists, and has filed a copy of the certificate with the chief state school officer.

(5) The provisions of subsection (1) of this section shall not apply for the purchase of wholesale electric power for resale to the ultimate customers of a municipal utility organized under KRS 96.550 to 96.900.

Such orders shall be entirely without prejudice to the proceedings for permanent custody of the child and shall remain in effect until modified or set aside by the court. Upon the entry of a temporary or final judgment in the Circuit Court awarding custody of such child, all prior orders of the juvenile session of the District Court in conflict therewith shall be deemed canceled. This section shall not work to deprive the Circuit Court of jurisdiction over cases filed in Circuit Court.

(7) The court of each county wherein a public offense, as defined in paragraph (a) of subsection (1) of this section, is committed by a child who is a resident of another county of this state shall have concurrent jurisdiction over such child with the court of the county wherein the child resides or the court of the county where the child is found. Whichever court first acquires jurisdiction of such child may proceed to final disposition of his case, or in its discretion may make an order transferring the case to the court of the county of his residence or the county wherein the offense was committed, as the case may be.

(8) Nothing in this chapter shall prevent the District Court from holding a child in contempt of court to enforce valid court orders previously issued by the court.

(9) Except as provided in KRS 635.060(3), nothing in this chapter shall confer upon the District Court jurisdiction over the actions of the Department of Juvenile Justice or the cabinet in the placement, care, or treatment of a child committed to the Department of Juvenile Justice or the cabinet; or to require the department or the cabinet to perform, or to refrain from performing, any specific act in the placement, care, or treatment of any child committed to the department or the cabinet.

(10) Unless precluded by KRS Chapter 635 or 640, in addition to informal adjustment, the court shall have the discretion to amend the petition to reflect jurisdiction pursuant to the proper chapter of the Kentucky Unified Juvenile Code.

(11) The court shall have continuing jurisdiction over a child pursuant to subsection (1) of this section, to review dispositional orders, and to conduct dispositional hearings under 42 U.S.C. sec. 675(5)(c) until the child is placed for adoption, returned home to his parents with all the court imposed conditions terminated, or reaches the age of eighteen (18) years.

Section 11. KRS 610.015 is amended to read as follows:

(1) A child who is charged with an offense which classifies him for trial as an adult in the Circuit Court or the adult session of the District Court shall, at the time the decision is made by the court to try the child as an adult, be subject to the arrest, post-arrest, and criminal procedures that apply to an adult, except for the place of confinement, as provided in the Kentucky Revised Statutes and the Rules of Criminal Procedure.

(2) The Circuit Court shall try all misdemeanor, violation, traffic offense, and ***child in need of services***[~~status offense~~] matters included in or which arise from the act or series of acts which result in the trial of a child as an adult in the Circuit Court.

(3) Records, limited to the records of the present case in which the child has been charged, relating to a child charged under this section shall not be made public until after the child has been indicted and arraigned on the offense for trial of the child as an adult. Release of the child's treatment, medical, mental, or psychological records is prohibited unless presented as evidence in Circuit Court. Release of any records resulting from the child's prior abuse and neglect under Title IV-E or Title IV-B of the Federal Social Security Act is also prohibited.

(4) This section shall not be construed as permitting the release of the child's treatment, medical, mental, or psychological records unless those records are presented as evidence in open court. The release of information relative to the child's eligibility for services under Title IV-E or IV-B of the Federal Social Security Act is prohibited.

Section 12. KRS 610.330 is amended to read as follows:

(1) Any child who has been adjudicated as coming within the purview of KRS Chapters 630, 635 (with regard to ***a child in need of services***[~~status offenses~~], misdemeanors, or violations only), or 645, but not KRS Chapters 620 or 640, may petition the court for the expungement of his juvenile court record, except for adjudications involving guilt of an offense which would have been a felony if the offense was committed by an adult. He shall be informed of such right at the time of adjudication. The court on its own motion, or on the motion of a probation officer of the court, a representative of the Department of Juvenile Justice or the cabinet, or any other interested person may initiate expungement proceedings concerning the record of any child who has been under the jurisdiction of the court. The petition shall be filed or the court order entered no sooner than two (2) years after the date of termination of the court's jurisdiction over the person, or two (2) years after his unconditional release from commitment to the Department of Juvenile Justice or the Cabinet for Families and Children or a public or private agency, except that the two (2) year period may be waived if the court finds that such extraordinary circumstances exist with regard to the petitioner as to make the waiver advisable.

(2) Upon the filing of a petition or entering of a court order, the court shall set a date for a hearing and shall notify the county attorney and anyone else whom the court or the child, his parents, relatives, guardian, or custodian has reason to believe may have relevant information related to the expungement of the record.

(3) The court shall order sealed all records in the petitioner's case in the custody of the court and any of these records in the custody of any other agency or official, including law enforcement and public or private elementary and secondary school records, if at the hearing the court finds that:

(a) Since the termination of the court's jurisdiction or his unconditional release from commitment to the Department of Juvenile Justice, the cabinet, or a public or private agency, the person whose record is in question has not been convicted of a felony, and has not been adjudicated under KRS 610.010(1)(a); and

(b) No proceeding concerning a felony and no petition under KRS 610.010(1)(a) is pending or being instituted against him.

(4) Upon the entry of an order to seal the records, the proceedings in the case shall be deemed never to have occurred and all index references shall be deleted and the person and court may properly reply that no record exists with respect to such person upon any inquiry in the matter.

(5) Copies of the order shall be sent to each agency or official named therein.

(6) Inspection of the records included in the order may thereafter be permitted by the court only upon petition by the person who is the subject of such records, and only to those persons named in such petition.

Section 13. KRS 630.030 is amended to read as follows:

Under the provisions of this chapter a child may be taken into custody by any peace officer:

(1) Pursuant to an order of the court for failure to appear before the court for a previous ***child in need of services matter***[~~status offense~~]; or

(2) If there are reasonable grounds to believe that the child has been an habitual runaway from his parent or person exercising custodial control or supervision of the child.

Section 14. KRS 630.050 is amended to read as follows:

Before commencing any judicial proceedings on any complaint alleging ***that a child is in need of services***[~~the commission of a~~

~~status offense~~], the party or parties seeking such court action shall meet for a conference with a court designated worker for the express purpose of determining whether or not:

(1) To refer the matter to the court by assisting in the filing of a petition under KRS 610.020;

(2) To refer the child and his family to a public or private social service agency. The court designated worker shall make reasonable efforts to refer the child and his family to an agency before referring the matter to court; or

(3) To enter into a diversionary agreement.

Section 15. KRS 635.010 is amended to read as follows:

(1) In each District Court, the court-designated worker shall receive complaints alleging that a public offense has been committed. All cases governed by KRS Chapter 635 requiring Circuit Court action or 640 requiring Circuit Court action shall be set for arraignment. All other public offenses shall be proceeded against in accordance with the following:

(a) The county attorney shall cause a review to be made of each complaint. The purpose of this review shall be to determine from the available evidence whether there are reasonable grounds to believe that the alleged facts would constitute a public offense. The county attorney may elect not to proceed with the complaint and shall dismiss the complaint;

(b) In the event the county attorney elects to proceed, the court-designated worker shall make a preliminary determination as to whether the complaint is complete, consulting with the county attorney as may be necessary. In any case where the court-designated worker finds that the complaint is incomplete, the court-designated worker shall return the complaint without delay to the person or agency originating the complaint or having knowledge of the facts, or to the appropriate law enforcement agency having investigative jurisdiction of the offense, and request, and the complainant shall promptly thereafter furnish, additional information in order to complete the complaint. If the court-designated worker determines that the complaint is complete, he shall conduct a preliminary intake inquiry concerning such complaint to determine whether in the interest of justice the complaint can be resolved informally without the filing of a petition. The court-designated worker may recommend that a petition be filed. Prior to conducting a preliminary intake inquiry, the court-designated worker shall notify the child and the child's parent, guardian or other person exercising custodial control or supervision of the child in writing:

1. Of their opportunity to be present at the preliminary intake inquiry;

2. Of their right to have counsel present during the preliminary intake inquiry as well as the formal conference thereafter;

3. That their participation in the preliminary intake inquiry or any resulting plan of diversion is voluntary;

4. That all information supplied by the child to a court-designated worker during any process prior to the filing of the petition shall be deemed confidential and shall not be subject to subpoena or to disclosure without the written consent of the child; and

5. That the child has the right to deny the charge and demand a formal court hearing;

(c) Upon the completion of the preliminary intake inquiry, the court-designated worker shall conduct a formal conference at which time he shall present information obtained at the preliminary intake inquiry to the child and the child's parents or other person exercising custodial control or supervision. The court-designated worker shall set forth in writing alternative referral programs available to the child and the criteria the court-designated worker used to determine whether to proceed with a diversionary agreement or whether to refer the matter for the filing of a public offense petition. If the court-designated worker determines that, in his judgment, the interests of the child and the public will be thereby best served, with the written approval of the county attorney he may recommend that a public offense petition not be filed. If such a recommendation is made, the court-designated worker shall advise in writing the complainant, the victim if any, and the law enforcement agency having investigative jurisdiction of the offense of the recommendation and the reasons therefor and that the complainant, victim, or law enforcement agency may submit within ten (10) days from receipt of such notice a complaint to the county attorney for special review;

(d) The county attorney, upon receipt of a request for special review, shall consider the facts presented by the complainant and by the court-designated worker who made the recommendation that no petition be filed, before the county attorney makes a final decision as to whether a public offense petition shall or shall not be filed. In all cases in which the child is alleged to have committed a public offense and is not detained, the court-designated worker shall submit his written recommendation to the county attorney or designee within twenty (20) days, exclusive of weekends and holidays, from the date the child was taken into custody or the complaint was filed. In cases where the child is detained, the court-designated worker's report shall be submitted within seventy-two (72) hours of the time the child is ordered detained;

(e) In cases where the court-designated worker has recommended and the Commonwealth's attorney or county attorney, as appropriate, has consented in writing that a public offense petition not be filed and the complainant or victim, if any, or law enforcement agency having investigative jurisdiction of the offense has not called for a special review, said worker and the child may enter into a diversionary agreement. Such agreement may include the following: an informal plan of services provided by the court or its staff; referral of the child to a public or private organization, agency, or person to assist the child and the child's family to resolve the problems presented in the complaint; referral to a community service program in accordance with the provisions of KRS 635.080(2); restitution, limited to the amount of actual property or pecuniary loss incurred by the victim, provided that the youth has the means or could acquire the means to make restitution; and other such programs or efforts which might reasonably benefit the community and the child. In assessing periods of community service to be performed and restitution to be paid by the youth who has entered into a diversion agreement, the court-designated worker shall, to the extent possible, involve members of the community. Such members of the community shall meet with the youth and advise the court-designated worker as to the terms of the diversionary agreement and shall supervise the youth in carrying out its terms. The diversionary agreement shall not cover a period in excess of six (6) months;

(f) If the terms of the agreement are successfully completed, the court-designated worker shall dispose of the complaint, the charges shall be considered dismissed and further prosecution is prohibited. In the event the child fails to comply with the terms of the agreement, the court-designated worker shall provide ten (10) days' written notice to the child and the child's parent or other person exercising custodial control or supervision and counsel of his intent to file a public offense petition based upon the original complaint, whereupon the court-designated worker shall meet and confer with the child and the child's parent or other person exercising custodial control and supervision and counsel to consider from the child's viewpoint why a petition should not be filed; and

(g) In the event that a complaint is not disposed of as a result of an agreement or in the event that the child fails to comply with the terms of an agreement and a petition is filed, the court shall proceed with the petition in accordance with the provisions of KRS Chapter 610 as if the agreement had never been formulated. In the event that a petition is filed based upon the court-designated worker's determination that the child has failed to comply with the terms of an agreement, the child may upon arraignment of said petition move for dismissal of the petition on the basis that the agreement was substantially complied with.

(2) In the event a public offense petition is filed, it shall be verified by information and belief and contain the information listed in KRS 610.020.

(3) The court-designated worker shall refer all felony case charges involving the use of a firearm to the Commonwealth's attorney and all other felony case charges to the county attorney for prosecution in the appropriate court. The court-designated worker may recommend to the county attorney the diversion of felony charges if those charges do not involve the use of a firearm. The county attorney, if he agrees, may transfer the matter to the court-designated worker for appropriate action and supervision.

(4) Except as provided in KRS 605.030 and 605.040, the court-designated worker shall refer all misdemeanor cases, violation cases, and motor vehicle traffic offense cases to the county attorney for prosecution in the appropriate court.

(5) Except as provided by KRS 605.030 and 605.040, the court-designated worker shall refer all ***children in need of services***[~~status offense~~] cases to the county attorney for prosecution in the appropriate court.

Section 16. KRS 635.083 is amended to read as follows:

(1) A juvenile convicted of or adjudged delinquent of three (3) or more offenses, other than violations or ***as a child in need of services***[~~status offenses~~], by the juvenile session of District Court, shall be retained under the jurisdiction and supervision of the court with regard to the commission of that offense until the child reaches the age of eighteen (18), except that if the child is convicted of or adjudged delinquent of a third or subsequent misdemeanor offense after the child reaches the age of seventeen (17) years and six (6) months, the court's jurisdiction and supervision shall continue for a period not to exceed one (1) year. This jurisdiction shall continue even after the service of incarceration or other court-ordered punishment in the form of conditional discharge. Violation of the terms and conditions of conditional discharge shall be punished as contempt of court.

(2) The provisions of this section shall not apply to adjudications of delinquency for more than one (1) misdemeanor arising from the same incident.

Section 17. KRS 645.120 is amended to read as follows:

(1) If, as a result of mental illness, a child appears in need of immediate hospitalization for observation, diagnosis, or treatment, a peace officer or any interested person may either take the child to a hospital, mental health facility, or another less restrictive alternative or file a petition for emergency hospitalization. Upon filing a petition, a peace officer may place a child up to twenty-four (24) hours, excluding weekends and holidays, in a hospital or mental health facility or another less restrictive alternative. The peace officer shall notify the court designated worker of the child's placement. Within twelve (12) hours, the peace officer shall, if no other party can be found, file a petition, unless the child has been taken to a hospital. No child held under this section shall be held in a secure juvenile detention facility or juvenile holding facility unless a ***child in need of services***[~~status offense~~] action or public offense action is also pending.

(2) On the basis of a prompt examination and any other available information concerning a child who is present at or

presented at a hospital, an authorized staff physician shall determine within twenty-four (24) hours if the child needs immediate hospitalization after which the child shall be released within seventy-two (72) hours unless the child is held pursuant to other provisions of this chapter.

(a) The hospital may accept physical custody of the child and may request the person who brought the child to remain on the premises until the authorized staff physician makes a determination;

(b) If the authorized staff physician determines that the child, as a result of mental illness, appears to need immediate hospitalization, the physician shall admit the child for observation, diagnosis, and treatment, and shall, if he deems it appropriate, file a certification petition. If the proponent of emergency hospitalization is not the child's legal custodian, the hospital shall immediately notify the child's parent or other person exercising custodial control or supervision including, if applicable, the state; and

(c) If the authorized staff physician determines the child does not need immediate hospitalization, the physician shall release the child to a parent, person exercising custodial control or supervision, or an agency having custody of the child and make whatever recommendations or referrals the physician deems appropriate.

(3) The petition for emergency hospitalization shall state the petitioner's belief, including its factual basis, that the child, as a result of mental illness, needs immediate hospitalization for observation, diagnosis, and treatment. Within twenty-four (24) hours of the filing, exclusive of weekends and holidays, the court shall on an ex parte basis, which may be by telephone:

(a) Deny the petition; or

(b) Issue an order authorizing a peace officer to transport the child to a designated hospital or mental health facility for evaluation for emergency hospitalization, at which time two (2) qualified mental health professionals, at least one (1) of whom is an authorized staff physician, shall follow the procedures specified in subsection (2) of this section. If the child is committed to the cabinet or will be treated by the cabinet, the court shall notify the cabinet of its order at once and shall also advise the cabinet of the sex and condition of the child who is to be transported. The peace officer may, upon agreement of a person authorized by the peace officer, authorize the cabinet, a private agency on contract with the cabinet, or an ambulance service designated by the cabinet to transport the child to a hospital or mental health facility. The cabinet shall pay the transportation costs of the child and the official transporting the child, both to and from the designated hospital or mental health facility, in accordance with an administrative regulation promulgated under KRS Chapter 13A. If, after evaluation, the qualified mental health professional finds that the child does not meet the criteria for involuntary hospitalization, the child shall be released immediately and transported back to the child's home county by an appropriate means of transportation.

(4) An emergency hospitalization of a child may not exceed seven (7) days, exclusive of weekends and holidays, unless a certification petition is filed before the seven (7) days expire.

Section 18. KRS 645.280 is amended to read as follows:

(1) No child held under the provisions of this chapter shall be held in a secure juvenile detention facility or juvenile holding facility unless a ***child in need of services***[~~status offense~~] action or public offense action is also pending. No peace officer or any other person shall bring a ***child in need of services***[~~status offense~~] action or a public offense action against a child who is mentally ill and in need of hospitalization pursuant to this chapter solely or primarily for the purpose of avoiding transporting the child to a hospital, mental health facility, or other less restrictive alternative.

(2) If, after evaluation, the qualified mental health professional finds that the child does not meet the criteria for involuntary hospitalization and the peace officer has reason to believe that the child ***is a child in need of services or*** has committed a[~~status offense or~~] public offense, the peace officer may proceed in accordance with KRS 610.190 to 610.290.

Section 19. KRS 610.267 is amended to read as follows:

(5) A judge shall not be required to house a juvenile in a youth alternative center if he believes that the youth alternative center lacks the security necessary for the detention of that particular juvenile. If the child requires a more secure facility, the judge may order his detention in a more appropriate facility authorized by law.

(6) The Department of Juvenile Justice shall promulgate administrative regulations relating to the construction, reconstruction, remodeling, and operations of youth alternative centers.

Section 20. KRS 17.125 is amended to read as follows:

The petition shall be filed or the court order entered no sooner than two (2) years after the date of termination of the court's jurisdiction over the person, or two (2) years after his unconditional release from commitment to the Department of Juvenile Justice or the Cabinet for Families and Children or a public or private agency, except that the two (2) year period may be waived if the court finds that such extraordinary circumstances exist with regard to the petitioner as to make the waiver advisable.

(2) Upon the filing of a petition or entering of a court order, the court shall set a date for a hearing and shall notify the county attorney and anyone else whom the court or the child, his parents, relatives, guardian, or custodian has reason to believe may have relevant information related to the expungement of the record.

(3) The court shall order sealed all records in the petitioner's case in the custody of the court and any of these records in the custody of any other agency or official, including law enforcement and public or private elementary and secondary school records, if at the hearing the court finds that:

  (a) Since the termination of the court's jurisdiction or his unconditional release from commitment to the Department of Juvenile Justice, the cabinet, or a public or private agency, the person whose record is in question has not been convicted of a felony, and has not been adjudicated under KRS 610.010(1)(a); and

  (b) No proceeding concerning a felony and no petition under KRS 610.010(1)(a) is pending or being instituted against him.

(4) Upon the entry of an order to seal the records, the proceedings in the case shall be deemed never to have occurred and all index references shall be deleted and the person and court may properly reply that no record exists with respect to such person upon any inquiry in the matter.

(5) Copies of the order shall be sent to each agency or official named therein.

(6) Inspection of the records included in the order may thereafter be permitted by the court only upon petition by the person who is the subject of such records, and only to those persons named in such petition.

Section 13. KRS 630.030 is amended to read as follows:

Under the provisions of this chapter a child may be taken into custody by any peace officer:

(1) Pursuant to an order of the court for failure to appear before the court for a previous ***child in need of services matter***[~~status offense~~]; or

(2) If there are reasonable grounds to believe that the child has been an habitual runaway from his parent or person exercising custodial control or supervision of the child.

Section 14. KRS 630.050 is amended to read as follows:

Before commencing any judicial proceedings on any complaint alleging ***that a child is in need of services***~~[the commission of a status offense]~~, the party or parties seeking such court action shall meet for a conference with a court designated worker for the express purpose of determining whether or not:

(1) To refer the matter to the court by assisting in the filing of a petition under KRS 610.020;

(2) To refer the child and his family to a public or private social service agency. The court designated worker shall make reasonable efforts to refer the child and his family to an agency before referring the matter to court; or

(3) To enter into a diversionary agreement.

Section 15. KRS 635.010 is amended to read as follows:

(1) In each District Court, the court-designated worker shall receive complaints alleging that a public offense has been committed. All cases governed by KRS Chapter 635 requiring Circuit Court action or 640 requiring Circuit Court action shall be set for arraignment. All other public offenses shall be proceeded against in accordance with the following:

(a) The county attorney shall cause a review to be made of each complaint. The purpose of this review shall be to determine from the available evidence whether there are reasonable grounds to believe that the alleged facts would constitute a public offense. The county attorney may elect not to proceed with the complaint and shall dismiss the complaint;

(b) In the event the county attorney elects to proceed, the court-designated worker shall make a preliminary determination as to whether the complaint is complete, consulting with the county attorney as may be necessary. In any case where the court-designated worker finds that the complaint is incomplete, the court-designated worker shall return the complaint without delay to the person or agency originating the complaint or having knowledge of the facts, or to the appropriate law enforcement agency having investigative jurisdiction of the offense, and request, and the complainant shall promptly thereafter furnish, additional information in order to complete the complaint. If the court-designated worker determines that the complaint is complete, he shall conduct a preliminary intake inquiry concerning such complaint to determine whether in the interest of justice the complaint can be resolved informally without the filing of a petition. The court-designated worker may recommend that a petition be filed. Prior to conducting a preliminary intake inquiry, the court-designated worker shall notify the child and the child's parent, guardian or other person exercising custodial control or supervision of the child in writing:

1. Of their opportunity to be present at the preliminary intake inquiry;

2. Of their right to have counsel present during the preliminary intake inquiry as well as the formal conference thereafter;

3. That their participation in the preliminary intake inquiry or any resulting plan of diversion is voluntary;

4. That all information supplied by the child to a court-designated worker during any process prior to the filing of the petition shall be deemed confidential and shall not be subject to subpoena or to disclosure without the written consent of the child; and

5. That the child has the right to deny the charge and demand a formal court hearing;

(c) Upon the completion of the preliminary intake inquiry, the court-designated worker shall conduct a formal conference at which time he shall present information obtained at the preliminary intake inquiry to the child and the child's parents or other person exercising custodial control or supervision. The court-designated worker shall set forth in writing alternative referral programs available to the child and the criteria the court-designated worker used to determine whether to proceed with a diversionary agreement or whether to refer the matter for the filing of a public offense petition. If the court-designated worker determines that, in his judgment, the interests of the child and the public will be thereby best served, with the written approval of the county attorney he may recommend that a public offense petition not be filed. If such a recommendation is made, the court-designated worker shall advise in writing the complainant, the victim if any, and the law enforcement agency having investigative jurisdiction of the offense of the recommendation and the reasons therefor and that the complainant, victim, or law enforcement agency may submit within ten (10) days from receipt of such notice a complaint to the county attorney for special review;

(d) The county attorney, upon receipt of a request for special review, shall consider the facts presented by the complainant and by the court-designated worker who made the recommendation that no petition be filed, before the county attorney makes a final decision as to whether a public offense petition shall or shall not be filed. In all cases in which the child is alleged to have committed a public offense and is not detained, the court-designated worker shall submit his written recommendation to the county attorney or designee within twenty (20) days, exclusive of weekends and holidays, from the date the child was taken into custody or the complaint was filed. In cases where the child is detained, the court-designated worker's report shall be submitted within seventy-two (72) hours of the time the child is ordered detained;

(e) In cases where the court-designated worker has recommended and the Commonwealth's attorney or county attorney, as appropriate, has consented in writing that a public offense petition not be filed and the complainant or victim, if any, or law enforcement agency having investigative jurisdiction of the offense has not called for a special review, said worker and the child may enter into a diversionary agreement. Such agreement may include the following: an informal plan of services provided by the court or its staff; referral of the child to a public or private organization, agency, or person to assist the child and the child's family to resolve the problems presented in the complaint; referral to a community service program in accordance with the provisions of KRS 635.080(2); restitution, limited to the amount of actual property or pecuniary loss incurred by the victim, provided that the youth has the means or could acquire the means to make restitution; and other such programs or efforts which might reasonably benefit the community and the child. In assessing periods of community service to be performed and restitution to be paid by the youth who has entered into a diversion agreement, the court-designated worker shall, to the extent possible, involve members of the community. Such members of the community shall meet with the youth and advise the court-designated worker as to the terms of the diversionary agreement and shall supervise the youth in carrying out its terms. The diversionary agreement shall not cover a period in excess of six (6) months;

(f) If the terms of the agreement are successfully completed, the court-designated worker shall dispose of the complaint, the charges shall be considered dismissed and further prosecution is prohibited. In the event the child fails to comply with the terms of the agreement, the court-designated worker shall provide ten (10) days' written notice to the child and the child's parent or other person exercising custodial control or supervision and counsel of his intent to file a public offense petition based upon the original complaint, whereupon the court-designated worker shall meet and confer with the child and the child's parent or other person exercising custodial control and supervision and counsel to consider from the child's viewpoint why a petition should not be filed; and

(g) In the event that a complaint is not disposed of as a result of an agreement or in the event that the child fails to comply with the terms of an agreement and a petition is filed, the court shall proceed with the petition in accordance with the provisions of KRS Chapter 610 as if the agreement had never been formulated. In the event that a petition is filed based upon the court-designated worker's determination that the child has failed to comply with the terms of an agreement, the child may upon arraignment of said petition move for dismissal of the petition on the basis that the agreement was substantially complied with.

(2) In the event a public offense petition is filed, it shall be verified by information and belief and contain the information listed in KRS 610.020.

(3) The court-designated worker shall refer all felony case charges involving the use of a firearm to the Commonwealth's attorney and all other felony case charges to the county attorney for prosecution in the appropriate court. The court-designated worker may recommend to the county attorney the diversion of felony charges if those charges do not involve the use of a firearm. The county attorney, if he agrees, may transfer the matter to the court-designated worker for appropriate action and supervision.

(4) Except as provided in KRS 605.030 and 605.040, the court-designated worker shall refer all misdemeanor cases, violation cases, and motor vehicle traffic offense cases to the county attorney for prosecution in the appropriate court.

(5) Except as provided by KRS 605.030 and 605.040, the court-designated worker shall refer all ***children in need of services***[~~status offense~~] cases to the county attorney for prosecution in the appropriate court.

This jurisdiction shall continue even after the service of incarceration or other court-ordered punishment in the form of conditional discharge. Violation of the terms and conditions of conditional discharge shall be punished as contempt of court.

Upon filing a petition, a peace officer may place a child up to twenty-four (24) hours, excluding weekends and holidays, in a hospital or mental health facility or another less restrictive alternative. The peace officer shall notify the court designated worker of the child's placement. Within twelve (12) hours, the peace officer shall, if no other party can be found, file a petition, unless the child has been taken to a hospital. No child held under this section shall be held in a secure juvenile detention facility or juvenile holding facility unless a ***child in need of services***[~~status offense~~] action or public offense action is also pending.

(2) On the basis of a prompt examination and any other available information concerning a child who is present at or presented at a hospital, an authorized staff physician shall determine within twenty-four (24) hours if the child needs immediate hospitalization after which the child shall be released within seventy-two (72) hours unless the child is held pursuant to other provisions of this chapter.

(a) The hospital may accept physical custody of the child and may request the person who brought the child to remain on the premises until the authorized staff physician makes a determination;

(b) If the authorized staff physician determines that the child, as a result of mental illness, appears to need immediate hospitalization, the physician shall admit the child for observation, diagnosis, and treatment, and shall, if he deems it appropriate, file a certification petition. If the proponent of emergency hospitalization is not the child's legal custodian, the hospital shall immediately notify the child's parent or other person exercising custodial control or supervision including, if applicable, the state; and

(c) If the authorized staff physician determines the child does not need immediate hospitalization, the physician shall release the child to a parent, person exercising custodial control or supervision, or an agency having custody of the child and make whatever recommendations or referrals the physician deems appropriate.

(3) The petition for emergency hospitalization shall state the petitioner's belief, including its factual basis, that the child, as a result of mental illness, needs immediate hospitalization for observation, diagnosis, and treatment. Within twenty-four (24) hours of the filing, exclusive of weekends and holidays, the court shall on an ex parte basis, which may be by telephone:

(a) Deny the petition; or

(b) Issue an order authorizing a peace officer to transport the child to a designated hospital or mental health facility for evaluation for emergency hospitalization, at which time two (2) qualified mental health professionals, at least one (1) of whom is an authorized staff physician, shall follow the procedures specified in subsection (2) of this section. If the child is committed to the cabinet or will be treated by the cabinet, the court shall notify the cabinet of its order at once and shall also advise the cabinet of the sex and condition of the child who is to be transported. The peace officer may, upon agreement of a person authorized by the peace officer, authorize the cabinet, a private agency on contract with the cabinet, or an ambulance service designated by the cabinet to transport the child to a hospital or mental health facility. The cabinet shall pay the transportation costs of the child and the official transporting the child, both to and from the designated hospital or mental health facility, in accordance with an administrative regulation promulgated under KRS Chapter 13A. If, after evaluation, the qualified mental health professional finds that the child does not meet the criteria for involuntary hospitalization, the child shall be released immediately and transported back to the child's home county by an appropriate means of transportation.

(4) An emergency hospitalization of a child may not exceed seven (7) days, exclusive of weekends and holidays, unless a certification petition is filed before the seven (7) days expire.

(1) No child held under the provisions of this chapter shall be held in a secure juvenile detention facility or juvenile holding facility unless a ***child in need of services***[~~status offense~~] action or public offense action is also pending. No peace officer or any other person shall bring a ***child in need of services***[~~status offense~~] action or a public offense action against a child who is mentally ill and in need of hospitalization pursuant to this chapter solely or primarily for the purpose of avoiding transporting the child to a hospital, mental health facility, or other less restrictive alternative.

WHEREAS, the task force appointed by the Commission has reported its findings to the Commission and the General Assembly; and

WHEREAS, the task force has recommended that a Rails to Trails Program be pursued by the Commonwealth as promoting the health, safety, and welfare of the citizenry;

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 147A IS CREATED TO READ AS FOLLOWS:

A Railtrail Development Office is hereby created within the Department for Local Government. The department shall insure that the office has the necessary expertise to carry out the requirements imposed upon it by this section. Among other railtrail functions and duties which may be assigned to it, the office shall carry on at least the following responsibilities:

(1) The office shall monitor the proceedings of the United States Department of Transportation's Surface Transportation Board and shall disseminate to interested entities in Kentucky information regarding those proceedings of interest to railtrail conversion or policy in the Commonwealth. If a railroad applies to the Surface Transportation Board for authority to discontinue service over or abandon a railroad corridor in the Commonwealth, the office shall immediately notify those political subdivisions through which the corridor passes and any interested state agency of the proceedings and the potential for trail development of the corridor. Notice shall also be sent to the county judge/executive of each county through which the proposed abandonment passes, who shall distribute copies of the notice to each member of the chief legislative body of the county government at the next regularly scheduled meeting of that legislative body. The office shall also send a copy of the notice to each soil and water conservation district through which the abandonment passes. If time is of the essence and it appears that the corridor is a suitable candidate for conversion to a railtrail and

that no other railtrail interested entity will be participating in the federal proceeding, the office shall take those steps necessary to cause a railbanking or public use condition to be imposed in the federal proceeding;

(2) The office shall assist any requesting political subdivision or agency of state government with assistance on any application to the Surface Transportation Board regarding an abandoned or about to be abandoned railroad corridor, including any requests for railbanking or imposition of public use conditions;

(3) The office shall coordinate and promote railtrail development efforts among the various agencies of state government, including the Department of Parks and the Transportation Cabinet. While this subsection does not confer upon the office any powers beyond those that it may ordinarily possess, every entity of state government shall cooperate with the office to the extent practicable under the circumstances;

(4) The office shall furnish to requesting political subdivisions assistance in applying to available federal, state, or local funding sources for funds to be used for the process of converting railroad corridors into public use trails; and

(5) The office may apply for federal, state, or private grants or other forms of financial assistance to carry on its mission.

SECTION 2. A NEW SECTION OF KRS CHAPTER 277 IS CREATED TO READ AS FOLLOWS:

(1) Any organization recognized as exempt from federal income taxation under Section 501(c)(3) of the Internal Revenue Code, agency of state government, or political subdivision or city of this state holding or acquiring a railroad corridor may preserve the corridor for future railroad use while utilizing the right-of-way in the interim for nonmotorized public recreational use by filing with the Secretary of State a "Declaration of State Railbanking", concurrently serving a copy of the declaration on the Transportation Cabinet. The declaration shall contain the name and address of the filing entity, a textual description and map of the railroad corridor being railbanked, a statement that the entity accepts full responsibility for managing the corridor, for any legal liability arising out of the use of the corridor or, if the entity is immune from suit, that the entity agrees to indemnify the railroad for any liability arising out of the use of the corridor, and for the payment of all taxes which may validly be assessed against the corridor, and a declaration that the property is being railbanked in accordance with the provisions of Kentucky law in that the corridor is held open for future restoration of rail service and that this section only grants authority for the corridor to be utilized for nonmotorized public recreational use during the interim.

(2) Any property that is the subject of a declaration of state railbanking, including property held by easement, shall, during the period a declaration of state railbanking remains in force, be deemed to be held for a railroad use and shall not revert to any other form of ownership. Until rail service is restored over the corridor, the declaration of state railbanking shall only authorize the use of the corridor for public, nonmotorized recreational use, with associated infrastructure. However, a declaration of state railbanking shall not preclude any public utility usage of the corridor if that usage is otherwise permitted under other applicable law. For the specific purpose of allowing railbanking under this section, an easement for railroad use shall not be deemed abandoned until the person holding the easement conveys the easement to another person for a nonrailroad use, title to the easement and the underlying estate comes into the hands of the same owner by conveyance, the easement owner files a disclaimer in the office of the county clerk of the county where the property is situated disclaiming all interest in the corridor, or the easement is declared abandoned by judicial decree.

(3) After property is railbanked under this section, the property shall be held available for purchase by any bona fide purchaser for the restoration of rail service over the property. The following requirements shall apply to any transfer of property in contemplation of the restoration of railroad service:

(a) The entity that acquired the right to use the railroad corridor for a railtrail under this section or to whom that right had been subsequently transferred shall be compensated for the fair market value of the corridor together with any improvements erected thereon. Funds received by the entity under this paragraph shall be held in trust for the benefit of the public;

(b) All required federal and state permits and authority to reactivate and operate a railroad over the corridor shall be obtained prior to the transfer of the property for the contemplated railroad service restoration;

(c) Adequate bond with good surety shall be posted ensuring that the railroad will be constructed, with the bond being used to cover the cost of restoring the corridor to its physical condition prior to transfer of the railbanked corridor for the contemplated railroad service restoration; and

(d) The physical infrastructure necessary to operate the railroad, including tracks, ties, frogs, signaling equipment, grade crossings, and the like, shall be in place one (1) year from the date of the transfer. Train service shall be in place and operating two (2) years, from the date of the transfer. If these timelines are not met, the corridor and all associate physical improvements thereon shall automatically forfeit to the ownership of the entity responsible for railbanking the corridor under this section.

(4) Any person aggrieved by the act of railbanking a railroad corridor under the provisions of this section shall bring their claims within one (1) year after the declaration of state railbanking has been filed with the Kentucky Secretary of State. Any entity against whom a claim is asserted may utilize as an offset or setoff to the amount of any recovery those amounts in state or local taxes, together with interest and penalties, that have not been paid on the value of the

property through which the claimant asserts title.

(5) Any entity which caused a declaration of state railbanking to be filed shall cause the declaration to be vacated on the files of the Secretary of State upon the cessation of use of the corridor as a nonmotorized public use trail or the reactivation of railroad service over the corridor.

SECTION 3. A NEW SECTION OF KRS CHAPTER 277 IS CREATED TO READ AS FOLLOWS:

(1) It is the public policy of this state to preserve railroad corridors for future railroad use. Toward this end, the Commonwealth recognizes that the salvage of tracks, ties, signaling equipment, ballast, and other items may indicate an intent to maximize return on present investment and not an intent to abandon any underlying easement for railroad or other use and that the obtaining of federal authority to discontinue service over or abandon a corridor does not necessarily indicate an intent to relinquish any property interests under state law. In any civil action to determine the status of a railroad use easement, ambiguity as to intent shall be resolved in favor of continued preservation of the corridor.

(2) Any holder of a railroad corridor held by easement or otherwise may preserve that corridor by filing with the Secretary of State a "Preliminary Declaration of State Railbanking," concurrently serving a copy of the declaration on the Transportation Cabinet. The declaration shall state the name of the entity holding the corridor, a textual description and map of the land area encompassed by the corridor, and a statement that the entity does not intend to abandon the corridor described in the declaration. The entity filing the declaration may at any later time cause that declaration to be withdrawn from the Secretary of State's files. While a preliminary declaration of state railbanking is on file with the Secretary of State, the corridor set out in the declaration shall not, regardless of the status or conclusion of any federal regulatory proceeding or the salvage of track and other material from the corridor, be deemed abandoned and shall continue to exist under Kentucky law and the property encompassed by the corridor shall not revert to any other form of ownership.

SECTION 4. A NEW SECTION OF KRS CHAPTER 277 IS CREATED TO READ AS FOLLOWS:

In addition to any other legal right, any person having a legal interest in land adjoining a railtrail or in the land traversed by the railtrail itself may grant to the entity holding the right to maintain a railtrail over the property a conservation easement over all or a portion of the property in accordance with KRS 382.800 to 382.860. The entity holding the right to maintain a railtrail over the corridor may, if it finds the easement's terms acceptable, yearly designate for the tax purposes of the party conveying the easement that the entity is holding the corridor pursuant to the authority granted to that entity in the easement as opposed to authority granted in Section 2 of this Act or any similar law allowing railbanking under federal law. This designation shall not, however, affect in any way the legal right of that entity to hold the corridor pursuant to a federal or state railbanking law or the operation of those laws, and the right to maintain the railtrail on the land shall not lapse as the result of the extinguishment or modification of the easement. The easement, by its terms, may be limited in duration from year to year or for a set period of years, may extinguish itself upon the happening a defined contingent future event, or may last in perpetuity.

Section 5. KRS 148.690 is amended to read as follows:

(1) The department shall review all formal declarations of railroad right-of-way abandonments by the Surface Transportation Board or other agency with jurisdiction and may review former railroad corridors for possible inclusion in the state trails system. The commissioner shall, within three (3) years after the route of a trail or trail segment included in the system has been located, determine the boundaries of the right-of-way to be associated with that trail. Such boundaries shall be established in such a manner that they protect the scenic value of the trail.

(2) The commissioner is authorized to develop effective procedures to assure that, wherever practicable, utility rights-of-way, abandoned railroad corridors, or similar properties having value for trail purposes may be made available for such use; however, the commissioner shall take into consideration the rights of adjacent property owners in the development of any such procedures. Other departments of state government having jurisdiction, control over, or information concerning the use, abandonment, or disposition of rights-of-way, railroad corridors, and similar properties that may be suitable for trail purposes shall cooperate with the commissioner in the transfer of these rights for trail use. *These procedures shall include, at a minimum, that, for every railroad corridor that is the subject of a request for federal authority to discontinue service or for federal regulatory abandonment, the commissioner shall evaluate the potential of converting that corridor into a railtrail. The commissioner shall cause a preliminary review to be completed within thirty (30) days of the publication of the request for federal authority in the Federal Register. The commissioner shall cause a final review to be completed ninety (90) days after the publication of the request for federal authority in the Federal Register. The commissioner shall timely transmit copies of these reviews to the Legislative Research Commission and to the Commonwealth's Railtrail Development Office in the Department for Local Government as they are completed. If either review indicates the possibility of converting the corridor into a railtrail, the commissioner may participate in the federal proceeding to request that the corridor be railbanked in accordance with federal law or to request the imposition of a public use condition.*

SECTION 6. A NEW SECTION OF KRS CHAPTER 174 IS CREATED TO READ AS FOLLOWS:

(1) The Transportation Cabinet, including any agency or other unit of government attached to the cabinet, shall

immediately transmit to the Department of Parks and to the Commonwealth's Railtrail Development Office in the Department for Local Government any information received from a railroad or other person having an ownership interest in a railroad corridor pertaining to a proposed or pending action or proceeding to obtain federal authority for the regulatory abandonment of that railroad corridor.

(2) The Transportation Cabinet shall keep a record of railroad lines in the Commonwealth of Kentucky, including both lines that have been abandoned through the federal government's regulatory abandonment process and those where any railroad property interest in the railroad corridor itself has been abandoned under Kentucky law. The cabinet shall annually publish an updated map showing the location and as much information as to the status of these lines as practicable. The record shall include, in as much as possible;

(a) A description of the line and its location;

(b) The current or last railroad owner of the line;

(c) The operator of the line;

(d) The addresses and phone numbers for the owners and operators of the lines;

(g) Whether the owner of the line has consummated any authority granted by the Federal Government to discontinue service over the line or to abandon the line;

(h) Whether the line has been railbanked under either federal or state law; and

(i) Any other information the cabinet deems pertinent and useful to the public.

SECTION 7. A NEW SECTION OF KRS CHAPTER 146 IS CREATED TO READ AS FOLLOWS:

CAPITAL PROJECTS BUDGET PROVISIONS FOR PART II, CAPITAL PROJECTS

1. All appropriations to existing line-item capital construction projects expire on June 30, 2000, unless reauthorized in this Act with the following exceptions: (1) a construction contract for the project shall have been awarded by June 30, 2000; (2) permanent financing or a short-term line of credit sufficient to cover the total authorized project scope shall have been obtained in the case of projects authorized for bonds; (3) grant or loan agreements, if applicable, shall have been finalized and properly signed by all necessary parties. Notwithstanding the criteria set forth in this section, the disposition of 1998-2000 appropriated maintenance pools shall remain subject to the provisions of KRS 45.770(4)(c) and (d). Purchases of major items of equipment require reauthorization if a purchase order has not been executed by June 30, 2000.

2. Bond projects authorized for the first time in this section which have debt service supported by state General Fund appropriations are authorized in the first year of the biennium and a partial amount of the annual debt service required has been provided so that preliminary work on the projects may proceed. The full amount of annualized debt service has been included at the beginning of fiscal year 2001-2002. Therefore, the sale of any permanent bonds to finance these projects shall occur after

January 1, 2001.

3. If any authorized capital construction or major equipment projects are canceled, any General Fund appropriated debt service for those same projects shall lapse to the credit of the General Fund.

4. Notwithstanding the provisions of KRS 45.750 to 45.782, the General Assembly has determined that certain individual capital projects identified in this Act as eligible for funding from the Emergency Repair, Maintenance and Replacement Fund or the Deferred Maintenance Fund require a direct appropriation from the Emergency Repair, Maintenance and Replacement Fund and that certain projects require a direct appropriation from the Deferred Maintenance Fund in this Act. KRS 45.782 notwithstanding, certain of the Deferred Maintenance projects identified in Part II of this Act exceed $400,000 each.

5. Investment income earned from bond proceeds beyond that which is required to satisfy Internal Revenue Service arbitrage rebates and penalties and excess bond proceeds upon the completion of a bond financed capital project may be used to pay debt service according to the Internal Revenue Service Code and accompanying regulations. Notwithstanding the provisions of KRS 48.720, KRS 48.010, or any section of this Act, any funds appropriated but not required to pay debt service because of this fund source substitution shall be credited to the Deferred Maintenance Pool Account each year. Unneeded debt service resulting due to any other circumstance shall lapse in accordance with KRS 48.720, KRS 48.010, and other provisions of this Act except for the following: if the fund balance in the Emergency Repair, Maintenance and Replacement Fund falls below $5,000,000 in fiscal year 1999-2000 or in fiscal year 2000-2001, any debt service lapse necessary to bring the fund balance to $5,000,000 in either of these fiscal years shall be credited to the Emergency Repair, Maintenance and Replacement Fund. If the Emergency Repair, Maintenance and Replacement Fund remains at $5,000,000 or above, the first $2,000,000 in fiscal year 1999-2000 or fiscal year 2000-2001 in debt service lapse shall be deposited to the statutory Deferred Maintenance Pool Account. No transfer to the Emergency Repair, Maintenance and Replacement Fund or the Deferred Maintenance Pool shall be made based on the above provisions if the lapse from other General Fund accounts is insufficient to meet appropriations approved in other parts of this Act.

6. Investment income earned from funds credited to the Technology Trust Fund account in the Finance and Administration Cabinet shall accrue to the Capital Construction and Equipment Purchase Contingency Account established in KRS 45.770.

7. The Council on Postsecondary Education subheading in this Part includes a project entitled "Agency Bond Pool." For the Agency Bond Pool, $35,000,000 in projects are authorized to be funded from Restricted Funds-supported bonds. This pool provides funding for individual projects to be recommended by the Council on Postsecondary Education to the Secretary of the Finance and Administration Cabinet from the project listings previously identified and recommended by the Council for funding in the 2000-2002 biennium.

The provisions of KRS 45.750 to 45.816 notwithstanding, capital construction projects at institutions of higher education involving no state or federal funds may be authorized between regular sessions of the General Assembly if the projects receive prior approval from both the Council on Postsecondary Education and the Secretary of the Finance and Administration Cabinet, and the Capital Projects and Bond Oversight Committee receives prior notification.

8. Before any economic development bonds are issued, the proposed bond issue shall be approved by the Secretary of the Finance and Administration Cabinet and the State Property and Buildings Commission under the provisions of KRS 56.440 to 56.590. In addition to the terms and conditions of KRS 154.12-100, administration of the Economic Development Bond program by the Secretary of the Cabinet for Economic Development is subject to the following guideline: project selection shall be documented when presented to the Secretary of the Finance and Administration Cabinet. Included in the documentation shall be the rationale for selection and expected economic development impact.

9. Inasmuch as the identification of specific projects in a variety of areas of the state government cannot be ascertained with absolute certainty at this time, amounts are appropriated for specific purposes to projects which are not individually identified in this Act in the following areas: Repair of State-Owned Dams, Land Acquisition, Property Demolition, Guaranteed Energy Savings projects, Purchase of Agricultural Conservation Easements (PACE), Phase I Tobacco Settlement Agricultural Development Initiative, Economic Development projects, Infrastructure projects, Asbestos Abatement projects, Technology Trust Fund projects, systems, and initiatives authorized in Part X of this Act, and the Council on Postsecondary Education Agency Bond Pool and Capital Renewal and Maintenance Pool. Any projects estimated to cost over $400,000 and equipment estimated to cost over $100,000 shall be reported to the Capital Projects and Bond Oversight Committee. All moneys transferred to the Finance and Administration Cabinet for capital construction from any appropriations, including income from investments, shall be expended, accounted for, and otherwise treated in the same manner as funds appropriated directly to the Finance and Administration Cabinet for capital construction.

Compliance with the provisions of this subsection shall be reviewed and determined by the Interim Joint Committee on Appropriations and Revenue.

5. No state agency, cabinet, department, office, or program shall incur any obligation against the General Fund or Road Fund appropriations contained in this Act unless the obligation may be reasonably determined to have been contemplated in the enacted budget and is based upon supporting documentation considered by the General Assembly, legislative and executive records, and the statutory budget memorandum.

6. Any General Fund or Road Fund appropriation made in anticipation of a lack, loss, or reduction of Federal Funds shall lapse to the General Fund or Road Fund Surplus Account respectively to the extent the Federal Funds otherwise become available.

Notwithstanding KRS 48.630(3), (4), and (5), any proposed and recommended actions to increase appropriations for funds specified in Section 3 of this Part shall be scheduled consistent with the timetable contained in that section in order to provide continuous and timely budget information.

10. Allotments within appropriated sums for the activities and purposes contained in the enacted State/Executive Budget shall conform to KRS 48.610 and may be revised pursuant to KRS 48.605 and this Act.

11. All statutory continuing appropriations in existence at the time this Act takes effect are discontinued and suspended by this Act except as provided by Chapters 42, 96A, 164, 183, 278, and 441 of the Kentucky Revised Statutes. All statutes and portions of statutes in conflict with any of the provisions of this Section, to the extent of the conflict, are suspended, unless otherwise provided by this Act.

12. Except as otherwise explicitly authorized by this Act, nothing in this Act shall be construed to repeal any appropriation made herebefore or hereafter for the fiscal year ending June 30, 2000, and nothing in this Act is to be construed as amending or altering the provisions of Chapters 42, 45, and 48 of the Kentucky Revised Statutes pertaining to the duties and powers of the Secretary of the Finance and Administration Cabinet except as otherwise provided in this Act.

13. All questions that arise in interpreting any appropriation in this Act as to the purpose or manner for which the appropriation may be expended shall be decided by the Secretary of the Finance and Administration Cabinet pursuant to KRS 48.500, and the decision of the Secretary of the Finance and Administration Cabinet shall be final and conclusive.

14. The State Budget Director shall cause the Governor's Office for Policy and Management, within sixty (60) days upon adjournment of the 2000 Regular Session of the General Assembly, to publish a final enacted budget document, styled the Budget of the Commonwealth, based upon the recommended State/Executive Budget, Judicial Budget, and Legislative Budget as enacted by the 2000 Regular Session of the General Assembly as well as other Acts which contain appropriation provisions for the 2000-2002 biennium, and based upon supporting documentation and legislative records as considered by the 2000 Regular Session of the General Assembly and the statutory budget memorandum. This document shall include for each agency and budget unit a consolidated budget summary statement of available regular and continuing appropriated revenue by fund source, corresponding appropriation allocations by program or subprogram as appropriate, budget expenditures by principal budget class and for the State/Executive Budget, any other fiscal data and commentary considered necessary for budget execution by the Governor's Office for Policy and Management and oversight by the Interim Joint Committee on Appropriations and Revenue. The enacted State/Executive Budget shall be revised or adjusted only upon approval by the Governor's Office for Policy and Management as provided in each part of this Act and by KRS 48.400 to 48.800, and upon review and action by the Interim Joint Committee on Appropriations and Revenue.

15. Pursuant to KRS 48.400, the Secretary of the Finance and Administration Cabinet shall monitor and report on the financial condition of the Commonwealth.

16. 17. The Secretary of the Transportation Cabinet shall use Road Fund resources to meet the lease rental payments to the Kentucky Turnpike Authority for Resource Recovery Road projects in the amount certified by the Secretary of the Transportation Cabinet. However, if Road Fund resources are not sufficient to meet lease rental payments, the additional amount required for meeting lease rental payments as certified by the Secretary of the Transportation Cabinet under KRS 143.090 shall be transferred from coal severance tax receipts to meet the obligation.

18. Nothing in this Act shall be construed to confirm or ratify, under KRS 12.027 or 12.028, any executive reorganization order unless the executive order was confirmed or ratified by appropriate amendment to the Kentucky Revised Statutes in another Act of the 2000 Regular Session of the General Assembly. If any executive reorganization order issued from sine die adjournment of the 1998 Regular Session to sine die adjournment of the 2000 Regular Session is not confirmed by the 2000 Regular Session of the General Assembly, the Secretary of the Finance and Administration Cabinet shall, in consultation with agency heads and with notification to the Legislative Research Commission, transfer the balance of funds for any affected program or function for fiscal year 1999-2000 and any related appropriations and funds for each of the next two fiscal years from the budget unit in which the program or function was placed by the executive reorganization order to the budget unit in which the program or function resided prior to the reorganization action or in which it was placed by action of the 2000 Regular Session of the General Assembly. The Legislative Research Commission shall forward the documentation to the appropriate committees.

19. Notwithstanding KRS 48.705(2), there shall be no General Fund surplus revenue receipts or unexpended balances of appropriations deposited in the Budget Reserve Trust Fund Account for fiscal year 2000-2001 or fiscal year 2001-2002 except as otherwise provided in this Act. Existing funds in the account in an amount specified in this Act may be used as provided otherwise in this Act or as designated in Part VI, General Fund Budget Reduction Plan, if General Fund receipts during fiscal year 2000-2001 or fiscal year 2001-2002 are not sufficient to meet the level of General Fund appropriations included in biennial budget bills or any enactment by the 2000 General Assembly which contains an appropriation provision.

20. Notwithstanding KRS 61.565, the employer contribution rate for the Kentucky Employees Retirement System from July 1, 2000, through June 30, 2002, shall be no more than 5.89 percent for nonhazardous duty employees and 18.84 percent for hazardous duty employees; for the same period, the employer contribution for employees of the State Police Retirement System shall be no more than 21.58 percent.

The Revenue Cabinet shall provide assistance and furnish data which is not restricted by KRS 131.190. "Tax expenditure" means an exemption, exclusion, or deduction from the base of a tax, a credit against the tax, a deferral of a tax, or a preferential tax rate. The estimates shall include for each tax expenditure the amount of revenue loss, a citation of the legal authority for the tax expenditure, the year in which it was enacted, and the tax year in which it became effective.

23. Any appropriation item and sum in Part I to Part XI of this Act and in an appropriation provision in another Act of the 2000 Regular Session which constitute a duplicate appropriation shall be governed by KRS 48.312.

25. Appropriation items and sums in Part I to Part XI of this Act shall conform to KRS 48.311. If any section, any subsection, or any provision is found by a court of competent jurisdiction in a final, unappealable order to be invalid or unconstitutional, the decision of the courts shall not affect or impair any of the remaining sections, subsections, or provisions.

26. It is the intent of the General Assembly that the Executive Branch implement actions necessary to achieve cost savings as intended, authorized, and directed by 1998 Kentucky Acts, and 1998 House Bill 321 (1998 Ky. Acts ch. 615, Part X), by authorizing the Executive Branch, within the limitations provided for in this Act, to transfer General Fund appropriation amounts related to Technology Trust Fund savings from one budget unit to another budget unit solely within the Cabinets for Families and Children, Finance and Administration, Health Services, Justice, Natural Resources and Environmental Protection, and Workforce Development, and the Department of Education. Any transfer of General Fund appropriation amounts related to Technology Trust Fund savings from one budget unit to another budget unit shall be made only within each specified Cabinet and the Department of Education and shall be limited to the General Fund cost savings amounts identified in the 2000-2002 agency budget request and executive records. The Secretary of any of the specified cabinets and the Commissioner of the Department of Education may submit requests to the State Budget Director of the Governor's Office for Policy and Management for the transfer of General Fund appropriation authority. Such requests shall specify the need for the transfer of General Fund appropriation authority and the manner in which such a transfer would better achieve the General Fund cost savings. Any transfers made under this provision for any of the cabinets identified above or the Department of Education shall result in no change to the total value of the General Fund cost savings amounts as identified in the agency budget request records recommendation and executive records for the individual cabinets specified above or the Department of Education. Any transfer made under this provision shall be made pursuant to KRS 48.500 and shall be reported, in writing, to the Interim Joint Committee on Appropriations and Revenue.

27. For fiscal year 2000-2001 and fiscal year 2001-2002, the first $6,000,000 of any unclaimed prize money held in the corporate operating account of the Kentucky Lottery Corporation shall be added to the pool from which future prizes are to be awarded or used for special prize promotions, and any amount in excess of $6,000,000 shall be transferred to the Affordable Housing Trust Fund established by KRS 198A.710.

28. Notwithstanding the provisions in Parts I, II, IX, or X of this Act, the amount from the undesignated fiscal year 2000-2001 General Fund balance (General Fund Surplus Account, KRS 48.700) that is carried forward to fiscal year 2001-2002 for budgeted purposes shall be specified in the statutory budget memorandum. This amount may be adjusted in accordance with KRS 48.120(3).

29. Notwithstanding KRS 142.311(2), the dispensing or delivering of outpatient prescription drugs in this state shall be taxed at the rate of fifteen cents ($0.15) per prescription for which any initial payment is received after June 30, 1999, through June 30, 2000. There shall be no tax on outpatient prescriptions after June 30, 2000.

30. Notwithstanding any provision of the Kentucky Revised Statutes to the contrary, to the extent that any governmental agency purchases motor vehicle liability insurance, sovereign immunity shall be waived to the extent of the insurance coverage.

31. The Technology Trust Fund is the Technology Trust Fund established by the 1996 Ky. Acts ch. 380, Part X, to empower Kentucky state government through technology and redesigned business systems. The following provisions apply to that Technology Trust Fund and any additional amounts made available and appropriated to it by the 1998 Regular Session in House Bill 321 (1998 Ky. Acts ch. 615, Part X).

32. The General Assembly has determined that the following provisions shall apply to all General Fund appropriations to the Technology Trust Fund originally authorized and appropriated by the 1996 Ky. Acts ch. 380, Part X and renewed and expanded by the 1998 Kentucky Acts and House Bill 321 (1998 Ky. Acts ch. 615, Part X).

33. Appropriations allotted from the Technology Trust Fund for each project, initiative, or system, as well as all other associated resources made available from regular appropriations for the same purpose from a budget unit shall be transferred and credited to, and accounted for and expended from a discrete account established for the individual project, initiative, or system item in the Operating Budget and the Capital Budget.

34. In addition to the General Fund appropriations in this Part for the Technology Trust Fund, Restricted Funds, Federal Funds, the Road Fund, private funds, and any matching fund appropriations required are appropriated in support of the projects and priorities identified by the Redesign Steering Committee. However, KRS 45.760(14), 45.770, 45.780, and 45.800 notwithstanding, no funds from the Emergency Repair, Maintenance and Replacement Account shall be used for Technology Trust Fund projects, systems, or initiatives.

PART IV

STATE SALARY/COMPENSATION AND EMPLOYMENT POLICY

1. Notwithstanding KRS 18A.010(2), for the 2000-2002 fiscal biennium, the total number of filled permanent positions in the agencies of the Executive Branch is limited to the number authorized in the enacted State/Executive Budget of the Commonwealth for the 2000-2002 fiscal biennium. The provisions of this section do not apply to the employees of the General Assembly, the Legislative Research Commission, or the Court of Justice.

2. On July 1, 2000, the Personnel Cabinet shall establish a record of budgeted permanent and other equivalent positions based upon the enacted State/Executive Budget of the Commonwealth and any adjustments authorized by provisions in this Act. The total number of filled and vacant positions of full-time, part-time and interim employees shall not exceed the authorized complements pursuant to this section. When an agency head certifies that an emergency employment situation exists for a limited time within a fiscal year, the State Budget Director may approve, and the Secretary of Personnel may authorize, the employment of individuals in addition to the authorized complement for the duration of the limited time period so authorized within the fiscal year. A copy of records, certifications, and actions authorized in this section shall be provided to the Interim Joint Committee on Appropriations and Revenue on a monthly basis.

3. Notwithstanding KRS 18A.355 and KRS 16.050, on July 1 of each year, all employees will receive a wage increase based upon the budgeted cost-of-living index. For the 2000-2002 biennium, this wage adjustment will be 2.4 percent in each fiscal year. An additional wage rate increase of one, two, or three percent as determined by the Personnel Cabinet will be provided on each employee's annual increment date to recognize and compensate the employee for his/her respective years of service in the grade assigned to the job classification. An increase of 2.4 percent to the entry level wage of the KRS Chapter 18A and KRS Chapter 16 salary schedules will also be provided on July 1 of each fiscal year beginning July 1, 2000.

The individual appropriation units defined in Part I of this Act include funds to implement the above provisions of the Wage Equity Plan.

The Personnel Cabinet will also administer a systematic program to assign job classifications to their proper pay grades. On January 1, 2001, classifications that have been determined by the Personnel Cabinet to be below their appropriate pay grade will be raised one grade. Classifications that are five pay grades too low will be raised by two pay grades. On January 1, 2002, classifications that are in grades too low will be raised by one grade. Consistent with this program initiative, employees that are paid less than the new minimum pay for their grade and years of service in the grade assigned to their job classification shall receive a pay raise to that new minimum pay. Continued grade raises in fiscal year 2002-2003 and fiscal year 2003-2004 will bring all job classifications to their proper grade.
